**Proceeding ID No. 2492****Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1609379 registered on March 11, 2013 (the application), filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to add an existing operating pipeline to Licence 8845 (Line 18 – 0.05 kilometres of 26.7 millimetre outside-diameter pipeline) in Township 19, Range 14 west of the Fourth Meridian. The proposed amendment is an addition to facilities previously constructed and operating in accordance with approvals granted in Licence 8845.

ATCO stated that upon review of their records it was determined that a 50 metre long lateral pipeline that provides service to a single customer was not on the licence. This application is to amend the pipeline licence to reflect the unlicensed pipeline segment.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
