**AltaGas Record Amendment in the City of Leduc
Licence 1055
Proceeding 20356
Application 20356-A001**

Record amendment application

1. AltaGas Utilities Inc. (AltaGas), by Application 20356-A001 registered on April 15, 2015, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to amend the pipe status of Line 110 in the city of Leduc from “operating” to “abandoned”. The proposed amendment is related to facilities previously constructed in accordance with approvals granted in Licence 1055.
2. AltaGas stated that it received approval from the AUC on October 21, 2014, to complete a pipeline relocation under Proceeding 3467, [DA2014-232](#),¹ which also indicated that Line 110 would be abandoned in place under a future application.
3. AltaGas stated that after reviewing its records it was determined that Line 110 of Licence 1055 was abandoned on December 19, 2014 and therefore has missed the 90 day notification window allowed by the AUC. The purpose of this application is to correct this oversight.
4. In its submission, AltaGas stated that the pipeline was abandoned in accordance with AUC requirements, all associated surface facilities would be removed and surface site reclaimed within a year.
5. AltaGas provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

¹ DA2014-232: AltaGas Utilities Inc. – New Construction, Licence 1055, Application 1610900, Proceeding 3467, October 21, 2014.

6. Based upon the information provided, AltaGas has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

7. The Commission approves the application. The amended licence is attached.
