## 1 Introduction

1. ATCO Gas and Pipelines Ltd. (South) (ATCO) filed an application with the Alberta Utilities Commission (AUC or the Commission) seeking approval for an amendment to Permit and Licence 4537 pursuant to Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following:

- delete Line 1 from licence 4537

(the project)

2. The application was registered on February 24, 2011 as Application No. 1607055 (the application).

3. ATCO stated that the Line 1 is operating as a low pressure distribution line, therefore, identification of Line 1 on a pipeline licence is not required. Consequently, an amendment to the permit and licence is necessary to reflect accurate information on the pipeline licence.

## 2 Findings

4. The Commission finds that if the maximum operating pressure (MOP) is less than 700 kPa, licensing is not required by the AUC.

5. The Commission has reviewed the application and determined that it meets the requirements as stipulated in AUC Rule 020: *Rules Respecting Gas Utility Pipelines*.

6. Based on the foregoing, the Commission considers the project to be in the public interest in accordance with Section 17 of the *Alberta Utilities Commission Act*.

## 3 DECISION

7. Pursuant to Section 11 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act*, the Commission approves the amendment to Permit and Licence 4537 for the project and grants the applicant the amended permit and licence as set out in Appendix 1 – Amendment – Permit and Licence No. 4537 – March 10, 2011 (Appendix 1 will be distributed separately).

Dated on March 10, 2011.
