**Application No. 1608165**  
**Proceeding ID No. 1735****Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1608165 registered on February 15, 2012 (the application), filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in Township 44, Range 7 west of the Fourth Meridian:

- Addition of an existing pipeline to the licence (Line 2 – 0.30 kilometres (km) of 114.3 millimetre (mm) outside-diameter (OD) pipeline).
- Amend “From Location” facility code of Line 1 from MS (meter station) to PL (pipeline).
- Mapping amendment of Line 1.

The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 4919.

ATCO stated that upon review of their records it was determined that a portion of the pipeline was not licenced. ATCO proposed to add the portion of pipeline to Licence 4919 as Line 2. ATCO also stated that Line 1 required an amendment to the “From Location” facility code and to the base map.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
