**Bittern Lake Transmission Pipeline
Licence 52
Proceeding 22081
Application 22081-A001**

Record amendment

1. ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application 22081-A001 registered on October 17, 2016, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in the Fort Saskatchewan area:

- length amendment of line 25 from 1.97 kilometres (km) to the revised length of 2.03 km
- length amendment of line 34 from 1.30 km to the revised length of 1.14 km
- length amendment of line 35 from 1.38 km to the revised length of 1.48 km

2. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 52.

3. ATCO stated that it received approval in Decision DA2014-95,¹ to complete the relocation of the 168.3-millimetre Bittern Lake Transmission Pipeline. This would accommodate the future infrastructure development necessary for the installation of a propane dehydrogenation facility.

4. ATCO proposed to amend the lengths as per “as built” information. The base maps are correct and no mapping amendment is required.

5. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

¹ Decision DA2014-95: ATCO Gas and Pipelines Ltd. (South) – Pipeline Splits, Removal and New Construction, Proceeding 3156, Application 1610448, April 15, 2014.

6. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.
7. The Commission approves the application. The amended licence is attached.
