## **1 Introduction**

1. ATCO Gas and Pipelines Ltd. (South) (ATCO) filed an application with the Alberta Utilities Commission (AUC or the Commission) seeking approval for an amendment to Permit and Licence No. 1829 pursuant to Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following:

- Removal of Line 41.

(the project)

2. The application was registered on January 25, 2011 as Application No. 1606952.

3. ATCO stated that during a review of their records (“As built” information), it was determined that Line 41 was removed. ATCO is now applying for the removal of this pipeline to reflect the correct operating status on the pipeline licence.

4. ATCO stated the decision was to completely remove Line 41 at the time of construction because both ends of the short 20 metre (m) pipeline were already excavated, therefore allowing the removal of the pipeline to proceed with minimal disturbance.

## **2 Findings**

5. The Commission has reviewed the application and has determined that it meets the requirements as stipulated in AUC Rule 020: *Rules Respecting Gas Utility Pipelines*.

6. Based on the foregoing, the Commission considers the project to be in the public interest in accordance with Section 17 of the *Alberta Utilities Commission Act*.

## **3 Decision**

7. Pursuant to Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act*, the Commission approves the amendment to Permit and Licence No. 1829 for the project and grants

ATCO the amended permit and licence as set out in Appendix 1 – Record Correction – Permit and Licence No. 1829 – February 9, 2011 (Appendix 1 will be distributed separately).

Dated on February 9, 2011.
