1 Introduction

1. ATCO Gas and Pipelines Ltd. (South) (ATCO) filed an application with the Alberta Utilities Commission (the AUC or the Commission) seeking approval for an amendment to Permit and Licence No. 12660 pursuant to Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following:

- Abandonment of Line 1

(the project)

2. The application was registered on January 21, 2011 as Application No. 1606947.

3. ATCO stated that during a review of their records and field verification it was determined that Line 1 was abandoned in 1995 and at that time, an application was not submitted to revise the licence information. ATCO applied for the abandonment of this pipeline to reflect the correct operating status on the pipeline licence.

4. ATCO stated that Line 1 was abandoned in accordance with AUC requirements and that all associated surface facilities would be removed and the surface site reclaimed within one year.

2 Findings

5. The Commission has reviewed the application and has determined that it meets the requirements as stipulated in AUC Rule 020: *Rules Respecting Gas Utility Pipelines*.

6. Based on the foregoing, the Commission considers the proposed amendment to be in the public interest in accordance with Section 17 of the *Alberta Utilities Commission Act*.

3 Decision

7. Pursuant to Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act*, the Commission approves the amendment to Permit and Licence 12660 for the project and grants ATCO the amended permit and licence as set out in Appendix 1 – Record Correction – Permit and Licence No. 12660 – February 1, 2011 (Appendix 1 will be distributed separately).

Dated on February 1, 2011.
