Proceeding ID No. 2851**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1609953, registered on September 27, 2013, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in Township 26, Range 29 west of the Fourth Meridian:

- mapping amendment of Line 1
- addition of an unlicensed pipeline (Line 3) installed in 1999

ATCO stated that upon review of its records it was determined that, in 1999, a relocation had occurred. Line 1, on Permit and Licence No. 21153, was split and 70 metres was abandoned in place which is indicated on Permit and Licence No. 21153 as Line 2. The newly relocated portion of line was not licenced and therefore ATCO would like to correct Permit and Licence No. 21153 and add it as Line 3.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
