Permit and Licence No. 1723
Application No. 1610364
Proceeding ID No. 3102**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1610364 registered on March 3, 2014, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the following in Township 24, Range 28, west of the Fourth Meridian:

- mapping amendment of Line 2
- amendment to the “To” LSD location of Line 2 from 14 to 12
- amendment to the “From” LSD location of Line 2 from 13 to 12

The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Permit and Licence No. 1723.

ATCO stated that upon review of its records it was determined that the ‘To’ and ‘From’ LSD locations were incorrectly licensed and that there was a mapping error on the base map. This application was filed to correct these errors.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.

Wade Vienneau
Executive Director, Facilities Division
On behalf of the Alberta Utilities Commission
