Licence 1571  
Proceeding 21194  
Application 21194-A001**

**Record amendment application**

1. ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application 21194-A001 registered on December 21, 2015, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to change the pipe status of lines 43 and 47, from abandoned to removed, in Township 76, Range 5, west of the Sixth Meridian. The proposed amendment is related to facilities previously constructed in accordance with approvals granted in Licence 1571.
2. ATCO stated that it was granted approval under Decision DA2014-258<sup>1</sup> on November 18, 2014, to split previously abandoned Line 43 into lines 43, 46 and 47 and to remove Line 46. At the time of construction it was decided, due to the limited lengths of lines 43 and 47 and favorable field conditions, that it would be a more efficient use of construction resources to remove lines 43 and 47 in addition to Line 46.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.
