O R D E R

WHEREAS:

- A. On December 1, 2010, FortisBC Energy Inc. (FEI), formerly Terasen Gas Inc., applied to the British Columbia Utilities Commission (Commission) for approval of a Service Agreement with Waste Management of Canada Corporation (WM Agreement) for Compressed Natural Gas (CNG) service pursuant to sections 59 to 61 of the *Utilities Commission Act* (UCA). In this application, FEI also applied for approval of Section 12B of the General Terms and Conditions (GT&C 12B) for CNG and Liquefied Natural Gas (LNG) Service;
- B. Commission Order G-128-11, dated July 19, 2011, approved, among other items, the WM Agreement but denied the proposed GT&C 12B. The Commission noted that the Commission would approve revised GT&C 12B which, in addition to the proposed "Take or Pay" commitment, better reflected full cost recovery from the potential CNG/LNG customer, as more fully set out and explained in the Reasons for Decision attached to Order G-128-11;
- C. On September 28, 2011, FEI filed revised GT&C 12B in accordance with the directives outlined in Order G-128-11 and the accompanying Reasons for Decision;
- D. Following communications with Commission staff, FEI submitted an amended revised version of the GT&C 12B dated February 6, 2012, incorporating further amendments (Amended Filing);
- E. The Commission has reviewed the Amended Filing and has determined that the revised GT&C 12B set out therein are in accordance with the direction set out in Order G-128-11.
