Licence 9448  
Proceeding 20791  
Application 20791-A001**

**Record amendment application**

1. ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application 20791-A001 registered on August 31, 2015, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for a mapping amendment in the Edmonton area. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 9448.
2. ATCO stated that upon review of its records it discovered that the base map was drawn incorrectly for Line 2 of Licence 9448. ATCO has submitted a revised base map with this application to reflect the correct length and location of the pipeline.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.
5. The Commission approves the application. No amendment is required to the licence.
