**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1609657, registered on June 10, 2013, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to add an unlicensed section of pipeline to Permit and Licence No. 3807, in Township 9, Range 12, west of the Fourth Meridian.

ATCO stated that, after reviewing its records, it was determined that a 50-metre section of pipeline, installed in 1987, is connected to a regulating station that is not licenced. ATCO would like to add this section of pipeline to Permit and Licence No. 3807, as Line 2.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
