**Decision 20354-D01-2015**

AltaGas Utilities Inc.  
5509 45th Street  
Leduc, Alberta T9E 6T6

Attention: Tessa Luppens, E.I.T.

**Pipeline Split in the Leduc Area**  
**Licence 1055**  
**Proceeding 20354**  
**Application 20354-A001**

**Minor pipeline project application**

1. AltaGas Utilities Inc. (AltaGas), by Application 20354-A001 registered on April 15, 2015, filed an application with the Alberta Utilities Commission under Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to split Line 18 into lines 18 and 112. The proposed work is related to a minor split of existing pipe, within the original right-of-way, previously constructed and operating in accordance with approvals granted in Licence 1055.
2. AltaGas stated that it is applying for the pipeline split in order to facilitate future plans to abandon a pipeline segment, Line 112, to accommodate residential development at the request of a land developer.
3. AltaGas has provided information respecting the need, nature and extent of the project. Since the project involves no ground disturbance at this time and is within the original right-of-way, the resultant environmental impact of the work has been assessed with no impact identified. The landowners and occupants of the affected lands did not object to the pipeline split.
4. Based upon the information provided, AltaGas has demonstrated that the proposal is of a minor nature, no person other than the landowners and occupants of the land upon which the project takes place will likely be directly affected by the proposal, and no adverse environmental impact will be caused by the proposed pipeline split.

5. The Commission approves the application. The amended licence is attached.
