Proceeding No. 3330**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1610716 registered on July 9, 2014, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* for the pipe grade amendment of lines 5, 6, 7, 25, 26, 27, 30, 31, 32 and 33 from X42 to 42 in Township 51, Ranges 24 and 25, west of the Fourth Meridian. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in Licence 7231.

ATCO stated that upon review of its records it was determined that there was an error in the pipe grade for the following line numbers 5, 6, 7, 25, 26, 27, 30, 31, 32 and 33. The pipe grade should be reflected as 42 on the licence as that was the standard for this pipe when it was installed in 1975.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended licence is attached.
