MRRS Decision Document

Background

¶ 1 The local securities regulatory authority or regulator (the Decision Maker) in each of the Jurisdictions has received an application from the Filer for a decision under the securities legislation of the Jurisdictions (the Legislation) that

- (a) the requirement in the Legislation that the aggregate market value of the Filer's equity securities, calculated in accordance with National Instrument 44-101 Short Form Prospectus Distributions (NI 44-101), be \$75,000,000 or more does not apply to the Filer so as to permit the Filer to complete a rights offering (the Rights Offering) using the short form prospectus system; and
- (b) the Filer's application and this decision be kept confidential until the earlier of
 - (i) the Filer announcing the Rights Offering, and
 - (ii) November 30, 2005;(the Requested Relief).

Under the Mutual Reliance Review System for Exemptive Relief Applications:

- (a) the British Columbia Securities Commission is the principal regulator for this application; and
- (b) this MRRS decision document evidences the decision of each Decision Maker.

Interpretation

¶ 2 Defined terms contained in National Instrument 14-101 Definitions have the same meaning in this decision unless they are defined in this decision.

10. to the Filer's knowledge,

12. to the Filer's knowledge,

(a) MLIM is an eligible institutional investor under National Instrument 62-103 (NI 62-103) and none of the investment funds it reports on behalf of under NI 62-103 hold in excess of 10% of the outstanding common shares, and

15. the aggregate market value of the Filer's common shares that are listed on the TSX calculated in accordance with section 2.9 of NI 44-101 is less than the \$75 million required by item 3 of section 2.2 because of the holdings of Harbert, Tricap and MLIM;

16. the Filer would, but for the requirement contained in item 3 of section 2.2 of NI 44-101, be qualified to file a prospectus in the form of a short form prospectus under NI 44-101 in each of the Jurisdictions;

19. the Filer is contemplating acquiring Cascadia Forest Products Inc. from Brascan Corporation for approximately \$265 million (the Acquisition);

20. the Filer has not reached a definitive agreement for the Acquisition or announced the Acquisition to the public;

21. the Filer is also contemplating substantial changes to its capital structure to fund the Acquisition and redeem the Secured Bonds, including

(a) the Rights Offering,

(b) a possible private placement of common shares or subscription receipts for common shares to Tricap Fund (the Private Placement),

(c) a bridge loan of approximately \$370 million from Brascan Bridge Lending Fund (the Bridge Loan), and

(together with the Acquisition, the Transactions);

22. the Filer expects to raise \$270 million through the Rights Offering and possibly the Private Placement;

23. Tricap is also providing a stand-by commitment to purchase any subscription receipts not subscribed for in the Rights Offering;

24. the Filer intends to use the Bridge Loan partly to finance redeeming the Secured Bonds and partly to finance the Acquisition;

25. the increased credit facility will provide the Filer with additional working capital;

26. as a result of the Transactions, the Filer expects Tricap Fund's interest in the Filer to increase to at least 45% and Harbert's interest to decrease to approximately 20%; and

27. until the Filer decides to proceed with the Transactions, it would be premature for it to release information regarding the Transactions, including the Rights Offering, to the public.
