**Pipeline Abandonment in the City of Calgary  
Licence 1951  
Proceeding 20747  
Application 20747-A001**

**Minor pipeline project application**

1. ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application 20747-A001 registered on August 17, 2015, filed an application with the Alberta Utilities Commission under Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to abandon lines 1 and 10. The proposed work is related to the minor abandonment of existing pipe, within the original right-of-way, previously constructed and operating in accordance with approvals granted in Licence 1951.
2. ATCO stated that this application is related to pipelines approved to be installed in accordance with approvals granted in Decision [2014-313](#).<sup>1</sup> Lines 1 and 10 were abandoned in place in June 2015. Under Decision 2014-313, these abandoned line segments were replaced with two 406.4-millimetre line segments (lines 15 and 16 of Licence 1951) and a 219.1-millimetre lateral line segment (Line 17 of Licence 1951).
3. ATCO has provided information respecting the need, nature and extent of the project. Since the project involves no significant ground disturbance and is within the original right-of-way, the resultant environmental impact of the work has been assessed with no significant impact identified. The landowners and occupants of the affected lands did not object to the project.
4. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no person other than the landowners and occupants of the land upon which the project takes place will likely be directly affected by the proposal, and no significant adverse environmental impact will be caused by the proposed project.
