Dear Ms. Bélanger:

**TransCanada PipeLines Limited (TransCanada)
New Delivery Point on Mainline System**

On 22 February 2006, TransCanada filed an application with the National Energy Board requesting approval to add the Bécancour delivery point to the GMi Eastern Delivery Area. On 23 February 2006, TransCanada filed an amended application with the Board to change the name of the new delivery point to Champlain.

By letter dated 3 March 2006, the Board sought comments on TransCanada's application. Given that no party filed a letter of comment opposing the application, TransCanada, in a letter dated 7 March 2006, recommended that the Board approve the application as filed.

The Board has decided to approve the addition of the Champlain delivery point to the GMi Eastern Delivery Area. TransCanada is directed to serve a copy of this letter and Order TG-04-2006 on its Tolls and Task Force (TTF) Members and its Mainline shippers.

Yours truly,
