Dear Mr. Kelly:

**Westcoast Energy Inc., carrying on business as Spectra Energy Transmission –  
West (Westcoast) application for 2007 Final Tolls for Transmission (Zones 3 and 4)**

The Board has received Westcoast's application dated 19 March 2007, filed pursuant to subsection 19(2) and Part IV of the *National Energy Board Act*, for the approval of 2007 final transmission tolls for Zones 3 and 4 effective 1 January 2007.

On 30 March 2007, the Board invited comments from interested parties. The Board received comments from the Canadian Association of Petroleum Producers in support of Westcoast's application and received no comments opposing the application. After examining the matter, the Board concludes that the applied-for 2007 final tolls are just and reasonable. The attached Order TG-05-2007 gives effect to this decision.

Westcoast is directed to serve a copy of this letter on Settlement Parties, RH-1-2004 Interested Parties and members of Westcoast's Toll and Tariff Task Force, and all shippers on the Westcoast system.

Yours truly,

A handwritten signature in black ink, appearing to read "David Young".
