Legal stop ripening into illegal arrest. — Although initial stop of commercial truck was legal under New Mexico's inspection statutes, the stop ripened into an unlawful de facto arrest when, without probable cause, officer required the driver to wait an hour; the illegality of the arrest vitiated driver's subsequent consent to the search of his truck, and rendered stolen motorcycles which were found inadmissible under the exclusionary rule. *State v. Jutte*, 1998-NMCA-150, 126 N.M. 244, 968 P.2d 334, cert. denied, 126 N.M. 533, 972 P.2d 352 (1998).

Invalid stopping of vehicles. — Motor transportation division officer's stop of a rental truck was not made at a port of entry and was invalid, where the officer had not set out any signs or other indication to vehicle drivers that they would be required to stop, had

stopped vehicles randomly and at his own discretion, and had chosen his own schedule of where to patrol, as opposed to his supervisor making the decision. *State v. Clark*, 1991-NMCA-082, 112 N.M. 500, 816 P.2d 1122.

Similarly, no invalid delegation is involved in making an exemption on foreign motor vehicles, provided similar exemption is accorded to vehicles by the enacting state in which the foreign-owned vehicles are registered, such exemption to be contingent upon the making of an agreement for such reciprocal exemption between the local secretary of state and the proper officer of the other state . . ." 1961-62 Op. A public hearing is required upon the filing of a protest. — Where a cab company filed an application for a certificate of authority to provide taxi services in an area in which appellants were doing business; appellants filed a protest and motion to intervene; a public regulation commission regulation required that before intervention could be allowed, appellants were required to provide the commission with facts and details that supported their protest; a hearing officer appointed by the commission denied appellants' motion to intervene without a hearing and allowed commission staff to process the application as an uncontested matter; and the commission granted the applicant a certificate of authority without ever holding a public hearing, the commission's regulation imposed a greater burden on interested parties who seek to protest at a public hearing than the burden established by the Motor Carrier Act and the commission acted outside its grant of statutory authority by treating the matter as an uncontested matter because a public hearing must be held upon the filing of a protest, it does not turn on the grant of a party's status as an intervenor. *Albuquerque Cab Co. v. Failure to show financial fitness to provide service. — Where the applicant for a permanent certificate of authority to provide ambulance services significantly overstated its assets, submitted a balance sheet that overstated the applicant's cash on hand by almost \$30,000, neglected to mention two lawsuits for non-payment of significant amounts against it, failed to list its hundreds of thousands of dollars in tax delinquencies, and failed to pay federal and state taxes in the past and accrued significant liabilities, the public regulation commission's holding that the applicant satisfied the financial requirement for issuance of a certificate and that the applicant was fit, willing and able to provide services was arbitrary and capricious and an abuse of discretion. *Bernalillo Co. Health Care Corp. v. N.M. Pub. Regulation Comm'n*, 2014-NMSC-008.

Failure to comply with laws and regulations. — Where the applicant for a permanent certificate of authority to provide ambulance services failed to pay its gross receipts tax; violated public regulation commission regulations by providing false statements regarding its balance sheets, failing to have a consultant pharmacist, billing at rates other than its tariff rate for scheduled transports, and operating without appropriate

authority from the commission; and made false representations on its website that offered special services the applicant was not qualified to provide, the commission's ruling that the applicant had complied with state and federal regulations was arbitrary and capricious. *Bernalillo Co. Health Care Corp. v. N.M. Pub. Regulation Comm'n*, 2014-NMSC-008.

A public hearing is required upon the filing of a protest. — Where a cab company filed an application for a certificate of authority to provide taxi services in an area in which appellants were doing business; appellants filed a protest and motion to intervene; a public regulation commission regulation required that before intervention could be allowed, appellants were required to provide the commission with facts and details that supported their protest; a hearing officer appointed by the commission denied appellants' motion to intervene without a hearing and allowed commission staff to process the application as an uncontested matter; and the commission granted the applicant a certificate of authority without ever holding a public hearing, the commission's regulation imposed a greater burden on interested parties who seek to protest at a public hearing than the burden established by the Motor Carrier Act and the commission acted outside its grant of statutory authority by treating the matter as an uncontested matter because a public hearing must be held upon the filing of a protest, it does not turn on the grant of a party's status as an intervenor. *Albuquerque Cab Co. v. N.M. Pub. Regulation Comm'n*, 2014-NMSC-004.

65-2A-13. Protests, objections and hearings.

A. Any interested person or any member of the public may provide information to the commission or express an objection to any application for a certificate or permit, or for amendment, lease or transfer of a certificate or permit, during the notice period for the application by filing a written objection in regard to the application. The commission shall consider any objections filed in regard to determining whether to hold a hearing on the application. The commission is not required to hold a hearing pursuant to any objection but may, in its discretion or on its own motion for any reason, hold a hearing on any application for a certificate or permit or for an amendment, lease or transfer of a certificate or permit.

B. The commission shall hold a hearing on an application whenever a protest is filed within the notice period or the transportation division of the commission files a request for a hearing relative to an application within the notice period. The commission shall allow a protesting carrier to proceed as an intervenor in the application proceeding.

C. In any hearing held on an application:

(1) the applicant has the burden of proving that the applicant meets the requirements of the Motor Carrier Act and the rules of the commission for the application at issue, the burden of demonstrating with reasonable specificity the nature and scope of its proposed transportation service, the burden of proving any particular factual matters that the commission or the transportation division of the commission may identify and require, the burden of proving any additional allegations and matters of public interest that it may raise and, if the application pertains to ambulance service, the burden of proving that the ambulance service that currently exists in the territory sought in the application is inadequate and that the proposed service is directly responsive to a public need and demand for the service proposed;

(2) a protesting carrier has the burden of proving all matters of fact pertaining to its full-service operation within its certificated full-service territory, the burden of proving the potential impairment or adverse impact on its existing full-service operation by the transportation service proposed by the applicant and the burden of proving all other allegations and matters of public interest that it may raise. The protesting carrier's proof should include, without limitation, a demonstration with reasonable specificity of the nature of the existing full service being provided, the volume of passengers

transported, economic analysis related to expenses and revenues of the full-service operation and the anticipated economic, business or functional effect of the proposed service on the existing provision of, or rates for, full-service transportation within the full-service territory;

(3) the commission may allow other interested persons to intervene, either generally or on the basis of specific facts or issues. A permissive intervenor has the burden of proof for its position on all factual matters and legal issues that it alleges and on which it is permitted to intervene; and

(4) all parties to a hearing may base their demonstration and proof on business data, experienced persons and mathematical calculations. Expert testimony shall not be required of any party but may be provided at the option of a party.

D. The commission shall not grant an application:

(1) for a certificate or permit for ambulance service, or for amendment, lease or transfer of such a certificate or permit, if it finds after hearing that the existing ambulance service is provided on a reasonably continuous and adequate basis in the territory in which the new service is sought or that the holder of the certificate or lessee providing the existing ambulance service in such territory is willing and able to provide, and does subsequently provide, reasonably continuous and adequate service within such territory, as specified by commission order;

(2) for a new certificate for general taxicab service within the full-service territory of a protesting municipal taxicab service carrier; or

(3) for a certificate for any passenger service other than those identified in Paragraphs (1) and (2) of this subsection, or for a permit for passenger service other than for an ambulance service pursuant to a public-charge contract, or for amendment, lease or transfer of such a certificate or permit, within a protesting full-service carrier's full-service territory, if it finds after hearing that the grant of the application presents a reasonable potential to impair, diminish or otherwise adversely affect the existing provision of full-service passenger service to the public in the full-service territory or if the application is otherwise contrary to the public interest in the full-service territory. In considering the potential effect on provision of transportation services to the public in regard to such an application, the commission shall consider all evidence presented pertaining to such potential effect, including evidence of the effect that diversion of revenue or traffic may have on the provision of full-service passenger service to the community. Diversion of revenue or traffic from an existing motor carrier shall not, however, be sufficient grounds for denying the application without a showing that the diversion presents a reasonable potential to affect the provision of full-service passenger service to the community.

A. The commission shall prescribe minimum requirements for financial responsibility for all motor carriers.

B. A motor carrier shall not operate on the highways of this state without having filed with the commission proof of financial responsibility in the form and amount as the commission shall by rule prescribe.

C. In prescribing minimum requirements for financial responsibility for motor carriers, the commission shall adopt the same minimum liability insurance requirements as those required by the federal motor carrier safety administration for interstate motor carriers for all motor vehicles for carriage of property or household goods and for all passenger motor vehicles with such capacities. The commission shall adopt reasonable minimum liability insurance requirements for the use of passenger motor vehicles with capacities less than those regulated by the federal motor carrier safety administration and in doing so shall consider the number of passengers being transported and the

nature of the transportation services provided by the motor carriers using vehicles of those capacities.

D. The commission may authorize a motor carrier to carry its own insurance in lieu of filing a policy of insurance, certificate showing the issuance of a policy of insurance or a surety bond. In approving an application to be self-insured, the commission shall consider:

- (1) the financial stability of the carrier;
- (2) previous loss history of the carrier;
- (3) the safety record of the carrier;
- (4) the size, nature of operations and other operating characteristics of the carrier; and
- (5) other factors necessary for the protection of passengers, shippers and the public.

E. Notwithstanding any requirement of the New Mexico Insurance Code [Chapter 59A, except Articles 30A and 42A NMSA 1978] to the contrary, the commission may accept proof of public liability insurance from an insurer not authorized in New Mexico if:

- (1) the insurance is for an interstate motor carrier transporting commodities exempt from regulation by the federal motor carrier safety administration participating in the unified carrier registration system for those motor carriers; and
- (2) the insurer is authorized to write public liability insurance in at least one other state.

F. All motor carriers shall carry proof of financial responsibility in each motor vehicle they operate in this state.

B. The commission shall prescribe safety requirements for drivers and for motor vehicles weighing twenty-six thousand pounds or less or carrying fifteen or fewer persons, including the driver, used by intrastate motor carriers operating in this state. The commission may prescribe additional requirements related to safety, including driver safety training programs, vehicle preventive maintenance programs, inquiries regarding the safety of the motor vehicles and drivers employed by a motor carrier, and the appropriateness of the motor vehicles and equipment for the transportation services to be provided by the motor carrier.

C. A commuter service shall certify that it has a program providing for an initial drug test for a person seeking to be a commuter service driver. The program shall use reasonable collection and analysis procedures to ensure accurate results, require testing only for substances controlled by federal regulation of commercial motor carriers and ensure the confidentiality of the test results and medical information obtained.

D. The motor transportation division of the department of public safety may immediately order, without notice or a public hearing, a motor vehicle to be taken out of service for violation of a federal or state law or rule relating to safety if the violation would endanger the public health or safety.

65-2A-20. Tariffs.

A. A tariffed service carrier shall not commence operations or perform a new service under its operating authority without having an approved tariff on file with the commission.

B. A tariffed service carrier shall file with the commission proposed tariffs showing the rates for transportation and all related activities and containing a description of the type and nature of the service, territory and all terms of service for transportation and related services. The rates shall be stated in terms of United States currency. Tariffs for individual carriers shall also include the carrier's legal name, all business trade names used by the carrier, contact information, information for service of process, the territory authorized for each transportation service listed in the tariff and any terms of service contained in the operating authorities for that particular carrier. Each tariffed service carrier operating pursuant to a statewide tariff shall file with the commission a tariff statement referencing the statewide tariff being used and include the carrier's legal name, all business trade names used by the carrier, contact information, information for service of process, the territory authorized for that carrier and any terms of service contained in the operating authority for that particular carrier.

C. A tariffed service carrier shall not charge, or permit its agents, employees or contract drivers to charge, a different or additional rate, or to use different or additional practices or terms of service, for transportation or for a service rendered to or for the user of the service other than the rates and terms of service specified in approved tariffs in effect at the time, except:

(1) for ambulance and household goods service carriers, in accordance with rates and terms of service established by federal or state law for federal or state governmental programs or operations; and

(2) for tariffed passenger service carriers other than ambulance service carriers, in accordance with the rates and terms of service established by governmental programs or operations in which they voluntarily participate.

D. A tariffed service carrier shall not pay or refund, directly or indirectly to any person, a portion of the rate specified in its approved tariff, offer to a person privileges or facilities, perform a service or remit anything of value, except:

(1) in accordance with tariffs approved by the commission;

(2) for ambulance and household goods service carriers, in accordance with rates and terms of service established by federal and state law for federal and state governmental entities, programs or operations;

(3) for tariffed passenger service carriers other than ambulance service carriers, in accordance with the rates and terms of service established by governmental programs or operations in which they voluntarily participate; or

(4) in settling or resolving a claim by a customer.

E. The commission shall post on its internet web site electronic copies of all currently approved individual and statewide tariffs, and all tariff statements filed by carriers using statewide tariffs, in a manner to facilitate public access, review and comparison of rates and terms of service. A certificated passenger service carrier other than an ambulance service carrier shall post its tariff rates in each vehicle used in the provision of its transportation service.

F. A tariffed service carrier shall file an application with the commission for any change in the tariff, accompanied by the proposed tariff, at least twenty days prior to implementation of the amended rates and terms of service contained in the tariff. Except as provided in this section, an amended tariff shall be approved and become effective twenty days after filing of the application for a change in the tariff. The commission shall post notice of each application for a change in a tariff along with a copy of the proposed tariff on the commission web site.

G. No changes in terms of service disapproved by the transportation division of the commission as inconsistent with the Motor Carrier Act, rule of the commission, the individual operating authority of the carrier or otherwise in violation of law shall become effective or be part of the approved tariff. The following terms of service contained in a tariff shall not be considered inconsistent with, or predatory or discriminatory in nature under the Motor Carrier Act or commission rule:

(1) a carrier may decline or terminate service under circumstances that reasonably appear to present a physical danger to the driver, to another employee of the carrier or to passengers or, for carriers other than ambulance service carriers, a danger to the condition of the motor vehicle or cargo;

(2) a carrier is not responsible for cancellations or delays due to weather or road conditions when reasonably required for safety or when due to road construction, road closures, law enforcement stops or similar matters beyond the control of the carrier;

(3) a passenger service carrier may require that all firearms carried by any passenger other than an authorized law enforcement officer be unloaded and placed in a locked area of the vehicle during transport, along with all ammunition and any other weapons; or

(4) a passenger service carrier other than an ambulance service carrier may decline or terminate service when the passenger cannot give an adequate description of, or direction to, the destination or cannot transfer into or out of the motor vehicle without requiring physical assistance from the driver.

H. An application for amendment of tariff rates that increases any tariff rate to a level greater than that previously approved by the commission for a full-service carrier or a towing service providing nonconsensual tows shall not become effective until approved by the commission as reasonable under Section 65-2A-21 NMSA 1978. The commission shall hold a hearing appropriate to the type of transportation service provided by the carrier for any such application, if requested by the applicant or by the transportation division of the commission, or if ordered in the discretion of the commission. The commission may provide for reasonable periodic rate increases for full-service carriers or towing services providing nonconsensual tows pursuant to a rate escalator or adjustment clause for any or all rates of a carrier on such basis as the commission finds reasonable.

I. A person may make a complaint in writing to the commission that a rate or term of service contained in a tariff, or a rate otherwise charged or practice otherwise effected, is inconsistent with or in violation of the Motor Carrier Act, commission rule or the operating authority or current tariff of the motor carrier. The commission may suspend the operation of a rate, term of service or practice for a period not to exceed sixty days to investigate its reasonableness. If the commission finds that a rate charged by a tariffed carrier, or a term of service or practice effected by a tariffed carrier, is unauthorized, predatory or discriminatory, the commission shall prescribe the rate or the maximum or minimum rate to be observed or the terms of service to be made effective.

65-2A-26. Household goods voluntary dispute settlement program.

A. The commission shall establish a program to settle disputes, at the voluntary option of the shipper, between shippers and all household goods service carriers concerning the transportation of household goods, which shall be a fair and expeditious method for settling disputes and complies with each of the following requirements and rules the commission may prescribe:

(1) the program is designed to prevent a household goods service carrier from having any special advantage in a case in which the shipper resides or does business at a place distant from the motor carrier's place of business;

(2) the program provides adequate notice of its availability, including a concise, understandable and accurate summary of the program and disclosure of the legal effects of using the program. The notice shall be given to the shipper before the shipper tenders the household goods to the motor carrier for transportation;

(3) upon request of a shipper, the motor carrier shall promptly provide forms and other information necessary to initiate an action to resolve a dispute under the program;

(4) a person authorized pursuant to the program to settle disputes shall be independent of the parties to the dispute and shall be capable, as determined by rules

prescribed by the commission, to resolve disputes fairly and expeditiously. The program shall ensure that a person chosen to settle a dispute is authorized and able to obtain from the shipper or motor carrier any material and relevant information necessary to carry out a fair and expeditious decision-making process;

(5) the person settling the dispute may charge the shipper a fee of not more than twenty-five dollars (\$25.00) for instituting a proceeding under the program if the program is binding solely on the carrier, but shall not charge the shipper a fee otherwise. The person settling the dispute shall refund the fee to the shipper in a case in which the dispute is settled in favor of the shipper, unless the person settling the dispute determines that the refund is inappropriate;

(6) the program shall not require the shipper to agree to use the dispute settlement program prior to the time that a dispute arises;

(7) the program may provide for an oral presentation of a dispute concerning transportation of household goods by a party to the dispute or a party's representative, but an oral presentation shall not be made unless the parties to the dispute expressly agree to the presentation and the date, time and location of the presentation; and

(8) a person settling a dispute under the program shall, as expeditiously as possible, but no later than sixty days after receipt of written notification of the dispute, render a decision based on the information gathered; except that, in a case in which a party to the dispute fails to timely provide information that the person settling the dispute may reasonably require, the person settling the dispute may extend the sixty-day period for a reasonable period of time. A decision resolving a dispute may include remedies appropriate under the circumstances, including repair, replacement, refund or reimbursement for expenses and compensation for damages.

B. The commission may investigate at any time the functioning of the program approved under this section and may, after notice and an opportunity to be heard, take appropriate action against any household goods service carrier for failure to meet the requirements of this section and rules as the commission may prescribe.

C. In a court action to resolve a dispute between a shipper and a household goods service carrier, concerning the transportation of household goods by the carrier, the shipper shall be awarded reasonable attorney fees if:

(1) the shipper submits a claim to the carrier within one hundred twenty days after the date the shipment is delivered or the date delivery is scheduled, whichever is later;

(2) the shipper prevails in the court action; and

A person or entity specified in 49 C.F.R. part 382.103, who is not explicitly excepted by New Mexico law, is subject to the provisions of this section and shall report positive test results or a refusal to submit to a test pursuant to provisions in this section. A refusal to submit to a pre-employment test shall not be considered a violation of this section.

C. When a person or entity specified in 49 C.F.R. part 382.103 determines that a positive test result is valid, the person or entity shall report the findings to the motor vehicle division of the taxation and revenue department. The motor vehicle division shall enter the report of a positive test result or refusal to submit to a test on the reported person's motor vehicle record so that it can be contained in the commercial driver's license information system pursuant to the New Mexico Commercial Driver's License Act [66-5-52 through 66-5-72 NMSA 1978].

D. The division shall keep the report of a positive test result or the refusal to submit to a test in the motor vehicle record of the driver for five years from the time the report was received by the motor vehicle division.

A. All commercial motor carrier vehicles shall enter, leave or travel through the state on designated highways and shall stop at every port of entry as designated by the division for manifesting and clearance stickers, except as provided in Subsection H of this section.

B. An officer may enforce in the field the provisions of the Motor Transportation Act and the Motor Carrier Act [65-2A-1 through 65-2A-41 NMSA 1978] and perform inspections as provided in this section whenever the officer stops a commercial motor carrier vehicle after observing that the vehicle is in, or is being operated in, violation of those acts, the Motor Vehicle Code [Chapter 66, Articles 1 through 8 NMSA 1978] or the Criminal Code [Chapter 30 NMSA 1978].

C. The operator of a commercial motor carrier vehicle shall:

(1) upon request, make out and deliver to the agent of the division at a port of entry or to an officer conducting field enforcement a manifest showing that part of the following information requested:

- (a) the point of origin of the shipment;
- (b) the ultimate destination of the shipment; and
- (c) the gross vehicle weight of the vehicle and cargo;

(2) sign the manifest and present it to the agent at the port of entry or to the officer conducting field enforcement; and

(3) present for inspection to the agent at the port of entry or the officer conducting field enforcement a copy of the billing or invoice describing the contents of the cargo and the weight of the cargo.

D. The agent at the port of entry or the officer conducting field enforcement may verify the information contained upon the billing or invoice and shall:

(1) check the license, permit, engine and serial numbers, weight and description of the vehicle; and

(2) inspect the vehicle and ascertain whether it is in safe and road-worthy condition and properly equipped with all lights, brakes and other appliances required by law.

E. The agent at the port of entry or officer conducting field enforcement may confirm the contents and weight of the cargo of a commercial motor carrier vehicle and interview the operator about the cargo and, if in doubt as to the declared gross weight, may order the cargo weighed before issuing any clearance certificate for the vehicle.

F. The agent at the port of entry or the officer conducting field enforcement may inspect the contents of a commercial motor carrier vehicle to determine whether all taxes on gasoline and motor fuel and excise taxes on alcoholic liquors and all taxes on any other property have been fully paid.

G. The agent at the port of entry or the officer conducting field enforcement may inspect a commercial motor carrier vehicle and its contents to determine whether they are in compliance with laws and rules regarding public safety, health, welfare and comfort.

H. An agricultural product transport vehicle is excluded from the requirements of Subsection A of this section if the agricultural product transport vehicle has cleared the

port of entry at least once and has successfully passed a commercial vehicle safety alliance level 1 inspection during the current harvest season.

I. As used in this section, "agricultural product transport vehicle" means a motor vehicle, freight trailer or utility trailer or a combination thereof used exclusively for hauling agricultural products harvested by a farmer from the place of harvesting to market, storage or a processing plant.

For ports of entry designated by motor transportation division, see 65-1-11 NMSA 1978.

The 2011 amendment, effective June 17, 2011, authorized officers in the field to enforce the Motor Transportation Act and the Motor Carrier Act and to inspect commercial motor carrier vehicles and eliminated from the list of information that an operator is required to provide in a manifest the names of the owner, operator and forwarding company, the license number and state in which the vehicle is permitted, the engine number, the serial number of the vehicle, the factory list capacity of the vehicle, the number of taxable miles traveled in New Mexico, and the public liability insurance coverage of the vehicle and cargo.

The 2008 amendment, effective May 14, 2008, added Subsections G and H.

Constitutionality. — New Mexico's regulatory scheme is a sufficient substitute for a warrant as determined by the three-part test articulated in *N.Y. v. Burger*, 482 U.S. 691 (1987). *U.S. v. Mitchell*, 518 F.3d 740 (10th Cir. 2008); *U.S. v. Gwathney*, 465 F.3d 1133 (10th Cir. 2006).

The regulatory scheme governing commercial carriers provides adequate notice to owners and operators of commercial carriers that their property will be subject to periodic inspections and adequately limits the discretion of inspectors in place and scope. *U.S. v. Vasquez-Castillo*, 258 F.3d 1207 (10th Cir. 2001).

Limitation on stopping of vehicles. — In the absence of reasonable suspicion, stops must be carried out pursuant to a plan which embodies explicit, neutral limitations on the conduct of individual officers. *State v. Clark*, 1991-NMCA-082, 112 N.M. 500, 816 P.2d 1122.

Legal stop ripening into illegal arrest. — Although initial stop of commercial truck was legal under New Mexico's inspection statutes, the stop ripened into an unlawful de

facto arrest when, without probable cause, officer required the driver to wait an hour; the illegality of the arrest vitiated driver's subsequent consent to the search of his truck, and rendered the stolen motorcycles which were found inadmissible under the exclusionary rule. *State v. Jutte*, 1998-NMCA-150, 126 N.M. 244, 968 P.2d 334, cert. denied, 126 N.M. 533, 972 P.2d 352 (1998).

Invalid stopping of vehicles. — Motor transportation division officer's stop of a rental truck was not made at a port of entry and was invalid, where the officer had not set out any signs or other indication to vehicle drivers that they would be required to stop, had stopped vehicles randomly and at his own discretion, and had chosen his own schedule of where to patrol, as opposed to his supervisor making the decision. *State v. Clark*, 1991-NMCA-082, 112 N.M. 500, 816 P.2d 1122.

65-5-1.1. Joint ports of entry; intent; bilateral agreements.

A. It is the intent of the legislature to promote economic development and to streamline the collection of revenues and the regulation of the trucking industry by authorizing the secretary to enter into bilateral agreements for the location, erecting, staffing and operation of ports of entry jointly with contiguous jurisdictions. Because of the many cost efficiencies that can be achieved, the legislature intends that the secretary explore the possibility of entering into bilateral agreements for the joint operation of ports of entry with all neighboring states. The legislature recognizes that officials of the state of Arizona have offered to negotiate an arrangement by which two joint Arizona-New Mexico ports would be established, the first in New Mexico near Gallup and the second on interstate 10 in Arizona; the legislature intends that the secretary and the secretary of highway and transportation use the authority granted in this section to explore this opportunity to serve the public interest. The legislature recognizes that expenditures by the state highway and transportation department will be necessary to contribute New Mexico's share of the total cost for the construction of such facilities and finds that such expenditures are appropriate and in the public interest.

B. The secretary may negotiate and enter into bilateral agreements with designated representatives of contiguous states to provide for the staffing and operation of jointly occupied ports of entry located within the boundaries of this state or an adjoining state. An agreement may allow employees of either state to collect fees, taxes, interest and penalties imposed by the rules, regulations or laws of either state for the operation of vehicles on the highways of either state and for the issuance of required permits. The secretary or the secretary's delegate may appoint employees of the adjoining state as peace officers of the department for the enforcement of tax, weight, size and load, equipment, safety and financial responsibility laws and regulations of this state relating to vehicles entering or exiting this state and may allow employees of the department to

accept similar appointments with the adjoining states. Any agreement entered into under the authority of this section shall provide that an employee of the adjoining state appointed pursuant to this section shall not be compensated by this state or for the purpose of employment rights and benefits to be considered an employee of this state. An employee of the adjoining state must agree that he shall not be compensated by this state or for purposes of employment rights or benefits be considered an employee of this state. Employees of this state accepting appointments from the adjoining state shall not be by virtue of the appointment be considered employees of that state nor be compensated by that state or for purposes of employment rights or benefits be considered an employee of that state.

ANNOTATIONS

Compiler's notes. — Laws 1988, ch. 67, § 1 and Laws 1988, ch. 69, § 1 enacted new sections designated 65-5-1.1 NMSA 1978. The two sections were identical, except for the addition in the Chapter 67 version of a Subsection C, which read "This act shall have no force and effect on any boundary of New Mexico adjoining a foreign country". The section was set out as enacted by Laws 1988, ch. 69, § 1. See 12-1-8 NMSA 1978.

65-5-1.2. Joint ports of entry; enforcement authority.

The department may require commercial motor carrier vehicles to stop at a joint port of entry in an adjoining state. The joint port of entry shall be established pursuant to an agreement entered into between the department and another state pursuant to Section 9-11-12 NMSA 1978.

History: 1978 Comp., § 65-5-1.2, enacted by Laws 1989, ch. 319, § 7.

65-5-2. Proof of compliance; schedule of penalties.

Except as otherwise provided in this section, a commercial motor carrier vehicle having a gross vehicle weight or combination gross vehicle weight of over twenty-six thousand pounds shall not travel on New Mexico highways without either proof that the trip tax has been paid for the movement of the vehicle or both evidence of registration and a tax identification permit issued by the department, unless that vehicle is exempt from the weight distance tax. The department may, by regulation, exempt portions of a highway from the requirements of this section if those portions are prior to reaching a port of entry where the trip tax may be paid.

65-5-3. Clearance certificates; types of carriers.

After inspection of the vehicle and related documentation and any necessary registration, clearance certificates or special permits may be issued by the department for:

A. commercial motor carrier vehicles operating in compliance with the provisions of the Motor Carrier Act [65-2A-1 through 65-2A-41 NMSA 1978] when:

(1) all taxes and registration fees required by the laws of this state upon the vehicles and contents of the vehicles have been paid and all other laws and rules and regulations of departments of this state applicable to the vehicles and contents have been complied with; and

(2) the operator or owner of the vehicle is not in default or delinquent in the payment of any tax, the filing of any report or the observance of any requirements of the Motor Carrier Act;

B. commercial motor carrier vehicles classified and designated in law as exempt when:

(1) all taxes required by the laws of this state upon the contents of the vehicles have been paid and all other laws and rules and regulations of departments of this state applicable to the contents have been complied with; and

C. commercial motor carrier vehicles not registered or licensed in this state that are transporting passengers for hire or property for hire or resale when:

(1) all taxes and registration fees required by the laws of this state upon the vehicles and contents of the vehicles have been paid and all other laws and rules and regulations of departments of this state applicable to the vehicles and contents have been complied with;

(2) the vehicle is properly covered by liability insurance in accordance with the provisions of the Motor Carrier Act and the regulations of the state corporation commission [public regulation commission]; and

(3) the trip tax has been fully paid; and

D. commercial motor carrier vehicles not registered or licensed in this state that are transporting property not for hire or resale when:

(1) all taxes required by the laws of this state upon the contents of the vehicles have been paid and all other laws, rules and regulations applicable to such contents have been complied with; and

(2) the trip tax has been fully paid.

ANNOTATIONS

Bracketed material. — The bracketed material was inserted by the compiler and is not part of the law.

Laws 1998, ch. 108, § 80 provided that all references to the state corporation commission be construed as references to the public regulation commission.

The 1992 amendment, effective July 1, 1992, rewrote this section to the extent that a detailed comparison would be impracticable.

Legislative intent. — Although the wording of this section is not entirely clear, it appears that the intention of the legislature was to include and describe therein all types of commercial motor vehicle operations. Certain types under Subsections A and B were to be given clearance certificates or special permits. All other types would then fall under Subsections C and D. As to those a mileage tax is assessed. 1955-56 Op. Att'y Gen. No. 6447 (rendered under prior law).

Meaning of "registration". — The reference to "registration" means that if such carrier is required under licensing statutes to obtain a license tag, such inspection station shall require a purchase of such license tag. 1953-54 Op. Att'y Gen. No. 54-5940 (rendered prior to 1992 amendment).

65-5-4. Recompiled.

65-5-5. Mexican commercial motor vehicles; movement through border commercial zone; registration exemption; financial responsibility; domestic transportation.

A Mexican commercial motor vehicle and its driver operating pursuant to the exemption under this section may be considered unregistered if the motor vehicle is operated in this state outside the border commercial zone or in violation of United States law.

B. The department shall adopt rules that conform with federal law requiring motor carriers operating Mexican commercial motor vehicles in this state to maintain financial responsibility.

C. A Mexican commercial motor vehicle shall not transport persons or cargo in intrastate commerce in this state unless the motor vehicle is authorized to conduct operations in interstate and foreign commerce domestically between points in the United States under federal law or international agreement.
