An Application by Pacific Northern Gas Ltd.
for Approval of its 2011 Revenue Requirements
for the PNG-West Service Area

BEFORE: D.A. Cote, Panel Chair/Commissioner December 7, 2010

D. Morton, Commissioner

O R D E R

WHEREAS:

- A. Pacific Northern Gas Ltd. (PNG) filed on November 30, 2010 with the British Columbia Utilities Commission (BCUC or Commission), pursuant to sections 58 to 61 of the *Utilities Commission Act* (the Act), its 2011 Revenue Requirements Application (Application) to increase, among other things, delivery rates as a result of increases in cost of service and decreased deliveries to most customer classes;
- B. The Application also seeks refundable interim relief pursuant to section 58 to 61, 89 and 90 of the Act to allow PNG to amend its rates on an interim basis, effective January 1, 2011, pending the hearing of the Application and orders subsequent to that hearing, on the basis that on January 1, 2011 PNG's rates would otherwise no longer be fair, just and not unduly discriminatory;
- C. PNG forecasts a 2011 revenue deficiency of approximately \$4.5 million comprised of a net increase in cost of service of \$0.5 million and a decrease in margin of \$4.0 million;
- D. The Application seeks Commission approval to increase the delivery charge for residential service by \$1.852/GJ from \$10.974/GJ to \$12.826/GJ representing an increase of 16.9 percent compared to the 2010 delivery rate, for small commercial service by \$1.464/GJ from \$9.342/GJ to \$10.806/GJ corresponding to an increase of 15.7 percent compared to the 2010 delivery rate, and for Granisle propane service by \$1.150/GJ from \$6.043/GJ to \$7.193/GJ corresponding to an increase of 19.0 percent compared to the 2010 delivery rate;
- E. PNG proposed a Preliminary Regulatory Timetable and considers a Negotiated Settlement Process (NSP) would be the most efficient process for the review of the Application;

THE APPLICATION

Pacific Northern Gas Ltd. The Commission wishes to ensure that affected parties have an opportunity to understand the Application and its implications for customer rates. The Commission also wishes to hear from affected parties before determining the public process necessary for the disposition of the Application.
