Proceeding No. 3136**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1610418, registered on March 25, 2014, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for a mapping amendment of Line 61 in Township 52, Ranges 25 and 26 west of the Fourth Meridian. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Permit and Licence No. 3861.

ATCO stated that, upon review of its records, it discovered that the base map does not reflect the correct information. This application is to amend the base map.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. No amendment of the permit and licence is required.
