- E. By letter dated January 14, 2010, the Commission requested financial information, specifically relating to the Balance Sheet item on unrealized gains/losses on financial instruments. Superior Energy filed the requested information on January 29, 2010; and
- F. By letter dated February 9, 2010, the Commission requested clarification on the recently submitted financial information. By letter dated February 16, 2010 Superior Energy filed the additional information; and
- G. The Commission notes that Superior Energy still does not meet the Current Ratio and Working Capital requirements of 1.10 and \$50,000, respectively, due largely to the reported unrealized loss on financial instruments and the non-recording of unrealized gains related to the customer contracts to sell gas. Through the Commission's information requests, Superior Energy provided additional financial details that support that it has sufficient liquidity to fund ongoing operations until at least October 31, 2010.

**NOW THEREFORE** pursuant to section 71.1(6) of the *Utilities Commission Act*, the Commission issues to Superior Energy a Gas Marketer Licence for the period February 25, 2010 to October 31, 2010. - 2.13 Superior Energy must file with the Commission its unaudited quarterly financial statements consisting of a balance sheet and income statement for the period then ended. Further, Superior Energy will provide the Commission with a description of its liquidity and cash position at the end of each quarter and a liquidity outlook for the next twelve months.
