Distribution Planning

**Record Amendment to a Pipeline near St. Paul  
Licence 2843  
Proceeding 20278  
Application 20278-A001**

**Record amendment application**

1. AltaGas Utilities Inc. (AltaGas), by Application 20278 registered on March 19, 2015, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to amend the “From location” facility code of Line 5 from blind end to pipeline near St. Paul. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 2843.
2. AltaGas stated that following its submission of Proceeding 20169, it became apparent that the “From Location” facility code was incorrect and would require an amendment.
3. AltaGas provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, AltaGas has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.
5. The Commission approves the application. The amended licence is attached.

Wade Vienneau  
Executive Director, Facilities Division  
On behalf of the Alberta Utilities Commission
