Record amendment application

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 23784-A001 registered on July 27, 2018, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for a length amendment of line 8 from 0.02 kilometres to 0.20 kilometres. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 103.
2. ATCO stated that upon review of the information pertaining to AUC Proceeding 20348 in the Alberta Energy Regulator (AER) Onestop system, it was determined that the AER database does not reflect the correct length for line 8. This application is to correct the error.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

5. The Commission approves the application. The amended licence is attached.
