**Proceeding ID No. 1843****Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1608352 registered on April 19, 2012, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in Townships 55 and 56, Range 21, west of the Fourth Meridian:

- Splitting of Line 19 into Lines 19, 31, 32 and 33.
- Removal of Lines 31 and 33.
- Abandonment of Lines 19 and 32.
- Pipe grade amendment of Line 20 from grade 290 to grade 359.

The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Permit and Licence No. 52. ATCO stated that, after reviewing the as-built information, it was determined that portions of Line 19 were removed, portions of Line 19 were abandoned in place and that a pipe grade amendment was required for Line 20.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
