Dear Ms. Steward:

IN THE MATTER of an application by Enbridge Gas New Brunswick Limited Partnership to change its Contract Large General Service Heavy Fuel Oil distribution rate / Board
Reference: Matter 148

Enbridge Gas New Brunswick filed an updated rate derivation table and the supporting data used in the calculation of the maximum HFO distribution rate, based on the approved market-based formula using data from the months of October and November 2011, as directed by the Board in its decision of December 7, 2011.

The Board has reviewed the supporting information and approves the following maximum rate effective January 1, 2012:

<u>Rate Class</u>	<u>Delivery Rate (\$/GJ)</u>
HFO	3.3352

EGNB is further ordered to contact the members of this rate class to inform them of the change in the distribution rate prior to the rate coming into effect.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'L. Légère'.

Secretary of the Board
