Proceeding ID No. 1845**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1608349 registered on April 17, 2012, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to change status of Line 2, located in Township 54, Range 3, west of the Fifth Meridian, from “Operating” to “Abandoned”. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Permit and Licence No. 6763.

ATCO stated that there was a portion of line that was abandoned at the time the relocation took place. The abandonment of the pipeline was completed in the field however; the records were not changed to reflect the correct operating status of the pipeline.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence are attached.
