**Application No. 1608288**  
**Proceeding ID No. 1809****Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1608288 registered on March 27, 2012, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to change the pipe grade of Line 19 from grade 290 category 1, to grade 359 category 2, located in Township 83, Range 22, west of the Fifth Meridian. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Permit and Licence No. 5229.

ATCO stated that, due to availability, the supplier substituted a stronger grade of pipe than what was originally applied for in Application No. 1608235.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
