Senior Regulatory Specialist**AltaGas Utilities Inc.**
Default Rate Tariff
Gas Charge – May 2014
Application No. 1610509

1. AltaGas Utilities Inc. (AltaGas) submitted its monthly filing on April 24, 2014, with the Alberta Utilities Commission (the AUC or the Commission) for its proposed gas cost recovery rate (GCRR)¹ for the month of May 2014. The proposed GCRR was \$4.969 per gigajoule (GJ).
2. The AUC has reviewed the filing and accepts that the proposed GCRR was calculated on a monthly flow-through basis in accordance with Section 3(5) of the *Default Gas Supply Regulation*, AR 184/2003, as amended, and in accordance with the directions previously issued to gas utilities by the Alberta Energy and Utilities Board, predecessor to the AUC, in Decision 2001-75² and, more specifically to AltaGas, in Decision 2002-036.³ Consequently, the AUC acknowledges for AltaGas the GCRR of \$4.969/GJ, as set out in Rate Rider D, which is to be applied to the energy sold to all sales service rates unless otherwise specified by specific contracts during the month of May 2014.
3. As directed in Decision 2001-75, interested parties will be provided with a 30-day review period following the filing of each monthly GCRR in which to raise any concerns with the GCRR, price and volume forecasts, and prior period reconciliations.

Derrick Ploof
Director, Retail Energy and Water
On behalf of the Alberta Utilities Commission

¹ This rate for marketable gas, also known as a gas cost flow-through rate (GCFR), is referred to as the gas charge under the *Default Gas Supply Regulation*, AR 184/2003, as amended.
