Licence 13452
Proceeding 23742
Application 23742-A001

Record amendment application

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 23742-A001 registered on July 16, 2018, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following:

- amendment of the environmental code – remove “CC” from line 21
- length amendment of line 30 from 0.42 kilometres to 0.24 kilometres

2. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 13452.

3. ATCO stated that upon review of the information pertaining to AUC Proceeding 22701 in the Alberta Energy Regulator (AER) Onestop system, it was determined that the environmental code for line 21 and the length of line 30 were incorrect. This application is to correct those errors.

4. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

5. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

6. The Commission approves the application. The amended licence is attached.
