Licence 6306
Proceeding 23679
Application 23679-A001

Record amendment application

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 23679-A001 registered on June 21, 2018, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to amend the wall thickness of line 9. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 6306.
2. ATCO stated that this application is to correct the licenced wall thickness from 3.90 millimetres to 4.0 millimetres on line 9 of Licence 6306 constructed under Decision 22884-D01-2017.¹ The change is required to ensure the licenced wall thickness corresponds to the CSA Z245.1 convention for wall thickness dimensions.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.
