**Pipelines in the City of Calgary**  
**Licence 23422**  
**Proceeding 24187**  
**Application 24187-A001**

**Record amendment**

1. ATCO Gas and Pipelines Ltd. (ATCO), by Application 24187-A001 registered on December 21, 2018, filed an application with the Alberta Utilities Commission under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in the city of Calgary:

- “From Location” and “To Location” legal subdivision amendments of line 1
- “From Location” section amendment of line 1
- “From Location” and “To Location” legal subdivision amendments of line 3
- mapping amendments of lines 1 and 3

2. The proposed amendment is related to facilities previously constructed in accordance with approvals granted in Licence 23422.

3. ATCO stated that after reviewing its as-built records, it was determined that the licence did not reflect the correct record of lines 1 and 3. Therefore, ATCO has applied to amend the pipeline licence and base map to accurately reflect the record of these pipelines.

4. ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

5. Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

6. The Commission approves the application. The amended licence is attached.
