Licence 2298
Proceeding 24021
Application 24021-A001**

Record amendment application

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 24021-A001 registered on October 31, 2018, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act*, and Section 4.1 of the *Gas Utilities Act*, to delete line 7 of Licence 2298. The proposed amendment is related to facilities previously constructed and operated in accordance with approvals granted in Licence 2298.
2. ATCO stated that its records show that line 7 has been previously operated as part of the low-pressure distribution service and therefore should be removed from Licence 2298 since only high-pressure gas utility pipelines are licenced.
3. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.
4. Based upon the information provided, the Commission is satisfied that the proposal is of a minor nature, no person will be directly and adversely affected by the proposal and no significant adverse environmental impact will be caused by the proposed record amendment.
5. The Commission approves the application. The amended licence is attached.
