Pipelines in the City of Calgary
Licence 5895
Proceeding 23960
Application 23960-A001

Record amendment

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 23960-A001 registered on October 5, 2018, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in the city of Calgary:

- “To Location” legal subdivision amendment of line 9
- length amendments of lines 9, 208 and 209
- pipe specification amendments of lines 208 and 209
- pipe status amendments of lines 208 and 209
- “From” and “To” pipe location amendments of lines 208 and 209
- mapping amendments of lines 9, 208 and 209

2. The proposed amendments are related to facilities previously constructed in accordance with approvals granted in Licence 5895.

3. ATCO stated that after reviewing its pipeline information, it was determined that the licence did not reflect the correct record of lines 9, 208 and 209. Therefore, ATCO has applied to amend the pipeline licence and base map to accurately reflect the record of these pipelines.

4. ATCO provided information respecting the need, nature and extent of the pipeline record amendments. Since the record amendments do not involve a ground disturbance, there will be no environmental impact.

5. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendments.

6. The Commission approves the application. The amended licence is attached.
