Dear Mr. Troicuk:

Alliance Pipeline Ltd. (Alliance) - Amended Tolls Effective 1 May 2013

The National Energy Board (the Board) received Alliance's 27 March 2013 filing for 2013 amended tolls to be made effective 1 May 2013. Alliance recalculated its 2013 tolls to exclude \$5 million of Demand Charge Credits related to Alliance's 2012 Highway 43-32 relocation project as required by the Board's decision dated 28 February 2013. Alliance also applied an adjustment to address the four month over-collection from interim tolls.

The Board received no objections to Alliance's proposed amended tolls from shippers or interested parties. In the Board's view, the proposed amended 2013 tolls filed by Alliance on 27 March 2013 are just and reasonable. The attached Order TO-003-2013 gives effect to this decision.

Alliance is directed to serve a copy of this correspondence on Alliance Canada Shippers, the Alliance Shipper Task Force (Policy Group) and the Alliance Service List as well as on all existing shippers, and interested persons.

Yours truly,
