

Competition Tribunal

Tribunal de la concurrence

Registry Doc. No.: 82

Date: May 26, 2025

Matter: CT-2024-010 – *Commissioner of Competition v Google Canada Corporation and Google LLC*

Direction to Counsel (from Justice Little, Chairperson)

Re: Case Management Conference

Parties are directed to attend a Case Management Conference on **Tuesday, June 3rd, at 10:00 a.m. ET**, by videoconference, for one (1) hour. The Registry will provide videoconference details separately.

The CMC will discuss the Commissioner's intended motion to strike, which will presumably be filed shortly, and in particular whether the motion to strike should be heard together with the respondents' motion during the week of September 29, 2025, or at an earlier time.

The Tribunal is aware of the parties' respective perspectives through their exchange of correspondence (sent to the Registry on May 22). The discussion will focus on the practical benefits and burdens, if any, of scheduling a hearing for the Commissioner's motion separately from the hearing of the respondents' motion.
