Record amendment application

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 23946-A001 registered on October 1, 2018, filed an application with the Alberta Utilities Commission under Section 11 of the *Pipeline Act*, and Section 4.1 of the *Gas Utilities Act*, for an amendment to the outside diameter for lines 195, 205, 206 and 207 from 329.9 millimetres to 323.9 millimetres. The proposed amendment is related to facilities previously constructed and operated in accordance with approvals granted in Licence 5895.
2. ATCO stated that upon review of the information pertaining to AUC Proceeding 23003 in the Alberta Energy Regulator OneStop system, it was determined that the pipeline outside diameter for lines 195, 205, 206 and 207 was incorrect. ATCO filed its application to correct that error.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, the Commission is satisfied that the proposal is of a minor nature, no person will be directly and adversely affected by the proposal and no significant adverse environmental impact will be caused by the proposed record amendment.
5. The Commission approves the application. The amended licence is attached.
