Proceeding ID No. 1576****Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1607876 registered on November 8, 2011, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to add an existing pipeline (Line 6 – 0.27 kilometres (km) of 26.7-millimetre (mm) outside-diameter (OD) pipeline) to Permit and Licence No. 1973 at Township 40, Range 2, west of the Fifth Meridian.

ATCO stated there is a lateral to an existing single service meter regulating station that was not licensed at time of construction in 1964. The line is over 50 metres and should have been licensed at that time.

ATCO has provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application.

The amended permit and licence is attached.
