MEMORANDUM OPINION

WECHSLER, Judge.

1) Defendant appeals from a conviction for DWI. We issued a notice of proposed summary disposition, proposing to uphold the conviction. Defendant has filed a

memorandum in opposition. After due consideration, we remain unpersuaded. We therefore affirm.

- In the docketing statement, Defendant raised three issues, all of which are renewed. [DS 14-15; MIO 1-2] Because the pertinent background information was previously set forth, we will avoid undue reiteration here, focusing instead on the content of the memorandum in opposition.
- With respect to the first and second issues, Defendant concedes that the decision in *State v. Montoya*, ____ NMCA ___, ___ P.3d ___ (No. 34,298, June 29, 2016), is controlling. Defendant encourages the Court to reconsider that decision. [MIO 1] We decline.
- With respect to the third and final issue, Defendant continues to argue that the trial court refused to consider countervailing evidence. [MIO 1-2] However, the trial court's comments, as a whole, reflect that the trial court duly considered the evidence presented, including the testimony of the witness who discussed uncertainty. [RP 60-62, 64] And ultimately, the trial court's reliance upon the BAT results was permissible. See id. ¶ 34 (similarly concluding that "SLD-approved chemical test results of 0.08 or higher are sufficient" to support convictions for per se DWI, and upholding a conviction where the defendant's breath test results were .08/.08).
- **{5}** Accordingly, for the reasons stated, we affirm.
- **{6}** IT IS SO ORDERED.
