MOTOR VEHICLES

Pamphlet 104 - Motor Vehicles - Part 1

Pamphlet 105 - Motor Vehicles - Part 2

ARTICLE 1

GENERAL PROVISIONS

66-1-1. Short title.

Articles 1 through 8 of Chapter 66 NMSA 1978 [except 66-7-102.1 NMSA 1978] may be cited as the "Motor Vehicle Code".

History: 1953 Comp., § 64-1-1, enacted by Laws 1978, ch. 35, § 1.

ANNOTATIONS

Motor Vehicle Code. - Section 66-7-102.1 NMSA 1978 was not enacted as part of the Motor Vehicle Code but is included in that code as a convenience to the user.

Constitutionality. - The former Motor Vehicle Act was not constitutionally objectionable under N.M. Const., art. IV, § 16, in that it assertedly contained more than one subject. Its subject was motor vehicles. The mere inclusion of other provisions logically within the scope of the title and relating to the general subject did not violate the "one subject" restriction. This constitutional limitation was designed for the exclusion of discordant provisions having no rational or logical relation to each other. *State v. Roybal*, 66 N.M. 416, 349 P.2d 332 (1960).

Failure to apply older similar provision as harmless error. - Where the supreme court inadvertently overlooks the fact that a new statute on registration of lien interests in motor vehicles had not gone into effect at the time the decision was made, but there existed at the time a substantially similar statute, the failure to apply the latter constitutes harmless error and is not valid grounds for rehearing. *Fulwiler v. Traders & Gen. Ins. Co.*, 59 N.M. 366, 285 P.2d 140 (1955).

Incorporated municipalities are given express power to adopt traffic codes merely by reference to the proper title and date of the code on the same subject, provided that the entire code so adopted is made available for inspection in at least one place within the municipality, and provided that a copy of the code is made available upon request. 1959-60 Op. Att'y Gen. No. 60-218.

Municipalities may adopt motor vehicle ordinances notwithstanding state statutes cover the same subjects and provide penalties for violations. 1959-60 Op. Att'y Gen. No. 60-218.

Am. Jur. 2d, A.L.R. and C.J.S. references. - Validity, construction, and effect of statutes or ordinances forbidding automotive "cruising" - practice of driving repeatedly through loop of public roads through city, 87 A.L.R.4th 1110.

66-1-2. Severability.

If any part or application of the Motor Vehicle Code is held invalid, the remainder, or its application to other situations or persons, shall not be affected.

History: 1953 Comp., § 64-1-2, enacted by Laws 1978, ch. 35, § 2.

ANNOTATIONS

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

66-1-3. Savings clauses.

A. All valid certificates of title issued under the provisions of previously existing laws shall continue in effect and shall be considered as having been issued under the provisions of the Motor Vehicle Code.

B. All registration cards and registration plates issued under the provisions of previously existing laws shall continue to be valid until their expiration or termination as determined by the prior law.

C. All liens and bonds filed under the provisions of previously existing laws shall continue to be valid until their expiration or termination as determined by the prior law.

D. All licenses and all demonstration numbers, special plates and special permits issued under the provisions of previously existing law shall continue to be valid until their expiration or termination as determined by the prior law.

E. The division is directed to administer the provisions of previously existing laws to effect the provisions of this section.

History: 1953 Comp., § 64-1-3, enacted by Laws 1978, ch. 35, § 3; 1987, ch. 268, § 16.

ANNOTATIONS

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

66-1-4. Definitions.

A. Sections 66-1-4.1 through 66-1-4.20 NMSA 1978 define terms for general purposes of the Motor Vehicle Code. When in a specific section of the Motor Vehicle Code a different meaning is given for a term defined for general purposes in Sections 66-1-4.1 through 66-1-4.20 NMSA 1978, the specific section's meaning and application of the term shall control.

B. All references in the Motor Vehicle Code and elsewhere in the NMSA 1978 to Section 66-1-4 NMSA 1978 shall be construed to include Sections 66-1-4.1 through 66-1-4.20 NMSA 1978.

C. All references in the NMSA 1978 to the "department of motor vehicles" or "department" shall, whenever appropriate, mean the taxation and revenue department.

D. All references in the NMSA 1978 to the "commissioner of motor vehicles" or "commissioner" shall, whenever appropriate, mean the secretary.

History: 1953 Comp., § 64-1-4, enacted by Laws 1978, ch. 35, § 4; 1979, ch. 71, § 1; 1981, ch. 361, § 2; 1983, ch. 295, § 27; 1987, ch. 250, § 1; 1987, ch. 268, § 17; 1988, ch. 56, § 2; 1989, ch. 318, § 1; 1990, ch. 120, § 1; 1991, ch. 160, § 1.

I. GENERAL CONSIDERATION.

Cross-references. - For definitions with respect to traffic violations, see 66-1-4 to 66-1-4.20 NMSA 1978.

For the definition of "snowmobile" and modification as basis for classification as motor vehicle, see 66-9-2 and 66-9-10 NMSA 1978.

The 1988 amendment, effective July 1, 1988, substituted "in Paragraph (20) of this subsection" for "herein" in Subsection B(2); in Subsection B(22), substituted "person who for the first time under state or federal law or municipal ordinance has been adjudicated guilty" for "person who has been convicted in a trial court under state or

federal law or municipal ordinance", deleted "narcotic drug" following "liquor", deleted "other" preceding "drug", inserted "safely" preceding "driving a motor vehicle", and substituted "regardless of whether the person's sentence was suspended or deferred" for "and includes a person who pled guilty to the charge or pled nolo contendere to the charge, whether or not his sentence was suspended or deferred, or a person who was convicted, pled guilty or nolo contendere, but had such conviction dismissed by virtue of his attendance at, and successful completion of, a driver rehabilitation program or a 'driving-while-intoxicated school'"; and rewrote Subsection B(64).

The 1989 amendment, effective July 1, 1989, rewrote Subsection B(1); in Subsection B(20), substituted "identified by a" for "sufficiently bounded by a fence, chain, posts or other fence of wall material, the top of which shall be twelve inches above the ground so as to definitely indicate the boundary thereof, and within which boundary is" in Subparagraph (b); substituted "forty" for "thirty-two" in Subsection B(32); and inserted "and may include a conservator, guardian, personal representative, executor or similar fiduciary" in Subsection B(44).

The 1990 amendment, effective July 1, 1990, in Subsection A, added the first sentence and substituted "Sections 66-1-4.1 through 66-1-4.20 NMSA 1978" for "this section" in the present second sentence, deleted former Subsection B setting forth definitions of words and terms used in the Motor Vehicle Code and added present Subsections B to D.

The 1991 amendment, effective July 1, 1991, deleted "motor vehicle division of the" preceding "taxation" in Subsection C and substituted "secretary" for "director of the division" at the end of Subsection D.

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

Construction of former definition of "mobile homes". See 1971 Op. Att'y Gen. No. 71-87; S & S Sales, Inc. v. Bureau of Revenue, 88 N.M. 649, 545 P.2d 1027 (Ct. App. 1976); Lewallen v. Elmore Mobile Homes, Inc., 89 N.M. 323, 551 P.2d 1370 (Ct. App. 1976).

Windrower not "vehicle" or "motor vehicle". - A windrower, a piece of farm machinery used to mow, crimp and cut hay or other crops into rows to be picked up and compacted into bales, is not a "vehicle" or "motor vehicle" under this section and is similarly excluded from coverage under the Motor Vehicle Dealers Franchising Act, 57-16-1 NMSA 1978 et seq. Smith Mach. Corp. v. Hesston, Inc., 102 N.M. 245, 694 P.2d 501 (1985).

Airplane as within terms "vehicle," "motor vehicle," etc., 165 A.L.R. 916.

Airplane or other aircraft as "motor vehicle" or the like within statute providing for constructive or substituted service of process on nonresident motorist, 36 A.L.R.3d 1387.

What constitutes ownership of automobile within the meaning of automobile insurance owner's policy, 36 A.L.R.4th 7.

What is "temporary" building or structure within meaning of restrictive covenant, 49 A.L.R.4th 1018.

60 C.J.S. Motor Vehicles § 1.

II. AUTOMOBILE.

Freight trailer. - There is no right to a storage lien on a freight trailer, as a freight trailer separated from a truck tractor is not an "automobile" under the Motor Vehicle Code. *Newman v. Basis Motor Co.*, 98 N.M. 39, 644 P.2d 553 (Ct. App. 1982).

III. DEALER.

Trailer or bus manufacturer. - Any trailer or bus manufacturer who sells three or more trailers or buses directly to individuals or companies in any calendar year is a "dealer" within the meaning of the Motor Vehicle Code and is eligible for a motor vehicle dealer's license. 1979 Op. Att'y Gen. No. 79-31.

IV. DRIVER.

Having charge of vehicle controls on highway. - The actual physical handling of the controls is clearly synonymous in meaning to the driving or operating of a motor vehicle and a person may be liable under the law whether the vehicle is in motion on the highways or not depending upon the circumstances. For instance, a car stopped at an intersection waiting for the traffic signal to change would be in operation and under the physical control of the person handling the controls. Or a car may be at rest after a collision, or a disabled car might be towed while being steered and within the physical control of the person steering the towed vehicle. The primary test, which might vary with different facts, seems to depend upon whether the vehicle is being driven, operated or handled upon the public highways by an intoxicated person having charge of the controls of the vehicle. 1953-54 Op. Att'y Gen. No. 5858.

V. LIEN.

Mortgages creating lien must be in writing. - Chattel mortgages and instruments having the effect of placing a lien on personal property are required to be in writing. *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

VI. MOTOR VEHICLE.

"Self-propelled motor vehicle" construed. - Where a mechanical device is not propelled by its own motor or fuel, but instead receives its power through a trailing cable which conveys electricity to it from an outside source, the device is not "self-propelled." Kaiser Steel Corp. v. Revenue Div., 96 N.M. 117, 628 P.2d 687 (Ct. App. 1981).

No distinction between propulsion and nonpropulsion parts. - See same catchline under analysis line XI, "Vehicle."

Articulated bus. - Articulated bus is hybrid vehicle with towing unit falling within the definition of motor vehicle and bus and the towed unit falling within the definition of semi-trailer. The combination of units being less than 65 feet in length, no oversize permit is required for operation of this vehicle. 1961-62 Op. Att'y Gen. No. 61-39.

Snowmobile. - The term "motor vehicle" does not include a snowmobile. State v. Eden, 108 N.M. 737, 779 P.2d 114 (Ct. App. 1989).

Pickups and trucks fall within meaning of "motor vehicle" as used in the act's (former Motor Vehicle Code) title, and within the term "automobile" as used in the body of the act. 1967 Op. Att'y Gen. No. 67-134.

Self-propelled "go-cart" is a motor vehicle within the intendment of 64-1-6, 1953 Comp., and is, therefore, subject to registration pursuant to former 64-3-2, 1953 Comp. (similar to 66-3-1 NMSA 1978), if it is "driven or moved upon a highway." 1964 Op. Att'y Gen. No. 64-148.

The only classification which appears to be applicable to self-propelled go-carts is that of "motor vehicle," and therefore the utilization of 64-11-1.1, 1953 Comp. (similar to 66-6-2 NMSA 1978), entitled "Passenger vehicles - Registration fees" to determine the correct registration fee would probably be appropriate. 1964 Op. Att'y Gen. No. 64-148.

VII. OWNER.

Holder of legal title to leased vehicle. - The New Mexico law contemplates that the owner, i.e., the holder of the legal title to a vehicle leased by a New Mexico firm for eight days, is the party responsible for registration. 1969 Op. Att'y Gen. No. 69-95.

VIII. PERSON.

Unborn fetus. - A review of the provisions of the Motor Vehicle Code shows that "person" is used in the sense of one who has been born, and never in the sense of an unborn fetus. State v. Willis, 98 N.M. 771, 652 P.2d 1222 (Ct. App. 1982)(specially concurring opinion).

IX. SCHOOL BUS.

Definition of "school bus" may be used in other enactments. - It would not be unreasonable for the corporation commission to look to the legislature's definition of the term "school bus" in the former Motor Vehicle Act for a guide to interpreting the exemption provided in the Motor Carrier Act (see now 65-2-126 NMSA 1978). 1969 Op. Att'y Gen. No. 69-110.

X. SPECIAL MOBILE EQUIPMENT.

"Incidental" means subordinate, nonessential, as occurring merely by chance or without intention or calculation. *Halliburton Co. v. Property Appraisal Dep't*, 88 N.M. 476, 542 P.2d 56 (Ct. App. 1975).

Well servicing unit. - While it is true that a "well servicing unit" is not included in the statutory definition of special mobile equipment, it would appear that the unit was designed solely and exclusively for the purpose of transporting the particular machinery for which it is designed and for the accommodation of driver for the same. It is not designed primarily for the transportation of persons or property save as an incident of its use at an appropriate location. A well servicing unit is within the general terms of "special mobile equipment." 1957-58 Op. Att'y Gen. No. 58-115.

Cable spool carrier. - A two wheeled piece of equipment, hitched to a pickup, which tows it, which has no floor, is structured from pipe lengths, is about four feet in height, carries a spool of cable, is never on a public highway except when it is moved from one job to another, the primary purpose being to provide a platform from which the cable is unrolled, is a special mobile equipment vehicle. 1967 Op. Att'y Gen. No. 67-148.

Motor vehicle hauling exceptional loads over roads. - A special motor vehicle rented by a New Mexico firm from an Arizona company and used to haul an exceptional load over New Mexico roads was not "special mobile equipment," despite the fact that it was not normally used for transportation of property over highways. 1969 Op. Att'y Gen. No. 69-95.

Mole. - The "mole" is not "special equipment" as defined in 64-1-12, 1953 Comp., because, aside from its not being a vehicle as defined in 64-1-6A, 1953 Comp., it is not one of the vehicles specified in the section, nor does it come within the general descriptive terms as set forth in 64-1-12, 1953 Comp. *Gibbons & Reed Co. v. Bureau of Revenue*, 80 N.M. 462, 457 P.2d 710 (1969).

The "mole" cannot be classified as a vehicle under the Motor Vehicle Code because it is not a device upon, or by which, persons or property may be transported upon a highway. *Gibbons & Reed Co. v. Bureau of Revenue*, 80 N.M. 462, 457 P.2d 710 (1969).

Preproduction machine not incidentally moved over highways. - Specialized equipment necessary to perform certain preproduction operations at wells which was bolted to the frame of a vehicle's chassis and permanently mounted for the purpose of

carrying that equipment to and from drilling sites over the highways was not incidentally moved over the highways, and was not special mobile equipment. *Halliburton Co. v. Property Appraisal Dep't*, 88 N.M. 476, 542 P.2d 56 (Ct. App. 1975).

XI. VEHICLE.

No distinction between propulsion and nonpropulsion parts. - The statutory definitions of the terms "vehicle" and "motor vehicle" does not distinguish between the propulsion and nonpropulsion parts thereof. *Halliburton Co. v. Property Appraisal Dep't*, 88 N.M. 476, 542 P.2d 56 (Ct. App. 1975).

Mobile machine not necessarily "vehicle". - A finding that a machine "moves" or is "mobile" does not in itself support a conclusion that the machine can be "driven or moved upon a highway" for any purpose. *Kaiser Steel Corp. v. Revenue Div.*, 96 N.M. 117, 628 P.2d 687 (Ct. App. 1981).

In moving itself, a machine is not transporting property within the meaning of Subsection B(74). *Kaiser Steel Corp. v. Revenue Div.*, 96 N.M. 117, 628 P.2d 687 (Ct. App. 1981).

Push mobiles. - Go-carts which are not self-propelled but are used as a "push mobile" are "devices moved by human power" expressly excepted from the definition of "vehicle" in 64-1-6, 1953 Comp., and, therefore, not subject to registration pursuant to 64-3-2, 1953 Comp. (similar to 66-3-1 NMSA 1978). 1964 Op. Att'y Gen. No. 64-148.

66-1-4.1. Definitions.

As used in the Motor Vehicle Code:

A. "abandoned vehicle" means a vehicle or motor vehicle that has been determined by a New Mexico law enforcement agency:

(1) to have been left unattended on either public or private property for at least thirty days;

(2) not to have been reported stolen;

(3) not to have been claimed by any person asserting ownership; and

(4) not to have been shown by normal record checking procedures to be owned by any person;

B. "additional place of business", for dealers and wreckers of vehicles, means locations in addition to an established place of business as defined in Section 66-1-4.5 NMSA 1978 and meeting all the requirements of an established place of business, except Paragraph (5) of Subsection B of Section 66-1-4.5 NMSA 1978, but "additional place of

business" does not mean a location used solely for storage and that is not used for wrecking, dismantling, sale or resale of vehicles;

C. "alcoholic beverages" means any and all distilled or rectified spirits, potable alcohol, brandy, whiskey, rum, gin, aromatic bitters or any similar alcoholic beverage, including all blended or fermented beverages, dilutions or mixtures of one or more of the foregoing containing more than one-half of one percent alcohol but excluding medicinal bitters; and

D. "authorized emergency vehicle" means any fire department vehicle, police vehicle, ambulance and any emergency vehicles of municipal departments or public utilities that are designated or authorized as emergency vehicles by the director of the New Mexico state police division of the department of public safety or local authorities.

History: 1978 Comp., § 66-1-4.1, enacted by Laws 1990, ch. 120, § 2.

ANNOTATIONS

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

A police vehicle showing red lights or sounding a siren is an emergency vehicle and all approaching or pursued vehicles are required to stop. 1959-60 Op. Att'y Gen. No. 59-20.

Volunteer fireman's private vehicle can be "authorized emergency vehicle". - A privately owned vehicle of a volunteer fireman can be designated as an authorized emergency vehicle. 1969 Op. Att'y Gen. No. 69-71.

66-1-4.2. Definitions.

As used in the Motor Vehicle Code:

A. "bicycle" means every device propelled by human power upon which any person may ride, having two tandem wheels, except scooters and similar devices;

B. "bureau" means the traffic safety bureau of the state highway and transportation department;

C. "bus" means every motor vehicle designed and used for the transportation of persons and every motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation; and

D. "business district" means the territory contiguous to and including a highway when within any three hundred feet along the highway there are buildings in use for business or industrial purposes, including but not limited to hotels, banks or office buildings,

railroad stations and public buildings that occupy at least fifty percent of the frontage on one side or fifty percent of the frontage collectively on both sides of the highway.

History: 1978 Comp., § 66-1-4.2, enacted by Laws 1990, ch. 120, § 3; 1993, ch. 68, § 38.

ANNOTATIONS

The 1993 amendment, effective July 1, 1993, inserted present Subsection B and redesignated former Subsections B and C as Subsections C and D.

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

Frontage of buildings within 300-foot area is what determines whether the scene of an accident is within a residential or business district rather than the combined area of the buildings and yards. *Floeck v. Hoover*, 52 N.M. 193, 195 P.2d 86 (1948).

Neither business nor residential district exists where buildings away from highway. - An instruction on speed limits in business and residential districts was properly refused since evidence that there were three residences behind a filling station near which accident occurred, the houses being from 250 to 900 feet back from the highway with only one facing the highway, failed to indicate that the accident happened in either kind of district. *Floeck v. Hoover*, 52 N.M. 193, 195 P.2d 86 (1948).

Burden of proof on party alleging business district. - Party desiring instructions on speed limit has burden of proving by actual measurements that area taken up by buildings, excluding the vacant yard area, exceeded 50% of the statutory footage of 300 feet along the highway. *Floeck v. Hoover*, 52 N.M. 193, 195 P.2d 86 (1948).

Not error to refuse instruction where definitional criteria not met. - When stated in direct testimony that of a total distance of 640.9 feet, 396.5 feet was found to be building frontage, yet when the witness was pinned down on cross-examination he asserted that within any given 300-foot distance the building frontage was less than 50%, and as there was no substantial evidence that the area in question was a business district, the trial judge's refusal to allow instruction on defining area as a business district was not error. *Stoll v. Galles Motor Co.*, 60 N.M. 186, 289 P.2d 626 (1955).

66-1-4.3. Definitions.

ANNOTATIONS

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

There is a distinction between "traffic control signals" and "official traffic-control devices." Ward v. Ray, 78 N.M. 566, 434 P.2d 388 (1967).

Pedestrian has right-of-way when no signal of traffic-control type. - Since there was no traffic signal in place or in operation of the "traffic-control signal" type, which would deprive plaintiff of the right-of-way as a pedestrian under 64-18-33, 1953 Comp. (similar to 66-7-334 NMSA 1978), it was prejudicial error to give instruction stating that ". . . the presence of a crosswalk does not in itself give a pedestrian the right-of-way when there are traffic signals in operation at the intersection, as in this case." Ward v. Ray, 78 N.M. 566, 434 P.2d 388 (1967).

Neither flashing yellow nor flashing red signal lights are "traffic-control signals" within the meaning of 64-14-21, 1953 Comp. (similar to this section), because by neither of them is traffic "alternately directed to stop and to proceed." Ward v. Ray, 78 N.M. 566, 434 P.2d 388 (1967).

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

This section specifies the minimal due process notice which is required before the state may revoke a driver's license in an administrative proceeding. *State v. Herrera*, 111 N.M. 560, 807 P.2d 744 (Ct. App. 1991).

Necessity for procedural due process applies to suspension of one's driver's license by the state. *City of Albuquerque v. Juarez*, 93 N.M. 188, 598 P.2d 650 (Ct. App. 1979), overruled on other grounds, *State v. Herrera*, 111 N.M. 560, 807 P.2d 744 (Ct. App. 1991).

Evidentiary effect of proof of mailing. - This section was not intended to be read as a rule of evidence, nor does it purport to alter the essential elements required to establish the offense of driving with a revoked license. Thus, in a criminal proceeding, it should not be read as creating a presumption of notice to a licensee merely upon proof of mailing, without more. *City of Albuquerque v. Juarez*, 93 N.M. 188, 598 P.2d 650 (Ct. App. 1979), overruled on other grounds, *State v. Herrera*, 111 N.M. 560, 807 P.2d 744 (Ct. App. 1991).

Sufficiency of evidence of notice. - Record supported a finding that defendant was aware that he was driving with a revoked license, where two separate notices of revocation were sent by certified mail to his home address after defendant received separate convictions of driving while under the influence of alcohol, and both notices were unreturned. *State v. Herrera*, 111 N.M. 560, 807 P.2d 744 (Ct. App. 1991).

(3) when on duty, upon reasonable belief that any vehicle is being operated in violation of any provision of the Motor Vehicle Code, to require the driver thereof to stop and exhibit his driver's license and the registration evidence issued for the vehicle and submit to an inspection of such vehicle, the registration plate and registration evidence thereon or to an inspection and test of the equipment of such vehicle;

(4) [to] inspect any vehicle of a type required to be registered hereunder in any public garage or repair shop or in any place where such vehicles are held for sale or wrecking, for the purpose of locating stolen vehicles and investigating the title and registration thereof; and

(5) to determine by inspection that all dealers and wreckers of vehicles are in compliance with the provisions of the Motor Vehicle Code with particular reference to but not limited to the requirements for an established place of business and for records.

B. The director may issue credentials to officers of state and local law enforcement agencies as evidence of the division's intent to fully implement the enforcement of the provisions of the Motor Vehicle Code.

Att'y Gen. No. 92-02.

66-2-14. Appointment of agents; termination.

A. Whenever the secretary deems it necessary for the purpose of effecting economy in carrying out the functions of the department and for the purpose of providing necessary service to the people of this state, the secretary may appoint agents to receive applications for registration, to collect fees and revenues, to issue all licenses or permits and to act for the department in carrying out the duties imposed by law.

B. The department may specify the functions or services to be performed by agents pursuant to Subsection A of this section and may limit the amount to be paid to such agent by contract. The department may terminate the designation of any agent for failure of the agent to perform to the secretary's satisfaction the agent's duties by notifying the agent of the termination. Agency agreements may provide for the form of notice and the length of the period, if any, between the notice and the effective date of the termination.

History: 1953 Comp., § 64-2-14, enacted by Laws 1978, ch. 35, § 18; 1987, ch. 185, § 1; 1989, ch. 318, § 3; 1995, ch. 135, § 6.

ANNOTATIONS

The 1989 amendment, effective July 1, 1989, designated the formerly undesignated provisions as Subsection A, making minor stylistic changes therein, and added Subsection B.

The 1995 amendment, effective June 16, 1995, deleted "or assignment of division employees by director" following "agents" in the section heading; rewrote Subsection A; and in Subsection B, substituted "department" for "director" and added the last two sentences.

Authority to appoint agents. - Commissioner (now director) has authority to appoint agents or employees to collect fees and revenues and to issue licenses or permits in areas where no regular state offices are maintained. 1964 Op. Att'y Gen. No. 64-154.

Salaried employees may perform agent's services. - It becomes clear from the authorizing legislation for the appointment of agents that it is contemplated that such appointment should occur only upon determination by commissioner (now director) that economies can be effected and services may be improved by such appointments. It is inherent in this provision that the office may provide these services through salaried employees if it is believed to be more efficient and economical to do so. 1959-60 Op. Att'y Gen. No. 60-189.

Director could limit use of records by agent. - The general authority of the motor vehicle commissioner (now director) to appoint agents also carries with it implied authority to regulate the manner of their operation and conduct of the business they carry on. Should the commissioner wish to limit use of the records of the department by the agents it is within his power to do so. 1959-60 Op. Att'y Gen. No. 59-33.

Furnishing of data to others for additional fees discretionary. - It is discretionary with the motor vehicle commissioner (now director of motor vehicle division) whether appointed agents use division records while in agent's possession for furnishing data to others for additional fees, other than regular service fees as set by law. 1959-60 Op. Att'y Gen. No. 59-33.

Agents not division employees for withholding purposes. - Agents could not be classified as employees of the motor vehicle division for withholding taxes, social security and retirement purposes. 1959-60 Op. Att'y Gen. No. 59-33.

Agent could be replaced for nonperformance. - Motor vehicle commissioner (now director of motor vehicle division) could replace any appointed agent for nonperformance of service in accordance with departmental policies. 1959-60 Op. Att'y Gen. No. 59-33.

All fees must be remitted to director. - Plan to have agent receive fees while working in a regular office violated 64-2-18, 1953 Comp. (similar to this section), and also 64-2-19, 1953 Comp. (similar to 66-2-15 NMSA 1978), where the money was remitted to the division and not to the commissioner (now director). 1967 Op. Att'y Gen. No. 67-98.

66-2-14.1. Fee agent designation; termination.

A. Any class A county or municipality within a class A county which has adopted an ordinance for a vehicle emission inspection and maintenance program pursuant to Subsection C of Section 74-2-4 NMSA 1978 may be designated by the department as an agent for the registration and re-registration of motor vehicles whose registered owner's address, as shown in the records of the department, is within the class A county or municipality within the class A county.

B. When designated as an agent pursuant to this section, the county or municipality shall provide for effective enforcement to ensure compliance with the state motor vehicle registration laws and the vehicle emission inspection and maintenance program. Enforcement shall include but not be limited to denial of motor vehicle registration to any vehicle which fails to pass the vehicle emission inspection.

C. When designated as an agent pursuant to this section, the county or municipality shall reimburse the department for any additional costs incurred by the department as a result of the designation of the county or municipality as an agent. Money reimbursed to the department is appropriated to the department for administration and enforcement of the Motor Vehicle Code.

D. The department may terminate the designation of any agent for failure of the agent to perform to the secretary's satisfaction the agent's duties by notifying the agent of the termination. Agency agreements may provide for the form of notice and the length of the period, if any, between the notice and the effective date of the termination.

History: 1978 Comp., § 66-2-14.1, enacted by Laws 1985, ch. 95, § 2; 1987, ch. 268, § 20; 1995, ch. 135, § 7.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, added "termination" in the section heading, substituted "department" for "division" in Subsection A, made a minor stylistic change in Subsection C, and added Subsection D.

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

66-2-15. Agents or department employees to remit money received; bonds for agents or department employees.

Agents or department employees shall remit all money received by them in the carrying out of the duty imposed upon them by the Motor Vehicle Code, including the agents' administrative service fees. The agents' reports are subject to audit and acceptance by the department. Before undertaking any duty in behalf of the director, the agents shall execute a surety bond in such amount as the director requires in the form required by law of public officials. The department shall have such employees covered by such bond as the department may designate.

History: 1953 Comp., § 64-2-15, enacted by Laws 1978, ch. 35, § 19; 1990, ch. 120, § 22.

ANNOTATIONS

The 1990 amendment, effective July 1, 1990, substituted "department employees" for "assigned division employees" in two places in the catchline and in one place in the first sentence, deleted "designated by the director to act for him" following "employees" and substituted "the Motor Vehicle Code" for "their appointment or assignment to the director" in the first sentence, deleted the former second sentence which read "Notwithstanding the provisions of Section 64-6-23 NMSA 1953, the agents' administrative service fees, after audit and acceptance of the agents' reports by the director, shall be remitted to the agents", added the present second sentence, substituted "requires" for "shall require" in the third sentence, and, in the last sentence, substituted "department" for "director" in two places and "such employees" for "all assigned employees".

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

All fees must be remitted to director. - Plan to have agent receive fees while working in a regular office violated 64-2-18, 1953 Comp. (similar to this section), and also 64-2-19, 1953 Comp. (similar to 66-2-15 NMSA 1978), where the money was remitted to the division and not to the commissioner (now director). 1967 Op. Att'y Gen. No. 67-98.

Existing bonds met former provision's requirements. - Presently existing bonds of city officials of a city designated distributor of license plates are sufficient to meet the requirements of Laws 1959, ch. 6, § 2 (64-2-19, 1953 Comp., similar to this section), if these bonds are approved by the commissioner (now director) as to amount and are amended to provide for these officials' added responsibility. 1959-60 Op. Att'y Gen. No. 59-84.

66-2-16. Administrative service fees; collection; remittance; payment; optional service fees; appropriation.

A. The secretary is authorized to establish by rule or regulation a schedule of administrative service fees to be collected by the agents or department to defray the costs of operation of the agents' or department's offices and of rendering service to the public. Fees shall be fifty cents (\$.50) for each item or transaction or service performed by the agent or department for the director and shall be collected in addition to all other fees and taxes imposed.

B. All sums collected by an agent or the department as administrative service fees shall be remitted as provided in Section 66-2-15 NMSA 1978.

C. Administrative service fees remitted by department employees shall be deposited by the state treasurer into the motor vehicle suspense fund and distributed in accordance with Section 66-6-23 NMSA 1978.

D. Notwithstanding the provisions of Subsections A through C of this section, no class A county with a population exceeding three hundred thousand or municipality with a population exceeding three hundred thousand within a class A county designated as an agent pursuant to Section 66-2-14.1 NMSA 1978 shall be paid an administrative service fee.

E. The secretary is authorized to establish by regulation fees to cover the expense of providing additional services for the convenience of the motoring public. Any service established for which a fee is adopted under this subsection shall be optional, with the fee not being charged to any person not taking advantage of the service. Amounts collected pursuant to this subsection are appropriated to the department for the purpose of defraying the expense of providing the service.

History: 1953 Comp., § 64-2-16, enacted by Laws 1978, ch. 35, § 20; 1981, ch. 378, § 1; 1985, ch. 95, § 3; 1987, ch. 128, § 2; 1990, ch. 120, § 23; 1993, ch. 361, § 1.

ANNOTATIONS

Cross-references. - For provisions regarding payment in foreign currency under the Motor Vehicle Code, see 66-6-36 NMSA 1978.

The 1990 amendment, effective July 1, 1990, substituted "secretary" for "director" and "department" for "assigned division employees" (or similar terms) throughout the section, deleted former Subsections D and E relating to the remittance of administrative service fees in certain circumstances, and redesignated former Subsections F and G as present Subsections D and E.

The 1993 amendment, effective June 18, 1993, substituted "with a population exceeding three hundred thousand or municipality with a population exceeding three hundred thousand" for "or municipality" in Subsection D.

Provision sole authority for collecting fee and exclusive for agents. - Section 64-2-20, 1953 Comp. (similar to this section) was the one authorizing commissioner (now director) to establish a schedule of administrative service fees which may be collected by "agents" to defray the costs of operation of the "agents' offices and of rendering service to the public." This was the sole authority for the collection of this administrative service fee and was exclusive for those offices operated by appointed agents. 1959-60 Op. Att'y Gen. No. 60-189.

Authority of director to collect fees. - Legislature expressly authorized commissioner (now director) to collect administrative fees, in addition to all other fees and taxes imposed. 1964 Op. Att'y Gen. No. 64-154.

The commissioner of motor vehicles (now director of motor vehicle division) has authority to establish what constitutes an item or transaction and to collect an administrative fee to defray costs of operation and of rendering service to the public. 1964 Op. Att'y Gen. No. 64-154.

Cannot charge fee for use of premises to examine records. - The department (now division) may not charge private persons a rental fee for the use of department premises to examine and abstract public records. 1968 Op. Att'y Gen. No. 68-90 (opinion rendered prior to addition of Subsection D).

Cannot charge for use of files. - The department (now division) of motor vehicles may not impose a charge against private persons for use of files which are public records. 1968 Op. Att'y Gen. No. 68-90 (opinion rendered prior to addition of Subsection D).

Cannot charge for furnishing abstract to private person. - There was no specific legislative authority, under 64-2-20, 1953 Comp. (similar to this section), which would allow an assessment of a fee for furnishing an abstract of a public record to a private person. 1968 Op. Att'y Gen. No. 68-90 (opinion rendered prior to addition of Subsection D).

66-2-17. Administrative hearing; procedure; appeals from secretary's decision and order; exhaustion of administrative remedies.

A. Unless a more specific provision for review exists, any person may dispute the denial of or failure to either allow or deny any license, permit, placard or registration provided for under the Motor Vehicle Code by filing with the secretary a written protest against the action or inaction taken by the department. Every protest shall identify the person and the action or inaction that is in dispute, the grounds for the protest and the affirmative relief requested. The statement of grounds for protest shall specify individual grounds upon which the protest is based and a summary statement of the evidence expected to be produced supporting each ground asserted, if any; provided that the person may supplement the statement at any time prior to any hearing conducted on the protest under Subsection D of this section. The secretary may, in appropriate cases, provide for an informal conference before setting a hearing of the protest.

B. Any protest by a person shall be filed within thirty days of the date of the mailing or verbal notification of the action proposed to be taken by the department. If a protest is not filed within the time required for filing a protest, the secretary may proceed with the action or inaction proposed by the department.

C. Upon timely receipt of a protest, the department or hearing officer shall promptly set a date for hearing and on that date hear the protest.

D. A hearing officer shall be designated by the secretary to conduct the hearing. A person may appear at a hearing for himself or be represented by a bona fide employee or an attorney. Hearings shall not be open to the public except upon request of the person and may be postponed or continued at the discretion of the hearing officer.

E. In hearings before the hearing officer, the technical rules of evidence shall not apply, but in ruling on the admissibility of evidence, the hearing officer may require reasonable substantiation of statements or records tendered, the accuracy or truth of which is in reasonable doubt.

F. In hearings before the hearing officer, the Rules of Civil Procedure for the District Courts shall not apply, but the hearing shall be conducted so that both complaints and defenses are amply and fairly presented. To this end, the hearing officer shall hear arguments, permit discovery, entertain and dispose of motions, require written expositions of the case as the circumstances justify and render a decision in accordance with the law and the evidence presented and admitted.

G. In the case of the hearing of any protest, the hearing officer shall make and preserve a complete record of the proceedings. At the beginning of the hearing, the hearing officer shall inform the person of the person's right to representation. The hearing officer, within thirty days of the hearing, shall inform the protestant in writing of the decision, informing the protestant at the same time of the right to, and the requirements

for perfection of, an appeal from the decision to the district court and of the consequences of a failure to appeal. The written decision shall embody an order granting or denying the relief requested or granting such part thereof as seems appropriate.

H. If the protestant or secretary is dissatisfied with the decision and order of the hearing officer, the party may appeal pursuant to the provisions of the Administrative Procedures Act [12-8-1 to 12-8-25 NMSA 1978].

I. No court of this state has jurisdiction to entertain any proceeding by any person in which the person calls into question the application to that person of any provision of the Motor Vehicle Code, except as a consequence of the appeal by that person to the district court from the action and order of the secretary or hearing officer as provided for in this section.

J. Nothing in this section shall be construed to authorize any criminal proceedings hereunder or to authorize an administrative protest of the issuance of a subpoena or summons.

No impoundment of vehicle as security for fine. - A motor vehicle being driven by a person charged with violation of the registration laws may not be impounded and held as security for the fine. 1953-54 Op. Att'y Gen. No. 5732.

Registration of "go-carts". - The self-propelled "go-cart" was a motor vehicle within the intendment of 64-1-6, 1953 Comp. (similar to former 66-1-4 NMSA 1978) and was, therefore, subject to registration pursuant to 64-3-2, 1953 Comp. (similar to this section) if it was "driven or moved upon a highway." 1964 Op. Push mobiles. - Go-carts which were not self-propelled but were used as a "push mobile" were "devices moved by human power" expressly excepted from the definition of "vehicle" in 64-1-6, 1953 Comp. 60 C.J.S. Motor Vehicles § 58.

II. MANUFACTURERS, DEALERS AND NONRESIDENTS.

Nonresident students. - Motor vehicles that are used or operated in New Mexico for more than 30 days by college students who pay nonresident tuition but who are not gainfully employed in New Mexico are subject to registration in New Mexico even though the owner of the motor vehicle resides outside New Mexico and has registered the motor vehicle in his state of residency. 1968 Op. Att'y Gen. No. 68-16.

Military personnel. - The Soldiers' and Sailors' Civil Relief Act, as applied to motor vehicle registration fees, supersedes the New Mexico law on the subject and the New Mexico law has absolutely no application to persons subject to and who are beneficiaries of the Soldiers' and Sailors' Civil Relief Act. Therefore, unless a definite indication is made by the soldier or sailor that he has changed his domicile and fully intends that New Mexico be his domicile, and unless that intent is so expressed or unless the person is using the automobile in his trade or business, New Mexico has no authority to require the registration of his motor vehicle in this state. 1953-54 Op. Att'y Gen. No. 5661.

III. CROSSING HIGHWAY.

Crossings within exemption. - The legislature intended that where the crossing required a movement on a highway of more than a relatively short distance, that the exemption should not apply since a person then would be obtaining a use of the

highway for which a registration fee should be exacted. 1955-56 Op. Att'y Gen. No. 6429.

Logging truck. - A truck used for logging purposes only is subject to the registration and certificate of title provisions of the Motor Vehicle Act unless it is not moved on the highway except to cross it. 1959-60 Op. Att'y Gen. No. 60-178.

Snowmobiles. - Snowmobiles, which are occasionally used to cross highways, are not required to be titled and registered. 1967 Op. Att'y Gen. No. 67-76.

IV. IMPLEMENTS OF HUSBANDRY.

Farm tractors, wagons, and movable implements such as cultivators, combines, etc., are certainly exempt and other vehicles which do not meet the qualifications for registration are exempt. 1955-56 Op. Att'y Gen. No. 6429.

Vehicle used as implement exclusively on one's property. - A vehicle which is used as an implement of husbandry, but which is not specifically designed for agricultural purposes, would fall within 64-3-2, 1953 Comp. (similar to this section). Such a vehicle is subject to registration if used upon the highways, provided, of course, that such vehicle meets the specifications pertaining to width, height, length, etc. Such a vehicle can be used exclusively on one's property and not used on the highway and be exempt from registration. 1955-56 Op. Att'y Gen. No. 6429.

Pickup truck per se is not implement of husbandry but could possibly be so used and be exempt from registration. However, if the same is operated on the highways more than just to cross a highway in moving from one property to another, it would be subject to registration. 1955-56 Op. Att'y Gen. No. 6429.

Fertilizer tank trailers which are towed to fields. - Four wheel fertilizer tank trailers, which are six or seven feet long, have a capacity of 500 or 600 gallons, and are loaded from large stationary tanks at the suppliers and then towed to points where commodity is to be used, where the tank is left at the delivery point until the commodity has been used, are subject to motor vehicle licensing in New Mexico. 1967 Op. Att'y Gen. No. 67-73.

V. SPECIAL MOBILE EQUIPMENT.

Vehicle designed exclusively for transporting well drilling equipment. - While it is true that a "well servicing unit" is not included in the statutory definition of special mobile equipment, it would appear that the unit was designed solely and exclusively for the purpose of transporting the particular machinery for which it is designed and for the accommodation of driver for the same. It is not designed primarily for the transportation of persons or property save as an incident of its use at an appropriate location. A well servicing unit is within the general terms of "special mobile equipment." 1957-58 Op. Att'y Gen. No. 58-115.

Trailer equipment used on highway only incidentally. - Although any exemption under the 1953 Motor Vehicle Code can only be determined by a court of competent jurisdiction upon a proper complaint of the law enforcement agency observing the use of the vehicle in question, motor vehicular equipment consisting of a tractor which hauls a trailer which is well drilling apparatus, the tractor equipment would not be considered exempt as well drilling apparatus, but the trailer equipment, if being used upon the highway only incidentally to the function of digging wells, would be exempt from registration. 1953-54 Op. Att'y Gen. No. 5906.

The "mole" cannot be classified as a vehicle under the Motor Vehicle Code because it is not a device upon, or by which, persons or property may be transported upon a highway. Gibbons & Reed Co. v. Bureau of Revenue, 80 N.M. 462, 457 P.2d 710 (1969).

Special vehicle hauling exceptional load on highways. - A special motor vehicle rented by a New Mexico firm from an Arizona company and used to haul an exceptional load over New Mexico roads was not "special mobile equipment," despite the fact that it was not normally used for transportation of property over highways. 1969 Op. Att'y Gen. No. 69-95.

Trenching machine conforming to highway operation requirements. - A trenching machine which is mounted upon a regular truck chassis and which is designed for ready and easy use upon the state highways of New Mexico and conforms with the requirements of the New Mexico state highway department for operation upon the highways is not exempt from registration. 1953-54 Op. Att'y Gen. No. 5735.

VI. HOUSE TRAILERS.

Necessity for current plates. - The language of the statute covering house trailers is unequivocal. Nonmilitary personnel owning such a vehicle must either have current plates from another state or country or be currently registered in New Mexico. 1959-60 Op. Att'y Gen. No. 59-53.

House trailers belonging to nonmilitary personnel must bear current registration plates of this or another state regardless of intended use so long as they maintain their characteristic of being a mobile home. 1959-60 Op. Att'y Gen. No. 59-53.

66-3-2. Registration; trailers, semitrailers, pole trailers and freight trailers.

A. The motor vehicle and motor transportation divisions, according to their appropriate jurisdictions, shall grant permanent registration to freight trailers upon application and payment of the fee required by Section 66-6-3 NMSA 1978, when, according to Subsection B of this section, registration is required. The registration shall expire, however, upon the transfer of title or interest in the vehicle, at which time the vehicle shall be re-registered, subject to the provisions of Subsection B of this section.

B. Freight trailers are exempt from registration in this state if they are:

(1) properly registered in another state;

(2) identified by a proper base registration plate, properly displayed; and

(3) identified by other required documentary evidence of registration, which shall be in the possession of the operator and exhibited at the request of any police officer.

C. In registering trailers, semitrailers and pole trailers, the divisions may require such information and documents, and may make such tests and investigations, as they deem necessary and practicable to determine or to verify the empty weights and gross vehicle weights, and to ensure that the vehicles may be safely and legally operated upon the highways of this state.

History: 1953 Comp., § 64-3-2, enacted by Laws 1978, ch. 35, § 22.

ANNOTATIONS

Cross-references. - For penalty for fraudulent applications, see 66-8-1 NMSA 1978.

66-3-3. Registration card; special plate or sticker; declared gross weight.

A. Each registration card issued for a truck, truck tractor, road tractor or bus shall show the declared gross weight of the vehicle.

B. A special plate or sticker may be issued displaying the declared gross weight. When issued, the special plate or sticker shall be attached to the motive power unit and shall remain attached in such place and manner as is specified by the department.

History: 1953 Comp., § 64-3-3, enacted by Laws 1978, ch. 35, § 23; 1995, ch. 135, § 8.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, substituted "department" for "motor vehicle and motor transportation divisions" at the end of Subsection B.

66-3-4. Application for registration and certificate of title.

A. Every owner of a vehicle of a type required to be registered in this state shall make application to the division for the registration and issuance of a certificate of title for such vehicle. Applications shall be upon the appropriate forms furnished by the division and shall bear the signature of the owner written with pen and ink. All applications presented to the division shall contain:

(1) the name, bona fide New Mexico residence address and mail address of the owner, or, if the owner is a firm, association or corporation, then the name, bona fide New Mexico business address and mail address of the firm, association or corporation;

(2) a description of the vehicle including, insofar as the hereinafter specified data may exist with respect to a given vehicle, the make, model, type of body, the number of cylinders, type of fuel used, the serial number of the vehicle, the odometer reading, the engine or other identification number provided by the manufacturer of the vehicle, whether new or used, and, if a vehicle not previously registered, the date of sale by the manufacturer or dealer to the person intending to operate such vehicle. In the event a vehicle is designed, constructed, converted or rebuilt for the transportation of property, the application shall include a statement of its rated capacity as established by the manufacturer of the chassis or the complete vehicle;

(3) a statement of the applicant's title and of all liens or encumbrances upon said vehicle and the names and addresses of all persons having any interest therein, and the nature of every such interest, and the name and address of the person to whom the certificate of title shall be delivered by the division;

(4) if the vehicle required to be registered is a house trailer, as defined in the Motor Vehicle Code, a certificate from the treasurer or assessor of the county in which the house trailer is located showing that either:

(a) all property taxes due or to become due on the house trailer for the current tax year or any past tax years have been paid; or

(b) no liability for property taxes on the house trailer exists for the current year or any past tax years; and

(5) further information as may reasonably be required by the division to enable it to determine whether the vehicle is lawfully entitled to registration and the owner entitled to a certificate of title.

B. Any owner of a vehicle subject to registration which has never been registered in this state and which vehicle has been registered in another state, shall have such vehicle examined and inspected for its identification number or engine number, by the division or an officer or designated agent thereof, incident to securing registration, reregistration or a certificate of title from the division.

C. When such application refers to a vehicle not previously registered and such vehicle is purchased from a dealer licensed in the state, or a dealer licensed or recognized as such in any other state, territory or possession of the United States, the application shall be accompanied by a manufacturer's certificate of origin duly assigned by said dealer to the purchaser. In the event that a vehicle not previously registered is sold by the manufacturer to a dealer in a state not requiring a manufacturer's certificate of origin and in the event that the vehicle is subsequently purchased by a dealer or any person in

this state, the application for title shall be accompanied by the evidence of title accepted by the state in which the vehicle was sold by the manufacturer thereof to a dealer in that state, together with evidence of subsequent transfers.

Responsibility for registration. - The New Mexico law contemplates that the owner, i.e., the holder of the legal title to a vehicle leased by a New Mexico firm for eight days, is the party responsible for registration. 1969 Op. Att'y Gen. No. 69-95.

Registration by minor. - There is nothing in the motor vehicle registration laws which prohibits, restricts or forbids the registration of a motor vehicle in this state in a minor's name. A motor vehicle must be registered by its true owner regardless of the age of that owner. 1953-54 Op. Att'y Gen. No. 5654.

Filing unacknowledged or unverified applications or assignments. - The division should accept for filing and, if otherwise proper, treat as valid an application for registration or assignment of title though they are not acknowledged or verified, as the case may be. 1961-62 Op. Effect of licensing as farm vehicle. - The licensing of a vehicle as a farm vehicle does not restrict the use of such vehicle to exclusive farm purposes and to trips incidental to farming purposes, but only prevents the owner from licensing the vehicle as a farm vehicle and using that vehicle for compensation in the hauling of any item whatsoever unless that item is his own. 1955-56 Op. 66-3-5. Application for specially constructed, reconstructed or foreign vehicles.

A. In the event the vehicle to be registered is a specially constructed, reconstructed or foreign vehicle, such fact shall be stated in the application and, with reference to every foreign vehicle which has been registered heretofore outside of this state, the owner shall surrender to the division all registration cards and certificates of title, or other evidence of such foreign registration as may be in his possession or under his control, except as provided in Subsection B of this section.

B. Where in the course of interstate operation of a vehicle registered in another state it is desirable to retain registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection evidence of such foreign registration and the division, upon a proper showing, shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

66-3-6. Temporary permits.

A. The division may issue a temporary permit to operate a vehicle pending action by the division upon an application for registration and certificate of title when the application is accompanied by the proper fee, and the division may issue a temporary permit for a fifty cent (\$.50) fee to individuals and financing institutions to operate a vehicle for purposes of demonstrating the vehicle for resale. The temporary permit shall state the number of days the permit is valid and shall be validated by the signature of the director.

B. The division shall issue temporary transportation permits to dealers licensed under the Motor Vehicle Code who hold current special plates issued under Section 66-3-402 NMSA 1978. The division shall collect a fee of fifty cents (\$.50) for each permit issued. Temporary transportation permits shall be used only by the dealer to whom the permits are issued. Use of the permits shall be only for importing vehicles into this state or for transporting vehicles between dealers intrastate and only on vehicles owned by the dealer. Use of the permits shall be deemed compliance with the requirements of Section 66-3-4 NMSA 1978. For misuse of the permits by a dealer, the director may revoke or suspend their use after a hearing as provided in Section 66-4-3 NMSA 1978. The

permits shall be validated by the signature of the dealer to whom they are issued and are valid for not more than thirty additional days from the date of validation. In addition to the general requirements for temporary permits, all temporary transportation permits shall include the following:

- (1) the name of the dealer to whom the permits are issued;
- (2) the name of the authorized driver of the vehicle;
- (3) the point of origin of the trip covered by the permit; and
- (4) the point of termination of the trip covered by the permit.

C. The division shall issue temporary retail-sale permits to dealers licensed under the Motor Vehicle Code who hold current special plates issued under Section 66-3-402 NMSA 1978. The division shall collect a fee of fifty cents (\$.50) for each permit issued. Temporary retail-sale permits shall be used only on vehicles sold at retail by the dealer to whom the temporary permits are issued and shall not be extended nor another issued for the same vehicle and only after the application for registration has been executed and proper fees collected by the dealer except that when a vehicle is sold to a bona fide nonresident, neither an application for registration nor the payment of fees is required under this section. Use of the permits shall be deemed compliance with the provisions of Section 66-3-4 NMSA 1978. For the misuse of the permits by a dealer, the director may revoke or suspend their use after a hearing as provided in Section 66-4-3 NMSA 1978. The permits shall be validated by the signature of the dealer to whom they are issued and shall be valid for not more than thirty additional days from the date of validation. Temporary retail-sale permits shall:

- (1) name the dealer to whom the permits are issued; and
- (2) name the person to whom the vehicle has been sold.

D. The division shall prescribe the size and shape of all temporary permits. No temporary permit is valid until affixed to the vehicle for which it is validated in a manner prescribed by the division. All temporary permits shall:

- (1) identify the vehicle for which it is validated by make, model, year of model and engine or other identifying number;
- (2) bear an identification number of a size and color to be prescribed by the division;
- (3) bear the expiration date of the permit in numerals of a size to be prescribed by the division; and
- (4) bear the date the validating signature is affixed.

E. The division shall remit the temporary permit fee revenues of this section to the motor vehicle suspense fund to be distributed in accordance with Section 66-6-23 NMSA 1978.

66-3-7. Grounds for refusing registration or certificate of title.

The division may refuse registration or issuance of a certificate of title or any transfer of registration upon the ground that:

A. the application contains any false or fraudulent statement or that the applicant has failed to furnish the required information or reasonable additional information requested by the division or that the applicant is not entitled to the issuance of a certificate of title or registration of the vehicle under the Motor Vehicle Code;

B. the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways;

C. the division has reasonable ground to believe that the vehicle is a stolen or embezzled vehicle or that the granting of registration or the issuance of a certificate of title would constitute a fraud against the rightful owner or other person having valid lien upon the vehicle;

D. the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state;

E. the required fee has not been paid;

F. the motor vehicle excise tax has not been paid;

G. if the vehicle is a mobile home, the property tax has not been paid;

H. the owner's address, as shown in the records of the division, is within a class A county or within any municipality that has a vehicle emission inspection and maintenance program and the applicant has applied at an office outside the designated county or municipality; or

I. the owner is required to but has failed to provide proof of compliance with a vehicle emission inspection and maintenance program, if required in the county or municipality in which the owner resides.

Lack of acknowledgment or verification not grounds. - Section 64-3-6, 1953 Comp. (similar to this section) sets out specific grounds for which the division "may refuse registration or issuance of a certificate of title or any transfer of registration." Lack of an acknowledgment or lack of a verification are not grounds for refusal. 1961-62 Op. Att'y Gen. No. 62-142.

66-3-7.1. Registration if vehicle emission inspection test required; requiring a certificate; registration in Class A counties.

A. No vehicle required by county or municipal ordinance to pass a vehicle emission inspection test shall be registered with the division until such time as a valid vehicle emission inspection certificate is presented, unless the ordinance of the municipality or county specifically excludes enforcement by the division. The provisions of this section shall apply to a class A county or municipality within a class A county that has a vehicle emission inspection program, and the provisions of this section may apply to a municipality in an adjoining or contiguous county to a class A county that adopts a vehicle emission inspection program. Any municipality may adopt a voluntary or mandatory vehicle emission inspection program by ordinance. The ordinance may exempt or exclude certain categories or classifications of vehicles and may exempt or exclude a vehicle because of age or type of vehicle.

B. It shall be a misdemeanor for any person to register a vehicle in a county or municipality which does not conduct a vehicle emission testing program if the registered owner of that vehicle resides in a county or municipality conducting a vehicle emissions inspection program and the person registering the vehicle does so for the purpose of evading a vehicle emissions inspection program.

History: Laws 1988, ch. 103, § 1; 1995, ch. 127, § 2.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, substituted the current section heading for "Registration in class A counties; requiring a certificate"; designated the subsections; in Subsection A, in the first sentence, deleted "motor vehicle" preceding "division", deleted "of the taxation and revenue department" preceding "until", inserted ", unless the ordinance of the municipality or county specifically excludes enforcement by the division", and added the second through fourth sentences.

66-3-8. Examination of registration records and index of stolen and recovered vehicles.

The department, upon receiving application for original registration of a vehicle or any certificate of title, shall first check the engine or other standard identification number provided by the manufacturer of the vehicle shown in the application against its own records, the records of the national crime information center and other records as appropriate.

History: 1953 Comp., § 64-3-8, enacted by Laws 1978, ch. 35, § 28; 1995, ch. 135, § 9.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, substituted "department" for "division" at the beginning, substituted the language beginning "its own records" at the end for references to two indexes required by the Motor Vehicle Code, and made a minor stylistic change.

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

66-3-9. Registration indexes.

The department shall file each application received for registration of a vehicle. When satisfied as to the genuineness and regularity of the application and that the applicant is entitled to register the vehicle and to the issuance of a certificate of title, the department shall register the vehicle described and keep a suitable record thereof.

History: 1953 Comp., § 64-3-9, enacted by Laws 1978, ch. 35, § 29; 1995, ch. 135, § 10.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, deleted former Subsections A through D providing the ways to keep a suitable record, and rewrote the remainder of the section.

66-3-10. Division to issue certificate of title and evidence of registration; release of lien; odometer statement.

A. The division upon registration of a vehicle shall issue a certificate of title and evidence of registration; an odometer statement may appear on one or both of these documents.

B. The registration evidence shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the owner and such description of the vehicle registered to the owner as determined by the director.

C. The certificate of title shall contain the identical information required on the registration evidence and in addition a statement of the owner's title and of all liens and encumbrances upon the vehicle.

D. The certificate of title shall contain a space for the release of any lien, space for assignment of title or interest and warranty by the owner, and space for notation of liens and encumbrances upon the vehicle at the time of transfer.

E. The certificate of title shall be delivered to the owner in the event no lien or encumbrances appear thereon, otherwise the certificate of title shall be delivered to the person named to receive it in the application for certificate.

F. Whenever the owner of a vehicle subject to registration transfers his title or interest in the vehicle to a nonresident who desires to title the vehicle in the state of his residence, the division upon receiving application and the payment of the proper fee shall issue a certificate of title only and record on the certificate all liens and encumbrances.

History: 1953 Comp., § 64-3-10, enacted by Laws 1978, ch. 35, § 30; 1981, ch. 361, § 5; 1989, ch. 318, § 5.

ANNOTATIONS

Cross-references. - As to registration of off-highway motorcycles, see 66-3-1003 NMSA 1978.

The 1989 amendment, effective July 1, 1989, in Subsection C substituted "contain the identical information required on the" for "contain upon the face thereof the identical information required upon the face of the", and deleted the former second sentence which read: "Said certificate shall bear therein the seal of the division"; in Subsection D deleted "upon the reverse side" following "contain" and deleted "appearing upon the face thereof and" following "lien"; and made minor stylistic changes throughout the section.

Evidence of ownership. - The title transfer provisions of the Motor Vehicle Code are not to be interpreted as providing an exclusive method for transferring title. This conclusion is strongly supported by the provision (64-3-10, 1953 Comp., similar to 66-3-12 NMSA 1978) that the certificate of title is prima facie evidence of ownership. Such language clearly indicates an intention that the certificate of title is only evidence of ownership and that the same may be shown by other proof. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964); *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

When title passes. - Since New Mexico does not require an exclusive or mandatory method of transferring title to an automobile, it therefore follows that title and ownership pass when the parties intend it to pass. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964).

Fees paid need not be shown on owner's copy. - There is no statutory requirement that the fees paid be shown upon the owner's copy of the registration certificate. There is a blank on the registration certificate for filling in such information but it is discretionary with the agent or employee issuing the registration certificate as to whether or not this information will be furnished on the certificate itself. The commissioner (now director) does have a regulation promulgated to the effect that on request by any applicant for registration and certificate of title, a separate receipt will be furnished him showing the amount of fees paid. 1959-60 Op. 66-3-10.1. Salvage vehicles; certificate of title.

Unless the certificate of title conveying ownership indicates the vehicle as "salvage", it shall be unlawful for any person to sell or otherwise convey ownership of any vehicle that has been damaged by collision or other occurrence to the extent that the cost of repairing the vehicle for safe operation on the highway exceeds its fair market value or that has been declared a total loss by an insurance company. This section shall not apply to any person who sells or otherwise conveys ownership if the damage did not occur when that person was the registered owner of the vehicle, the certificate of title did not indicate "salvage" when it was transferred to that person and that person has no knowledge that the cost of repair exceeded the fair market value or that the vehicle had been declared a total loss.

History: 1978 Comp., § 66-3-10.1, enacted by Laws 1990, ch. 120, § 24.

66-3-11. Director may authorize issuance of nonnegotiable certificates of title.

Any owner of a vehicle required to be registered under the provisions of Section 66-3-1 NMSA 1978, who is unable to comply with the registration requirements of Section 66-3-4 NMSA 1978 for the reason that the vehicle is registered and titled in another state, territory or possession of the United States, subject to a lien, and the original title thereof cannot be obtained from the lien holder, shall make application to the division for the registration and issuance of a nonnegotiable certificate of title. Application for a nonnegotiable certificate of title shall be made upon written forms prescribed by the director and upon the approval of the director a nonnegotiable certificate of title shall be issued by the division with the words "**NONNEGOTIABLE AND NONTRANSFERABLE**" clearly marked in bold letters on its face.

66-3-12. Evidential value of certificate.

A certificate of title issued by the division shall be received in evidence as prima facie evidence of the ownership of the vehicle named in the certificate and as prima facie

evidence of all liens and encumbrances against said vehicle appearing on the certificate.

History: 1953 Comp., § 64-3-12, enacted by Laws 1978, ch. 35, § 32.

ANNOTATIONS

Being "record" owner. - The fact that plaintiff's son was the "record" owner of the car at the time of the collision was prima facie evidence of ownership, and the appellate court was thereby precluded from overturning the finding of plaintiff's son's ownership of the car as being without support in the evidence. *Forsythe v. Central Mut. Ins. Co.*, 84 N.M. 461, 505 P.2d 56 (1973).

Error for court to disregard certificate and grant summary judgment. - An issue of fact on the question of ownership is present and if, in fact, party's father is found to be the owner, liability of defendant would be established upon a showing of his negligence and proximate causation. *Cortez v. Martinez*, 79 N.M. 506, 445 P.2d 383 (1968), overruled on other grounds *McGeehan v. Bunch*, 88 N.M. 308, 540 P.2d 238 (1975).

Certificate of title was prima facie evidence of ownership of automobile, and of the lien of the bank, until that was discharged. *Wray v. Pennington*, 62 N.M. 203, 307 P.2d 536 (1956).

Evidential effect given no matter who claims ownership. - Title provisions of Motor Vehicle Code provide for certificates of title and state that they shall be prima facie evidence of ownership. When ownership is an issue, whether between opposing claimants of title or between father and child, there is no reason for denying the certificate the effect clearly directed by the legislature. *Cortez v. Martinez*, 79 N.M. 506, 445 P.2d 383 (1968), overruled on other grounds *McGeehan v. Bunch*, 88 N.M. 308, 540 P.2d 238 (1975).

Certificate of title is only prima facie evidence of ownership under 64-3-10, 1953 Comp. (similar to this section) and true ownership may be shown by other proof. *Western States Collection Co. v. Marable*, 78 N.M. 731, 437 P.2d 1000 (1968).

Title may be shown by other proof. - The title transfer provisions of the Motor Vehicle Code are not to be interpreted as providing an exclusive method for transferring title. This conclusion is strongly supported by the provision (64-3-10, 1953 Comp., similar to this section) that the certificate of title is prima facie evidence of ownership. Such language clearly indicates an intention that the certificate of title is only evidence of ownership and that the same may be shown by other proof. *Schall v. Parent presumed to be owner. - This section creates a presumption that the owner listed in the certificate of title to an automobile, who is also the parent of a driver

involved in an accident, is, in fact, the real owner. It is then necessary for the factfinder to determine for purposes of a negligence suit against the parent under the Family Purpose Doctrine, whether the presumption is rebutted by counter evidence. *Shryock v. Madrid*, 106 N.M. 589, 746 P.2d 1121 (Ct. App.), rev'd on other grounds, 106 N.M. 467, 745 P.2d 375 (1987).

Prima facie evidence of minor's co-ownership. - Where title to an automobile was in the names of three persons, although one was a minor, the fact that she was a record owner of the automobile was prima facie evidence of her co-ownership of the automobile. *Lee v. General Accident Ins. Co.*, 106 N.M. 22, 738 P.2d 516 (1987).

Evidence contrary to record title did not rebut presumption of ownership. - See *Fernandez v. Ford Motor Co.*, 118 N.M. 100, 879 P.2d 101 (Ct. App. 1994).

When title passes. - Since New Mexico does not require an exclusive or mandatory method of transferring title to an automobile, it therefore follows that title and ownership pass when the parties intend it to pass. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964).

ANNOTATIONS

Cross-references. - For requirement that license be carried and exhibited on demand, see 66-5-16 NMSA 1978.

An urgent state interest is involved in checking vehicle registrations since there is a motor vehicle theft in New Mexico every two hours and 36 minutes, and in checking drivers' licenses since this will tend to protect the public in that it can keep many unsafe drivers off the highway; thus, 64-3-11 and 64-13-49, 1953 Comp. (similar to this section and 66-5-16 NMSA 1978 respectively) grant the police the unquestioned good faith right to detain motor vehicles for the purposes specified therein. *State v. The purpose of the check must be for a good faith examination of the driver's license or vehicle registration. 1966 Op. Att'y Gen. No. 66-62.

Section does not authorize random detention based on hunches. - Sections 64-3-11 and 64-13-49, 1953 Comp. (similar to this provision and 66-5-16 NMSA 1978 respectively) grant the police the unquestioned good faith right to detain motor vehicles for the purpose specified, but when the detention becomes an excuse for some other purpose which would not be lawful, the actions then become unreasonable. The sections do not nor cannot authorize a random selection of motorists based on a "hunch" or a "guesstimate" that some law has been broken, as such would violate minimum federal constitutional standards. *State v. Ruud*, 90 N.M. 647, 567 P.2d 496 (Ct. App. 1977).

Random and routine check not unconstitutional. - There is no violation of constitutional standards where a state police officer in New Mexico stops the driver of a motor vehicle for the purpose of making a routine check of driver's license and vehicle registration on a random, or arbitrary basis, i.e., the officer having no reasonable suspicion that any law had been broken. *United States v. Jenkins*, 528 F.2d 713 (10th Cir. 1975). But see note heading "Section does not authorize random detention based on hunches" above.

Demanding proof of registration and display of license lawful. - Demanding proof of registration of the vehicle and the display of the driver's license were a lawful and necessary carrying out of the New Mexico statutes regulating motor vehicles and were not violative of minimum federal constitutional standards. *United States v. Lepinski*, 460 F.2d 234 (10th Cir. 1972). But see note heading "Section does not authorize random detention based on hunches" above.

Detention unlawful when it becomes mere subterfuge for another purpose. - In conducting general license and registration checks under 64-3-11 and 64-13-49, 1953 Comp. (similar to this section and 66-5-16 NMSA 1978, respectively) the actions of the police must be in conformity with the constitutional requirements of the U.S. Const., amend. IV; and when the detention permitted by the statute becomes a mere subterfuge or excuse for some other purpose which would not be lawful the actions then become unreasonable and fail to meet the constitutional requirement. *State v. Bloom*, 90 N.M. 226, 561 P.2d 925 (Ct. App. 1976), rev'd on other grounds, 90 N.M. 192, 561 P.2d 465 (1977), (defendants were lawfully stopped and checked).

When occupants "conspicuous" temporary detaining permissible. - Temporarily detaining driver and the occupants of a vehicle for the purpose of a license and registration check was justified where the individuals and the vehicle were conspicuous,

the occupants were young, and the car was a new and very expensive one, and there was no proof of registration or ownership. *United States v. Fallon*, 457 F.2d 15 (10th Cir. 1972).

Suspicious behavior allowed to prompt legal check. - A police officer was reasonably investigating the suspicious behavior of the defendants, who had driven into a shopping center's parking area, parked and were looking into parked cars, at license plates and into windows. After identifying himself, the defendants willingly accompanied the officer to the parking lot. This does not show that an arrest occurred. At the lot, the defendants were unable to produce their car's registration and were cited for violation of the statute. The officer requested they go with him to the station house while the car could be checked out. Defendants did not object. Upon report that the car was stolen, a lawful arrest was promptly made. The officers properly carried out a legitimate investigative function which did not destroy the admissibility of the evidence obtained. *United States v. Self*, 410 F.2d 984 (10th Cir. 1969).

Nonresident motorists not immune from reasonable regulation. - In 64-3-11, 1953 Comp. (similar to this section) the words "Every such registration evidence or duplicates thereof certified by the division" operate to limit the application of this section to owners of motor vehicles which are required to be registered in New Mexico. However, this opinion should not be taken to mean that nonresident motorists in New Mexico are immune from reasonable regulation and investigation. 1966 Op. Att'y Gen. No. 66-62.

Nonresident may be required to show vehicle "duly registered". - Under a systematic check of the registration of all motor vehicles being operated on New Mexico roads, resident motorists can be required to show proof of registration under 64-3-11, 1953 Comp. (similar to this section) and a nonresident motorist can be required to show proof that his out-of-state vehicle is "duly registered in" some foreign state as is required under 64-6-1A, 1953 Comp. (similar to 66-3-301 NMSA 1978). In conducting such checks of vehicle registration an officer can detain a nonresident motorist for a brief time on the road to determine whether his vehicle is "duly registered in" the foreign state. If the motorist cannot show proof of such foreign registration, and if it appears that the vehicle probably is not duly registered, then he may be cited as a misdemeanor under 64-6-1A, 1953 Comp. 1966 Op. Att'y Gen. No. 66-62.

66-3-19. Renewal of registration; staggered period for vehicles; exception for manufactured homes and freight trailers; late registration.

A. The department, in order to operate a more uniform system of vehicle registration, is authorized for certain or all vehicles to:

- (1) prorate registration fees by monthly increments, but after the initial registration adjustment period, renewals of registration shall be for a full twelve-month period;
- (2) determine the specific registered vehicle owners and the numbers of these to be assigned to each registration period in order to maintain the system;
- (3) notify each registered vehicle owner by mail at the last known address within an appropriate period prior to the beginning of the registration period to which the owner has been assigned. The notice shall include a renewal-of-registration application form specifying the amount of registration fees due and the specific dates of the registration period covered by the renewal application;
- (4) provide for the retention of registration plates;
- (5) provide for the issuance of validating stickers to be affixed either to retained registration plates or elsewhere on the vehicles as prescribed by the department to signify the registration of the vehicles for the current registration period; and
- (6) provide for identification purposes clearly recognizable distinctions between current and expired registration plates. To this end, the department, by whatever system or device the secretary may direct and which is approved by the chief of the New Mexico

state police division of the department of public safety, shall ensure a practicable display of the proper and current registration of vehicles.

B. Certificates of title need not be renewed annually but shall remain valid until canceled by the department for cause or upon transfer of any interest shown in the certificate of title.

C. The vehicle registration of vehicles registered under the provisions of Subsection A of this section expires on the last day of the twelve-month period for which the vehicle has been registered. Every vehicle registration other than vehicles registered in accordance with Subsection A of this section, manufactured homes and freight trailers expires December 31. The department may receive applications for renewal of registration and may issue new registration evidence and registration plates or validating stickers at any time prior to expiration of registration.

D. The registration of a manufactured home or freight trailer need not be renewed annually, and the initial registration shall be effective and considered a current registration for the purpose of the Motor Vehicle Code as long as the ownership of the vehicle is not transferred. The transfer of title provisions of the Motor Vehicle Code do apply to manufactured homes and freight trailers, and the transferee is required to register the vehicle in accordance with Section 66-3-103 NMSA 1978. The department is authorized and directed to issue distinctive registration plates for manufactured homes and freight trailers that identify the plates as permanent registration plates.

E. It is unlawful to operate or transport or cause to be transported upon any highways in this state any vehicle, except a commercial motor vehicle registered in another state or a manufactured home, subject to registration under the provisions of the Motor Vehicle Code without having paid the registration fee or without having secured and constantly displayed the registration plate required by the Motor Vehicle Code. If a vehicle, other than a manufactured home, is operated or transported after the expiration of the vehicle registration, the owner of the vehicle is subject to a penalty of the greater of ten dollars (\$10.00) or, if the vehicle is operated or transported thirty-one or more days after the expiration of the registration, an amount equal to seventy-five percent of the registration fee. Any duly appointed deputy or agent of the department has the authority to seize the vehicle and hold it until the fee, penalty and any fine that may be imposed for violation of law are paid and may sell the vehicle in the manner provided by law for the distraint and sale of personal property.

F. It is unlawful to operate, transport or cause to be transported upon any highways in this state or to maintain in any place in this state a manufactured home subject to registration under the provisions of the Motor Vehicle Code without having paid the registration fee or without having secured and constantly displayed the registration plate required by the Motor Vehicle Code. Violation of this subsection subjects the owner to a penalty of five dollars (\$5.00), and no other administrative penalty for failure to register under the Motor Vehicle Code shall be imposed upon manufactured homes that are subject to the provisions of Section 66-6-10 NMSA 1978. Any duly appointed deputy or

agent of the department has authority to seize the manufactured home and hold it until the fee, penalties and any fine that may be imposed for violation of law are paid and may sell the manufactured home in the manner provided by law for the distraint and sale of personal property.

G. This section authorizes a staggered system of registration of vehicles.

The 1989 amendment, effective July 1, 1989, substituted "operate" for "establish" in the introductory paragraph of Subsection A; deleted "staggered" following "initial" in Subsection A(1); in Subsection A(2) deleted "staggered" following "each" and substituted "maintain" for "initiate"; made minor stylistic changes in Subsection B; in Subsection C substituted all of the language of the first sentence beginning with "vehicles" for "staggered vehicles, mobile homes and freight trailers shall expire December 31", and deleted the former fourth and fifth sentences which read: "No person shall display a new registration plate or validating sticker, other than staggered vehicles, prior to December 15. Applications for renewal of prorated registration shall be made by December 31 of each year."; substituted "manufactured home" for "mobile home" several times in Subsections D, E and F; in Subsection E substituted the present second sentence for the former second and third sentences, which read: "If a vehicle, other than a mobile home, is unlawfully operated or transported, there shall be a charge to the owner of one dollar (\$1.00) a day beginning from the date of expiration of the vehicle registration. This charge shall not exceed one hundred dollars (\$100)."; and deleted "and motor vehicles" at the end of Subsection G.

The 1990 amendment, effective July 1, 1990, substituted "manufactured homes" for "mobile homes" in the catchline; in subsection A, inserted "division of the department of public safety" following "state police" in Paragraph (5), and made minor stylistic changes in Paragraphs (3) and (5); and, in Subsection F, deleted the former second sentence relating to the penalty for violation of the subsection with respect to a travel trailer and substituted "manufactured home" for "house trailer" in three places.

The 1993 amendment, effective July 1, 1993, substituted "department" for "director" near the beginning of Subsection A and in the last sentence of Subsection D;

substituted "department" for "division" in Subsection B, the present third sentence of Subsection C, and the last sentence of Subsections E and F; in Subsection C, added the present first sentence, deleted "For vehicles whose registration expires December 31" from the beginning of the present third sentence, and deleted the former last sentence, which read: "Renewals for these vehicles shall be made on or before March 2 of the following year"; in Subsection E, substituted "the owner of the vehicle is subject to a penalty" for "there shall be a charge to the owner" in the second sentence and inserted "penalty" in the last sentence; and deleted "with respect to a manufactured home" after "subsection" in the second sentence of Subsection F.

1995 amendments. - Virtually identical amendments to this section were enacted by Laws 1995, ch. 44, § 2, approved April 5, 1995 and effective July 1, 1995, and Laws 1995, ch. 135, § 12, approved April 5, 1995 and effective January 1, 1996, which, in the section heading, deleted "and prorated vehicles" following "trailers" and made a minor stylistic change; in Subsection A, redesignated part of Paragraph (4) as Paragraph (5) and rewrote the new paragraph; redesignated former Paragraph (5) as Paragraph (6) and substituted "chief" for "commanding officer"; in Subsection E, inserted "a commercial motor vehicle registered in another state" following "except" and inserted the language beginning "the greater" at the end of the second sentence; and made minor stylistic changes throughout the section. This section is set out as amended by Laws 1995, ch. 135, § 12. See 12-1-8 NMSA 1978.

Criminal penalties do not exclude section's administrative penalties. - The criminal penalties prescribed by 64-10-7, 1953 Comp. (similar to 66-8-7 NMSA 1978) do not exclude imposition of the administrative penalties prescribed by 64-3-14, 1953 Comp. (similar to this section). 1961-62 Op. Att'y Gen. No. 61-72.

Section's penalties are civil and not "another penalty". - When 64-10-7, 1953 Comp. (similar to 66-8-7 NMSA 1978) speaks of "another penalty," it means another penalty for the criminal act. Such a penalty must be either a term of imprisonment or a fine payable into the current school fund. The administrative penalties of 64-3-14, 1953 Comp. (similar to this section) do not meet this test. 1961-62 Op. Att'y Gen. No. 61-72.

The 1993 amendment, effective July 1, 1993, rewrote this section to the extent that a detailed comparison would be impracticable.

66-3-20.1. Providing for extended registration periods for certain motor vehicles.

A. Registrations of vehicles, motorcycles and trucks with a declared gross weight of twenty-six thousand pounds or less may be for a period of up to two years; provided, the extended registration period shall begin on the first day of any month and expire on the last day of any month.

B. The fee for an extended registration period shall be the fee for a registration for one year divided by four and multiplied by the number of calendar quarters in the registration period with any fraction of a quarter year to be considered a full quarter.

C. Should a registration expire by operation of law prior to the end of the extended registration period, no portion of the registration fee shall be refunded.

History: Laws 1988, ch. 94, § 1; 1995, ch. 44, § 3.

ANNOTATIONS

The 1995 amendment, effective July 1, 1995, rewrote the section heading which read "Establishment and implementation of a system providing for registration of certain motor vehicles for a two-year period"; in Subsection A, deleted "On or after July 1, 1989, all" at the beginning, inserted "up to", preceding "two years" and added the proviso; deleted former Subsection B, relating to the method for implementing the biennial registration system; redesignated former Subsection C as Subsection B and rewrote the subsection which read "The fee for a biennial registration shall be twice the fee for a registration for one year"; and added Subsection C.

66-3-21. Vehicle exceeding declared gross weight.

A. Except as otherwise provided by law, a vehicle or combination shall not be operated upon the public highways of this state when the gross vehicle weight or combination gross vehicle weight exceeds the declared gross weight. Any person violating the provisions of this section shall be:

(1) assessed a penalty for the lapsed portion of the registration period in an amount equal to the difference between the fee for the declared gross weight and the fee for the gross vehicle weight or combination gross vehicle weight at which the vehicle or combination was weighed; and

(2) required to register the vehicle or combination at the higher declared gross weight, in accordance with the weight at the time of the violation, for the remainder of the registration period, and to pay the fee therefore [therefor].

B. Such registration shall not be construed to authorize the movement of loads in violation of the state's size and weight laws.

History: 1953 Comp., § 64-3-21, enacted by Laws 1978, ch. 35, § 41.

ANNOTATIONS

Cross-references. - For weight and size limitations generally, see 66-7-401 to 66-7-416 NMSA 1978.

66-3-22. Re-registration; change in declared gross weight.

A. Any vehicle or combination registered at a declared gross weight may be re-registered at a higher weight upon payment of the difference between the paid registration fee and the new registration fee. The amount shall be prorated on a quarterly basis, with any fraction of a quarter-year to be considered a full quarter. In no event shall the amount be less than five dollars (\$5.00).

B. When a vehicle or combination has been altered, or from which equipment has been removed to meet legal requirements, and thus will not operate at the current declared gross weight, the registrant may apply for a lowering of the declared gross weight. Upon approval, the registrant shall be refunded a sum equal to the difference between the fee paid for the current registration period and the revised registration fee for the same period, multiplied by the fraction of the whole period remaining, calculated on the basis of the number of complete quarter-years remaining after the date of the application for changed registration.

History: 1953 Comp., § 64-3-22, enacted by Laws 1978, ch. 35, § 42.

66-3-23. Notice of change of address or name.

A. Whenever any person, after making application for or obtaining the registration of a vehicle or a certificate of title, shall move from the address named in the application or shown upon a registration card or certificate of title, he shall within ten days thereafter, excluding Saturdays, Sundays and legal holidays, notify the division in writing of his old and new addresses.

B. Whenever the name of any person who has made application for or obtained the registration of a vehicle or a certificate of title is thereafter changed by marriage or otherwise, he shall within ten days, excluding Saturdays, Sundays and legal holidays, make application for a new certificate of title and registration to the division. The division may require such evidence as it deems satisfactory regarding the change of name.

ANNOTATIONS

66-3-24. Lost or damaged certificates, registration evidence or plates.

A. In the event any registration evidence or registration plate is lost, mutilated or becomes illegible, the owner or legal representative or successor in interest of the owner of the vehicle for which the registration evidence or registration plate was issued as shown by the records of the division shall immediately make application for and may obtain a duplicate or a substitute or a new registration under a new registration number as determined to be the most advisable by the division upon the applicant furnishing information satisfactory to the division.

B. In the event any certificate of title is lost, mutilated or becomes illegible, the owner or legal representative or successor in interest of the owner of the boat required to be titled under the provisions of the Boat Act or the vehicle for which the certificate of title was issued as shown by the records of the division shall immediately make application for and may obtain a duplicate upon the applicant furnishing information satisfactory to the division. In the event a lien or encumbrance is filed of record with the division, the

division shall require the application for the duplicate certificate of title to be signed by the holder of the lien or encumbrance. Upon issuance of any duplicate certificate of title, the previous certificate last issued is void.

C. In the absence of the regularly required supporting evidence of ownership upon application for certificate of title, registration or transfer of a boat required to be titled under the provisions of the Boat Act [Chapter 66, Article 12 NMSA 1978] or a vehicle, the division may accept an undertaking or surety bond, in an amount double the value of the boat or vehicle, which shall be conditioned to protect the department and all officers and employees of the department and any subsequent purchaser of the boat or vehicle, any person holding or acquiring a lien or security interest on the boat or vehicle or the successor in interest of the purchaser or person against any loss or damage on account of any defect in or undisclosed claim upon the right, title and interest of the applicant or other person in and to the boat or vehicle. The bond shall run to the true owner or the lienholder. The bond shall expire three years after the date it became effective.

The 1990 amendment, effective July 1, 1990, inserted "boat required to be titled under the provisions of the Boat Act" in the first sentences of Subsections B and C, substituted "is void" for "shall be void" at the end of the last sentence of Subsection B, inserted "boat or" preceding "vehicle" in three places and substituted "department" for "division" in the first sentence, and made minor stylistic changes throughout the section.

66-3-25. Division may assign new identifying number.

The division is authorized to assign a "distinguishing number" to a vehicle, required to be registered under the provisions of the Motor Vehicle Code, whenever the identifying number thereon is destroyed or obliterated. The distinguishing number shall be affixed to the vehicle in a position to be determined by the director. Such vehicle shall be registered under such distinguishing number in lieu of the former identifying number.

66-3-27. Horseless carriage registration.

A. A motor vehicle at least thirty-five years old, owned as a collector's item and used solely for exhibition and educational purposes is a "horseless carriage." On application to the director of motor vehicles, the owner of a horseless carriage may receive a certificate of title and permanent registration upon:

(1) payment of a ten-dollar (\$10.00) fee; and

(2) submission of a witnessed bill of sale on the horseless carriage or an affidavit that the vehicle was assembled by the owner from parts of automobiles at least thirty-five years old.

C. Upon transfer of ownership of a horseless carriage, the new owner shall apply to the director for a transfer of title as provided in, and subject to, the penalties contained in Section 66-3-103 NMSA 1978. The registration plates shall remain with the transferred vehicle.

D. Beginning in 1968, and each five-year period thereafter, every plate shall be revalidated upon application approved by the director, accompanied by a fee of five dollars (\$5.00). Upon loss of the original registration plate, a duplicate plate may be obtained by the owner upon payment of a fee of ten dollars (\$10.00).

PART 2

TRANSFER OF TITLE OR INTEREST

66-3-101. Transfer by owner; recordation of mileage of vehicle.

A. Whenever the owner of a registered vehicle sells, transfers or assigns his title or interest in, and delivers the possession of, the vehicle to another, the registration of the vehicle shall expire, except as provided in Subsection B of this section. The previous owner shall notify the division of the sale or transfer giving the date thereof, the name and address of the new owner and such description of the vehicle as may be required in the appropriate form provided for such purpose by the division. In the case of any transfer, including, but not limited to, a transfer resulting from a sale, lease, gift or auction of any vehicle, the person making the transfer shall sign and shall record on the document evidencing the transfer of the vehicle the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer.

B. The owner shall remove the registration plates from the vehicle except as provided in Subsection C of this section and, within thirty days from the date of transfer, shall forward the registration plates to the division or its authorized agent to be destroyed or

may have the plate and the registration number assigned to another vehicle, as provided for in Section 66-3-104 NMSA 1978, upon the payment of the difference, if any, between the paid registration fee and the new registration fee and the transfer fee provided by law and subject to the rules and regulations of the division.

C. Whenever the owner of a vehicle bearing a current registration plate of a foreign state, territory or country transfers or assigns his title or interest in the vehicle, the foreign registration plate must be delivered, together with the title to the vehicle and evidence of registration, to the division or its authorized agent at the time application is made for a New Mexico registration plate, except when the assignment or transfer of the title is to a bona fide resident of the foreign state, territory or country in which the vehicle is registered.

History: 1953 Comp., § 64-3-101, enacted by Laws 1978, ch. 35, § 48; 1981, ch. 361, § 9; 1995, ch. 44, § 4.

The 1995 amendment, effective July 1, 1995, added "except as provided in Subsection B of this section" at the end of the first sentence in Subsection A; inserted "difference, if any, between the paid registration fee and the new registration fee and the" near the end of Subsection B; and made minor stylistic changes.

Statutory method of transfer not exclusive. - The title provisions are not to be interpreted as providing an exclusive method for transferring title. This conclusion is strongly supported by the provision of 64-3-10, 1953 Comp. (similar to 66-3-12 NMSA 1978) that the certificate of title is prima facie evidence of ownership. Such language clearly indicates an intention that the certificate of title is only evidence of ownership and that the same may be shown by other proof. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964); *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

When title passes. - Since New Mexico does not require an exclusive or mandatory method of transferring title to an automobile, it therefore follows that title and ownership pass when the parties intend it to pass. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964).

Transfer of plates. - The motor vehicle department (now motor vehicle division) may permit the transfer of registration plates from one motor vehicle to another when the registrant purchases or otherwise acquires ownership of a different automobile during license period. 1959-60 Op. Att'y Gen. No. 59-146.

Question of automobile ownership is for jury. - Question of ownership of automobile in suit on insurance policy is one for the jury, where alleged owner was a part-time salesman for an automobile dealer under an arrangement whereby salesman was to sell the car or keep it himself, paying off the balance. *Knotts v. Safeco Ins. Co. of Am.*, 78 N.M. 395, 432 P.2d 106 (1967).

66-3-102. Endorsement of assignment and warranty of title.

The owner shall endorse an assignment and warranty of title upon the certificate of title for such vehicle with a statement of all liens or encumbrances thereto, and he shall deliver the certificate of title to the purchaser or transferee at the time of delivering the vehicle.

History: 1953 Comp., § 64-3-102, enacted by Laws 1978, ch. 35, § 49.

ANNOTATIONS

Lack of verification not fatal to filing of assignment. - The division should accept for filing and, if otherwise proper, treat as valid an application for registration or assignment of title though they are not acknowledged or verified, as the case may be. 1961-62 Op. Att'y Gen. No. 62-142.

66-3-103. New owner to secure transfer of registration and new certificate of title; time period; penalty.

A. Except as otherwise provided by law, the transferee before operating or permitting the operation of the vehicle or boat on a highway or waterway shall present to the division the certificate of registration and the properly assigned certificate of title and shall apply for and obtain a new certificate of title and a new registration for the vehicle.

B. Failure to apply for transfer of registration and issuance of a new certificate of title within thirty days from the date of transfer subjects the transferee to a penalty of twenty dollars (\$20.00). The penalty shall be collected by the division and shall be in addition to other fees and penalties provided by law.

History: 1953 Comp., § 64-3-103, enacted by Laws 1978, ch. 35, § 50; 1989, ch. 318, § 8.

ANNOTATIONS

Cross-references. - For horseless carriage registration, see 66-3-27 NMSA 1978.

The 1989 amendment, effective July 1, 1989, substituted "the vehicle or boat on a highway or waterway" for "such vehicle on a highway" in Subsection A, and made minor stylistic changes throughout the section.

Title provisions not to be interpreted as providing exclusive method for transferring title. This conclusion is strongly supported by the provision of 64-3-10, 1953 Comp. (similar to 66-3-12 NMSA 1978) that the certificate of title is prima facie evidence of ownership. Such language clearly indicates an intention that the certificate of title is only evidence of ownership and that the same may be shown by other proof. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964); *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

Noncompliance not considered failure of title or breach of warranty. - The fact that the parties failed to comply with the title provisions would not operate to continue the plaintiff's status as a purchaser indefinitely. The title provisions refer to the duties of the dealer and transferee, but noncompliance therewith cannot be considered a failure of title, fraudulent misrepresentation, or breach of warranty as to freedom from liens on a motor vehicle. *Prince v. National Union Fire Ins. Co.*, 75 N.M. 313, 404 P.2d 137 (1965).

Noncompliance does not prevent malfeasant from bringing a suit. - When bonding company denied liability solely on the ground that since purchaser did not apply to the motor vehicle department of the state for a title within the time fixed by statute, he was guilty of a violation of a law, a wrong which made him in pari delicto and without standing to maintain suit, the court of appeals answered that neither equity nor the law requires its suitors to be wholly blameless. *Commercial Ins. Co. v. Watson*, 261 F.2d 143 (10th Cir. 1958).

When title passes. - Since New Mexico does not require an exclusive or mandatory method of transferring title to an automobile, it therefore follows that title and ownership pass when the parties intend it to pass. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964).

Incomplete application within time period satisfactory. - If the person does apply within 15 days (now 30 days) but does not have a completed registration or some defect is within his registration, he has met the requirements and is not subject to the penalty. 1953-54 Op. Att'y Gen. No. 5894.

Some evidence of title must be submitted to the motor vehicle division within 15 days (now 30 days) and the mere application without any evidence of title or without a current registration would not be sufficient. 1953-54 Op. Att'y Gen. No. 5894.

66-3-104. Use of plate and registration number on another vehicle; transfer of registration.

Whenever the owner of a registered vehicle assigns title or interest to the vehicle, the registration of the vehicle expires. At such time, the owner shall remove the registration plate from the vehicle and shall forward the plate to the division or its authorized agent, within thirty days of the transfer, to be destroyed, or the owner shall retain the license plate, within the same thirty days, and make application to have the registration number assigned to another vehicle of the same class. The registration plate shall be transferred only where the application for transfer is made in the name of the original registered owner unless the owner's name has been changed by marriage, divorce or court order. The registration plate shall not be displayed upon the newly acquired vehicle until the registration of the vehicle has been completed and a new registration certificate issued.

History: 1953 Comp., § 64-3-104, enacted by Laws 1978, ch. 35, § 51; 1981, ch. 361, § 10; 1995, ch. 44, § 5.

ANNOTATIONS

Cross-references. - For other provisions dealing with disposition of plates after transfer, see 66-3-101 NMSA 1978.

The 1995 amendment, effective July 1, 1995, substituted "class" for "type" at the end of the second sentence and made minor stylistic changes.

66-3-105. Transfer by operation of law.

A. Whenever the title or interest of an owner in or to a registered vehicle shall pass to another by operation of law, as upon inheritance, bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in performance in the terms of a

lease or executory sales contract, or otherwise than by voluntary transfer, the transferee shall be subject to the provisions of this section.

B. Notice of transfer by operation of law shall be signed by the executor, administrator, receiver, trustee, sheriff or other representative or successor in interest of the owner of the vehicle. The registration certificate and plate shall be delivered to the registered owner upon such notification or shall be removed by the transferee upon repossession, and submitted to the division for cancellation.

C. The transferee, except as provided in Subsection D of this section, shall secure a transfer of registration to himself and a new certificate of title upon proper application and upon presentation of the last certificate of title, if available, and such instruments or documents of authority, or certified copies thereof, as may be sufficient or required by law to evidence or effect a transfer of title or interest in or to chattels in such case.

D. When the transferee does not operate or permit the operation of such vehicle upon the highways, or when the transferee operates such vehicle only for the purposes of immediate delivery, demonstration or resale to another person, the transferee shall display upon such vehicle a temporary permit issued to such vehicle by the division. The transferee shall not be required to secure a transfer of registration or a new certificate of title, but upon his transfer of title or interest to another person, he shall execute an assignment and warranty of title upon the certificate of title previously issued, if available, and deliver the same, along with the documents of authority or certified copies thereof as may be sufficient or required by law to evidence the rights of such person, to the person to whom such transfer is made.

A. Dealers required to be licensed under the provisions of the Motor Vehicle Code shall furnish to a purchaser upon delivery of a vehicle required to be registered under the Motor Vehicle Code the necessary title, properly assigned, and shall inform the purchaser that application of transfer must be filed with the division within thirty days of the date of delivery. When a dealer allows a vehicle or motor vehicle to be purchased over a period of time, pursuant to an expressed or implied contract, and elects to retain a security interest in said vehicle, the dealer shall collect the necessary transfer fees from the purchaser upon delivery of the vehicle and shall, within thirty days, pay all transfer fees due on said vehicle to the division of motor vehicles, and shall give to the new purchaser the new registration certificate in the purchaser's name.

B. Every dealer, upon transferring by sale, lease or otherwise, any vehicle, whether new or used, of a type subject to registration under the Motor Vehicle Code, shall give written notice of the transfer to the division upon an appropriate form provided by the division.

C. Except as otherwise provided in this subsection, the dealer shall indicate on the form the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer.

D. A sale shall be deemed completed and consummated when the purchaser of that vehicle has paid the purchase price, or, in lieu thereof, has signed a purchase contract or security agreement and taken physical possession or delivery of that vehicle.

E. Failure to apply for transfer of registration and issuance of a new certificate of title within thirty days from the date of transfer shall subject the transferee to a penalty of twenty dollars (\$20.00), which shall be collected by the division and shall be in addition to other fees and penalties provided by law.

When the transferee of a vehicle is a dealer who holds the same for resale and operates the same only for purposes incident to a resale, or when a dealer does not drive such vehicle or permit it to be driven upon the highways, the dealer shall not be required to obtain transfer of registration of such vehicle or forward the certificate of title to the division. However, such dealer, upon transferring his title or interest to another person, shall execute an assignment and warrant of title upon the certificate of title and deliver the same to the person to whom such transfer is made.

Such guarantee shall be in the form of an affidavit filed with the division. Upon receipt of such affidavit, together with such other information as the division may require, and upon payment of the proper fees, the division, in its discretion, may issue a certificate of title for the vehicle named in the affidavit.

(1) he obtains at the time of acquisition a written clearance form from a law enforcement agency mentioned in Section 66-3-121 NMSA 1978;

(2) he, within five days after acquisition of said vehicle or motor vehicle, requests from the motor vehicle division an official printout indicating the names and addresses of all lienholders and owners of record. If the vehicle or motor vehicle has out-of-state license plates or the licensee has some other reason to believe that the vehicle or motor vehicle is registered in a state other than New Mexico, he must request the same information from the appropriate agency of that state;

(3) he, within five days after receiving the names and addresses of all lienholders and owners of record, informs them by certified mail, return receipt requested, of his possession of the vehicle or motor vehicle and all charges against the vehicle or motor vehicle, if any, and of his intent to dispose of said vehicle if no claim be made within thirty days after the delivery of the letter;

(4) in those cases where neither the motor vehicle division, nor the appropriate state agency specified in this section, is able to furnish the names of any lienholders or owners of record, the vehicle shall then be deemed as abandoned; and a licensed dismantler may dispose of the vehicle or motor vehicle once he has properly completed a dismantler's notification form for the vehicle or motor vehicle and has mailed one copy of the form to the motor vehicle division, and one copy of the form to the law enforcement agency designated by the motor vehicle division for that purpose, together with a copy of the correspondence with either the motor vehicle division or the state

agency specified in this section indicating that there are no lienholders or owners of record;

(5) when a lienholder or owner of record is known and the required notice has been sent, and the dismantler has waited the required thirty days and has not received a valid claim, he shall properly complete a dismantler's notification form for the vehicle or motor vehicle and send one copy of the form together with any correspondence with the motor vehicle division or appropriate state agency specified in this subsection, indicating the names and addresses of lienholders and owners of record plus proof of notification, together with an affidavit signed by the dismantler stating under oath or affirmation that he has complied with provisions of this section and he has not received during the thirty-day period following notification any valid claim against the vehicle or motor vehicle in question, or while a valid claim has been made, he has not received within sixty days following such notification payment for fees connected with towing and storage of the vehicle or motor vehicle in question. One copy of the dismantler's notification form shall be sent to the law enforcement agency designated by the motor vehicle division for that purpose;

(7) failure of an owner or lienholder to assert a claim or to pay all legal storage or towing fees, if any, within the specified period of time shall result in that person's forfeiture of liens, interest or claims to the vehicle or motor vehicle; and

(8) upon complying with the above conditions and waiting the required period of time, such a vehicle or motor vehicle shall be deemed the property of the dismantler for dismantling or salvage purposes and he shall not be required to take further action under the lien laws of this state unless the vehicle or motor vehicle is used for other than dismantling or salvage purposes, and any person licensed under Section 66-4-1 NMSA 1978, may dismantle or destroy such a vehicle or motor vehicle.

Past registration of vehicle does not preclude being abandoned. - Past registration in New Mexico of a vehicle or motor vehicle does not preclude it from being "abandoned," provided that all other criteria contained in 64-4-13, 1953 Comp. (similar to this section) are satisfied, and further provided that a notice has been sent to the last known address of all parties who may have an interest in the vehicle, according to department of motor vehicle records (now division of motor vehicles), and no such party has asserted a claim to, or interest in, the vehicle in response to the notice sent to them. 1976 Op. B. Any person who possesses either a New Mexico dismantler's or wrecker's license, a New Mexico auto dealer's license, a state corporation commission license or a vehicle contract or common carrier license issued by the federal interstate commerce commission, shall be exempt from the provisions of this section while transporting vehicles which are not abandoned, provided he prominently displays a dealer's license plate or a dismantler's plate on the vehicle in tow, or has a New Mexico state corporation commission vehicle contract or common carrier permit number or a federal interstate commerce commission vehicle contract or common carrier permit number prominently displayed on the towing vehicle.

C. Any person failing to have such documentation in his possession while transporting such a vehicle or motor vehicle is subject to the penalties produced in Section 66-4-9 NMSA 1978 and any vehicle or motor vehicle being transported by such a person shall be subject to immediate confiscation. Said vehicle or motor vehicle shall be towed to an authorized police impound lot until proof of ownership is presented or until the documentation described in this section is provided by either the owner of the vehicle or the person in possession. Failure to provide such documentation within thirty days shall result in the vehicle or motor vehicle being deemed unclaimed and thus subject to claim by the person or firm in possession.

(1) the vehicle or motor vehicle in question regardless of its age is either totally wrecked or in such a state of disrepair that it is suitable only for dismantling purposes;

(2) the vehicle or motor vehicle in question is at least eight years of age or older; or

(3) the vehicle or motor vehicle in question has been placed in any storage or wrecker yard at the request of a law enforcement agency or a property owner upon whose property the vehicle or motor vehicle was abandoned and has remained unclaimed in that yard for a period of thirty days, in which case the owner of the storage yard may proceed to make a claim against the motor vehicle or vehicle, as specified in Subsection C of Section 66-3-119 NMSA 1978 as though it were abandoned. Any person wishing to obtain the vehicle may not charge more than fifty cents (\$.50) per day for storage unless he is licensed as a vehicle storage yard, and he must notify owners and lienholders within thirty days or lose all rights to claim the vehicle.

B. In the case of any vehicle or motor vehicle which is less than eight years of age or in such a state of repair that it will be placed back into service or which is not to be used for dismantling purposes or which a property owner wishes to retain for his own use or to sell to anyone other than a licensed dismantler, the person shall proceed to make claim for the vehicle or motor vehicle through a lien process and obtain a new certificate of title prior to disposal.

PART 3

SECURITY INTERESTS

66-3-201. Filing security interests.

A. Failure to apply older, similar provision constitutes harmless error. - Where the supreme court inadvertently overlooks the fact that a new statute on registration of lien interests in motor vehicles had not gone into effect at the time the decision was made, but there existed at the time a substantially similar statute, the failure to apply the latter constitutes harmless error and is not valid grounds for rehearing. *Fulwiler v. Traders & Gen. Ins. Co.*, 59 N.M. 366, 285 P.2d 140 (1955).

Filing provision afforded no protection to creditor with actual knowledge. - Provision, which provides that no conditional sale contract, conditional lease, chattel mortgage or other lien or encumbrance or title retention instrument upon a vehicle of a type required to be registered by the provision, other than a lien dependent upon possession, affords no protection to a creditor with actual knowledge of a prior conditional sale or lease agreement. *Riggs v. Gardikas*, 78 N.M. 5, 427 P.2d 890 (1967).

Compliance mandatory in order to retain title or obtain lien. - Section 64-5-1, 1953 Comp. (similar to this section) makes compliance with the provisions thereof mandatory in order to retain title or obtain a valid lien or encumbrance. *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

To perfect a security interest in a mobile home, the secured creditor must file its security agreement with the motor vehicle division. Subsequently, a certificate of title is issued reflecting on its face all liens filed on the subject vehicle. *In re Portillo*, 18 Bankr. 995 (Bankr. D.N.M. 1982).

Failure to file rendered contracts invalid to intervening judgment creditors. - The clear language of 64-5-1, 1953 Comp. (similar to this section) compels the conclusion that the parties' failure to file the conditional sales contracts rendered them invalid as to the intervening judgment creditors of a party. *Riggs v. Gardikas*, 78 N.M. 5, 427 P.2d 890 (1967).

Application not received within 10 days not constructive notice. - Where application for title showing lien is not received within 10 days after execution of security agreement, the filing of security agreement does not constitute constructive notice of security interest. *Novak v. Dow*, 82 N.M. 30, 474 P.2d 712 (Ct. App. 1970).

Informing the sheriff not constructive notice. - Notice of unrecorded conditional sale contract, to be effectual, must be brought home to the execution-creditor, not merely to the sheriff. *Riggs v. Gardikas*, 78 N.M. 5, 427 P.2d 890 (1967).

No prior interest if application not filed before levy. - Where bank, on motion for summary judgment, failed to show that application for title was filed before levy to satisfy judgment debt, bank did not have prior security interest in automobile. *Novak v. Dow*, 82 N.M. 30, 474 P.2d 712 (Ct. App. 1970).

The motor vehicle division should accept for filing all instruments, with or without acknowledgments appearing thereon, filed pursuant to 64-5-1 and 64-5-2, 1953 Comp. (similar to this section and 66-3-202 NMSA 1978, respectively), and which instruments create and evidence a lien or encumbrance, or title retention, upon motor vehicles required to be registered. 1961-62 Op. Att'y Gen. No. 62-30.

Certified photocopy of instrument creating lien is valid for filing. 1963-64 Op. Att'y Gen. No. 63-56.

Instrument not constituting original copy. - An instrument which is a photocopy or carbon copy of another instrument submitted for filing and which bears a signature thereon which is shown to be a photocopy or carbon copy, would not constitute an instrument which is an original copy within the meaning and contemplation of 64-5-1, 1953 Comp. (similar to this provision), and the department of motor vehicles (now motor vehicle division) should limit its acceptance of instruments evidencing liens or encumbrances and of such nature to those bearing a certificate of a notary public showing the document to be a true and correct copy of the original. 1963-64 Op. Att'y Gen. No. 63-56.

Title to accompany any lien to be filed. - If the bureau of revenue (now revenue division of taxation and revenue department) did not require the title to be filed with the lien, the law as it is set up would be ineffective. The person purchasing the vehicle with a title, on the face, clear and unencumbered, but a lien having been placed against the vehicle, the enforcement of that lien against the vehicle would be in violation of the dealers of bona fide purchaser for value. Therefore it is the opinion of this office that the motor vehicle department (now motor vehicle division) may require the title to accompany any lien to be filed in that department (division). 1953-54 Op. Att'y Gen. No. 5846.

Chattel mortgages and instruments having effect of placing a lien on personal property are required to be in writing. *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

Certificate only evidence thus other proof can show ownership. - Title provisions of the Motor Vehicle Code are not to be interpreted as providing an exclusive method for transferring title. This conclusion is strongly supported by the provision (64-3-10, 1953 Comp., similar to 66-3-12 NMSA 1978) that the certificate of title is prima facie evidence of ownership. Such language clearly indicates an intention that the certificate of title is only evidence of ownership and that the same may be shown by other proof. *Schall v. Mondragon*, 74 N.M. 348, 393 P.2d 457 (1964); *Clovis Fin. Co. v. Sides*, 72 N.M. 17, 380 P.2d 173 (1963).

When title passes. - Since New Mexico does not require an exclusive or mandatory method of transferring title to an automobile, it therefore follows that title and ownership pass when the parties intend it to pass. Schall v. Mondragon, 74 N.M. 348, 393 P.2d 457 (1964).

Removable drilling units not subject to security interest. - Drilling units which are bolted and welded to trucks but which can be removed are not subject to a security interest in the trucks requiring perfection under this section. 66-3-202. Filing effective to give notice.

A. On or after June 1, 1996, the filing of an application with the division and the issuance of a new certificate of title by the division as provided in Section 66-3-201 NMSA 1978 constitute constructive notice of all security interests in the vehicle described in the application. Except for a manufactured home or recreational vehicle, if the application is received by the division within ten days after the date the security agreement was executed, constructive notice shall be effective as of the date of the execution of the security agreement, and the security interest shall be deemed to have been filed and perfected as of that date and shall have priority over other liens attached or filed subsequent to that date, except for tax liens filed by the state, county or federal governments. In the case of a manufactured home or recreational vehicle, if the application is received by the division within sixty days after the date the security agreement was executed, constructive notice shall be effective as of the date of the execution of the security agreement, and the security agreement shall be deemed to have been filed and perfected as of that date and shall have priority over other liens attached or filed subsequent to that date, except for tax liens filed by the state, county or federal governments. In all other cases, constructive notice shall be effective as of the date of receipt noted on the title application.

B. The method provided in this article for perfecting a security interest shall be exclusive except as to liens dependent upon possession and property tax liens on manufactured homes perfected under Section 66-3-204 NMSA 1978.

C. The constructive notice provided for in this section terminates twelve months after the maturity date of the debt. Unless refiled in a manner prescribed by the division within twelve months after the maturity date, the division may ignore the security interest in the issuance of all subsequent certificates of title.

History: 1953 Comp., § 64-3-202, enacted by Laws 1978, ch. 35, § 74; 1996, ch. 78, § 1.

ANNOTATIONS

The 1996 amendment rewrote Subsection A, substituted "manufactured" for "mobile" and "66-3-204 NMSA 1978" for "64-3-204 NMSA 1978" in Subsection B, and made stylistic changes in Subsection C. Laws 1996, ch. 78 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective May 15, 1996, 90 days after adjournment of the legislature. See Volume 14 NMSA 1978 for "Adjournment Dates of Sessions of Legislature" table.

Section provides exclusive method of perfection. - This section specifically provides that the method provided under 64-5-1 and 64-5-2, 1953 Comp. (similar to 66-3-201 NMSA 1978 and this section, respectively) for giving constructive notice of a lien or encumbrance upon a registered vehicle shall be exclusive of the provisions of law which otherwise require or relate to the recording or filing of instruments creating or evidencing title retention or other liens or encumbrances upon vehicles of a type subject to registration. 1961-62 Op. Att'y Gen. No. 62-30.

Lien for unpaid trailer court rental space not superior. - The lien of an owner or operator of a trailer court for unpaid space rental is not superior to a prior chattel mortgage on a house trailer filed as required by 64-5-2, 1953 Comp. (similar to this section). *Diamond Trailer Sales Co. v. Munoz*, 72 N.M. 190, 382 P.2d 185 (1963).

Uniform Commercial Code inapplicable to security interests in motor vehicles. - Under a plain reading of the statutes and authorities the provisions of the Uniform Commercial Code (55-1-101 et seq.) do not apply to the perfection of liens, encumbrances or title retention creating a security interest in motor vehicles. 1961-62 Op. Att'y Gen. No. 62-30.

The motor vehicle division should accept for filing all instruments, with or without acknowledgments appearing thereon, filed pursuant to 64-5-1 and 64-5-2, 1953 Comp. (similar to 66-3-201 and this section, respectively) and which instruments create and evidence a lien or encumbrance or title retention upon motor vehicles required to be registered. 1961-62 Op. Att'y Gen. No. 62-30.

Application not received within 10 days not constructive notice. - Where application for title showing lien is not received within 10 days after execution of security agreement, the filing of security agreement does not constitute constructive notice of security interest. *Novak v. Dow*, 82 N.M. 30, 474 P.2d 712 (Ct. App. 1970).

Application filed after levy not prior interest. - Where bank, on motion for summary judgment, failed to show that application for title was filed before levy to satisfy judgment debt, bank did not have prior security interest in automobile. *Novak v. Dow*, 82 N.M. 30, 474 P.2d 712 (Ct. App. 1970).

66-3-203. Report of stored, unclaimed and unidentified motor vehicles.

An operator of a place of business for garaging, repairing, parking or storing vehicles for the public, in which a vehicle remains unclaimed for a period of thirty days, shall, within five days after the expiration of that period, report in writing to the New Mexico state police at Santa Fe and the sheriff of the county in which the unit is stored, setting forth the make of car, model-year, [and] engine, serial and vehicle numbers of the vehicle unclaimed. A person who fails to report a vehicle as unclaimed in accord with this subsection forfeits all claims and liens for its parking or storing and is guilty of a misdemeanor punishable by a fine of not more than twenty-five dollars (\$25.00).

History: 1953 Comp., § 64-3-203, enacted by Laws 1978, ch. 35, § 75.

ANNOTATIONS

Requirement inapplicable to stolen vehicle returned to owner by sheriff. - The provisions of 64-5-3, 1953 Comp. (similar to this section), requiring the owner of an automobile storage business to report unclaimed motor vehicles to the state police and to the sheriff, are not intended to apply to a stolen motor vehicle that has been recovered by the sheriff and towed to owner's place of business at the request of sheriff. *Foundation Reserve Ins. Co. v. Faust*, 71 N.M. 271, 377 P.2d 681 (1962).

66-3-204. Property tax liens on manufactured homes; filing; effect.

A. Upon receipt of a notification of unpaid taxes on a manufactured home required by Section 7-38-52 NMSA 1978, the division shall file the notification and indicate on it the date and time of receipt. It shall maintain an index and file of the notifications by vehicle registration number.

B. From the date and time of receipt of a notification, the unpaid taxes, penalty and interest certified by the county treasurer constitute a lien on and a security interest in the manufactured home on behalf of the state until paid. The lien is valid against holders of prior perfected security interests, attaching creditors and subsequent transferees and when perfected by filing in accordance with this section constitutes constructive notice of the lien claimed. When a lien is perfected under this section, the division shall send written notification of the lien to all holders of prior perfected security interests as shown on the vehicle's certificate of title. The notice shall be sent no later than ten days after the filing of the lien.

C. Upon receipt of a certified notice from a county treasurer showing that the taxes, penalty and interest for which a lien is claimed have been paid, the division shall indicate in writing on the filed notification the fact of payment, shall attach the notice of payment to the original notification, shall remove both documents from its lien file to a separate file and shall make a written entry in its index indicating the satisfaction of the lien. At the same time, it shall send written notification to the registered owner of the manufactured home of the action it has taken.

PART 4 NONRESIDENT OWNERS OF VEHICLES

66-3-301. Registration by nonresidents.

A. Any nonresident owner of a vehicle of a type otherwise subject to registration may use or permit the use of the vehicle within the state for a period of one hundred eighty days without registering his vehicle, but any vehicle so used must display current registration plates issued for the vehicle in the state where the owner resides.

B. Any person gainfully employed within the boundaries of this state for a period of thirty days or more within a sixty-day period shall be presumed to be a resident of this state.

C. Notwithstanding the fact of their employment, the following are not required to register their vehicles if they display current registration plates issued for the vehicle in the state where the owner resides:

(1) nonresident students engaged in a full-time course of study at an institution of higher learning located within this state, and the vehicle displays a valid nonresident student sticker issued by the institution which they attend; or

(2) a nonresident owner gainfully employed within the boundaries of this state who uses his vehicle to commute daily from his home in another state to and from his place of employment within this state. The provisions of this paragraph apply only if the state in which the owner resides extends like privileges to New Mexico residents gainfully employed within the boundaries of that state.

D. A nonresident owner of a foreign vehicle operated within this state for the transportation of persons or property for compensation or for the transportation of merchandise either regularly according to a schedule or for a consecutive period exceeding thirty days shall register the vehicle and pay the same fees as required with reference to like vehicles owned by residents of this state. This subsection shall not be construed as limiting the effect of validly entered reciprocal agreements between New Mexico and other states or of proportional registration provided for in Section 66-3-4 NMSA 1978.

E. Every nonresident including any foreign corporation carrying on business within this state and owning and regularly operating in that business any vehicle, trailer, semitrailer, house trailer or pole trailer within the state shall register each vehicle and pay the same fees as required with reference to like vehicles owned by residents of this state.

History: 1953 Comp., § 64-3-301, enacted by Laws 1978, ch. 35, § 77; 1991, ch. 41, § 1.

ANNOTATIONS

- I. General Consideration.
- II. Employment or Residence Within State.
- III. Carrying on Business.
- IV. Military Personnel.

I. GENERAL CONSIDERATION.

The 1991 amendment, effective June 14, 1991, in Subsection B, deleted "consecutive" preceding "days" and "but this presumption shall be rebutted upon a showing that the person's employment in this state is for no more than one hundred eighty days" following "resident of this state" and inserted "within a sixty-day period"; in Subsection D, substituted "66-3-4 NMSA 1978" for "64-3-4 NMSA 1953" in the second sentence; in Subsection E, deleted "motor" preceding "vehicle, trailer"; and made minor stylistic changes in Subsections A, D and E.

Unconstitutional to require immediate acquisition of license. - There being no reasonable basis for the classification, Laws 1941, ch. 165, § 1(a) was invalid as discriminatory and a denial of "equal protection of law" because it required a nonresident owner, who accepts gainful employment within the state, to immediately acquire a license from New Mexico. *State v. Pate*, 47 N.M. 182, 138 P.2d 1006 (1943).

No certain limitations relative to use of highways by nonresidents. - In this state, residency for the accomplishment or the eligibility for acting within certain limitations of the laws has been made definite, such as is exemplified by the requirements for the right of franchise, use of the civil courts in domestic matters and the enjoyment of public employment. There is no such specific guide relative to limited use of New Mexico highways by nonresidents. 1957-58 Op. Att'y Gen. No. 58-191.

One definition of "nonresident". - If the individual intends to return to a place where his political rights are exercised and where he is subject to taxation, etc., he is a nonresident of New Mexico. If such intent to return to his "legal residence" is absent and his intention is to be a New Mexico resident, he is a New Mexico resident and should comply with the motor vehicle laws on registration. 1957-58 Op. Att'y Gen. No. 57-330.

Vehicle not registered out-of-state must be in state. - A special motor vehicle, used to haul exceptional loads, which was leased by a New Mexico firm holding a certificate of convenience and necessity from an Arizona trucking firm, was subject to registration in the state of New Mexico even though it was only used on highways of New Mexico for eight days due to the fact that it was not registered in the state of Arizona and did not display current registration plates from that state. 1969 Op. Att'y Gen. No. 69-95.

Must pay excise tax if registered. - Owners of foreign vehicles, who are required to register such vehicles pursuant to the provisions of 64-6-1, 1953 Comp. (similar to this section) must pay the excise tax required by 64-11-15, 1953 Comp. (similar to former 66-6-27 NMSA 1978). 1959-60 Op. Att'y Gen. No. 60-11.

Nonresident motorist may be cited as misdemeanor if vehicle unregistered. - Under a systematic check of the registration of all motor vehicles being operated on New Mexico roads, resident motorists can be required to show proof of registration under 64-3-11, 1953 Comp. (similar to 66-3-13 NMSA 1978) and a nonresident motorist can be required to show proof that his out-of-state vehicle is "duly registered in" some foreign state as is required under 64-6-1A, 1953 Comp. (similar to this section). In conducting such checks of vehicle registration an officer can detain a nonresident motorist for a brief time on the road to determine whether his vehicle is "duly registered in" the foreign state. If the motorist cannot show proof of such foreign registration, and if it appears that the vehicle probably is not duly registered, then he may be cited as a misdemeanor under 64-6-1A. 1966 Op. Att'y Gen. No. 66-62.

Systematic check may not be used as pretext for search. - The systematic check of registration of motor vehicles may not be used merely as a pretext for searching vehicles. The purpose of the check must be for a good faith examination of the driver's license or vehicle registration. 1966 Op. Att'y Gen. No. 66-62.

Rental motor vehicles and rental trailers come within the provisions of 64-6-1, 1953 Comp. (similar to this section). 1963-64 Op. Att'y Gen. No. 63-137.

II. EMPLOYMENT OR RESIDENCE WITHIN STATE.

Nonresident may operate vehicle without state registration for stated period. -

Section 64-6-1, 1953 Comp. (similar to this section) permits a nonresident owner of any foreign vehicle of a type otherwise subject to registration to operate or allow the use or operation of the vehicle in this state for a period of 30 days (now 180 days) without registering it. After the 30-day (now 180-day) period, the vehicle is to be registered. 1961-62 Op. Att'y Gen. No. 62-113.

Once intent to become resident manifest, registration requirements must be met.

- Under the existing valid legislative enactments that any nonresident or otherwise foreign vehicle may be operated in New Mexico for an indefinite period of time limited only by the period of valid registration as provided for in the state or country in which the concerned owner does, as a matter of law, reside and further in keeping herewith, the circumstances as would establish or invoke a required registration in New Mexico can only be determined by a declaration of such by the newcomer or by a manifestation of an intention to become a resident in New Mexico as evidenced by employment of a permanent nature, voter registration or any other act lending support to a subjective determination of the intention to become a resident of this state. 1957-58 Op. Att'y Gen. No. 58-191.

These provisions apply equally to those who only temporarily accept employment within the state so long as that person remains within the state for a period in excess of 30 days. 1959-60 Op. Att'y Gen. No. 59-197.

Nonresidents employed within state are exempt. - Nonresident persons employed within the state and who merely use their vehicle as a means of conveyance to and from such employment, but who do not regularly operate such vehicle in the course of their business, are exempt from the purchase of New Mexico registration plates and the payment of the usual fees in connection therewith so long as they display registration plates on the vehicle from the state of residence. 1959-60 Op. Att'y Gen. No. 59-215.

Nonresident truckers cannot avoid necessity of registration simply because on weekends the vehicles were driven to Texas. 1961-62 Op. Att'y Gen. No. 62-113.

Period not tolled by short absence. - The purpose of 64-6-1, 1953 Comp. (similar to this section) could not be circumvented by a nonresident motorist who, with the intent to return to New Mexico, leaves the state for only a day or two in an effort to toll the running of the period. 1959-60 Op. Att'y Gen. No. 59-197; 1963-64 Op. Att'y Gen. No. 63-137.

Intentional disruption of period not permitted. - A nonresident motorist may not take his vehicle out of state for short periods of time merely to disrupt the running of the consecutive 30-day period of Subsection B of 64-6-1, 1953 Comp. (similar to Subsection D of this section). 1963-64 Op. Att'y Gen. No. 63-137.

Nonresident trucker may not relieve himself of requirement of registration of his truck imposed by 64-6-1, 1953 Comp. (similar to this section), as amended, by removing his truck from the state for short intervals. 1959-60 Op. Att'y Gen. No. 59-71.

III. CARRYING ON BUSINESS.

Out-of-state leased vehicles subject to registration requirements. - Subsection D of 64-6-1, 1953 Comp. (similar to Subsection D of this section) would apply if a New Mexico lessee used a vehicle registered in another state for a period of 30 days or more. 1969 Op. Att'y Gen. No. 69-95.

Test is whether nonresident owner engaged in profession or trade. - The test for the determination of whether or not a nonresident vehicle, which is not used for the transportation of persons or property for compensation, and which is not owned by a person or corporation carrying on business within this state, is subject to registration under motor vehicle registration and licensing laws, is whether or not the nonresident owner of that vehicle is engaged in any employment, trade, profession or occupation in this state. 1953-54 Op. Att'y Gen. No. 6037.

Carrying on business within state subjects owner to registration requirements. - Subsection E of 64-6-1, 1953 Comp. (similar to Subsection E of this section) only applies if the nonresident owner carries on business within this state. 1969 Op. Att'y Gen. No. 69-95.

IV. MILITARY PERSONNEL.

Servicemen located within state excluded from registration requirement. - Servicemen located within this state, but who are residents of and domiciled in another state, are excluded from taxation of their personal property, including registration of and excise tax on their motor vehicle and personal property. This is true even though the state of residence and domicile does not exercise its right of taxation. 1959-60 Op. Att'y Gen. No. 59-216.

Federal civilian employees temporarily assigned to military installations. - United States government civilian employees temporarily assigned to military installations within the state are not required to register their motor vehicles in New Mexico under the provisions of 64-6-1, 1953 Comp. (similar to this section). 1957-58 Op. Att'y Gen. No. 57-79.

Serviceman need not register if wife uses vehicle. - A serviceman who owns a vehicle registered in his own name in the state of his residence, a community or noncommunity property state, purchased during coverture, is not required to register his motor vehicle in New Mexico under the provisions of 64-6-1, 1953 Comp. (similar to this section) if his wife is gainfully employed within the state but is not using the vehicle in her work. 1957-58 Op. Att'y Gen. No. 57-172.

Serviceman must register if not registered in home state. - Section 514 of the Soldiers' and Sailors' Civil Relief Act (50 U.S.C. App. § 574) forbids New Mexico's requiring a nonresident serviceman to register his automobile so long as the automobile is registered in the serviceman's home state. If, however, the automobile is not registered in his home state, it is lawfully subject to registration in New Mexico and 64-6-1, 1953 Comp. (similar to this section) should be enforced. 1971 Op. Att'y Gen. No. 71-98.

Must register if commercial vehicle. - New Mexico may assess the full registration fee for commercial vehicles, owned by nonresident service personnel, because of the language of 64-6-1E, 1953 Comp. (similar to this section). 1975 Op. Att'y Gen. No. 75-43.

66-3-302. Caravan tax.

A. No person or any employee, agent or representative of the person shall use the highways of New Mexico for the transportation of any vehicle regardless of whether the vehicle is registered in another state or whether the vehicle is transported on its own wheels or on another vehicle or by being drawn or towed behind another, if the vehicle is transported by any person, or the agents or employees of that person engaged in the business of transporting vehicles or if the vehicles are being transported for the purpose of delivery to any purchaser of the vehicles on a sale or contract of sale previously made, unless the vehicle carries:

(1) a valid New Mexico registration plate;

(2) a valid dealer's plate issued by the department;

(3) a special permit for the use of the highways of this state for the transportation of the vehicle in the manner in which the vehicle is being transported, which has first been obtained and the fee paid as specified in this section; or

(4) a valid temporary transportation permit issued under Subsection B of Section 66-3-6 NMSA 1978.

B. Special permits for the use of the highways of this state for the transportation of such vehicles shall be issued by the department upon application on the form prescribed by the department and upon payment of a fee of seven dollars fifty cents (\$7.50) for each vehicle transported by use of its own power and a fee of five dollars (\$5.00) for each vehicle carried in or on another vehicle or towed or drawn by another vehicle and not transported in whole or in part by the use of its own power. Every permit shall show upon its face the registration number assigned to each vehicle, the name and address of the owner, the manner of transportation authorized and a description of the vehicle registered, including the engine number. The permit shall be carried at all times by the person in charge of the vehicle. A suitable tag or placard for each vehicle may be issued by the department and, if issued, shall be at all times displayed on each vehicle being transported. No such permit, tag or placard shall be used upon or in connection with the transportation of any vehicle other than the one for which the permit, tag or placard is issued.

C. This tax shall not apply to the transportation of vehicles carried on another vehicle for the operation of which a weight distance tax is paid, nor shall the vehicle transported be required to carry a registration plate or temporary transportation permits. The motor transportation division of the department and the New Mexico state police are authorized to impound any vehicle transported in violation of the Motor Transportation Act until a proper permit has been secured and any fine levied has been paid.

History: 1953 Comp., § 64-3-302, enacted by Laws 1978, ch. 35, § 78; 1995, ch. 135, § 14.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, rewrote the section to the extent that a detailed comparison is impracticable.

Motor Transportation Act. - See 65-1-1 NMSA 1978 and notes thereto.

Applicability. - Caravan tax does not apply to transportation of out-of-state automobiles by a driver who is under contract to the owner, arranged by an agent, to transport the car from one state to another when the vehicle is not being transported for sale or for lease. 1957-58 Op. Att'y Gen. No. 58-208.

Constitutionality of tax. - State law exacting a permit fee for the privilege of transporting motor vehicles over the highways of the state for purposes of sale does not violate the fourteenth amendment of the federal constitution. *Morf v. When the ownership of the motor vehicle for which the special registration plate has been furnished by the director changes from one person to another, the special registration plate authorized in this section shall be promptly removed from the motor vehicle by the seller and returned to the director, at which time the seller or the buyer of the motor vehicle is entitled to receive a registration plate for the motor vehicle. The purpose for the issuance of the special registration plate is to readily identify personnel in aid of the performance of necessary duties for civil defense in the communications field.

History: 1978 Comp., § 66-3-604, enacted by Laws 1986, ch. 45, § 2; 1989, ch. 100, § 1; recompiled as 66-3-417 by Laws 1990, ch. 120, § 43.

ANNOTATIONS

The 1989 amendment, effective June 16, 1989, restructured the formerly undesignated first sentence as the introductory paragraph and Paragraph (1) of Subsection A and

added Paragraphs (2) and (3) of that subsection, and designated the formerly undesignated second through eighth sentences as Subsection B.

Repeals. - Laws 1985, ch. 148, § 2 repeals the former 66-3-604 NMSA 1978, as enacted by Laws 1978, ch. 35, § 99, with similar provisions relating to radio station licensees and special license plates, effective July 1, 1985. For provisions of former section, see 1984 Replacement Pamphlet.

66-3-418. Purpose.

The purpose of providing special registration plates for veterans of the armed forces is to allow veterans to be publicly recognized and to enable veterans to support the activities of the New Mexico veterans' service commission by annually purchasing such license plates in addition to paying the regular motor vehicle registration fees.

History: Laws 1990, ch. 46, § 1.

66-3-419. Special registration plates for armed forces veterans.

A. The division shall issue distinctive registration plates indicating that the recipient is a veteran of the armed forces of the United States, as defined in Section 28-13-7 NMSA 1978, if that person submits proof satisfactory to the division of honorable discharge from the armed forces.

B. For a fee of fifteen dollars (\$15.00), which shall be in addition to the regular motor vehicle registration fees, any motor vehicle owner who is a veteran of the armed forces of the United States may apply for the issuance of a special registration plate as defined in Subsection A of this section. No two owners shall be issued identically lettered or numbered plates.

C. The fifteen dollar (\$15.00) fee provided in Subsection B of this section shall be waived for each registration period in which a validating sticker is issued under the provisions of Section 66-3-17 NMSA 1978, in lieu of the issuance of a special armed forces veteran plate.

D. Each armed forces veteran may elect to receive a veteran-designation decal to be placed across the top of the plate, centered above the registration number in lieu of the county-designation decal specified in Subsection H of Section 66-3-14 NMSA 1978. Replacement or different veteran-designation decals shall be available for purchase from the division at a reasonable charge to be set by the director. The department shall furnish the following veteran-designation decals with the armed forces veteran plate to a:

(1) medal of honor recipient;

(2) silver star recipient;

- (3) bronze star recipient;
- (4) navy cross recipient;
- (5) distinguished service cross recipient;
- (6) air force cross recipient;
- (7) ex-prisoner of war;
- (8) disabled veteran;
- (9) purple heart veteran;
- (10) atomic veteran;
- (11) Pearl Harbor survivor;
- (12) Navajo code talker;
- (13) Vietnam veteran;
- (14) Korean veteran;
- (15) disabled Korean veteran;
- (16) World War II veteran;
- (17) World War I veteran;
- (18) Grenada veteran;
- (19) Panama veteran; and
- (20) Desert Storm veteran.

E. The revenue from the special registration plates for the armed forces veterans fee imposed by Subsection B of this section shall be distributed as follows:

- (1) seven dollars (\$7.00) of the fee collected for each registration plate shall be retained by the division and is appropriated to the division for the manufacture and issuance of the registration plates; and
- (2) eight dollars (\$8.00) of the fee collected for each registration plate shall be transferred under the provisions of Subsection F of this section.

F. There is created in the state treasury the "armed forces veterans license fund". A portion of the fee collected for each special registration plate for armed forces veterans, as provided in Subsection E of this section, shall be transferred to the state treasurer for the credit of the fund. Expenditures from the fund shall be made on vouchers issued and signed by the director of veterans' affairs upon warrants drawn by the department of finance and administration for the purpose of expanding services to rural areas of the state, including Native American communities and senior citizen centers. Any unexpended or unencumbered balance remaining at the end of any fiscal year in the armed forces veterans license fund shall not revert to the general fund.

History: Laws 1990, ch. 46, § 2; 1993, ch. 180, § 7; 1995, ch. 32, § 1.

ANNOTATIONS

The 1993 amendment, effective July 1, 1993, made a stylistic change in the second sentence of Subsection B; rewrote Subsection C; and added present Subsection D, redesignating former Subsections D and E as Subsections E and F, respectively, and making related reference changes in those subsections.

The 1995 amendment, effective June 16, 1995, added Paragraphs D(5), D(6) and D(15) and redesignated the paragraphs in Subsection D accordingly.

Compiler's note. - The reference to Subsection H of 66-3-14 NMSA 1978 in Subsection D is incorrect, since the 1995 amendment to that section redesignated Subsection H as Subsection C and deleted provisions relating to the county name from that subsection.

66-3-420. Special children's artwork registration plate; procedures; fee.

A. The division shall establish and issue special registration plates featuring artwork of the children of New Mexico in accordance with the provisions of this section and shall adopt procedures for application for and issuance of the special children's artwork registration plates.

B. The children's trust fund board of trustees shall determine the color and design of the special children's artwork registration plate and shall request that the division provide for its issuance.

C. For a fee of forty dollars (\$40.00), which shall be in addition to the regular motor vehicle registration fees, any owner of a motor vehicle may apply for the issuance of a special children's artwork registration plate. The owner of a motor vehicle shall apply and pay a fee each year that he wishes to retain and renew his special children's artwork registration plate.

D. The revenue from the special children's artwork registration plates shall be distributed as follows:

(1) fifteen dollars (\$15.00) of the fee collected for each registration plate shall be retained by the division in the eighty-second and eighty-third fiscal years and is appropriated to the division for the manufacture and issuance of the registration plates. Thereafter, that amount of each fee shall be paid to the state treasurer for credit to the motor vehicle suspense fund for distribution in accordance with Section 66-6-23 NMSA 1978; and

(2) twenty-five dollars (\$25.00) of the fee collected for each registration plate shall be distributed to the children's trust fund, for use in accordance with the provisions of Section 24-19-2 NMSA 1978.

66-3-421. Special registration plates; New Mexico rangers and New Mexico mounted patrol; submission of proof; penalty.

A. The division shall issue special registration plates to any person who is a New Mexico ranger or a member of the New Mexico mounted patrol, upon the submission by the person of proof satisfactory to the division that he is currently a New Mexico ranger or a member of the New Mexico mounted patrol. No fee, including the regular registration fee applicable to the passenger motor vehicle, if any, shall be collected for the issuance of the special registration plates pursuant to this section.

B. No person shall falsely represent himself to be a New Mexico ranger or a member of the New Mexico mounted patrol so as to be eligible to be issued special registration plates pursuant to this section when he in fact is not a New Mexico ranger or a member of the New Mexico mounted patrol.

C. Any person eligible for a special registration plate under this section shall only be eligible for one such plate.

D. Any person who violates the provisions of Subsection B of this section is guilty of a misdemeanor.

PART 6

ANTI-THEFT PROVISIONS

66-3-501. Report of stolen and recovered motor vehicles.

A. Every sheriff, chief of police or peace officer upon receiving reliable information that any vehicle registered under the Motor Vehicle Code has been stolen shall immediately, but in no case later than one week after receiving the information, report the theft to the New Mexico state police unless prior thereto, information has been received of the recovery of the vehicle. Any officer, upon receiving information that any vehicle which he has previously reported as stolen has been recovered, shall immediately report the fact of recovery to the local sheriff's office or police department and to the New Mexico state police.

B. The requirement that the theft or recovery of a vehicle be reported to the New Mexico state police is satisfied if the report is made to the national crime information center.

History: 1953 Comp., § 64-3-501, enacted by Laws 1978, ch. 35, § 88; 1995, ch. 135, § 15.

ANNOTATIONS

Cross-references. - For the index of stolen or recovered vehicles, see 66-3-8, 66-3-9 NMSA 1978.

The 1995 amendment, effective June 16, 1995, added Subsection B, designated the existing provisions as Subsection A, substituted "under the Motor Vehicle Code" for "hereunder", and made numerous stylistic changes throughout the section.

Motor Vehicle Code. - See 66-6-1 NMSA 1978 and notes thereto.

Sheriff need not report theft when recovered on same day. - The sheriff is not required by the provisions of 64-9-1, 1953 Comp. (similar to this section) to report either the theft or recovery of a motor vehicle, recovered on the same day it was stolen and where no theft report was ever made, to the local police department or state police. *Foundation Reserve Ins. Co. v. Faust*, 71 N.M. 271, 377 P.2d 681 (1962).

66-3-502. Reports by owners of stolen and recovered vehicles.

A. The owner, or person having a lien or encumbrance upon a registered vehicle which has been stolen or embezzled, may notify the New Mexico state police of such theft or embezzlement, but in the event of an embezzlement may make such report only after having procured the issuance of a warrant for the arrest of the person charged with such embezzlement.

B. Every owner or other person who has given any such notice shall immediately notify the New Mexico state police of a recovery of such vehicle.

ANNOTATIONS

Repeals. - Laws 1995, ch. 135, § 29 repeals former 66-3-503 NMSA 1978, as enacted by Laws 1978, ch. 35, § 90, relating to actions by the division on report of stolen vehicles, effective June 16, 1995. For provisions of former sections, see 1994 Replacement Pamphlet.

66-3-504. Unlawful taking of a vehicle or motor vehicle.

A. Any person who shall take any vehicle or motor vehicle intentionally and without consent of the owner thereof shall be guilty of a felony. The consent of the owner of the vehicle to its taking shall not in any case be presumed or implied because of such owner's consent on a previous occasion to the taking of such vehicle by the same or a different person.

B. The district courts are hereby given exclusive jurisdiction to hear and try offenses prescribed under this section.

C. Nothing in this section shall be construed to prohibit the holder of a lien duly recorded with the division from taking possession of a vehicle to which possession said lienholder is legally entitled under the provisions of the instrument evidencing such lien. A holder of a duly recorded lien who takes possession of a vehicle without the knowledge of the owner of such vehicle shall immediately notify the local police authority of the fact that he has taken possession of the vehicle.

History: 1953 Comp., § 64-3-504, enacted by Laws 1978, ch. 35, § 91.

ANNOTATIONS

Cross-references. - For the penalty for a felony, see 66-8-9 NMSA 1978.

Double jeopardy. - Defendant's acts of taking truck keys and using them to drive the truck away supported separate convictions for armed robbery and unlawful taking of a vehicle, and his double jeopardy right to be free from multiple punishment was not

violated by his sentence for unlawful taking. *State v. McGruder*, 123 N.M. 302, 940 P.2d 150 (1997).

Elements of offense. - Criminal intent is an essential element of unlawful taking of a vehicle. *State v. Bachicha*, 84 N.M. 397, 503 P.2d 1175 (Ct. App. 1972).

To prove that the defendant committed the crime of unlawfully taking a motor vehicle, the state must prove that he took the vehicle without the owner's consent, in New Mexico, with the requisite criminal intent. *State v. Tovar*, 98 N.M. 655, 651 P.2d 1299 (1982).

Intent to deprive owner of permanent possession not essential element. - Larceny includes the concept of criminal intent. In addition, it includes an intention to permanently deprive the owner of possession of his property. Such intention, to permanently deprive the owner of possession, is not an essential element of a statute prohibiting the intentional taking of a vehicle without the consent of the owner. *State v. Austin*, 80 N.M. 748, 461 P.2d 230 (Ct. App. 1969).

Conviction had without presence of intent to permanently deprive possession. - A charge of a violation of 64-9-4A, 1953 Comp. (similar to this section), the unlawful taking of a motor vehicle, is not necessarily included in a charge of larceny and, thus, also is not necessarily included in a charge of robbery. The criminal intent required by the crime of larceny is the intent to deprive the owner of his property permanently. However, a violation of 64-9-4A, 1953 Comp. does not require this intent and a conviction under this section may be had without the presence of an intent to permanently deprive the owner of possession. *State v. Eckles*, 79 N.M. 138, 441 P.2d 36 (1968).

Burglary of vehicle separate offense. - The offense of burglary of a motor vehicle requires an unauthorized entry. Unauthorized entry is not an element of either unlawful taking of a vehicle under this section, or tampering with a vehicle under 66-3-506 NMSA 1978. This difference in the elements of the offenses is sufficient ground to reject the defendant's contention that the statutes are the same and that he should not be charged with the more general burglary charge. *State v. Hernandez*, 116 N.M. 562, 865 P.2d 1206 (Ct. App. 1993).

Intent found in larceny not required. - Section 64-9-4, 1953 Comp. (similar to this section) has been expressly held not to require the intent found in larceny to deprive the owner of his property permanently. *Kilpatrick v. MIC*, 90 N.M. 199, 561 P.2d 472 (1977).

No violation when vehicle loaned. - Section 64-9-4, 1953 Comp. (similar to this section) was not applicable where there was substantial evidence that defendant's taking of a motorcycle was by a loan and, thus, with consent. *State v. Gregg*, 83 N.M. 397, 492 P.2d 1260 (Ct. App.), cert. denied, 83 N.M. 562, 494 P.2d 975 (1972).

Owner's actions did not constitute consent to taking. - The fact that the owner furnished the keys of the vehicle to the police with the knowledge that they would be

given to a potential thief (i.e., defendant) might have facilitated the taking, but that was insufficient to constitute consent to the taking. *State v. Ontiveros*, 111 N.M. 90, 801 P.2d 672 (Ct. App. 1990).

Unlawful taking of vehicle and robbery two separate offenses. - The unlawful taking of a vehicle in violation of 64-9-4A, 1953 Comp. (similar to this section) is not a necessary ingredient of the offense of robbery committed by the theft of moneys by use, or threatened use, of force and violence. Appellant committed two separate and distinct criminal offenses, and the fact that they were committed on the same day, or even that one succeeded the other as part of one episode of criminal activity, did not cause them to merge. *State v. Eckles*, 79 N.M. 138, 441 P.2d 36 (1968).

Conviction for unlawful taking and acquittal for burglary not inconsistent. - Defendant was convicted of violating 64-9-4, 1953 Comp. (similar to this section) and acquitted of three burglary charges and therefore contended that his conviction should be reversed because of inconsistency. However, since the reason for the acquittals was speculative, the acquittals, even though irreconcilable with the conviction, do not require the conviction to be set aside as a matter of law. *State v. Rogers*, 80 N.M. 230, 453 P.2d 593 (Ct. App. 1969).

Evidence sufficient. - See *State v. Ibarra*, 116 N.M. 486, 864 P.2d 302 (Ct. App. 1993).

66-3-505. Receiving or transferring stolen vehicles or motor vehicles.

Any person who, with intent to procure or pass title to a vehicle or motor vehicle which he knows or has reason to believe has been stolen or unlawfully taken, receives, or transfers possession of the same from or to another, or who has in his possession any vehicle which he knows or has reason to believe has been stolen or unlawfully taken, and who is not an officer of the law engaged at the time in the performance of his duty

as such officer, is guilty of a fourth degree felony, and upon conviction shall be sentenced to imprisonment for not less than one nor more than five years, or to the payment of a fine of not more than five thousand dollars (\$5,000) or to both such imprisonment and fine in the discretion of the judge.

History: 1953 Comp., § 64-3-505, enacted by Laws 1978, ch. 35, § 92.

ANNOTATIONS

- II. Passing Title.

I. GENERAL CONSIDERATION.

Cross-references. - For the penalty for felony violation generally, see 66-8-9 NMSA 1978.

For the penalty for violation of a fourth degree felony, see 31-18-15 NMSA 1978.

Primary concern of this section is to prevent the transfer of stolen vehicles. *State v. Montano*, 93 N.M. 436, 601 P.2d 69 (Ct. App.), cert. denied, 93 N.M. 683, 604 P.2d 821 (1979).

Two separate crimes defined. - Section 64-9-5, 1953 Comp. (similar to this section) defines two separate crimes: (1) taking, receiving or transferring possession of a vehicle with knowledge or reason to believe it is stolen and with intent to procure or pass title, and (2) unlawful possession of a stolen vehicle. Where defendant was charged with violation of the latter criminal offense which does not include the phrase, "with intent to procure or pass title to a vehicle," refusal of defendant's requested instruction consisting of a verbatim recital of the section was not error since the first part of this section dealing with intent to procure or pass title was not applicable and to have given it might have misled the jury. *State v. Wise*, 85 N.M. 640, 515 P.2d 644 (Ct. App. 1973).

Applicability of parole authority to indeterminate sentencing. - The parole provisions of the Criminal Sentencing Act, 31-18-12 to 21 NMSA 1978, apply to statutes such as this one which prescribe an indeterminate period of imprisonment, and the trial court did not lack authority to impose the statutory term of parole of one year in addition to the discretionary two years confinement for transferring stolen vehicle. *State v. Baker*, 116 N.M. 526, 864 P.2d 1277 (Ct. App. 1993).

Substantial discrepancy between fair value and price paid indicates knowledge. - A substantial discrepancy between fair value of an item and the price actually paid for it tends to prove defendant's guilty knowledge and is relevant to that issue. *State v. Hanks*, 85 N.M. 766, 517 P.2d 750 (Ct. App. 1973).

There was substantial evidence to sustain verdict of guilty of possession of stolen automobile where stolen car was found in defendant's garage, defendant furnished some of the purchase money for the car, purchaser knew it was stolen, defendant was present throughout negotiations and sale of the car, purchase price of the stolen car was very low and the thief lived on defendant's property for a time. II. PASSING TITLE.

"Title" has broad meaning which includes the transfer of whatever title the transferor possesses. State v. Montano, 93 N.M. 436, 601 P.2d 69 (Ct. App.), cert. denied, 93 N.M. 683, 604 P.2d 821 (1979).

"Title," in this section, is not limited to a "certificate of title" or "transfer of title." State v. Montano, 93 N.M. 436, 601 P.2d 69 (Ct. App.), cert. denied, 93 N.M. 683, 604 P.2d 821 (1979).

"Title" may pass despite noncompliance with code. - "Title" to a vehicle may be transferred, or passed, even though there is a failure to comply with code provisions concerning the certificate of title. State v. Montano, 93 N.M. 436, 601 P.2d 69 (Ct. App.), cert. denied, 93 N.M. 683, 604 P.2d 821 (1979).

Requirement of passing title is met where the title is possession and there is an intentional transfer, whether a sale or a loan. State v. Montano, 93 N.M. 436, 601 P.2d 69 (Ct. App.), cert. denied, 93 N.M. 683, 604 P.2d 821 (1979).

Thief does not have legal title to, or ownership of, a stolen vehicle and neither does the purchaser from a thief. State v. Montano, 93 N.M. 436, 601 P.2d 69 (Ct. App.), cert. denied, 93 N.M. 683, 604 P.2d 821 (1979).

66-3-506. Injuring or tampering with vehicle.

Any person who shall individually or in association with one or more others do any of the following shall be guilty of a misdemeanor and, upon conviction thereof, shall be imprisoned in the county jail for not less than six months nor more than one year:

A. purposely, and without authority from the owner, start or cause to be started the engine of any motor vehicle;

B. purposely and maliciously shift or change the starting device or gears of a standing motor vehicle to a position other than that in which they were left by the owner or driver of said motor vehicle;

C. purposely scratch or damage the chassis, running gear, body, sides, top covering or upholstery of a motor vehicle which is the property of another;

D. purposely destroy any part of a motor vehicle or purposely cut, mash, mark or in any other way, destroy or damage any part, attachment, fastening or appurtenance of a motor vehicle, without the permission of the owner;

E. purposely drain or start the drainage of any radiator, oil tank or gas tank upon a motor vehicle, without the permission of the owner;

F. purposely put any metallic or other substance or liquid in the radiator, carburetor, oil tank, grease cup, oilers, lamps, gas tanks or machinery of the motor vehicle with the intent to injure or damage the same or impede the working of the machinery thereof;

G. maliciously tighten or loosen any bracket, bolt, wire, nut, screw or other fastening on a motor vehicle; or

H. purposely release the brake upon a standing motor vehicle with the intent to injure said machine.

Burglary of vehicle separate offense. - The offense of burglary of a motor vehicle requires an unauthorized entry. Unauthorized entry is not an element of either unlawful taking of a vehicle under 66-3-504 NMSA 1978, or tampering with a vehicle under this section. This difference in the elements of the offenses is sufficient ground to reject the defendant's contention that the statutes are the same and that he should not be charged with the more general burglary charge. *State v. 66-3-507. Altered vehicle identification numbers; contraband.

A. Any person receiving, disposing of, offering to dispose of or having in his possession any vehicle or motor vehicle or motor vehicle engine, shall make adequate inquiry and inspection to determine that no manufacturer's serial number, engine number or other distinguishing number or mark or identification mark or number placed thereon under assignment of the division has been removed, defaced, covered, altered or destroyed.

B. When the inspection of a vehicle or motor vehicle or motor vehicle engine by any law enforcement officer indicates that the manufacturer's serial number, engine number or other distinguishing number or mark or identification mark or number placed thereon under assignment of the division has been removed, defaced, covered, altered or destroyed, that vehicle may be impounded for a period of time not to exceed ninety-six hours, unless part of that time shall fall upon a Saturday, Sunday or a legal holiday in which case the vehicle may be impounded for a period of time not to exceed six days. At the expiration of the stated time period, the vehicle or motor vehicle shall be returned to the person from whom it was taken at no cost unless an ex parte order allowing continued impoundment is issued by a magistrate or district court judge after finding that probable cause exists to believe that the manufacturer's serial number, engine number or other distinguishing number or mark or identification mark or number placed thereon under assignment of the division has been removed, defaced, covered, altered or destroyed. Within ten days of the issuance of such an order, the law enforcement agency shall cause to have the matter of the vehicle or motor vehicle or motor vehicle engine brought before a district court by filing in that court a petition requesting that the vehicle or item be declared contraband, unless the court grants an extension of time for such filing based on some reasonable requirement for extension of such filing by the law enforcement agency. If at the time of the hearing on that petition the court finds that the manufacturer's serial number, engine number or other distinguishing number or mark or identification mark or number placed thereon under assignment of the division has been removed, defaced, covered, altered or destroyed, the court shall declare the vehicle, motor vehicle or motor vehicle engine to be contraband, unless one of the exceptions enumerated in this section applies. At the time the vehicle, motor vehicle or motor vehicle engine is declared to be contraband, the court shall order that it be disposed of according to Subsection D of this section. Any vehicle, motor vehicle or motor vehicle engine in such condition shall not be subject to replevin except by an owner who can trace his ownership of that vehicle, motor vehicle or motor vehicle engine, from the manufacturer by furnishing the court records indicating the identity of all intermediate owners. The law enforcement agency seizing such a vehicle, motor

vehicle or motor vehicle engine, shall provide the person from whom it was taken a receipt for such vehicle, motor vehicle or motor vehicle engine.

C. Such vehicle, motor vehicle or motor vehicle engine, shall not be considered contraband when:

(1) it has been determined that such vehicle, motor vehicle or motor vehicle engine has been reported as stolen;

(2) that the vehicle, motor vehicle or motor vehicle engine is recovered in the condition described in Subsection B of this section;

(3) it clearly appears that the true owner is in no way responsible for the altering, concealing, defacing, destroying or alteration;

(4) the true owner obtains an assigned number issued by the division for such vehicle, motor vehicle or motor vehicle engine;

Flashing red lights may be used as warning lights on disabled or parked vehicles and on any vehicle as a means of indicating a turn.

D. Tow cars standing on highways for the purpose of removing, and actually engaged in removing, disabled vehicles, and while engaged in towing any disabled vehicle, may display flashing lights. This shall not be construed as permitting the use of flashing lights by tow cars in going to or returning from the location of disabled vehicles unless actually engaged in towing a disabled vehicle.

E. Only fire department vehicles, law enforcement agency vehicles, ambulances and school buses shall display flashing red lights visible from the front of the vehicle. All other vehicles authorized by the Motor Vehicle Code to display flashing lights visible from the front of the vehicle may use any other color of light that is visible.

If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the director that said approved device as thereafter to be sold meets the requirements, the director shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements. The director may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of such approved devices, and if such device upon such retest fails to meet the requirements, the director may refuse to renew the certificate of approval of such device.

66-3-840. Brakes.

A. Brake equipment is required as follows:

(1) every motor vehicle, other than a motorcycle, when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, including two separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels;

(2) every motorcycle when operated upon a highway, shall be equipped with at least two brakes which may be operated by hand or foot;

(3) every bus, truck, truck-tractor, road tractor, trailer and semitrailer, and pole trailer shall be equipped with brakes on all wheels in contact with road surfaces except:

(a) trailers, semitrailers and pole trailers of a gross weight of less than three thousand pounds;

(b) any vehicle being towed in a driveaway-towaway operation; provided, the combination of vehicles is capable of complying with the performance requirements of Subsection B of this section;

(c) trucks, truck-tractors and road tractors having three or more axles need not have brakes on the front wheels, except when such vehicles are equipped with at least two steerable axles the wheels of one such axle need not be equipped with brakes;

(d) house-moving dollies subject to regulations adopted by the secretary of transportation under the Motor Transportation Act [Articles 1, 3 and 5 of Chapter 55 NMSA 1978]; and

(e) motor vehicles of the types named in this section hereinabove, heretofore manufactured prior to July 1, 1963;

(4) every house trailer of a gross weight in excess of three thousand pounds, registered in the state, shall be equipped with brakes on at least two wheels in contact with road surfaces. Every house trailer of a gross weight of three thousand pounds or more, when operated upon a highway or roadway, shall be equipped with brakes adequate to control the movement of, and to stop and to hold, such vehicle, and so designed as to be applied by the driver of the towing motor vehicle;

(5) every bus, truck, road tractor or truck-tractor shall be equipped with parking brakes capable of locking the rear driving wheels and adequate under any condition of loading to hold, to the limit of traction of such braked wheels, such vehicle or combination of vehicles to which such motor vehicle may be attached. The operating controls of such parking brakes shall be independent of the operating controls of the service brakes;

(6) in any combination of motor-drawn vehicles, means shall be provided for applying the rearmost trailer brakes, of any trailer equipped with brakes, in approximate synchronism with the brakes on the towing vehicle and developing the required braking effort on the rearmost wheels at the fastest rate; or means shall be provided for applying braking effort first on the rearmost trailer equipped with brakes; or both of the above means capable of being used alternatively may be employed; and

(7) the brake shoes operating within or upon the drums on the vehicle wheels of any motor vehicle may be used for both service and hand operation.

B. Every motor vehicle or combination of motor-drawn vehicles shall be capable, at all times and under all conditions of loading, of being stopped on a dry, smooth, level road, free from loose material, upon application of the service brake, within the distance specified below, or shall be capable of being decelerated at a sustained rate corresponding to these distances:

from	Deceleration	Feet to stop
per	in feet per	20 miles
	second	hour
.	Vehicles or combinations of vehicles having brakes on all wheels . . .	30 14
.	Vehicles or combinations of vehicles not having brakes on all wheels . . .	40 10.7

Owner of vehicle not meeting minimum standards negligent if unexcused. - Section 64-20-41, 1953 Comp. Mere showing of defective brakes establishes prima facie negligence case. -

Under 64-20-41 and 64-20-1, 1953 Comp. (similar to this section and 66-3-801 NMSA 1978 respectively), the mere showing of the defectiveness of the brakes at the time of the accident, and that such defectiveness was the proximate cause of the accident, establishes negligence per se upon the part of the appellee or at the very least prima facie evidence of negligence; it is not necessary to show affirmatively that the defendant knew or should have known of the condition of the brakes. *Ferran v. Jacquez*, 68 N.M. 367, 362 P.2d 519 (1961).

Once violation shown, burden on violator to prove reasonableness. - Once the plaintiff has shown the statutory violation, the violation is sufficient evidence to defeat a motion for a directed verdict and defendant then has the burden of coming forward and showing lack of knowledge of the defective condition as a reasonable man which would relieve him of the responsibility placed upon him by the provision. *Goodman v. Venable*, 82 N.M. 450, 483 P.2d 505 (Ct. App. 1971).

Instruction that statute violator must sustain burden of reasonableness correct. -

Instruction stating "to legally justify or excuse a violation of the statute, the violator must sustain the burden of showing that he did that which might reasonably be expected of a person of ordinary prudence acting under similar circumstances who desires to comply with the law," held correct statement of the law. *Goodman v. Venable*, 82 N.M. 450, 483 P.2d 505 (Ct. App. 1971).

That car was going to be used on highway would be presumed unless as a matter of defense it was shown affirmatively that some different use was contemplated. *Ferran v. Jacquez*, 68 N.M. 367, 362 P.2d 519 (1961).

Presumption owner knew or should have known brakes were defective. - That defendant knew or should have known of the defective condition of his brakes is presumed in the first instance, and the appellee has the burden of proving lack of knowledge as a reasonable man as a defense which would relieve him of the responsibility placed upon him by the law. *Ferran v. Jacquez*, 68 N.M. 367, 362 P.2d 519 (1961).

If accident occurs shortly after owner has parted with possession of an automobile, and there is evidence to support a finding that the brakes were defective at the time of the accident, there is sufficient basis for submitting to the jury the question of whether or not the condition existed at the time the owner parted with possession so as to make him responsible therefor. *Ferran v. Jacquez*, 68 N.M. 367, 362 P.2d 519 (1961).

(1) when used in conjunction with the windshield, shall be nonreflective, shall not be red, yellow or amber in color and shall be used only along the top of the windshield, not extending downward beyond the ASI line or more than five inches from the top of the windshield, whichever is closer to the top of the windshield; and

(2) when used in conjunction with the safety glazing materials of the side wings or side windows located at the immediate right and left of the driver, the side windows behind the driver and the rearmost window shall be nonreflective, shall have a light transmission of not less than twenty percent and shall be used only on the windows of a motor vehicle equipped with one right and one left outside rearview mirror.

C. Each manufacturer shall:

The affidavit shall be in the possession of the person with such a physical condition, or the person's legal guardian, at all times while being transported in the motor vehicle.

F. The light transmission requirement of this section does not apply to windows behind the driver on truck tractors, buses, recreational vehicles multipurpose passenger vehicles and motor homes. A. When the use thereof is permitted, every solid rubber tire on a vehicle shall have rubber on its entire traction surface at least one-inch thick above the edge of the flange of the entire periphery.

B. No person shall operate or move on any highway any motor vehicle, trailer or semitrailer having any metal tire in contact with the roadway, except that for the purposes of the Motor Vehicle Code a snow tire with metal studs designed to increase traction on ice or snow shall not be considered a metal tire.

C. No tire on a vehicle moved on a highway shall have on its periphery any block, flange, cleat or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that is [it] shall be permissible to use farm machinery with tires having protuberances which will not injure the highway, and except also that it shall be permissible to use tire chains of reasonable proportions or snow tires with metal studs designed to increase traction on ice or snow upon any vehicle when required for safety because of snow, ice or other conditions tending to cause a vehicle to skid.

D. The state highway commission and local authorities, in their respective jurisdictions, may, in their discretion, issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of such movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under the Motor Vehicle Code.

E. No vehicle equipped with solid rubber or cushion tires shall be permitted upon any highway of this state without special permission first being granted by the state highway commission or the local authority having jurisdiction over the highway affected, and in no event may any such vehicle be operated at a speed in excess of that specified by law.

66-3-848. Safety glazing materials in motor vehicles.

A. No motor vehicle sold as new on or after January 1, 1954, shall be registered in this state on or after that date unless it is equipped with safety glazing material of a type approved by the director wherever glazing material is used in doors, windows or windshields; nor shall any new motor vehicle be sold in this state after such date unless it complies with this requirement. The foregoing provisions shall apply to all passenger-type motor vehicles including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material shall apply to all glazing material used in doors, windows and windshields in the driver's compartments of such vehicles.

B. The term "safety glazing materials" means glazing materials so constructed, treated or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

C. The director shall compile and publish a list of types of glazing material by name approved by him as meeting the requirements of this section and the director shall not register after January 1, 1954, any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he shall thereafter suspend the registration of any motor vehicle so subject to this section which he finds is not so equipped until it is made to conform to the requirements of this section.

D. On and after January 1, 1954, it shall be unlawful for any person to replace any glass in any vehicle or portion thereof, which under the provisions of Subsection A of this section must be equipped with safety glazing material, with any material other than safety glazing material of a type approved by the director.

66-3-849. Certain vehicles to carry flares or other warning devices.

On every bus, truck, truck tractor, road tractor and every driven vehicle in driveway-towaway operation, of a width greater than eighty inches, except buses operating wholly within a municipality, there shall be:

A. one of the following combinations of warning devices:

(1) three flares or liquid-burning pot torches and three fusees and two red cloth flags; or

(2) three red electric lanterns, two red cloth flags and three fusees; or

(3) three red emergency reflectors, two red cloth flags and three fusees;

(4) flares or pot torches, fusees, oil lanterns or any signal produced by a flame, shall not be carried on motor vehicles used in the transportation of explosives, flammable liquids or flammable compressed gases in cargo tanks, or in any motor vehicle using flammable compressed gases as a motor fuel; but in lieu of such flares and fusees, three electrical lanterns or three red emergency reflectors shall be carried; and

(5) the protective devices used shall comply with the requirements of Subsections A through F of this section;

B. flares or pot torches which shall be adequate and reliable and shall comply with the requirements approved by the director;

C. red electric lanterns which shall be adequate, reliable, equipped with a battery or batteries within each unit, and shall comply with the requirements approved by the director;

D. red emergency reflectors, each of which shall conform in all respects with the following requirements:

(1) each reflector shall be composed of at least two reflecting elements or surfaces, front and back; the reflecting elements, front and back, shall be approximately parallel;

(2) if the reflector or the reflecting elements are so designed or constructed that the reflecting surfaces would be adversely affected by dust, soot, or other foreign matter, or

contact with other parts of the reflector or its container, then such reflecting surfaces shall be adequately sealed within the body of the reflector;

(3) every reflector shall be so constructed that, when the reflector is properly placed, every reflecting element or surface is in a plane perpendicular to the plane of the roadway surface. Reflectors which are collapsible shall be provided with means for locking the reflector elements or surfaces in the required position; such locking means shall be readily capable of adjustment without the use of tools or special equipment;

(4) every reflector shall be of such weight and dimensions as to remain stationary when subjected to a forty mile-per-hour wind when properly placed on any clean, dry, paved road surface. The reflector shall be so constructed as to withstand reasonable shocks without breakage; and

(5) each set of reflectors and the reflecting elements or surfaces incorporated therein shall be adequately protected by enclosure in a box, or other adequate container especially designed and constructed so that the reflectors may be readily extracted for use;

E. fusees which shall be adequate, reliable, capable of burning at least fifteen minutes, and shall be equal to the specifications of the Bureau of Explosives, 30 Vesey Street, New York 7, New York, dated December 15, 1944, and be so marked; and

F. red cloth flags which shall be not less than twelve inches square, with standards adequate to maintain the flags in an upright position.

Signals must be placed at least 100 feet from vehicle. - Court should instruct the jury as to the duty imposed by law upon drivers of trucks and tractor-trailers in case of breakdown or stoppage upon the paved portion of the highway. The instruction should advise the jury that signals shall be placed at least 100 feet in front of and to the rear of disabled vehicles and that the distance is left to the discretion of the driver whenever the vehicle is stopped in any manner when the distance of 100 feet is not ample warning. *Zanolini v. Ferguson-Steere Motor Co.*, 58 N.M. 96, 265 P.2d 983 (1954).

Negligence per se for lack of equipment. - Failure to equip a truck with flares, fusees and flags and to put such devices out when a truck becomes disabled on the highway is negligence per se. Trefzer v. Stiles, 56 N.M. 296, 243 P.2d 605 (1952).

Negligence per se to park truck on paving at night. - Defendants, through their agent, were negligent per se by parking truck partially on paving at night without immediately putting out warning flares as required by law, ample room being available for parking safely off the pavement. Hisaw v. Hendrix, 54 N.M. 119, 215 P.2d 598 (1950).

Stopping truck on highway and backing up unsafely is negligence per se. - Where driver stopped truck without displaying flares, on main portion of highway at point where it was not impracticable to have parked off the pavement, and backed truck up without observing whether it could be done with safety, the violation of statutory provisions constituted negligence per se. Chandler v. Battenfield, 55 N.M. 361, 233 P.2d 1047 (1951).

Reflector can be used in place of fusee or lantern. - Section 64-20-53, 1953 Comp. (similar to 66-3-853 NMSA 1978) means that the placing of a red emergency reflector may be used in place of a lighted fusee and a lighted red electric lantern. Terrel v. Lowdermilk, 74 N.M. 135, 391 P.2d 419 (1964).

Proof of defective battery not proof of improper lighting. - Fact that truck was equipped with a defective battery after an accident does not necessarily mean that the proper lights were not burning on the truck or that the battery was defective prior to an emergency stop. Where trial court made no finding whether the lights were burning or not before or at the time of the accident, a conclusion that the truck was improperly lighted in violation of the statute would not flow from the findings as made. 66-3-850. Buses; additional emergency equipment.

On every bus, except buses engaged in driveaway-towaway operations, school buses and buses operating wholly within a municipality, there shall be:

A. at least one fire extinguisher with physical characteristics and fire extinguishing ability equivalent to or better than fire extinguishers which qualify under Classification B of the standards of the Underwriters' Laboratories, Incorporated. The extinguisher shall utilize an extinguishing agent which does not need protection from freezing and shall be properly filled and securely mounted in a bracket. The minimum size shall be one and

one-half quart carbon tetrachloride type, four-pound carbon dioxide type, four-pound dry chemical type or extinguishing capacity equivalent to any of these types. Two extinguishers may be carried to obtain the capacity required. This requirement does not apply to any bus having a seating capacity of eight or less persons;

B. one hand axe, except for buses having a seating capacity of eight or less persons;
and

C. one first-aid kit complying with the following requirements:

(1) the kit shall be of a heavy-duty ten-unit type or larger, or have contents at least equivalent in quality and number to its contents;

(2) the case and the cover shall be substantially constructed of sheet steel, wood, fiber or other durable material. If made of sheet steel, the case and cover shall be of metal at least number twenty-four U.S. gauge, nominal;

(3) the case and cover shall be constructed, including corners, covers and closure means, so that it is reasonably dust and weather proof when the cover is closed, or the kit shall be mounted in a protected location within the passenger compartment of the bus so as to be reasonably dust and weather proof;

(4) if made of sheet metal or other metals, the case shall be designed and constructed so that the cover can be easily opened to an angle of ninety degrees to one hundred degrees of arc with the case, and a substantial stop shall be provided at the angle of full opening without interfering with the smooth operation of the cover;

(5) if made of metal, the cover shall be attached to the case by at least two substantial hinges or by a continuous piano-type hinge. If nonmetallic, the cover shall be attached by either a sliding or a hinged joint; if hinged, it shall be as prescribed for metallic construction;

(6) the dimensions of the case shall permit the contents to be easily extracted and yet maintain the contents in a relatively fixed position; and

(7) the kit shall contain at least the contents specified, in not less than the quantities shown, in either of the two following types of kits:

66-3-851. Meaning of term "motor vehicle" as used in Sections 66-3-852 through 66-3-857 NMSA 1978; unattended vehicles.

A. For the purposes of Sections 66-3-852 through 66-3-857 NMSA 1978 "motor vehicle" means every bus, truck, truck tractor, road tractor and every driven vehicle in

driveaway-towaway operations, required by Section 66-3-859 [66-3-849] NMSA 1978 to have emergency equipment thereon.

B. No motor vehicle shall be left unattended until the parking brake has been securely set. All reasonable precautions shall be taken to prevent the movement of any vehicle left unattended.

Bracketed material. - The reference in Subsection A to Section 66-3-859 NMSA 1978 appears to be incorrect, since that section defines "tank motor vehicle". The bracketed material was not enacted by the legislature and is not part of the law.

No motor vehicle shall be stopped, parked or left standing, whether attended or unattended, upon the traveled portion of any highway outside of a business or residence district, when it is practicable to stop, park or leave such vehicle off the traveled portion of the highway. In the event that conditions make it impracticable to move such motor vehicle from the traveled portion of the highway, the driver shall make every effort to leave all possible width of the highway opposite the standing vehicle for the free passage of other vehicles and he shall take care to provide a clear view of the standing vehicle as far as possible to the front and rear.

A. the driver of such vehicle shall immediately place on the traveled portion of the highway at the traffic side of the disabled vehicle, a lighted fusee and a lighted red electric lantern, or a red emergency reflector;

B. except as provided in Subsections C and D of this section, as soon thereafter as possible, but in any event within the burning period of the fusee, the driver shall place three liquid-burning flares or pot torches, or three red emergency reflectors on the traveled portion of the highway in the following order:

(1) one at a distance of approximately one hundred feet from the disabled vehicle in the center of the traffic lane occupied by such vehicle and toward traffic approaching in that lane;

(2) one at a distance of approximately one hundred feet in the opposite direction from the disabled vehicle in the center of the traffic lane occupied by such vehicle; and

(3) one at the traffic side of the disabled vehicle, not less than ten feet to the front or rear thereof. If a red electric lantern or red emergency reflector has been placed on the traffic side of the vehicle in accordance with Subsection A of this section, it may be used for this purpose;

C. if disablement of any motor vehicle shall occur within five hundred feet of a curve, crest of a hill or other obstruction to view, the driver shall so place the warning signal in that direction as to afford ample warning to other users of the highway, but in no case less than one hundred feet nor more than five hundred feet from the disabled vehicle; and

D. if gasoline or any other flammable or combustible liquid or gas seeps or leaks from a fuel container of a motor vehicle disabled or otherwise stopped upon a highway, no emergency warning signal producing a flame shall be lighted or placed except at such a distance from any such liquid or gas as will assure the prevention of a fire or explosion.

History: 1941 Comp., § 68-2565, enacted by Laws 1953, ch. 139, § 159.7; 1953 Comp., § 64-20-65; recompiled as 1953 Comp., § 64-3-864, by Laws 1978, ch. 35, § 170.

66-3-865. Oxidizing materials.

An oxidizing material is a substance such as a chlorate, permanganate, peroxide or nitrate, that yields oxygen readily to stimulate the combustion of organic matter.

History: 1941 Comp., § 68-2566, enacted by Laws 1953, ch. 139, § 159.8; 1953 Comp., § 64-20-66; recompiled as 1953 Comp., § 64-3-865, by Laws 1978, ch. 35, § 171.

66-3-866. Acids and other corrosive liquids.

Corrosive liquids are those acids, alkaline caustic liquids and other corrosive liquids which, when in contact with living tissue, will cause severe damage of such tissue by chemical action; or in case of leakage, will materially damage or destroy other freight by chemical action; or are liable to cause fire when in contact with organic matter or with certain chemicals.

History: 1953 Comp., § 64-3-867, enacted by Laws 1978, ch. 35, § 173.

66-3-868. Poison.

A. Class A. Extremely dangerous poison, poison gas label. Poisonous gases or liquids of such nature that a very small amount of the gas, or vapor of the liquid mixed with air, is dangerous to life.

B. Class B. Less dangerous poisons, poison label. Poisonous liquids or solids, including pastes and semiliquids, are substances of such nature that they are chiefly dangerous by external contact with the body or by being taken internally, as in contaminated food or feeds. The vapors of some of this class of materials are also offensive and dangerous, but to a much lesser extent than Class A poisons.

C. Class C. Tear gases or irritating substances, tear gas label. Tear gases are liquid or solid substances which upon contact with fire or when exposed to air give off dangerous or intensely irritating fumes, such as bromobenzylcyanide, chloracetophenone, diphenylaminechlorisane and diphenylchlorasine, but not including any poisonous article, Class A.

That car was going to be used on highway would be presumed unless as a matter of defense it was shown affirmatively that some different use was contemplated. *Ferran v. Jacques*, 68 N.M. 367, 362 P.2d 519 (1961).

Presumption owner knew or should have known brakes were defective. - That appellee knew or should have known of the defective condition of his brakes is presumed in the first instance, and the appellee has the burden of proving lack of knowledge as a reasonable man as a defense which would relieve him of the

responsibility placed upon him by the statute. Ferran v. Jacquez, 68 N.M. 367, 362 P.2d 519 (1961).

If accident occurs shortly after owner has parted with possession of an automobile, and there is evidence to support a finding that the brakes were defective at the time of the accident, there is sufficient basis for submitting to the jury the question of whether or not the condition existed at the time the owner parted with possession so as to make him responsible therefor. Ferran v. Jacquez, 68 N.M. 367, 362 P.2d 519 (1961).

Jury can consider fact of lapsed inspection certificate. - On the question of knowledge, the jury could take into consideration the proof that the car carried no current brake and light inspection certificate as required by 64-21-1, 1953 Comp. ARTICLE 4 LICENSING OF DEALERS AND WRECKERS

66-4-1. Dealers, wreckers, wholesalers and distributors of vehicles must be licensed; presumption of conducting business.

A. No person, unless licensed to do so by the division, shall carry on or conduct the business of:

(1) a dealer in vehicles or motor vehicles, trailers, semitrailers, house trailers or pole trailers of a type subject to registration;

(2) wrecking or dismantling any vehicle or motor vehicle for the resale of the parts. Any person possessing three or more wrecked, dismantled or partially wrecked or dismantled vehicles or motor vehicles and selling or offering for sale a used vehicle or motor vehicle part and who regularly sells or offers for sale used vehicles or used motor vehicle parts shall be presumed to be conducting the business of wrecking or dismantling a vehicle or motor vehicle for the resale of the parts;

(3) wholesaling of vehicles. Any person who sells or offers for sale vehicles of a type subject to registration in this state, to a vehicle dealer licensed under the Motor Vehicle Code or who is franchised by a manufacturer, distributor or vehicle dealer to sell or promote the sale of vehicles dealt in by such manufacturer, distributor or vehicle dealer shall be presumed to be conducting the business of wholesaling. Provided, however, that if any such person also sells a vehicle at retail, he shall be deemed to be a dealer and is subject to the dealer-licensing provisions of the Motor Vehicle Code; or

(4) distributing of vehicles. Any person who distributes or sells new or used motor vehicles to dealers and who is not a manufacturer shall be presumed to be conducting the business of distributing vehicles.

B. Application for a dealer's, wholesaler's, distributor's or wrecker's license shall be made upon the form prescribed by the division and shall contain the name and address of the applicant and, when the applicant is a partnership, the name and address of each partner; or, when the applicant is a corporation, the names of the principal officers of the corporation and the state in which incorporated and the place or places where the business is to be conducted and the nature of the business and such other information as may be required by the division. Every application shall be verified by the oath or affirmation of the applicant, if an individual, or, in the event an applicant is a partnership or corporation, by a partner or officer of the partnership or corporation. Every application shall be accompanied by the fee required by law.

C. Any metal processor or dealer in scrap who dismantles, processes for scrap, shreds, compacts, crushes or otherwise destroys more than three vehicles or motor vehicles within a period of one year shall be licensed under the provisions of Sections 66-4-1 through 66-4-9 NMSA 1978.

D. In order to ensure that any dealer, wholesaler, distributor or wrecker complies with this section, the director may apply to a district court of this state to have any person operating without a license as required by this section enjoined from engaging in business until he complies with the requirements of licensing as provided by this section.

E. Upon application to a court for the issuance of an injunction against an unlicensed operator, the court may forthwith issue an order temporarily restraining him from doing business. The court shall hear the matter within three days and, upon a showing by the preponderance of the evidence that the person is operating without a license and that he has been given notice of the hearing as required by law, the court may enjoin him from engaging in business in New Mexico until he ceases to be unlicensed. Upon issuing an injunction, the court may also order the business premises of the person to be sealed by the sheriff and may allow the person access thereto only upon approval of the court.

F. No temporary restraining order shall be issued against any person who has complied with the provisions of this section. Upon a showing to the court by any person against whom a temporary restraining order has been issued that he has a license in accordance with the provisions of this section, the court shall dissolve or set aside the temporary restraining order.

A. The division, upon receiving application accompanied by the required fee and when satisfied that the applicant is of good character and, so far as can be ascertained, has complied with and will comply with the laws of this state with reference to the registration of vehicles and certificates of title and the provisions of the Motor Vehicle Code, shall issue to the applicant a license which entitles the licensee to carry on and conduct the business of a dealer or wrecker of vehicles, as the case may be, during the calendar year in which the license is issued. The license shall expire on December 31 of each year and may be renewed upon application and payment of the fee required by law.

B. Any licensee, before moving any one or more of his places of business or opening any additional place of business, shall apply to the division for and obtain a supplemental license for which no fee shall be charged. No supplemental license shall be issued to a dealer, other than a dealer in motorcycles, for an additional place of business unless:

(1) the place of business is an established place of business; or

(2) the majority of dealers, other than dealers in motorcycles, in the county in which the proposed additional place of business would be located have been offered the opportunity, in documentation acceptable to the division, to offer vehicles for sale at the proposed additional place of business by the applicant; provided that the offer shall be for sale of vehicles at all times at which the applicant proposes to sell vehicles and shall not be conditioned upon the payment of any fee by any dealer to whom it is addressed greater than a fair share of the actual expenses incurred.

C. Any person to whom the division has issued a license to conduct the business of a dealer in motorcycles is deemed a wrecker of motorcycles without additional license.

66-4-7. Dealers, wholesalers, distributors and wreckers of vehicles; house trailer dealers; dealers of motorcycles only; bond.

A. Before issuance of any dealer's license, wholesaler's license, distributor's license, wrecker of vehicles license or house trailer dealer's license, the applicant shall procure and file with the division a corporate surety bond in the amount of twenty thousand dollars (\$20,000). An applicant for a dealer's license for motorcycles only shall procure and file with the division a corporate surety bond in the amount of twelve thousand five hundred dollars (\$12,500). The corporate surety shall be licensed to do business in this state, and the form of the bond shall be approved by the attorney general. The bond shall be payable to the state for the use and benefit of the purchaser and his vendees, conditioned upon payment of any loss, damage and expense sustained by the purchaser or his vendees, or both, by reason of failure of the title of the vendor, by any fraudulent misrepresentations or by any breach of warranty as to freedom from liens on the motor vehicle, motorcycle or house trailer sold by the dealer, wholesaler, distributor, dealer of motorcycles only, house trailer dealer or wrecker of vehicles. The bond shall be continuous in form and limited to the payment of twenty thousand dollars (\$20,000) in total aggregate liability on a dealer's license, wholesaler's license, distributor's license, house trailer dealer's license and a wrecker of vehicles license and twelve thousand five hundred dollars (\$12,500) on a dealer's license for motorcycles only.

Conversely, no applicant for a wrecker of vehicles license who files bond in the amount and form specified in Subsection A of this section shall be required to file any additional bond to conduct a business of dealer of motor vehicles, distributor of motor vehicles, wholesaler of motor vehicles, house trailer dealer or dealer of motorcycles only.

C. No applicant for a dealer's license for motorcycles only who files a bond in the amount and form specified in Subsection A of this section shall be required to file any additional bond to conduct a business of motorcycle trailer dealer incidental to his business of dealer of motorcycles only.

ANNOTATIONS

Cross-references. - For definition of "division," see 66-1-4.4 NMSA 1978.

For the penalty for violation of this section, see 66-4-9 NMSA 1978.

Bond was intended not only for protection of a purchaser of an automobile from the bonded dealer, but also a wholesale seller. *Commercial Ins. Co. v. Watson*, 261 F.2d 143 (10th Cir. 1958).

Provision is enlargement to benefit those injured by dealer fraud. - Section 64-8-6, 1953 Comp. (similar to this section), is clearly an enlargement for the benefit of anyone injured by the dealer's fraudulent conduct of his business, and also for the benefit of any purchaser injured by failure of title. *Commercial Ins. Co. v. Watson*, 261 F.2d 143 (10th Cir. 1958).

Bond allows recovery of reasonable attorney's fees for appeal. - Under the surety's bond guaranteeing the payment of any loss or damages resulting from failure of title, purchaser is entitled to recover reasonable attorney fees for representation on appeal. *Yoakum v. Western Cas. & Sur. Co.*, 75 N.M. 529, 407 P.2d 367 (1965).

Bond does not cover fraud occurring long after title passed. - The reason for the bond is to protect "purchasers" because of failure of title. The bond is to protect against failure of title or fraud at the time of the purchase, and does not cover fraud occurring long after title has actually passed. *Prince v. National Union Fire Ins. Co.*, 75 N.M. 313, 404 P.2d 137 (1965).

Creditor unprotected by bond. - Where decedent automobile dealer could not obtain a license to do business as an automobile dealer or obtain a statutory dealer's bond and dealer's friend obtained bond and license for him, customer who gave car to dealer which he subsequently sold and then dealer died was not entitled to protection of statutory dealer's bond since customer was in reality a creditor unprotected by bond. *Kerr v. Schwartz*, 82 N.M. 63, 475 P.2d 457 (1970).

This section is not applicable where a vehicle was intended to be collateral on a loan and not a purchase. *Bennett v. Western Sur. Co.*, 95 N.M. 13, 618 P.2d 357 (1980).

Fraud not consummated until after title hypothecated to bank. - Bonding company is liable under its policy on the ground that although it was not in force when possession and title to the car were fraudulently taken on January 16, 1957, and the surety bond was issued on the following January 21, and the bond would not be retroactive for frauds perpetrated prior to its effective date, though the fraud might have been conceived prior to the issuance of the bond, it was not consummated until after the title to the automobile was hypothecated to the bank and defendant received the proceeds of the loan some time after the effective date of the bond. *Commercial Ins. Co. v. Watson*, 261 F.2d 143 (10th Cir. 1958).

Noncompliance with title transfer provisions not failure of title. - The fact that the parties failed to comply with the title transfer provisions of the Motor Vehicle Code would not operate to continue the plaintiff's status as a purchaser indefinitely. The provisions refer to the duties of the dealer and transferee, but noncompliance therewith cannot be considered a failure of title, fraudulent misrepresentation, or breach of warranty as to freedom from liens on a motor vehicle. *Prince v. National Union Fire Ins. Co.*, 75 N.M. 313, 404 P.2d 137 (1965).

Surety cannot collaterally attack final judgment that purchaser's interest inferior. - Surety is bound by final judgment that bank's lien on truck is superior to claim of purchaser, and may not assert invalidity of chattel mortgage or superiority of purchaser's claim as a bona fide purchaser in order to avoid obligation on its bond, where surety did not preserve the right to review these issues by cross appeal. *Yoakum v. Western Cas. & Sur. Co.*, 75 N.M. 529, 407 P.2d 367 (1965).

Fact that alleged principal was licensed automobile dealer under 64-8-1, 1953 Comp. (similar to 66-4-1 NMSA 1978) and had, likewise, procured the bond required by 64-8-6, 1953 Comp. (similar to this section), was considered favorably in determination that agency relationship existed. *State v. DeBaca*, 82 N.M. 727, 487 P.2d 155 (Ct. App. 1971).

Section did not apply to mobile homes. - Section 64-8-6, 1953 Comp. (similar to this section), did not apply to the purchase of mobile homes; its bond requirements applied only to the sale of motor vehicles, and a mobile home, being without motive power, could not be a motor vehicle within the meaning of 64-8-6, 1953 Comp. *Lewallen v. Elmore Mobile Homes, Inc.*, 89 N.M. 323, 551 P.2d 1370 (Ct. App. 1976).

66-4-8. Boat dealers; exempt from bond.

The provisions of Section 66-4-7 NMSA 1978, requiring dealers and wreckers of vehicles to post a bond, do not apply to persons who deal in boat trailers incidentally to dealing in boats, and who do not deal in other motor vehicles, trailers, semitrailers, house trailers or pole trailers of a type subject to registration.

Operator of small electrically driven vehicle must obtain operator's license. - The operator of a three horsepower, electrically driven vehicle suitable for transportation of persons upon the highways of the state must obtain a motor vehicle operator's license. 1959-60 Op. Att'y Gen. No. 59-36.

Absence of chauffeur's license unimportant unless truck driver must possess. - Permitting plaintiff in wrongful death action to show that driver did not have a chauffeur's license and submitting to jury question as to whether truck was being operated in violation of law was erroneous in absence of evidence that driver was member of a class of whom such license was required. *Downer v. Southern Union Gas Co.*, 53 N.M. 354, 208 P.2d 815 (1949).

Failure to possess license not ground for involuntary manslaughter conviction. - Failure of accused to have a driver's license was not ground for convicting him of involuntary manslaughter in death of his passenger where absence of license was not causally related to death. *State v. Seward*, 46 N.M. 84, 121 P.2d 145 (1942).

ANNOTATIONS

Repeals. - Laws 1993, ch. 68, § 57 repeals 66-5-3 NMSA 1978, as enacted by Laws 1978, ch. 35, § 225 relating to exceptions for motorcycle driver education effective June 18, 1993. For provisions of former section see 1992 Replacement Pamphlet.

66-5-4. Persons exempt from licensure.

The following persons are exempt from licensure under the Motor Vehicle Code:

A. any employee of the United States while driving a motor vehicle owned by or leased to the United States and being driven on official business;

B. any person who is at least fifteen years of age and who has in his immediate possession a valid driver's license issued to him in his home state or country may drive a motor vehicle in this state except that the person shall obtain a license upon becoming a resident and before he is employed for compensation by another for the purpose of driving a motor vehicle;

C. any nonresident who is at least eighteen years of age whose home state or country does not require the licensing of drivers may drive a motor vehicle for a period of not more than one hundred eighty days in any calendar year if the motor vehicle driven is duly registered in the home state or country of the nonresident;

D. any driver of a farm tractor or implement of husbandry temporarily drawn, moved or propelled on the highway;

E. any driver of an off-highway motorcycle; and

F. any person in the military service of the United States or who has been honorably discharged therefrom within thirty days when:

(1) he holds a driver's license of this state not more than six years old which has expired while the holder was in service;

(2) he is stationed outside the geographical limits of this state;

(3) he is on leave from military service; and

(4) only while operating a motor vehicle in this state.

History: 1953 Comp., § 64-5-4, enacted by Laws 1978, ch. 35, § 226; 1989, ch. 318, § 14.

ANNOTATIONS

Cross-references. - For snowmobile operators not being required to be licensed, see 66-9-8 NMSA 1978.

The 1989 amendment, effective July 1, 1989, added present Subsection E, and redesignated former Subsection E as present Subsection F, while substituting therein "six" for "four" in Paragraph (1) and "this state" for "the state" in Paragraph (2).

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

New resident can be required to obtain New Mexico license. - The department of motor vehicles (now division of motor vehicles) can require a person who has become a resident of this state to acquire a New Mexico operator's license regardless of how long or short a period he has been in the state. A person who has become a resident of New Mexico and has in his possession an operator's license issued to him by another state no longer falls within the exemption in Subsection B, of 64-13-38, 1953 Comp. (similar to this section), that is, carrying a valid driver's license from his home state. Although there is no statutory authority, it is probable that the department of motor vehicles, by a proper rule or regulation, can provide that new residents of the state of New Mexico have a period of 30 days in which to make an application for a New Mexico operator's license. 1966 Op. Att'y Gen. No. 66-22.

Duration of stay not determinative of necessity to obtain license. - The phrase "home state" in Subsection B of 64-13-38, 1953 Comp. (similar to this section), refers to the resident state of a vehicle operator. Consequently, a nonresident driver with a valid and current driver's license issued by another state is not required to apply for an operator's license in this state. Therefore, just because a person has been in the state of New Mexico for a period of 30 days does not mean that the department of motor vehicles (now division of motor vehicles) can require such person to obtain a New Mexico operator's license. 1966 Op. Att'y Gen. No. 66-22.

Licensed nonresident drivers are not required to apply for New Mexico operator's license. 1959-60 Op. Att'y Gen. No. 59-48.

66-5-5. Persons not to be licensed.

The division shall not issue a driver's license under the Motor Vehicle Code to any person:

A. who is under the age of sixteen years, except the division may, in its discretion, issue:

(1) a restricted instruction permit or a restricted license to students fourteen years of age or over, enrolled in and attending a driver-education course that includes a DWI education and prevention component approved by the bureau or offered by a public school;

(2) a license to any person fifteen years of age or older who has satisfactorily completed a driver-education course that is approved by the bureau or offered by a public school that includes both a DWI education and prevention component and practice driving; and

(3) to any person thirteen years of age or older who passes an examination prescribed by the division, a license restricted to the operation of a motorcycle, provided:

(a) the motor is not in excess of one hundred cubic centimeters displacement;

(b) no holder of an initial license may carry any other passenger while driving a motorcycle; and

(c) the director approves and certifies motorcycles as not in excess of one hundred cubic centimeters displacement and by regulation provides for a method of identification of such motorcycles by all law enforcement officers;

B. whose license or driving privilege has been suspended or denied, during the period of suspension or denial, or to any person whose license has been revoked, except as provided in Section 66-5-32 NMSA 1978;

C. who is an habitual drunkard, an habitual user of narcotic drugs or an habitual user of any drug to a degree which renders him incapable of safely driving a motor vehicle;

D. who, within any ten-year period, is three times convicted of driving a motor vehicle while under the influence of intoxicating liquor or narcotic drug regardless of whether the convictions are under the laws or ordinances of this state or any municipality or county of this state or under the laws or ordinances of any other state, the District of Columbia or any governmental subdivision thereof. Ten years after being so convicted for the third time, the person may apply to any district court of this state for restoration of the license, and the court, upon good cause being shown, may order restoration of the license applied for; provided that the person has not been subsequently convicted of driving a motor vehicle while under the influence of intoxicating liquor or drug in the ten-year period prior to his request for restoration of his license. Upon issuance of the order of restoration, a certified copy shall immediately be forwarded to the division, and if the person is otherwise qualified for the license applied for, the three previous convictions shall not prohibit issuance of the license applied for. Should the person be subsequently once convicted of driving a motor vehicle while under the influence of intoxicating liquor or drug, the division shall revoke his license for five years, after which time he may apply for restoration of his license as provided in this subsection;

E. who has previously been afflicted with or who is suffering from any mental disability or disease which would render him unable to drive a motor vehicle with safety upon the highways and who has not, at the time of application, been restored to health;

F. who is required by the Motor Vehicle Code to take an examination, unless he has successfully passed the examination;

G. who is required under the laws of this state to deposit proof of financial responsibility and who has not deposited the proof;

H. when the director has good cause to believe that the operation of a motor vehicle on the highways by the person would be inimical to public safety or welfare; or

I. as a motorcycle driver who is less than eighteen years of age and who has not presented a certificate or other evidence of having successfully completed a motorcycle driver-education program licensed or offered in conformance with regulations of the bureau.

The 1989 amendment, effective July 1, 1989, in Subsection B, substituted "whose license or driving privilege has been suspended or denied, during the period of suspension or denial" for "whose license has been suspended, during the suspension".

The 1993 amendment, effective July 1, 1994, substituted "a driver's" for "any driver's" in the introductory paragraph; substituted the language beginning "and attending a driver-education course" for "high school driver-education programs approved by the state board of education" at the end of Paragraph (1) of Subsection A; substituted the language beginning "a driver-education course" for "an accredited driver-education program" at the end of Paragraph (2) of Subsection A; substituted "within any ten-year period" for "subsequent to July 1, 1955" in the first sentence of Subsection D; substituted "Ten years" for "Five years" at the beginning and "ten-year period" for "five-year period" near the end of the second sentence in Subsection D; and substituted the language beginning "or offered" for "by or offered by a school in conformance with regulations of the state department of education" at the end of Subsection I.

When an applicant, formerly disabled under this provision, is cured, the division may in its discretion, upon proper medical representation as to the cure of the disability, issue a license. 1957-58 Op. Att'y Gen. No. 57-265.

Discretion may be exercised by local representative. - Issuing a permit or license to the groups and for the purposes covered by 64-13-40A(1), (2), 1953 Comp. (similar to this section), is a discretionary and not a mandatory matter with the division. The discretion to be exercised in issuing or refusing to issue a license or permit to these groups may be exercised by the local representative of the division. 1955-56 Op. Att'y Gen. No. 6255.

66-5-6. Health standards advisory board.

A. There shall be a "health standards advisory board" consisting of three members of the healing arts professions appointed by the director with the assistance of the secretary of health.

B. The board shall advise the director on physical and mental criteria and vision standards relating to the licensing of drivers under the provisions of this chapter.

C. The division, having cause to believe that a licensed driver or applicant may not be physically, visually or mentally qualified to be licensed, may obtain the advice of the board. The board may formulate its advice from records and reports or may cause an examination and report to be made by one or more members of the board or any other qualified person it may designate. The licensed driver or applicant may cause a written report to be forwarded to the board by a healing arts practitioner of his choice, and it shall be given due consideration by the board only after the licensed driver or applicant has again undergone an on-the-road examination and any physical, visual or mental tests as recommended by the board. These examinations and tests may not be waived by the division.

D. Members of the board and other persons making examinations shall not be held liable for their opinions and recommendations presented pursuant to Subsection C of this section.

E. The director shall pay members of the board per diem and mileage as provided in the Per Diem and Mileage Act [10-8-1 to 10-8-8 NMSA 1978] and, in addition, may determine and pay an hourly rate for work performed not to exceed fifty dollars (\$50.00) per hour and not to exceed five hours per month.

F. Reports received or made by the board or its members for the purpose of assisting the division in determining whether a person is qualified to be licensed are for the confidential use of the board or the division and may not be divulged to any person or used as evidence in any trial.

ANNOTATIONS

Bracketed material. - The bracketed reference to the secretary of health was inserted by the compiler, as Laws 1991, ch. 25, § 16 repeals former 9-7-4 NMSA 1978 and enacts a new 9-7-4 NMSA 1978, relating to the department of health. Laws 1991, ch. 25, § 17 amends 9-7-5 NMSA 1978 to provide that the administrative head of the department of health is the secretary of health. The bracketed material was not enacted by the legislature and is not part of the law.

The 1989 amendment, effective July 1, 1989, made minor stylistic changes in Subsections A and C, added present Subsection E, and redesignated former Subsection E as present Subsection F.

1995 amendments. - Laws 1995, ch. 135, § 16, effective June 16, 1995, in Subsection A, inserting "at least" following "consisting of", substituting "secretary after consultation with the secretary of health" for "director with the assistance of the secretary of health and environment", and adding the last sentence; in Subsection B, substituting "the Motor Vehicle Code" for "this chapter" and adding the language beginning "including

identifying sources" at the end; in Subsection D, deleting "Subsection C of" preceding "this section"; and substituting "department" for "division" and "director" in Subsections B, C, E, and F, was approved April 5, 1995. However, Laws 1995, ch. 136, § 1, effective June 16, 1995, also amending this section by, in Subsection A, inserting "a health standards", and deleting "and environment" at the end of the subsection; in Subsection C, inserting "only after the licensed driver or applicant has again undergone an on-the-road examination and any physical, visual or mental tests as recommended by the board" in the third sentence, and adding the last sentence, but not giving effect to the changes made by the first 1995 amendment, was approved April 5, 1995. The section is set out as amended by Laws 1995, ch. 136, § 1. See 12-1-8 NMSA 1978.

Meaning of "this chapter". - The term "this chapter," used in Subsection B, appears to refer to the Motor Vehicle Code, Articles 1 to 8 of Chapter 66 NMSA 1978, the licensing provisions of which are compiled as 66-5-1 to 66-5-51 NMSA 1978.

Motor Vehicle Code. - See 66-1-1 NMSA and notes thereto.

66-5-7. Driver's license; classification; examinations.

A. The division, upon issuing a driver's license, shall indicate on the license the type or general class of vehicles the licensee may drive. The division shall establish such qualifications, after public hearings, as it deems reasonably necessary for the safe operation of various types, sizes or combinations of vehicles and shall appropriately examine each applicant to determine his qualifications according to the type or general class of license for which he has applied.

B. The division, in issuing the driver's license for certain types or general classes of vehicles, may waive any on-the-road examination for applicants except as provided in Section 66-5-6 NMSA 1978. The division may certify certain employers, governmental agencies or other appropriate organizations to train and test all applicants for the type or general class of licenses if the training and testing meet the standards established by the director.

History: 1953 Comp., § 64-5-7, enacted by Laws 1978, ch. 35, § 229; 1995, ch. 136, § 2.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, substituted "on the license" for "thereon" in the first sentence in Subsection A; in Subsection B, added at the end of the first sentence "except as provided in Section 66-5-6 NMSA 1978", deleted "of the division" at the end of the subsection, and made minor stylistic changes throughout the subsection.

66-5-8. Instruction permits and temporary licenses.

A. Any person fifteen years of age or older who is enrolled in and attending a driver education course that includes a DWI prevention and education program approved by the bureau or offered by a public school may apply to the division for an instruction permit. The division, in its discretion after the applicant has successfully passed all parts of the examination other than the driving test, may issue to the applicant an instruction permit. This permit entitles the applicant, while having the permit in his immediate possession, to drive a motor vehicle upon the public highways for a period of six months when accompanied by a licensed driver who is occupying a seat beside the driver except in the event the permittee is operating a motorcycle. The instruction permit may be renewed or a new permit issued for an additional period of six months.

B. The division upon receiving proper application may in its discretion issue a restricted instruction permit effective for a restricted period of a school year or more to an applicant fourteen years of age or older who is enrolled in and attending a driver education course that is approved by the bureau or offered by a public school that includes both a DWI education and prevention component and practice driving even though the applicant has not reached the legal age to be eligible for a driver's license. The instruction permit entitles the permittee, when he has the permit in his immediate possession, to operate a motor vehicle only on a designated highway or within a designated area but only when an approved instructor is occupying a seat beside the permittee.

C. The division in its discretion may issue a temporary driver's permit to an applicant for a driver's license permitting him to operate a motor vehicle while the division is completing its investigation and determination of all facts relative to the applicant's right to receive a driver's license. The permit must be in his immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused.

D. Any holder of an instruction permit for a motorcycle shall not carry any other passenger while operating a motorcycle.

66-5-9. Application for license, temporary license or instruction permit.

A. Every application for an instruction permit or for a driver's license shall be made upon a form furnished by the department. Every application shall be accompanied by the proper fee. For permits or driver's licenses other than those issued pursuant to the New Mexico Commercial Driver's License Act [66-5-52 to 66-5-70 NMSA 1978], submission of a complete application with payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of six months from the date of application.

B. Every application shall contain the full name, social security number, date of birth, sex and New Mexico residence address of the applicant and briefly describe the applicant and indicate whether the applicant has previously been licensed as a driver and, if so, when and by what state or country and whether any such license has ever been suspended or revoked or whether an application has ever been refused and, if so, the date of and reason for the suspension, revocation or refusal.

C. Every applicant shall indicate whether he has been convicted of driving while under the influence of intoxicating liquor or drugs in this state or in any other jurisdiction. Failure to disclose any such conviction prevents the issuance of a driver's license, temporary license or instruction permit for a period of one year if the failure to disclose is discovered by the department prior to issuance. If the nondisclosure is discovered by the department subsequent to issuance, the department shall revoke the driver's license, temporary license or instruction permit for a period of one year. Intentional and willful failure to disclose, as required in this subsection, is a misdemeanor.

D. Every applicant less than eighteen years of age who is making an application to be granted his first New Mexico driver's license shall submit evidence that he has successfully completed a driver education course that included a DWI prevention and education program approved by the bureau or offered by a public school. The bureau may accept verification of driver education course completion from another state if the driver education course substantially meets the requirements of the bureau for a course offered in New Mexico.

E. Every applicant eighteen years of age and over, but less than forty-five years of age, who is making an application to be granted his first New Mexico driver's license shall submit evidence with his application that he has successfully completed a bureau-approved DWI prevention and education program.

F. Every applicant forty-five years of age and over, who has not been previously licensed in other jurisdictions for a cumulative total of more than ten years or who has been convicted of driving under the influence of intoxicating liquor or drugs, and who is making an application to be granted his first New Mexico driver's license, shall submit evidence with his application that he has successfully completed a bureau-approved DWI prevention and education program.

G. Whenever application is received from a person previously licensed in another jurisdiction, the department may request a copy of the driver's record from the other jurisdiction. When received, the driver's record may become a part of the driver's record in this state with the same effect as though entered on the driver's record in this state in the original instance.

H. Whenever the department receives a request for a driver's record from another licensing jurisdiction, the record shall be forwarded without charge.

I. This section does not apply to driver's licenses issued pursuant to the New Mexico Commercial Driver's License Act.

The 1991 amendment, effective July 1, 1991, substituted "department" for "division" in Subsections A, D and E; in Subsection A, divided the former second sentence into two sentences and rewrote the provision which read "Every application shall be accompanied by a proper fee and payment of such fee shall entitle the applicant to not more than three attempts to pass the examination within a period of six months from the date of application"; inserted "social security number" in Subsection B; in Subsection C, divided the former second sentence into two sentences and rewrote the provision which read "Failure to disclose any such conviction shall make the issuance or continued possession of a driver's license, temporary license or instruction permit for a period of one year prohibited"; added Subsection F; and made minor stylistic changes throughout the section.

The 1993 amendment, effective July 1, 1994, added current Subsections D and E and redesignated former Subsections D through F as Subsections F to H.

The 1995 amendment, effective July 1, 1995, inserted "but less than forty-five years of age" in Subsection E; added Subsection F; redesignated former Subsections F through H as Subsections G through I; and made a minor stylistic change.

66-5-10. Application for license; information; transfer to license.

A. Within the forms prescribed by the department for applications and licenses of drivers of motor vehicles, a space shall be provided to show whether the applicant is a donor as provided in the Uniform Anatomical Gift Act [24-6A-1 to 24-6A-15 NMSA 1978]. Anyone applying for a license may, if he desires, indicate his donor status on the space provided on the application, and this information, if given by an applicant, shall be shown upon the license issued. The form and driver's license shall be signed by the donor in the presence of a witness who shall also sign the form in the donor's presence.

B. The department shall mark the donor status on each person's driver's license record and shall retain each application form or its image of a person who wishes to be a donor. The department shall create and maintain a statewide donor registry and shall provide on-line computer terminal access to the donor registry to organ procurement agencies and procurement organizations, as defined in the Uniform Anatomical Gift Act. Authorized hospital or organ and tissue donor program personnel, immediately prior to

or after a donor's death, may request verification of the donor's status from the department and may obtain a copy of the application from the department.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, in Subsection A, deleted "and driver's license" following "sign the form", rewrote Subsection B, and, throughout the section, substituted "department" for "division" and made minor stylistic changes.

66-5-11. Application of minors.

A. The application of any person under the age of eighteen years for an instruction permit or driver's license shall be signed and verified by the father, mother or guardian, or, in the event there is no parent or guardian, then by another responsible adult who is willing to assume the obligation imposed under this article upon a person signing the application of a minor.

B. Any negligence or willful misconduct of a minor under the age of eighteen years when driving a motor vehicle upon a highway shall be imputed to the person who has signed the application of such minor for a permit or license, which person shall be jointly and severally liable with such minor for any damages caused by such negligence or willful misconduct, except as otherwise provided in Subsection C of this section.

C. In the event a minor deposits, or there is deposited upon his behalf, proof of financial responsibility in respect to the operation of a motor vehicle owned by him, or if not the owner of a motor vehicle, then with respect to the operation of any motor vehicle, in form and in amounts as required under the motor vehicle financial responsibility laws of this state, then the division may accept the application of such minor when signed by one parent or the guardian of such minor, and while such proof is maintained such parent or guardian shall not be subject to the liability imposed under Subsection B of this section.

History: 1953 Comp., § 64-5-11, enacted by Laws 1978, ch. 35, § 233.

ANNOTATIONS

Cross-references. - For financial responsibility generally, see 66-5-201 NMSA 1978 et seq.

Compiler's note. - The "guest act" or "guest statute," 64-24-1 and 64-24-2, 1953 Comp., was declared unconstitutional, as imposing an unreasonable and arbitrary classification, in *McGeehan v. Bunch*, 88 N.M. 308, 540 P.2d 238 (1975). As a result the

cases dealing with the "guest statute," annotated below, should be read in light of the unconstitutionality of the statute.

Purpose of verified signature of parent on minor's application for a driver's license is to obtain assurance of the responsibility required by the statute. *Rutledge v. Johnson*, 81 N.M. 217, 465 P.2d 274 (1970).

Action barred against minor also barred against parent signing license. - Guest Act (64-24-1, 1953 Comp.) barred the action against the minor operator, and as a consequence an action or claim against the person signing the minor's license application was also barred. *Hately v. Hamilton*, 81 N.M. 774, 473 P.2d 913 (Ct. App.), cert. denied, 81 N.M. 773, 473 P.2d 912 (1970).

Indicated by provision minor may make deposits. - Section 64-13-44, 1953 Comp. (similar to this section) was designed as a means of providing financial responsibility for the minor and liability on the part of the minor would be requisite to the imposition of a liability upon the signers. Paragraph (c) of the section would lend support to this conclusion in that the minor's deposits, if made under (c), clearly could not be subjected to a claim in the absence of liability on the part of the minor. *Hately v. Hamilton*, 81 N.M. 774, 473 P.2d 913 (Ct. App.), cert. denied, 81 N.M. 773, 473 P.2d 912 (1970).

Fact that duplicate license did not contain verified signature immaterial. - Where personal injury action was brought against minor driver and father for minor driver's negligence, fact that duplicate license, obtained after loss of original, did not contain father's verified signature, but rather the notation "parents permission by phone," did not preclude imputation of minor's negligence to father under this section, since father had not attempted to revoke or disclaim his original signature, nor did he seek relief from his responsibility by requesting cancellation of minor's license. *Rutledge v. Johnson*, 81 N.M. 217, 465 P.2d 274 (1970).

66-5-12. Release from liability.

Any person who has signed the application of a minor for a license may thereafter file with the division a verified written request that the license of said minor so granted shall

be cancelled. Thereupon, the division shall cancel the license of said minor and the person who signed the application of such minor shall be relieved from the liability imposed under this article, by reason of having signed such application, on account of any subsequent negligence or willful misconduct of such minor in operating a motor vehicle.

History: 1953 Comp., § 64-5-12, enacted by Laws 1978, ch. 35, § 234.

66-5-13. Cancellation of license upon death of person signing minor's application.

The division, upon receipt of satisfactory evidence of the death of the person who signed the application of a minor for a license shall cancel such license and shall not issue a new license until such time as a new application, duly signed and verified, is made as required by this article. This provision shall not apply in the event the minor has attained the age of eighteen years.

History: 1953 Comp., § 64-5-13, enacted by Laws 1978, ch. 35, § 235.

66-5-14. Examination of applicants.

A. The department shall examine every first-time applicant for a driver's license or a motorcycle endorsement and may examine other applicants for a driver's license or motorcycle endorsement. The examination shall include a test of the applicant's ability to read and understand highway signs regulating, warning and directing traffic, the applicant's knowledge of the traffic laws of this state and an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle except as provided in Section 66-5-7 NMSA 1978 and any further physical and mental examination as the department finds necessary to determine the applicant's fitness to operate a motor vehicle or motorcycle safely upon the highways.

B. Regardless of whether an applicant is examined under Subsection A of this section, the department shall test the eyesight of every applicant for a driver's license or motorcycle endorsement.

C. The department is authorized to contract with other persons for conduct of tests of the applicant's ability to exercise ordinary and reasonable control of a motor vehicle. Any such contract may be terminated by the secretary upon written notice for failure of the contractor to perform his duties to the secretary's satisfaction. Contracts under this subsection may provide for the form of notice and the length of the period, if any, between the notice and the effective date of the termination.

D. For purposes of this section, a "first-time applicant" means an applicant other than a person who:

(1) holds a currently valid driver's license issued by New Mexico or any other jurisdiction at the time of application; or

(2) does not hold a currently valid driver's license issued by New Mexico or any other jurisdiction at the time of application but who held a valid driver's license issued by New Mexico or any other jurisdiction within one year prior to the date of application if that driver's license was not revoked under any provision of the Motor Vehicle Code or suspended, canceled or revoked under the laws of any other jurisdiction for reasons similar to those for which revocation is authorized under the Motor Vehicle Code.

66-5-16. License to be carried and exhibited on demand.

Every licensee shall have his driver's license in his immediate possession at all times when operating a motor vehicle and shall display the license upon demand of a magistrate, a peace officer or a field deputy or inspector of the division. However, no person charged with violating this section shall be convicted if he produces in court a driver's license theretofore issued to him and valid at the time of his arrest.

Person is not permitted to operate motor vehicle on basis of documents in his or her possession which could, upon performance of a ministerial function by a government official, lead to the issuance of a license. 1980 Op. Att'y Gen. No. 80-21.

Urgent state interest is involved in checking vehicle registrations since there is a motor vehicle theft in New Mexico every two hours and 36 minutes, and in checking drivers licenses since this will tend to protect the public in that it can keep many unsafe drivers off the highway; thus, 64-3-11 and 64-13-49, 1953 Comp. (similar to 66-3-13 NMSA 1978 and this section respectively), grant the police the unquestioned good faith right to detain motor vehicles for the purposes specified therein. State v. Bloom, 90 N.M.

226, 561 P.2d 925 (Ct. App. 1976), rev'd on other grounds, 90 N.M. 192, 561 P.2d 465 (1977).

Section does not authorize random detention based on hunches. - Sections 64-3-11 and 64-13-49, 1953 Comp. (similar to 66-3-13 NMSA 1978 and this section respectively), grant the police the unquestioned good faith right to detain motor vehicles for the purpose specified, but when the detention becomes an excuse for some other purpose which would not be lawful, the actions then become unreasonable. The statutes do not nor cannot authorize a random selection of motorists based on a "hunch" or a "guesstimate" that some law has been broken, as such would violate minimum federal constitutional standards. *State v. Ruud*, 90 N.M. 647, 567 P.2d 496 (Ct. App. 1977), overruling, insofar as they construe these sections *United States v. Jenkins*, 528 F.2d 713 (10th Cir. 1975), and *United States v. Lepinski*, 460 F.2d 234 (10th Cir. 1972).

Random and routine check not unconstitutional. - There is no violation of constitutional standards where a state police officer in New Mexico stops the driver of a motor vehicle for the purpose of making a routine check of driver's license and vehicle registration on a random, or arbitrary basis, i.e., the officer having no reasonable suspicion that any law had been broken. *United States v. Jenkins*, 528 F.2d 713 (10th Cir. 1975)(but see heading, "Section does not authorize random detention based on hunches" above).

Individuals have no legitimate subjective expectation of privacy in their license, registration, or insurance documents when they are operating a motor vehicle. Consequently, it is not a "search" to request those documents. *State v. Reynolds*, 119 N.M. 383, 890 P.2d 1315 (1995).

Demanding proof of registration and display of license lawful. - Demanding proof of registration of the vehicle and the displayment of the driver's license were a lawful and necessary carrying out of the New Mexico statutes regulating motor vehicles and were not violative of minimum federal constitutional standards. *United States v. Lepinski*, 460 F.2d 234 (10th Cir. 1972)(but see heading, "Section does not authorize random detention based on hunches" above).

In conducting general license and registration checks under 64-3-11 and 64-13-49, 1953 Comp. (similar to 66-3-13 NMSA 1978 and this section respectively), the actions of the police must be in conformity with the constitutional requirements of the U.S. Const., amend. 4; and when the detention permitted by the statute becomes a mere subterfuge or excuse for some other purpose which would not be lawful the actions then become unreasonable and fail to meet the constitutional requirement. *State v. Bloom*, 90 N.M. 226, 561 P.2d 925 (Ct. App. 1976), rev'd, 90 N.M. 192, 561 P.2d 465 (1977).

66-5-19. Restricted licenses.

A. The division, upon issuing a driver's license, shall have authority, whenever good cause appears, to impose restrictions, including the shortening of the licensure period, suitable to the licensee's driving ability with respect to the type of, or special mechanical control devices required on, a motor vehicle which the licensee may operate, or such other restrictions applicable to the licensee as the division may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee. At age seventy-five and thereafter the applicant shall renew his license on a yearly basis at no cost to the applicant.

B. The division may either issue a special restricted license or may set forth such restrictions upon the usual license form.

C. The division may issue a restricted license for driving during daylight hours only, to some visually handicapped persons who fail the usual eyesight test. The medical advisory board shall evaluate the extent of the visual handicap and its effect on the driving ability of the applicant and, based on their recommendations, the director may issue a restricted license under the following conditions:

(1) the applicant has no record of moving violations;

(2) the necessity of the license is shown to the satisfaction of the director; and

(3) the applicant satisfies the provisions of Section 66-5-206 NMSA 1978, relating to proof of financial responsibility.

D. The division may, upon receiving satisfactory evidence of any violation of the restrictions of the license, suspend the same, but the licensee shall be entitled to a hearing as upon a suspension under Sections 66-5-1 through 66-5-47 NMSA 1978.

E. It is a misdemeanor for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him.

A license issued pursuant to Section 66-5-19 NMSA 1978 shall expire thirty days after the applicant's birthday in the year in which the license expires. Each license is renewable within ninety days prior to its expiration or at an earlier date approved by the department. The fee for the license shall be as provided in Section 66-5-44 NMSA 1978. A. The division shall file every application for a driver's license or a commercial driver's license pursuant to the provisions of the New Mexico Commercial Driver's License Act [66-5-52 to 66-5-70 NMSA 1978] received by it and shall maintain suitable indexes containing:

- (1) all applications denied and, on each, note the reasons for denial;
- (2) all applications granted;

(3) the name of every licensee whose license has been suspended or revoked by the division and, after each, note the reasons for the action; and

(4) the name of every licensee who has violated his written promise to appear in court.

B. The division shall also file all abstracts of court records of conviction or reports from the trial courts of this state received by it, which show either that a driver is a first offender or a subsequent offender and whether that offender was represented by counsel or waived the right to counsel, received by it under the laws of this state, with attention to Article III of the Driver License Compact [66-5-49 NMSA 1978], and in connection therewith maintain convenient records or make suitable notations in order that the individual record of each licensee showing the convictions of the licensee in which he has been involved shall be readily ascertainable and available for the consideration of the division upon any application for renewal of license and at other suitable times.

ANNOTATIONS

The 1988 amendment, effective January 1, 1989, in Subsection B, inserted "or a subsequent offender and whether that offender was represented by counsel or waived the right to counsel" and "Article III of" near the middle of the subsection, and deleted "of 1963, Section 66-5-49, Article III, NMSA 1978" following "Driver License Compact"; and made minor stylistic changes.

The 1989 amendment, effective July 1, 1989, in Subsection A substituted "driver's license or a commercial driver's license pursuant to the provisions of the New Mexico Commercial Driver's License Act" for "license" in the introductory paragraph, and substituted "received by it, which show either" for "which show" near the beginning of Subsection B.

66-5-24. Authority of division to cancel license.

A. The division is authorized to cancel any driver's license upon determining that the licensee was not entitled to the issuance thereof or that said licensee failed to give the required or correct information in his application or committed any fraud in making such application.

B. Upon such cancellation, the licensee must surrender the license so cancelled to the division.

A. The privilege of driving a motor vehicle on the highways of this state given to a nonresident is subject to suspension or revocation by the division in like manner and for like cause as a driver's license may be suspended or revoked.

B. The division is further authorized, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, or of notice of failure to appear or upon determination by the division of failure to pay a penalty assessment, to forward the record to the motor vehicle administrator in the state wherein the person so convicted or so noted is a resident.

A. The division is authorized to suspend or revoke the license of any resident of this state or the privilege of a nonresident to drive a motor vehicle in this state upon receiving notice of the conviction of such person in another state of an offense therein

which, if committed in this state, would be grounds for the suspension or revocation of the license of a driver.

B. In addition, the division is authorized to suspend the license of any resident of this state, or the privilege of a nonresident to drive a motor vehicle in this state, upon receiving notice of failure to appear or pay a penalty assessment in another state which is a signatory of the Nonresident Violator Compact [66-8-137.1 NMSA 1978] with New Mexico.

66-5-27. Recognition of convictions for motor vehicle offenses committed on military installations; suspension or revocation.

The division is authorized to suspend or revoke the license of any resident of this state or the driving privilege of any member of the armed forces of the United States who is stationed at a federal military installation within this state, upon the receipt of a notice, from the authority having jurisdiction over offenses which occur on a federal military installation, of the conviction of such person for an offense committed on such federal military installation, which if committed in this state, would be grounds for the suspension or revocation of the license of a driver.

66-5-28. Court to forward license to division; definitions of "convicted" and "conviction".

A. Whenever any person is convicted of any offense for which the Motor Vehicle Code or the New Mexico Commercial Driver's License Act [66-5-52 to 66-5-70 NMSA 1978] requires mandatory revocation of the driver's license of that person by the division, the court in which the conviction is had shall require the surrender to it the driver's license or commercial driver's license then held by the person so convicted, and the court shall forward the driver's license or commercial driver's license to the division, together with the abstract of the conviction.

B. For the purposes of Subsection A of this section and Sections 66-5-29, 66-8-102 and 66-8-117 NMSA 1978, the terms "conviction" and "convicted" mean that the alleged violator has entered a plea of guilty or nolo contendere or been found guilty in the trial court and has waived or exhausted all of his rights to an appeal. For the purposes of any other provisions of the Motor Vehicle Code, the terms "conviction" and "convicted" mean a final conviction in the trial court. For the purposes of the Motor Vehicle Code, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court or promise to mail payment on a penalty assessment when unvacated is equivalent to a conviction.

66-5-29. Mandatory revocation of license by division.

A. The division shall immediately revoke the license of any driver upon receiving a record of the driver's adjudication as a delinquent for or conviction of any of the following offenses, whether the offense is under any state law or local ordinance, when the conviction or adjudication has become final:

(1) manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) any offense rendering a person a "first offender" as defined in the Motor Vehicle Code, if that person does not attend a driver rehabilitation program pursuant to Subsection H of Section 66-8-102 NMSA 1978;

(3) any offense rendering a person a "subsequent offender" as defined in the Motor Vehicle Code;

(4) any felony in the commission of which a motor vehicle is used;

(5) failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another;

(6) perjury or the making of a false affidavit or statement under oath to the division under the Motor Vehicle Code or under any other law relating to the ownership or operation of motor vehicles; or

(7) conviction or forfeiture of bail not vacated upon three charges of reckless driving committed within a period of twelve months.

B. Any person whose license has been revoked under this section, except as provided in Subsection C, D or E of this section, shall not be entitled to apply for or receive any new license until the expiration of one year from the date of the last application on which the revoked license was surrendered to and received by the division, if no appeal is filed, or one year from the date that the revocation is final and he has exhausted his rights to an appeal.

C. Any person who upon adjudication as a delinquent or conviction is subject to license revocation under this section for an offense pursuant to which he was also subject to license revocation pursuant to Section 66-8-111 NMSA 1978 shall have his license revoked for that offense for a combined period of time equal to one year.

D. Upon receipt of an order from a court pursuant to Subsection J of Section 32-1-34 NMSA 1978 or Subsection G of Section 32-1-36 NMSA 1978, the division shall revoke the driver's license or driving privileges for a period of time in accordance with these provisions.

E. Upon receipt from a district court of a record of conviction for the offense of shooting at or from a motor vehicle pursuant to Subsection B of Section 30-3-8 NMSA 1978, or of a conviction for a conspiracy or an attempt to commit that offense, the division shall revoke the driver's licenses or driving privileges of the convicted person. Any person whose license or privilege has been revoked pursuant to the provisions of this subsection shall not be entitled to apply for or receive any new license or privilege until the expiration of one year from the date of the last application on which the revoked license was surrendered to and received by the division, if no appeal is filed, or one year from the date that the revocation is final and he has exhausted his rights to an appeal.

The 1988 amendment, effective July 1, 1988, substituted present Subsection A(2) for former Subsection A(2), regarding deferred sentences for first offenders convicted of driving while under the influence of intoxicating liquor who attend a driver rehabilitation program, and corrected a misspelling in Subsection B.

The 1989 amendment, effective July 1, 1989, in Subsection A, substituted "immediately" for "forthwith"; in Subsection B, inserted "or D" near the beginning; and added Subsection D.

1993 amendments. - Laws 1993, ch. 66, § 4, enacted an amendment to this section, effective January 1, 1994, approved March 19, 1993, which deleted "Subsection H of" preceding "Section 66-8-102" in Paragraph (2) of Subsection A. Laws 1993, ch. 78, § 4, enacted an amendment to this section, effective July 1, 1993, approved March 20, 1993 which substituted "Subsection C, D or E" for "Subsection C or D" in Subsection B; added Subsection E; and made a minor stylistic change in Subsection C. Revocation required upon conviction. - The revocation of the license of one convicted of driving while intoxicated is required. Division cannot revoke for conviction on Indian reservation. - By use of the term "another state," the legislature has equated the word "state" to that political status occupied by the state of New Mexico. If an Indian reservation is not a "state," then the division cannot revoke or suspend a license under 64-13-57, 1953 Comp. (similar to 66-5-26 NMSA 1978) even though the tribal court sends a record of a conviction to the division. 1961-62 Op. Att'y Gen. No. 62-6.

Mandatory revocation by state not denial of jury trial. - Mandatory revocation by state authorities of the driving license of any person convicted under 64-13-59, 1953 Comp. (similar to this section), for a period of one year does not deny the right to trial by a jury in district court on appeal, in violation of N.M. Const., art. II, §§ 12 and 14. *City of Tucumcari v. Briscoe*, 58 N.M. 721, 275 P.2d 958 (1954).

The fact that a conviction under a municipal ordinance for drunken driving automatically sets in motion a proper exercise of the state police power has no connection with or relevance to the appellant's right to a jury trial. *City of Tucumcari v. Briscoe*, 58 N.M. 721, 275 P.2d 958 (1954).

Finality of conviction not suspended by deferred judgment and sentence. - If the imposition of the judgment and sentence of the court is deferred under the provisions of 31-20-3 NMSA 1978, the finality of the conviction is not suspended within the meaning of 64-13-58 and 64-13-59, 1953 Comp. (similar to 66-5-28 NMSA 1978 and this section). 1959-60 Op. Att'y Gen. No. 60-49.

Review of mandatory revocation of license. - Although the Motor Vehicle Code is silent as to any provision expressly authorizing the right to appeal from a mandatory revocation of a driver's license, this omission does not deprive one whose license has been revoked of a right of judicial review by the district court of the administrative action by means of a petition for writ of certiorari. *Littlefield v. State ex rel. Taxation & Revenue Dep't*, 114 N.M. 390, 839 P.2d 134 (Ct. App. 1992).

Division bound by plea agreement. - Since, pursuant to a plea bargain, the judgment and sentence upon conviction of a motorist for driving under the influence expressly provided that the conviction was to be treated as a first conviction under 66-8-102 NMSA 1978, the division was bound by the judgment and had no authority to revoke the motorist's license, even though the motorist had a previous conviction. *Collyer v. 66-5-30. Authority of division to suspend or revoke license.

A. The division is authorized to suspend the license of a driver without preliminary hearing upon a showing by its records or other sufficient evidence that the licensee:

- (1) has been convicted of an offense for which mandatory revocation of license is required upon conviction;
- (2) has been convicted as a driver in any accident resulting in the death or personal injury of another or serious property damage;
- (3) has been convicted with such frequency of offenses against traffic laws or regulations governing motor vehicles as to indicate a disrespect for traffic laws and a disregard for the safety of other persons on the highways;
- (4) is an habitually reckless or negligent driver of a motor vehicle;
- (5) is incompetent to drive a motor vehicle;
- (6) has permitted an unlawful or fraudulent use of the license;
- (7) has been convicted of an offense in another state which if committed in this state would be grounds for suspension or revocation;
- (8) has violated provisions stipulated by a district court in limitation of certain driving privileges;
- (9) has failed to fulfill a signed promise to appear or notice to appear in court as evidenced by notice from a court, whenever appearance is required by law or by the court as a consequence of any charge or conviction under the motor vehicle code;
- (10) has failed to pay a penalty assessment within thirty days of the date of issuance; or
- (11) has accumulated seven points, but less than eleven points, and when the division has received a recommendation from a municipal or magistrate judge that the licensee be suspended for a period not to exceed three months.

B. Upon suspending the license of any person as authorized in this section, the division shall immediately notify the licensee in writing and upon his request shall afford him an opportunity for a hearing as early as practicable within not to exceed twenty days, not counting Saturdays, Sundays and legal holidays, after receipt of the request in the county wherein the licensee resides unless the division and the licensee agree that the hearing may be held in some other county; provided that the hearing request is received within twenty days from the date that the suspension was deposited in the United States mail. The director may, in his discretion, extend the twenty-day period. Upon the hearing, the director or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. Upon the hearing, the division

shall either rescind its order of suspension or, good cause appearing therefor, may continue, modify or extend the suspension of the license or revoke the license.

Necessity for procedural due process applies to suspension of one's driver's license by this state. *City of Albuquerque v. Juarez*, 93 N.M. 188, 598 P.2d 650 (Ct. App. 1979), overruled on other grounds, *State v. Herrera*, 111 N.M. 560, 807 P.2d 744 (Ct. App. 1991).

Constitutional for administrative officer to have power to suspend license. - A driver's license being a privilege, there is no denial of the due process of law resulting from placing the power to revoke or suspend the same in an administrative officer. *Johnson v. Sanchez*, 67 N.M. 41, 351 P.2d 449 (1960).

Officer given definite and tangible guide. - The commissioner of motor vehicles (now director of the motor vehicle division) has a definite and tangible standard to guide him in determining whether or not a driver is an habitual reckless or negligent driver and therefore 64-13-60, 1953 Comp. (similar to this section), does not violate constitution. *Johnson v. Sanchez*, 67 N.M. 41, 351 P.2d 449 (1960).

Sufficient evidence of fault must be required. - Section 64-13-60 A (2), 1953 Comp. (similar, but with substantially different wording as to fault, to this section), is unconstitutional for failure to require sufficient evidence of fault on the part of a driver involved in an accident resulting in the death or personal injury of another or serious property damage, in that the failure to include such a requirement renders the statute an attempt to grant the department of motor vehicles the power to deprive licensees of property without due process of law, and denies to licensees the equal protection of the laws, contrary to N.M. Const., art. II, § 18. 1959-60 Op. Att'y Gen. No. 60-194.

Causes for suspension same with residents and nonresidents. - The procedures employed and the causes for which a nonresident license may be suspended or revoked are identical with that for the suspension or revocation of a resident operator's license. 1959-60 Op. Att'y Gen. No. 60-167.

Section is only statutory authorization for revocation of Indian's license. - Section 64-13-60, 1953 Comp. (similar to this section), is the only statutory authorization for the revocation of an Indian's driver's license because of his driving habits on state highways on Indian land. Since it does not provide that a person need be convicted of traffic offenses, it appears clearly within the discretion of the division to act if it has "sufficient evidence" tending to show that the driver is habitually reckless or negligent. 1961-62 Op. Att'y Gen. No. 62-6.

Suspension if convicted in municipal court of driving while intoxicated. - A suspension of a driver's license can be made by the motor vehicle division if the driver is convicted in municipal court for driving while intoxicated even though the person convicted takes an appeal to the district court. 1959-60 Op. Att'y Gen. No. 59-6.

Suspension of license purely administrative. - The suspension of an operator's license, even though perhaps quasi-judicial, is purely an administrative act and not a judicial duty. *Johnson v. Sanchez*, 67 N.M. 41, 351 P.2d 449 (1960).

Public officials administering police regulations may be vested with discretion. - It is not always necessary that statutes and ordinances prescribe a specific rule of action, but on the other hand, some situations require the vesting of some discretion in public officials, as, for instance, where it is difficult or impracticable to lay down a definite, comprehensive rule, or the discretion relates to the administration of a police regulation and is necessary to protect the public morals, health, safety and general welfare. *Johnson v. Sanchez*, 67 N.M. 41, 351 P.2d 449 (1960).

Juvenile's license can be suspended without juvenile court action. - Motor vehicle department (now motor vehicle division) can suspend driving privileges of a juvenile by hearing before a representative of the department, when there has been no citation or petition to the juvenile court, and no action taken by a juvenile court of the state of New Mexico. 1961-62 Op. Att'y Gen. No. 61-97.

Suspension without preliminary hearing. - Section 64-13-60, 1953 Comp. (similar to this section), grants the power to suspend the license of an operator without preliminary hearing upon sufficient evidence that the licensee has committed an offense for which mandatory revocation of license is required upon conviction. 1959-60 Op. Att'y Gen. No. 60-194.

Request for hearing. - The licensee may demand a hearing on the suspension and obtain a hearing within 20 days following the request for the hearing, and if the hearing is not allowed, the suspension would be invalid. 1959-60 Op. Att'y Gen. No. 59-6.

Twenty day period not mandatory. - The language in Subsection B providing that upon request of the licensee a hearing shall be conducted within 20 days is directory and not mandatory in nature. *Littlefield v. State ex rel. Taxation & Revenue Dep't*, 114 N.M. 390, 839 P.2d 134 (Ct. App. 1992).

Surrender of license not condition precedent to holding hearing. - Section 64-13-63, 1953 Comp. (similar to former 66-5-33 NMSA 1978), does clearly give the division the right to require a license surrender to the division upon entering the order of suspension. However, 64-13-63, 1953 Comp. does not give the division the authority to require such a surrender as a condition precedent to holding the hearing required by 64-13-60, 1953 Comp. (similar to this section). 1959-60 Op. Att'y Gen. No. 60-129.

66-5-31. Division may require reexamination.

The division, having good cause to believe that a licensed driver is incompetent or otherwise not qualified to be licensed, may request that, upon written notice of at least five days to the licensee, he submit to an examination. B. Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked shall not be entitled to have the license or privilege renewed or restored unless the revocation was for a cause that has been removed, except that after the expiration of the period specified in Subsection B of Section 66-5-29 NMSA 1978 from the date on which the revoked license was surrendered to and received by the division, the person may make application for a new license as provided by law.

C. The suspension period for failure to appear or failure to remit the penalty assessment shall, at the discretion of the director, be extended indefinitely subject to the provisions of Subsection B of Section 66-5-30 NMSA 1978.

ANNOTATIONS

The 1990 amendment, effective July 1, 1990, substituted "the period specified in Subsection B of Section 66-5-29 NMSA 1978" for "one year", deleted "but the division shall not then issue a new license unless and until it is satisfied, after investigation of the character, habits and driving ability of such person that it will be safe to grant the privilege of driving a motor vehicle on the public highways" following "as provided by law", and made minor stylistic changes in Subsection B.

For provisions of former section, see 1984 replacement pamphlet. For present comparable provisions, see 66-5-33.1 and 66-5-230 NMSA 1978.

66-5-33.1. Reinstatement of driver's license or registration; fee.

Whenever a driver's license or registration is suspended or revoked and an application has been made for its reinstatement, compliance with all appropriate provisions of the Motor Vehicle Code and the payment of a fee of twenty-five dollars (\$25.00) is a prerequisite to the reinstatement of any license or registration; except that, if a driver's license was suspended or revoked for driving while under the influence of intoxicating liquor or drugs or for a violation of the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978], an additional fee of seventy-five dollars (\$75.00) is required to be paid to reinstate the driver's license. The division shall deposit the additional fee in the local governments road fund. The division shall maintain an accounting of the additional fees deposited in the local governments road fund pursuant to this section and shall report that amount annually and upon request to the legislature.

66-5-35. Limited driving privilege upon suspension or revocation; hearing; review.

A. Upon suspension or revocation of license following conviction or adjudication as a delinquent under any law, ordinance or regulation relating to motor vehicles, a person may apply to the director for a license or permit to drive, limited to use allowing him to engage in gainful employment, except that no person shall be eligible to apply for a limited license when the person's license was revoked or suspended pursuant to:

(1) the provisions of the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978], except as provided in Subsection B of this section; or

(2) an offense for which the person is a subsequent offender as defined in the Motor Vehicle Code.

B. A person who has had his license revoked for the first time pursuant to the provisions of Paragraph (1) or (2) of Subsection C of Section 66-8-111 NMSA 1978 may apply for and shall receive a limited license or permit thirty days after suspension or revocation of his license if the person provides the director with documentation of the following:

(1) that the person is enrolled in an approved DWI school and an approved alcohol screening program;

(2) proof of financial responsibility pursuant to the provisions of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978]; and either

(3) proof of gainful employment or gainful self-employment and that the person needs a limited license to travel to and from his place of employment; or

(4) that the person is enrolled in school and needs a limited license to travel to and from school.

C. Upon receipt of the application, proof of financial responsibility for the future and a hearing as provided in Subsection D of this section, the director shall issue a limited license or permit to the applicant showing the limitations specified in the approved application, provided that the applicant meets established uniform criteria for limited driving privileges adopted by regulation of the department. For each limited license or permit to drive, the applicant shall pay to the division a fee of forty-five dollars (\$45.00), which shall be transferred to the state highway and transportation department. All money collected under this subsection shall be used for DWI prevention and education programs for elementary and secondary school students. The state highway and transportation department shall coordinate with the department of health to ensure that there is no program duplication. The limited license or permit to drive may be suspended as provided in Section 66-5-30 NMSA 1978.

D. The director, within twenty days of receipt of an application for a limited driver's license or permit pursuant to this section, shall afford the applicant a hearing in the county in which the applicant resides, unless the division and the licensee agree that the hearing may be held in some other county. The director may, in his discretion, extend the twenty-day period, provided that the extension is in writing and made no later than fifteen days after receipt of an application. Upon hearing, the director or his duly authorized hearing officer may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers. The director shall make specific findings as to whether the applicant has shown proof of financial responsibility for the future and meets established uniform criteria for limited driving privileges adopted by regulation of the department. The director shall enter an order either approving or denying the applicant's request for a limited license or permit to drive. If any of the specific findings set forth in this subsection are not found by the director, the applicant's request for a limited license or permit shall not be approved.

E. A person adversely affected by an order of the director may seek review within thirty days in the district court in the county in which he resides. The district court, upon thirty days' written notice to the director, shall hear the case. On review, it is for the court to determine only whether the applicant met the requirements in this section for issuance of a limited license or permit to drive.

Cross-references. - For definitions of "director" and "division," see 66-1-4.4 NMSA 1978.

For financial responsibility generally, see 66-5-201 NMSA 1978 et seq.

Bracketed material. - The bracketed reference to the department of health was inserted by the compiler, as Laws 1991, ch. 25, § 16 repeals former 9-7-4 NMSA 1978, relating to the health and environment department, and enacts a new 9-7-4 NMSA 1978, creating the department of health. The bracketed material was not enacted by the legislature and is not part of the law.

The 1989 amendment, effective June 16, 1989, in Subsection A inserted "state highway and transportation" in the third and fourth sentences of the undesignated last paragraph.

The 1993 amendment, effective January 1, 1994, inserted "except as provided in Subsection B of this section" in Paragraph (1) of Subsection A; deleted the former second sentence of Paragraph (2) of Subsection A which prohibited issuance of a limited license following a consent decree resulting from a filing of delinquency based on a violation involving driving under the influence of intoxicating liquor or drugs; inserted current Subsection B; inserted the subsection designation "C"; substituted "department of health to ensure" for "alcoholism bureau of the health and environment department to insure" in the next to last sentence of Subsection C; redesignated former Subsections B and C as Subsections D and E; deleted "Subection A of" preceding "this section" in the first sentence of Subsection D and in the final sentence of Subsection E; substituted "approving" for "issuing the applicant a limited license or permit to drive" and substituted "any of" for "one or both of" in the next to last and final sentences of Subsection D; and made a minor stylistic change in Subsection C.

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

Provision not restricted to first-time convictions. - There is no indication that 64-13-64.1, 1953 Comp. (similar to this section), can be used only in cases of first-time convictions, and in the absence of such legislative declaration it is not to be so restricted. 1972 Op. Att'y Gen. No. 72-48.

Subsequent offenders excluded. - As a result of the 1984 amendment, no limited license for gainful employment shall be issued when the applicant's license has been revoked or suspended for an offense occurring after July 1, 1984 for which the applicant is a subsequent offender. *Minero v. 66-5-36. Right of appeal to court.

Any person denied a license or whose license has been cancelled, suspended or revoked by the division, except where such cancellation or revocation is mandatory under the provisions of this article, shall have the right to file a petition within thirty days thereafter for a hearing in the matter in the district court in the county wherein such person shall reside and such court is vested with jurisdiction and it is its duty to set the matter for hearing upon thirty days' written notice to the director, and thereupon to take testimony and examine into the facts of the case and to determine whether the petitioner is entitled to a license or is subject to suspension, cancellation or revocation of license under the provisions of this article.

Court only determines whether grounds for revocation exist. - The language in 64-13-65, 1953 Comp. (similar to this section), "to determine whether the petitioner is entitled to a license or is subject to suspension, cancellation or revocation of license under the provisions of this act" means that it is for the court to determine only whether grounds for suspension, cancellation or revocation exist. *Johnson v. Sanchez*, 67 N.M. 41, 351 P.2d 449 (1960).

Scope of review. - On appeals from administrative bodies, the questions to be answered by the court are questions of law and are restricted to whether the administrative body acted fraudulently, arbitrarily or capriciously, whether the order was supported by substantial evidence, and, generally, whether the action of the administrative head was within the scope of his authority. *Johnson v. Sanchez*, 67 N.M. 41, 351 P.2d 449 (1960).

Review of mandatory revocation of license. - Although the Motor Vehicle Code is silent as to any provision expressly authorizing the right to appeal from a mandatory revocation of a driver's license, this omission does not deprive one whose license has been revoked of a right of judicial review by the district court of the administrative action

by means of a petition for writ of certiorari. *Littlefield v. State ex rel. Taxation & Revenue Dep't*, 114 N.M. 390, 839 P.2d 134 (Ct. App. 1992).

G. do any act forbidden or fail to perform any act required by Sections 66-5-1 through 66-5-47 NMSA 1978 or the provisions of the New Mexico Commercial Driver's License Act [66-5-52 to 66-5-70 NMSA 1978].

66-5-39. Driving while license suspended or revoked; providing penalties.

A. Any person who drives a motor vehicle on any public highway of this state at a time when his privilege to do so is suspended or revoked and who knows or should have known that his license was suspended or revoked is guilty of a misdemeanor and shall be charged with a violation of this section. Upon conviction, the person shall be punished notwithstanding the provisions of Section 31-18-13 NMSA 1978 by imprisonment for not less than four days or more than three hundred sixty-four days or participation for an equivalent period of time in a certified alternative sentencing program, and there may be imposed in addition a fine of not more than one thousand dollars (\$1,000). When a person pays any or all of the cost of participating in a certified alternative sentencing program, the court may apply that payment as a deduction to any fine imposed by the court. Notwithstanding any other provision of law for suspension or deferment of execution of a sentence, if the person's privilege to drive was revoked for driving while under the influence of intoxicating liquor or drugs or a violation of the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978], upon conviction under this section, that person shall be punished by imprisonment for not less than seven consecutive days and shall be fined not less than three hundred dollars (\$300) or not more than one thousand dollars (\$1,000) and the fine and imprisonment shall not be suspended, deferred or taken under advisement. No other disposition by plea of guilty to any other charge in satisfaction of a charge under this section shall be authorized if the person's privilege to drive was revoked for driving while under the influence of intoxicating liquor or drugs or a violation of the Implied Consent Act. Any municipal ordinance prohibiting driving with a suspended or revoked license shall provide penalties no less stringent than provided in this section.

B. In addition to any other penalties imposed pursuant to the provisions of this section, when a person is convicted pursuant to the provisions of this section or a municipal ordinance that prohibits driving on a suspended or revoked license, the motor vehicle the person was driving shall be immobilized by an immobilization device for thirty days, unless immobilization of the motor vehicle poses an imminent danger to the health, safety or employment of the convicted person's immediate family or the family of the owner of the motor vehicle. The convicted person shall bear the cost of immobilizing the motor vehicle.

C. The division, upon receiving a record of the conviction of any person under this section upon a charge of driving a vehicle while the license of the person was suspended, shall extend the period of suspension for an additional like period, and, if the conviction was upon a charge of driving while a license was revoked, the division shall not issue a new license for an additional period of one year from the date the person would otherwise have been entitled to apply for a new license.

The 1993 amendment, effective January 1, 1994, inserted "and who knows or should have known that his license was suspended or revoked" in the first sentence of Subsection A; substituted the language beginning "four days or more" for "two days nor more than six months, and there may be imposed in addition a fine of not more than five hundred dollars (\$500)" at the end of the second sentence in Subsection A; inserted the current third sentence in Subsection A; substituted "seven consecutive days" for "ninety-six consecutive hours" and inserted "or not more than one thousand dollars (\$1,000)" in the fourth sentence of Subsection A; inserted current Subsection B; and redesignated former Subsection B as Subsection C.

66-5-49. Driver License Compact enacted.

The Driver License Compact is entered into with all other jurisdictions legally joining therein in a form substantially as follows:

DRIVER LICENSE COMPACT

ARTICLE I

Findings and Declaration of Policy

A. The party states find that:

(1) the safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles;

(2) violation of state law or local ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property; and

(3) continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

B. It is the policy of each of the party states to:

(1) promote compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where they drive motor vehicles; and

(2) make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuation or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II

Definitions

As used in the Driver License Compact:

A. "state" means a state, territory or possession of the United States, the District of Columbia or the commonwealth of Puerto Rico;

B. "home state" means the state which has issued, and has the power to suspend or revoke the use of, the license or permit to operate a motor vehicle; and

C. "conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III

Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. The report shall:

- A. clearly identify the person convicted;
- B. describe the violation, specifying the section of the statute, code or ordinance violated;
- C. identify the court in which action was taken;
- D. indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and
- E. include any special findings made in connection therewith.

ARTICLE IV

Effect of Conviction

A. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported pursuant to Article III of the Driver License Compact as it would if the conduct had occurred in the home state in the case of convictions for:

- (1) manslaughter or negligent homicide resulting from the operation of a motor vehicle;
- (2) driving a motor vehicle under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;
- (3) any felony in the commission of which a motor vehicle is used; and
- (4) failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury to another.

B. As to other convictions reported pursuant to Article III, the licensing authority in the home state shall give the effect to the conduct as is provided by the laws of the home state.

C. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in Subsection A of this article, that party state shall construe the denominations and descriptions appearing in Subsection A as being applicable to, and identifying, those offenses or violations of a substantially similar nature, and the laws of that party state shall contain provisions necessary to ensure that full effect is given to this article.

ARTICLE V

Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of, a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

A. the applicant has held a license, but it has been suspended by reason, in whole or in part, of a violation and if the suspension period has not terminated;

B. the applicant has held a license, but it has been revoked by reason, in whole or in part, of a violation and if the revocation has not terminated, except that after expiration of one year from the date the license was revoked, the person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to the applicant if, after investigation, it determines that it will not be safe to grant to the person the privilege of driving a motor vehicle on the public highways; or

C. the applicant is the holder of a license to drive issued by another party state and currently in force, unless he surrenders the license.

ARTICLE VI

Applicability of Other Laws

Except as expressly required by provisions of the Driver License Compact, nothing contained in the compact shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstances, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII

Compact Administrator and Interchange of Information

A. The head of the licensing authority of each party state shall be the administrator of the Driver License Compact for his state. The administrators, acting jointly, may formulate all necessary and proper procedures for the exchange of information under the Driver License Compact.

B. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of the Driver License Compact.

ARTICLE VIII

Entry into Force and Withdrawal

A. The Driver License Compact shall enter into force and become effective as to any state when it has enacted the compact into law.

B. Any party state may withdraw from the Driver License Compact by enacting a statute repealing the compact, but no withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX

Construction and Severability

The Driver License Compact shall be liberally construed to effectuate its purposes. The provisions of the compact are severable and if any phrase, clause, sentence or provision is declared to be contrary to the constitution of any party state, or of the United States, or its applicability to any government, agency, person or circumstance is held invalid, the validity or [of] the remainder of the compact and its applicability to any government, agency, person or circumstance shall not be affected. If the compact is held contrary to the constitution of any party state, it shall remain in full effect as to the state affected as to all severable matters.

ANNOTATIONS

The 1992 amendment, effective April 1, 1992, added "staggered licensing during implementation period" to the section catchline, added "Except as provided in Subsection C of this section," in Subsection A, substituted "secretary" for "director" in Subsection B, and added Subsection C.

66-5-68. Disqualification.

A. The department shall disqualify a person from driving a commercial motor vehicle for a period of not less than one year if the person:

(1) refuses to submit to a chemical test when requested pursuant to the provisions of the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978]; or

(2) is convicted of a violation of:

(a) driving a commercial motor vehicle under the influence of alcohol or a controlled substance, pursuant to Section 66-5-68.1 NMSA 1978, Section 66-8-102 NMSA 1978, an ordinance of a municipality of this state or the law of another state;

(b) leaving the scene of an accident involving a commercial motor vehicle driven by the person in violation of Section 66-7-201 NMSA 1978 or an ordinance of a municipality of this state or the law of another state; or

(c) using a commercial motor vehicle in the commission of any felony.

B. The department shall disqualify a person from driving a commercial motor vehicle for a period of not less than three years if any of the violations specified in Subsection A of this section occur while transporting a hazardous material required to be placarded.

C. The department shall disqualify a person from driving a commercial motor vehicle for life if convicted of two or more violations of any of the offenses specified in Subsection A of this section, or any combination of those offenses, arising from two or more separate incidents, but the secretary may issue regulations establishing guidelines, including conditions, under which a disqualification for life under this subsection may be reduced to a period of not less than ten years. This subsection applies only to those offenses committed after July 1, 1989.

D. The department shall disqualify a person from driving a commercial motor vehicle for life if the person uses a commercial motor vehicle in the commission of any felony involving the manufacture, distribution or dispensing of a controlled substance, or the possession with intent to manufacture, distribute or dispense a controlled substance.

E. The department shall disqualify a person from driving a commercial motor vehicle for a period of not less than sixty days if convicted of two serious traffic violations or one hundred twenty days if convicted of three serious traffic violations, if the violations were committed while driving a commercial motor vehicle, arising from separate incidents occurring within a three-year period.

F. When a person is disqualified from driving a commercial motor vehicle, any commercial driver's license held by that person is invalidated without separate proceeding of any kind and the driver is not eligible to apply for a commercial driver's license until the period of time for which the driver was disqualified has elapsed.

G. After disqualifying, suspending, revoking or canceling a commercial driver's license, the department shall, within ten days, update its records to reflect that action. After disqualifying, suspending, revoking or canceling a nonresident commercial driver's privileges, the department shall, within ten days, notify the licensing authority of the state that issued the commercial driver's license.

H. For purposes of this section, the term "convicted" includes a license revocation pursuant to the Implied Consent Act or the implied consent act of another state.

History: Laws 1989, ch. 14, § 17; 1990, ch. 120, § 30; 1992, ch. 13, § 8.

ANNOTATIONS

The 1990 amendment, effective July 1, 1990, in Subsection B, substituted "secretary" for "taxation and revenue department" in the first sentence and "July 1, 1989" for "the effective date of the New Mexico Commercial Driver's License Act" at the end of the second sentence; added present Subsection E; redesignated former Subsections F and G as present Subsections E and F; and, in present Subsection F, deleted "taxation and revenue" preceding "department" in the first sentence.

The 1992 amendment, effective April 1, 1992, substituted "Disqualification" for "Cancellation" in the catchline; rewrote the provisions of former Subsection A and

redesignated them as present Subsections A and B; redesignated former Subsections B to G as present Subsections C to H; deleted "or who is convicted of any violation of the Controlled Substances Act" at the end of Subsection D; twice inserted "disqualifying" in Subsection G; added "or the implied consent act of another state" at the end of Subsection H; and made minor stylistic changes throughout the section.

66-5-68.1. Persons under influence of alcohol.

ANNOTATIONS

Effective dates. - Laws 1992, ch. 13, § 12 makes this section effective on July 1, 1993.

Repealing clauses. - Laws 1992, ch. 13, § 11, provided for a repeal of 66-5-68.1 NMSA 1978 on April 1, 1994, unless that repeal would cause federal financial sanctions against the state or would affect the validity of commercial driver's licenses issued by the state. Laws 1994, ch. 40, § 1 repeals Laws 1992, ch. 13, § 11.

66-5-69. Notification of traffic convictions.

Within ten days after receiving a report of the conviction of any holder of a nonresident commercial driver's license for any violation of state law or local ordinance relating to motor vehicle traffic control, other than parking violations, committed in a commercial motor vehicle, the division, after receipt of conviction information required pursuant to Section 66-5-28 NMSA 1978, shall notify the driver's licensing authority in the licensing state of the conviction in this state.

History: Laws 1989, ch. 14, § 18.

66-5-70. Reciprocity.

Notwithstanding any other provision of law, a person who is not a New Mexico resident may drive a commercial motor vehicle if that person has a commercial driver's license issued by any state in accordance with the standards for the issuance of New Mexico commercial driver's licenses, if the license is not suspended, revoked or canceled and if the person is not disqualified from driving a commercial motor vehicle or subject to an out-of-service order.

PART 2

ACTIONS AGAINST NONRESIDENT OWNERS AND OPERATORS

66-5-101, 66-5-102. Reserved.

ANNOTATIONS

Compiler's note. - Laws 1978, ch. 35, § 274, recompiled former 64-24-1 and 64-24-2, 1953 Comp., the Automobile Guest Statute, as 64-5-101 and 64-5-102, 1953 Comp. However, in *McGeehan v. Bunch*, 88 N.M. 308, 540 P.2d 238 (1975), the Guest Statute was held unconstitutional. The sections referred to have therefore been omitted from NMSA 1978.

66-5-103. [Nonresident owners and operators; service of process on secretary of state in accident cases.]

That the acceptance by nonresidents of the rights and privileges conferred by existing laws to operate motor vehicles on the public highways of the state of New Mexico, or the operation by a nonresident, or his authorized chauffeur, or agent, of a motor vehicle on the said highways, other than under said laws, shall be deemed equivalent to an irrevocable appointment by such nonresident, binding upon his executor, administrator or personal representative, of the secretary of state of the state of New Mexico, or his successor in office, to be his true and lawful agent, upon whom may be served all lawful process in any action or proceeding against said nonresident, growing out of any accident or collision in which said motor vehicle may be involved, while same is operated in the state of New Mexico by said nonresident, or by his authorized chauffeur or agent; and said acceptance or operation of said vehicle shall be signification of his agreement that any such process against him, or his executor, administrator or personal representative, which is so served on the secretary of state shall be of the same legal force and validity as if served upon him personally, or his executor, administrator or personal representative, within the state.

History: Laws 1931, ch. 127, § 1; 1941 Comp., § 68-1003; Laws 1953, ch. 146, § 1; 1953 Comp., § 64-24-3; recompiled as 1953 Comp., § 64-5-103, by Laws 1978, ch. 35, § 275.

ANNOTATIONS

Cross-references. - For definition of nonresident, see 66-1-4.12 NMSA 1978.

For personal service of process outside state in an action involving operation of a motor vehicle on a state highway, see 38-1-16 NMSA 1978.

Statutory intent. - It is the manifest intent of this statute (this section and 66-5-104 NMSA 1978) to accomplish due process upon the defendant nonresident motorist by service of process (summons) upon the statutory agent of the defendant, and further, to give greater substance to the service of process by service personally upon the defendant of a notice that this formal part of the statutory service of process has been complied with, and also by the delivery to him personally of a copy of the process, a copy of the complaint, and a copy of the order of court directing the service. State ex rel. Dresden v. District Court, 45 N.M. 119, 112 P.2d 506 (1941).

"Nonresident". - Intent of the legislature in writing this section and 66-5-104 NMSA 1978 was to have the word "nonresident" include every nonresident whether a corporation or an individual. Crawford v. Refiners Coop. Ass'n, 71 N.M. 1, 375 P.2d 212 (1962).

"Process". - The word "process" in this section and 66-5-104 NMSA 1978 is used in the sense of "summons." State ex rel. Dresden v. District Court, 45 N.M. 119, 112 P.2d 506 (1941).

When nonresident provisions inapplicable. - Service of process on New Mexico driver by serving a copy of the summons, complaint and court order upon the driver by an Arizona sheriff was valid under 38-1-16 NMSA 1978 concerning personal service out of state, where the driver was completely apprised of the case against him, even though plaintiff apparently thought at the time that service must be obtained under the nonresident motorist provisions (this section and 66-5-104 NMSA 1978). Crawford v. Refiners Coop. Ass'n, 71 N.M. 1, 375 P.2d 212 (1962).

Service upon director of dissolved corporation in Arizona is sufficient under New Mexico law; and it is not necessary that service be made in the state of incorporation. Crawford v. Refiners Coop. Ass'n, 71 N.M. 1, 375 P.2d 212 (1962).

Appointment of administrator for nonresident decedent's estate. - Under 31-1-3, 1953 Comp. (since repealed), a right of indemnity under a liability insurance policy issued to nonresident decedent by company authorized to do business in this state and subject to process in this state was sufficient to support appointment of administrator for the estate and county in which he died following automobile collision, although no judgment had been recovered against decedent's estate making the right of indemnity a debt. Miller v. Stiff, 62 N.M. 383, 310 P.2d 1039 (1957).

Defendant must have been nonresident at time of accident. - To be valid, service on nonresident defendant by serving secretary of state requires that defendant was a nonresident at time of the accident and not at time the suit is filed. Fisher v. Terrell, 51 N.M. 427, 187 P.2d 387 (1947).

Residence precludes service on secretary of state. - A finding which was necessarily made though not expressed in action for injuries suffered in automobile accident, to the effect that defendants were New Mexico residents at time of the accident, would preclude service of process on secretary of state, and not be disturbed on appeal. Fisher v. Terrell, 51 N.M. 427, 187 P.2d 387 (1947).

To confer jurisdiction under this section and 66-5-104 NMSA 1978 not only must a cause of action be stated in a complaint but a plaintiff "shall further show in his complaint or by affidavit" that a defendant was a nonresident owner or operator as contemplated by this section at the time of the accident or collision. The complaint cannot simply state that the defendants were nonresidents. St. Paul Fire & Marine Ins. Co. v. Rutledge, 68 N.M. 140, 359 P.2d 767 (1961).

Jurisdiction may be proved during trial if nonresident defendants. - Because driver of automobile, which negligently collided with the automobile of plaintiffs causing personal injuries to them and property damage to the automobile, was an employee, agent and chauffeur for the defendants, all of whom were owners of the automobile or had an interest therein, and where service of process on the out-of-state residents was sought pursuant to this section, the plaintiffs were entitled to the opportunity of proving jurisdiction during the trial on the merits and not be cut off at a preliminary hearing. 66-5-104. [Procedure in action against nonresident owner or operator.]

The manner of procuring and serving process in any cause, brought pursuant to the preceding section [66-5-103 NMSA 1978], shall be as follows, to wit:

The plaintiff shall file a verified complaint in one of the district courts of the state, showing a cause of action against the defendant, or his executor, administrator or personal representative, of the class contemplated in Section one (66-5-103 NMSA 1978) hereof; and shall further show in said complaint, or by affidavit, to the satisfaction of the judge of said court, that the defendant, or his executor, administrator or personal representative, is one of the persons contemplated in Section one (66-5-103 NMSA 1978), and the residence of said defendant, or his executor, administrator or personal representative, and a description of the car, or motor vehicle, claimed to have been operated by the said defendant, or his agent, as near as the same can reasonably be ascertained by the plaintiff; and the time, place and nature of such accident, or injury. Upon such showing being made, the judge shall make an order, directing that service of process be made on the defendant, or his executor, administrator or personal representative, as provided in Section one (66-5-103 NMSA 1978) hereof; and, also, that a copy of the process, and complaint, and of said order, and a notice that the same has been served upon the secretary of state, pursuant to this act [(66-5-103, 66-5-104 NMSA 1978)], be delivered to the defendant personally, or his executor, administrator or personal representative, without the state. Proof of such service shall be made by affidavit filed in said cause, and service shall be deemed complete thirty (30) days from the date such personal service is made on the defendant, or his executor, administrator or personal representative.

The court in which the action is pending shall, upon affidavit submitted upon behalf of the defendant, or his executor, administrator or personal representative, grant such additional time to answer, or continuances, as shall be reasonably necessary to allow defendant, or his executor, administrator or personal representative, full opportunity to plead and prepare for the trial of the said cause.

State ex rel. Dresden v. District Court, 45 N.M. 119, 112 P.2d 506 (1941).

Notice of service of court's order need not be given. - It is not necessary that a copy of the court's order be served on the secretary of state, and that notice be delivered to the defendant personally that such copy has been served upon the secretary of state. PART 3

FINANCIAL RESPONSIBILITY

66-5-201. Short title.

Sections 66-5-201 through 66-5-239 NMSA 1978 may be cited as the "Mandatory Financial Responsibility Act".

History: 1953 Comp., § 64-5-201, enacted by Laws 1978, ch. 35, § 277; 1983, ch. 318, § 1.

ANNOTATIONS

Cross-references. - For provisions relating to operator's and chauffeur's licenses generally, see 66-5-1 to 66-5-51 NMSA 1978.

Compiler's note. - Many of the following cases and opinions were decided under former law.

Legislative intent. - By enacting the financial responsibility laws, 64-24-42 through 64-24-107, 1953 Comp. (similar to 66-5-201 to 66-5-239 NMSA 1978), the legislature intended to eliminate the financially irresponsible driver from the highways and to provide for the giving of security and proof of financial responsibility by owners and operators of motor vehicles. 1969 Op. Att'y Gen. No. 69-119.

Scope of act's influence. - The Financial Responsibility Act, 64-24-42 to 64-24-104, 1953 Comp. (similar to 66-5-201 to 66-5-239 NMSA 1978), does not undertake to exert any statutory influence or compulsion upon all motorists to have and maintain proof of financial responsibility in compliance with its provisions. Its statutory influence or compulsion is exerted only upon motorists who have been involved in accidents or who fail to pay judgments rendered against them for damages resulting from the use and operation of motor vehicles. And it exerts influence or compulsion upon such motorists by denying to them driving privileges, registration certificates or plates unless and until they have and maintain such proof of financial responsibility. *Farmers Ins. Exch. v. Ledesma*, 214 F.2d 495 (10th Cir. 1954).

Liberal construction. - The purpose of the Motor Vehicle Safety Responsibility Law (64-24-42 to 64-24-104, 1953 Comp., similar to 66-5-201 to 66-5-239 NMSA 1978), is to provide protection to the public from injury and damage resulting from the operation of motor vehicles upon the public highways. The intended beneficiaries are the members of the general public who may be injured in automobile accidents. The act represents the considered public policy of the state, and it should be given a liberal construction to accomplish the intended objective. *Farmers Ins. Exch. v. Ledesma*, 214 F.2d 495 (10th Cir. 1954).

66-5-201.1. Purpose.

The legislature is aware that motor vehicle accidents in the state of New Mexico can result in catastrophic financial hardship. The purpose of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978] is to require and encourage residents of the state of New Mexico who own and operate motor vehicles upon the highways of the state to have the ability to respond in damages to accidents arising out of the use and operation of a motor vehicle. It is the intent that the risks and financial

burdens of motor vehicle accidents be equitably distributed among all owners and operators of motor vehicles within the state.

History: Laws 1983, ch. 318, § 2.

ANNOTATIONS

Legislative intent. - By enacting the financial responsibility laws, 64-24-42 through 64-24-107, 1953 Comp. (similar to 66-5-201 to 66-5-239 NMSA 1978), the legislature intended to eliminate the financially irresponsible driver from the highways and to provide for the giving of security and proof of financial responsibility by owners and operators of motor vehicles. 1969 Op. Att'y Gen. No. 69-119.

This section reflects the view that the required automobile liability insurance is for the benefit of the public generally, innocent victims of automobile accidents, as well as the insured. *Allstate Ins. Co. v. Jensen*, 109 N.M. 584, 788 P.2d 340 (1990).

Geographical coverage. - The Mandatory Financial Responsibility Act was primarily adopted in response to the legislative concern about motor vehicle accidents in this state. Nothing in the overall statutory scheme indicates that the legislature intended to mandate broader geographical coverage for uninsured motorist coverage than for other types of coverage. *Dominguez v. Dairyland Ins. Co.*, 123 N.M. 448, 942 P.2d 191 (Ct. App. 1997).

66-5-202. Repealed.

ANNOTATIONS

Repeals. - Laws 1990, ch. 120, § 45 repeals 66-5-202 NMSA 1978, as amended by Laws 1987, ch. 268, § 27, relating to definitions, effective July 1, 1990. For provisions of former section, see 1989 Replacement Pamphlet. For present comparable provisions, see 66-1-4.1 to 66-1-4.20 NMSA 1978.

66-5-203. Director to administer act.

The director shall:

A. administer and enforce the provisions of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978] and may make rules and regulations necessary for its administration;

B. receive and consider any pertinent information upon request of persons aggrieved by his orders or acts under any of the provisions of the Mandatory Financial Responsibility Act; and

C. prescribe and provide suitable forms requisite or deemed necessary for the purposes of the Mandatory Financial Responsibility Act.

History: 1953 Comp., § 64-5-203, enacted by Laws 1978, ch. 35, § 279; 1983, ch. 318, § 4.

66-5-204. Administrative and court review.

Any owner of a motor vehicle registered in New Mexico who is aggrieved by the decision of the director made under the provisions of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978] may appeal to the hearing officer of the division for a hearing to be held within twenty days of the receipt by the division of the appeal. Any person who continues aggrieved after the decision made by the hearing officer may appeal that decision within twenty days to the district court. The court shall determine whether there is sufficient evidence to uphold the decision of the hearing officer.

History: 1978 Comp., § 66-5-204, enacted by Laws 1983, ch. 318, § 5.

ANNOTATIONS

Cross-references. - For procedures governing administrative appeals to the district court, see Rule 1-074 NMRA.

Repeals and reenactments. - Laws 1983, ch. 318, § 5, repeals former 66-5-204 NMSA 1978, relating to court review of orders or acts of the director of the motor vehicle division, and enacts the above section.

Compiler's note. - For scope of review of the district court, see *Zamora v. Village of Ruidoso Downs*, 120 N.M. 778, 907 P.2d 182 (1995).

Review under former law. - Since the state has a legitimate interest in protecting the users of its highways by placing reasonable restrictions upon the driving privilege, the concept of requiring proof of financial responsibility from licensees was clearly constitutional, and such proof could be required, without a hearing to avoid suspension, following an accident; the judicial review provided for in 64-24-44, 1953 Comp. (similar to this section), was adequate to assure compliance with the law by the administrative officials. *Quetawki v. Prentice*, 303 F. Supp. 737 (D.N.M. 1968).

66-5-205. Vehicle must be insured or owner must have evidence of financial responsibility; penalties.

A. No owner shall permit the operation of an uninsured motor vehicle, or a motor vehicle for which evidence of financial responsibility as was affirmed to the division is not currently valid, upon the streets or highways of New Mexico unless the vehicle is

specifically exempted from the provisions of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978].

B. No person shall drive an uninsured motor vehicle, or a motor vehicle for which evidence of financial responsibility as was affirmed to the division is not currently valid, upon the streets or highways of New Mexico unless he is specifically exempted from the provisions of the Mandatory Financial Responsibility Act.

C. For the purposes of the Mandatory Financial Responsibility Act, "uninsured motor vehicle" means a motor vehicle for which a motor vehicle liability policy or a certified motor vehicle liability policy meeting the requirements of the laws of New Mexico and of the director is not in effect.

D. The provisions of the Mandatory Financial Responsibility Act requiring the deposit of evidence of financial responsibility as provided in Section 66-5-218 NMSA 1978, subject to certain exemptions, may apply with respect to persons who have been convicted of or forfeited bail for certain offenses under motor vehicle laws or who have failed to pay judgments or written settlement agreements upon causes of action arising out of ownership, maintenance or use of vehicles of a type subject to registration under the laws of New Mexico.

E. Any person who violates the provisions of this section is guilty of a misdemeanor and upon conviction shall be sentenced to a fine not to exceed three hundred dollars (\$300).

ANNOTATIONS

Repeals and reenactments. - Laws 1983, ch. 318, § 6, repeals former 66-5-205 NMSA 1978, relating to application of the provisions of the Financial Responsibility Act, and enacts the above section.

The 1991 amendment, effective June 14, 1991, added "penalties" at the end of the catchline and added Subsection E.

A state may require insurance as a precondition to issuance of a license, and consequently, the expense entailed in posting security after an accident is equally legitimate and does not discriminate against the poor without rational justification. *Trujillo v. DeBaca*, 320 F. Supp. 1038 (D.N.M. 1970)(decided under former 64-24-45 and 64-24-50, 1953 Comp.)

66-5-205.1. Uninsured motorist citation; requirements to be followed at time of accident; subsequent procedures.

A. When a law enforcement officer issues a driver who is involved in an accident a citation for failure to comply with the provisions of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], the law enforcement officer shall personally at the same time:

(1) issue to the driver cited a temporary operation sticker, valid for thirty days after the date the sticker is issued, and forward by mail or delivery to the division a duplicate of the issued sticker; and

(2) remove the license plate from the vehicle and send it with the duplicate of the sticker to the division or, if it cannot be removed, permanently deface the plate.

B. The division shall return or replace, in its discretion, a license plate removed under the provisions of Paragraph (2) of Subsection A of this section or replace a license plate defaced under that paragraph when the person cited for failure to comply with the provisions of the Mandatory Financial Responsibility Act furnishes proof of compliance to the division and pays to the division a reinstatement fee of twenty-five dollars (\$25.00). If a person to whom the temporary operation sticker is issued furnishes to the division within fifteen days after the issuance of the sticker evidence of financial responsibility in compliance with the Mandatory Financial Responsibility Act and in effect on the date and at the time of the issuance of the sticker, the division shall replace or return the license plate and waive the twenty-five dollar (\$25.00) reinstatement fee.

C. The director shall adopt and promulgate regulations prescribing the form and use of the sticker required to be issued under Subsection A of this section.

D. The director may adopt and promulgate regulations requiring insurance carriers who terminate or cancel any motor vehicle liability policy or certified motor vehicle liability policy to report monthly each cancellation or termination to the division. Information pertaining to each motor vehicle shall be made a part of that vehicle file for one year. Notification of termination or cancellation made under such a regulation is not grounds for revocation of the motor vehicle registration.

ANNOTATIONS

Repeals. - Laws 1991, ch. 174, § 1 repeals 66-5-205.2 NMSA 1978, as enacted by Laws 1989, ch. 214, § 2, relating to uninsured motorist involved in accident and procedures for reporting possible claim, effective June 14, 1991. For provisions of former section, see 1989 Replacement Pamphlet.

66-5-206. Registration without insurance or evidence of financial responsibility prohibited; suspension required.

A. The division shall not issue or renew the registration for any motor vehicle not covered by a motor vehicle liability policy or a certified motor vehicle liability policy or by evidence of financial responsibility currently valid meeting the requirements of the laws of New Mexico and of the director, unless specifically exempted from the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978].

B. Upon a showing by its records or other sufficient evidence that the required insurance or evidence of financial responsibility has not been provided or maintained for a motor vehicle, the division shall suspend its registration of the motor vehicle.

ANNOTATIONS

Recompilations. - Laws 1983, ch. 318, § 7, recompiles former 66-5-206 NMSA 1978, relating to the meaning of "proof of financial responsibility for the future," as 66-5-208 NMSA 1978, effective January 1, 1984.

Automatic suspension provisions constitutional. - Provisions which provided for the automatic suspension of the license and vehicle registration of any person involved in an accident unless the person furnished proof of financial responsibility and deposited security with the state's division of motor vehicles without a prior determination of fault was not violative of due process of law in violation of the fourteenth amendment to the United States constitution but was a reasonable method of advancing the legislative purpose, and could not be attacked for over-breadth. *Trujillo v. DeBaca*, 320 F. Supp. 1038 (D.N.M. 1970)(decided under former law).

66-5-207. Exempt motor vehicles.

The following motor vehicles are exempt from the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978]:

A. a motor vehicle owned by the United States government, any state or any political subdivision of a state;

B. an implement of husbandry or special mobile equipment which is only incidentally operated on a highway;

C. a motor vehicle operated upon a highway only for the purpose of crossing such highway from one property to another;

D. a commercial motor vehicle registered or proportionally registered in this and any other jurisdiction, provided such motor vehicle is covered by a motor vehicle liability policy or certified motor vehicle liability policy or other form of financial responsibility in compliance with the laws of any other jurisdiction in which it is registered;

E. a motor vehicle approved as self-insured by the superintendent of insurance pursuant to Section 66-5-207.1 NMSA 1978; and

F. any motor vehicle when the owner has submitted to the division a signed statement, in such form as may be prescribed by the division, declaring that the vehicle will not be operated on the highways of New Mexico and explaining the reasons therefor.

Self-insured car rental company exempt. - A self-insured car rental company was not subject to the requirements of the Mandatory Financial Responsibility Act. *Cordova v. Wolfel*, 120 N.M. 557, 903 P.2d 1390 (1995).

A regulation on the requirements for obtaining a certificate of self-insurance stating that car rental agreements must provide that the lessor shall be primarily liable and that the lessee shall be secondarily liable under the Mandatory Financial Responsibility Act did not make the Act applicable to a self-insured car rental company, because that interpretation would directly conflict with Subsection E which explicitly exempts self-insured vehicles. *Cordova v. Wolfel*, 120 N.M. 557, 903 P.2d 1390 (1995).

66-5-207.1. Self-insurers.

A. The superintendent of insurance shall issue a certificate of self-insurance to any applicant with motor vehicles registered in his name in this state, provided that the applicant has met the same criteria for self-insurance as set by the superintendent of insurance for workmen's compensation liability.

B. Upon not less than five days' notice and a hearing pursuant to such notice, the superintendent upon reasonable grounds may cancel a certificate of self-insurance.

Failure to pay any judgment within thirty days after the judgment is final constitutes a reasonable ground for the cancellation of a certificate of self-insurance.

History: 1978 Comp., § 66-5-207.1, enacted by Laws 1986, ch. 111, § 2.

ANNOTATIONS

Regulation cannot affect exempt status of self-insured entity. - A regulation on the requirements for obtaining a certificate of self-insurance stating that car rental agreements must provide that the lessor shall be primarily liable and that the lessee shall be secondarily liable under the Mandatory Financial Responsibility Act did not make the Act applicable to a self-insured car rental company, because that interpretation would directly conflict with Subsection E of 66-5-207 NMSA 1978 which explicitly exempts self-insured vehicles. *Cordova v. Wolfel*, 120 N.M. 557, 903 P.2d 1390 (1995).

66-5-208. Evidence of financial responsibility; amounts and conditions.

"Evidence of financial responsibility," as used in the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], means evidence of the ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of the evidence, arising out of the ownership, maintenance or use of a vehicle of a type subject to registration under the laws of New Mexico, in the following amounts:

- A. twenty-five thousand dollars (\$25,000) because of bodily injury to or death of one person in any one accident;
- B. subject to this limit for one person, fifty thousand dollars (\$50,000) because of bodily injury to or death of two or more persons in any one accident;
- C. ten thousand dollars (\$10,000) because of injury to or destruction of property of others in any one accident; and
- D. if evidence is in the form of a surety bond or a cash deposit, the total amount shall be sixty thousand dollars (\$60,000).

ANNOTATIONS

Repeals. - Laws 1983, ch. 318, § 42, repeals former 66-5-208 NMSA 1978, relating to proof required upon certain convictions, effective January 1, 1984.

A policy covering insurance for the future pursuant to former provisions constituted proof of a driver's future financial responsibility necessary to his continued operation of a vehicle. The owner or person covered by the policy must have been brought within the scope of the statute by a prior accident before its provisions applied. *Larson v. Occidental Fire & Cas. Co.*, 79 N.M. 562, 446 P.2d 210 (1968), overruled on other grounds, 103 N.M. 110, 703 P.2d 887 (1985).

Tort-feasor driver whose policy limits were statutory minimum was not an uninsured motorist, so passengers of other car who divided up tort-feasor's insurance equally failed to recover under their host's uninsured motorist clause. The court also said that the legislative intent in providing limits of liability for bodily injury of \$10,000 each person, and \$20,000 each accident was not that each of the three passengers get \$10,000, but to require \$20,000 for each accident, and the division of this by three was the proper allocation. *Chafin v. Aetna Ins. Co.*, 550 F.2d 575 (10th Cir. 1976).

Liability in a no-fault state. - A passenger injured in an automobile accident in Hawaii was not entitled to uninsured motorist benefits since Hawaii's no-fault statutes prohibited collection of noneconomic damages; it was not a lack of insurance that restricted liability, rather it was the law of Hawaii that had that effect. *State Farm Auto. Ins. Co. v. Ovitz*, 117 N.M. 547, 873 P.2d 979 (1994).

66-5-209. Meaning of "judgment."

"Judgment," as used in the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], means any judgment which becomes final by expiration without appeal of the time within which an appeal might have been perfected or by final affirmation on appeal rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any motor vehicle of a type subject to registration under the laws of New Mexico, for damages, including damages for care and loss of services, because of bodily injury to or death of any person or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages.

66-5-210. Settlement agreements for payment of damages.

A. Any two or more of the persons involved in or affected by a motor vehicle accident may at any time enter into a written settlement agreement for the payment of an agreed amount with respect to all claims of any of the persons because of bodily injury to or the death of any person or property damage arising from the accident, which agreement may provide for payment in installments, and may file a signed copy of the settlement agreement with the division.

B. In the event of a default in any payment under such settlement agreement and upon notice of default, the division shall take action suspending the license or registration, or both if the owner and driver are the same person, or any nonresident's operating privilege of the person in default.

C. The suspension shall remain in effect and the license or registration shall not be restored until:

(1) the person in default has paid the balance of the agreed amount; or

(2) one year has elapsed following the effective date of the suspension and evidence satisfactory to the division has been filed with it that during such period no action at law upon the settlement agreement has been instituted and is pending.

Whenever any person fails within thirty days to satisfy any judgment, then upon the written request of the judgment creditor or his attorney it shall be the duty of the clerk of the court, or the judge of a court which has no clerk, in which any such judgment is rendered within this state to forward to the division immediately upon such request a certified copy of such judgment.

A. When a nonresident's operating privilege is suspended under the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978] and Sections 66-5-301 through 66-5-303 NMSA 1978, the division may transmit a certified copy of the record of such action to the official in charge of the issuance of licenses and registration certificates in the state in which the nonresident resides if the law of the other state provides for action in relation thereto similar to that provided for in Subsection B of this section.

B. Upon receipt of certification that the driving privilege of a resident of New Mexico has been suspended or revoked in any other state pursuant to a law providing for its suspension or revocation for failure to pay settlement agreements or judgments arising out of a motor vehicle accident or for failure to give and maintain evidence of financial responsibility under circumstances which would require the division to suspend a nonresident's operating privilege had the accident occurred in New Mexico, the division may suspend the license of the resident if he was the driver and all of his registrations if he was the owner of a motor vehicle involved in the accident. The suspension shall continue until the resident furnishes evidence of his compliance with the law of the other state.

If the judgment creditor or party to a settlement agreement consents in writing in such form as the division may prescribe that the judgment debtor or other party to a

settlement agreement be allowed license and registration or nonresident's operating privilege, the same may be allowed by the division, in its discretion, for six months from the date of the consent and thereafter until the consent is revoked in writing, notwithstanding default in the payment of the judgment or of any installments thereof prescribed in Section 66-5-216 NMSA 1978 or default in payment of a settlement agreement, provided the judgment debtor or the released party to a settlement agreement furnishes evidence of financial responsibility.

A motorist cannot obtain restoration of driver's license by obtaining discharge of the judgment taken against him in the bankruptcy court. 1957-58 Op. Att'y Gen. No. 57-76.

Revocation is based on state's considered public policy. - This section intended that a driver's license should remain revoked regardless of whether the motorist had obtained his discharge in bankruptcy, and such is based on the considered public policy of this state. 1957-58 Op. Att'y Gen. No. 57-76.

66-5-215. Payments sufficient to satisfy requirements.

A. Judgments herein referred to shall, for the purpose of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978] only, be deemed satisfied when:

(1) twenty-five thousand dollars (\$25,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident;

(2) subject to the limit of twenty-five thousand dollars (\$25,000) because of bodily injury to or death of one person, the sum of fifty thousand dollars (\$50,000) has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(3) ten thousand dollars (\$10,000) has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

B. However, payments made in settlements of any claims because of bodily injury, death or property damage arising from the accident shall be credited in reduction of the amounts provided for in this section.

"Property". - The word "property", as that term is used in this section and in the uninsured motorist statute, included coverage of a house damaged when an uninsured motorist negligently drove his vehicle so as to cause damage to the house. *Richards v. Mountain States Mut. Cas. Co.*, 104 N.M. 47, 716 P.2d 238 (1986).

Policy held ambiguous. - Where on its face, a limitation clause appears to limit liability for bodily injury to the statutory minimum of \$15,000 per person or \$30,000 per occurrence, but nowhere in the contract is there any mention of the effect of multiple premiums paid under one policy insuring more than one vehicle, the policy is ambiguous. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

Arbitration award provision valid. - An insurance policy that gave the insurer the right to request a trial de novo if an arbitration award exceeded "the minimum limit for bodily injury liability specified by financial responsibility," did not violate public policy. *Bruch v. CNA Ins. Co.*, 117 N.M. 211, 870 P.2d 749 (1994).

66-5-216. Installment payment of judgments; default.

A. A judgment debtor, upon due notice to the judgment creditor, may apply to the court in which the judgment was rendered for the privilege of paying the judgment in installments, and the court in its discretion and without prejudice to any other legal

remedies which the judgment creditor may have may so order and fix the amounts and times of payment of the installments.

B. The division shall not suspend a license, registration or nonresident's operating privilege and shall restore any license, registration or nonresident's operating privilege suspended following nonpayment of a judgment when the judgment debtor gives evidence of financial responsibility and obtains an order permitting the payment of the judgment in installments and while the payment of any installments is not in default.

66-5-217. Action if breach of agreement.

In the event the judgment debtor fails to pay any installment as specified by the order, upon notice of the default the division shall forthwith suspend the license, registration or nonresident's operating privilege of the judgment debtor until the judgment is satisfied as provided in the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978].

Ability to satisfy the judgment is essence of financial responsibility laws and if the judgment may be satisfied by the tort-feasor's own insurer, the driving privileges may not be suspended. 1969 Op. Att'y Gen. No. 69-119.

Purpose for suspension penalty. - Penalty imposed in suspension is not merely to protect accident victim, but to enforce a public policy that financially irresponsible motorists shall not be allowed to injure their fellows with impunity. 1969 Op. Att'y Gen. No. 69-119.

Suspension even though victim's insurance policy included uninsured motorist coverage. - The language of the former version of 64-24-76, 1953 Comp., did not preclude suspension of the driving privileges of an uninsured motorist adjudged liable

for damages awarded to an accident victim merely because the victim's insurance policy included uninsured motorist risk coverage. 1969 Op. Att'y Gen. No. 69-119.

Evidence of financial responsibility, when required under the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], may be given by filing:

- A. evidence of a motor vehicle liability policy;
- B. evidence of a certified motor vehicle liability policy as provided in Section 66-5-219 NMSA 1978;
- C. a surety bond as provided in Section 66-5-225 NMSA 1978; or

The certificate shall give the effective date of the certified motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all motor vehicles covered unless the policy is issued to a person who is not the owner of a motor vehicle.

66-5-221. Certified motor vehicle liability policy; provisions.

A. The owner's certified motor vehicle liability policy shall:

(1) designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is to be granted;

(2) insure the person named in the policy and any other person, as insured, using any such motor vehicle with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of the motor vehicle within any jurisdiction specified in Section 66-5-202 NMSA 1978, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: twenty-five thousand dollars (\$25,000) because of bodily injury to or death of one person in any one accident and, subject to this limit for one person, fifty thousand dollars (\$50,000) because of bodily injury to or death of two or more persons in any one accident and ten thousand dollars (\$10,000) because of injury to or destruction of property of others in any one accident[;]

B. The driver's certified motor vehicle liability policy shall insure the person named as insured against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial

limits and subject to the same limits of liability as are set forth in Subsection A of this section with respect to a certified motor vehicle liability policy.

C. The certified motor vehicle liability policy shall state the name and address of the insured, the coverage afforded by the policy, the premium charged, the policy period and the limits of liability and shall contain an agreement, or be endorsed, that insurance is provided in accordance with this coverage defined in the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978] as respects bodily injury and death or property damage or both and is subject to all the provisions of the Mandatory Financial Responsibility Act.

D. The certified motor vehicle liability policy need not insure any liability under any workmen's compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured or while engaged in the operation, maintenance or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

E. Every certified motor vehicle liability policy shall be subject to the following provisions which need not be contained in the policy:

(1) the liability of the insurance carrier with respect to the insurance required by the Mandatory Financial Responsibility Act becomes absolute whenever injury or damage covered by the certified motor vehicle liability policy occurs. The policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage. No statement made by the insured or on his behalf and no violation of the policy shall defeat or void the policy;

(2) the satisfaction by the insured of a judgment for injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of injury or damage;

(3) the insurance carrier has the right to settle any claim covered by the policy, and, if such settlement is made in good faith, the amount of the settlement is deductible from the limits of liability specified in Paragraph (2) of Subsection A of this section; and

(4) the policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the Mandatory Financial Responsibility Act constitute the entire contract between the parties.

F. Any policy which grants the coverage required for a certified motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a certified motor vehicle liability policy, and excess or additional coverage is not subject to the provisions of the Mandatory Financial Responsibility Act. With respect to a policy which grants such excess or additional coverage, the term "certified

motor vehicle liability policy" applies only to that part of the coverage which is required by this section.

G. Any certified motor vehicle liability policy may provide that the insured reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of the Mandatory Financial Responsibility Act.

H. Any certified motor vehicle liability policy may provide for the prorating of the insurance under the policy with other valid and collectible insurance.

I. The requirements for a certified motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers whose policies together meet those requirements.

J. Any binder issued pending the issuance of a certified motor vehicle liability policy is deemed to fulfill the requirements for such a policy.

K. The certified motor vehicle liability policy may be endorsed to eliminate a named driver. Such endorsement must bear the signatures of the named insured. Forms for such named drivers exclusion must be substantially similar to the form provided in Section 66-5-222 NMSA 1978. Such endorsement applies only to private passenger motor vehicles.

History: 1953 Comp., § 64-5-230, enacted by Laws 1978, ch. 35, § 306; 1978 Comp., § 66-5-230, recompiled as 1978 Comp., § 66-5-221 by Laws 1983, ch. 318, § 21.

For motor vehicle insurance generally, see 59A-38-1 NMSA 1978 et seq.

Recompilations. - Laws 1983, ch. 318, § 14, recompiles former 66-5-221 NMSA 1978, relating to discharge in bankruptcy, as 66-5-214 NMSA 1978 effective January 1, 1984.

Compiler's note. - Paragraph (3) of Subsection A of this section, as amended in 1983, provided that an owner's certified motor vehicle liability policy shall provide insurance

against uninsured and unknown motorists pursuant to the provisions of 66-5-301 NMSA 1978, but this provision was vetoed by the governor.

Section 66-5-202 NMSA 1978, referred to in Subsection A(2), was repealed by Laws 1990, ch. 120, § 45, effective July 1, 1990. Present comparable provisions defining "jurisdiction" and "state" now appear in 66-1-4.9 and 66-1-4.16 NMSA 1978, respectively.

Uninsured motorist statutes attempt to have insurance coverage always available. - Uninsured motorist statutes direct that automobile liability policies include coverage for damages caused by uninsured motorists, unless rejected by the insured, and are intended to eliminate circumstances where the indemnification of an innocent person involved in an automobile accident depends on the chance whether the negligent party was insured or not. It is thus an attempt to provide coverage in the insured's own policy where it does not exist on the other side, thus to have insurance coverage available in all events. *American Mut. Ins. Co. v. Romero*, 428 F.2d 870 (10th Cir. 1970).

Policy as proof of future financial responsibility. - Policy covering insurance for future constituted proof of driver's future financial responsibility necessary to his continued operation of a vehicle. The owner or person covered by the policy must have been brought within the scope of the statute by prior accident before its provisions applied. *Larson v. Occidental Fire & Cas. Co.*, 79 N.M. 562, 446 P.2d 210 (1968), overruled on other grounds, 103 N.M. 110, 703 P.2d 887 (1985).

Applicable to uninsured coverage. - A driver exclusion agreement applies to uninsured motorist coverage as well as liability coverage. *Moore v. State Farm Mut. Auto. Ins. Co.*, 119 N.M. 122, 888 P.2d 1004 (Ct. App. 1994).

Subsection A(2) adopts the initial permission rule covering any deviation short of theft or the like. *Allstate Ins. Co. v. Jensen*, 109 N.M. 584, 788 P.2d 340 (1990).

By conditioning insurance coverage on the word "permission" in the statutory omnibus clause, the legislature meant to exclude unlawful takings such as theft. In decisions adopting the initial permission rule this has been a recognized limitation. Wrongful intent to deprive the owner of his property bars coverage. *Allstate Ins. Co. v. Jensen*, 109 N.M. 584, 788 P.2d 340 (1990).

The initial permission rule is not limited to "certified" motor vehicle liability policies. *Kitchens v. Houston Gen. Ins. Co.*, 119 N.M. 799, 896 P.2d 479 (1995).

Applicability of initial permission rule. - An individual working in a business of servicing vehicles, having been given initial permission to use a covered vehicle, was not subject to an exclusion for persons using covered vehicles while in the business of servicing vehicles when an accident occurred while the individual was using the vehicle

solely for personal reasons. *Kitchens v. Houston Gen. Ins. Co.*, 119 N.M. 799, 896 P.2d 479 (1995).

Coverage for subsequent permittees. - Coverage extends to any subsequent permittee operating an insured vehicle as long as the named insured has given his or her initial permission to use the vehicle. This coverage is mandated by the statutory omnibus clause notwithstanding violation of the named insured's restriction on second permittees. *United Servs. Auto. Ass'n v. National Farmers Union Property & Cas.*, 119 N.M. 397, 891 P.2d 538 (1995).

Scope of coverage provided by omnibus clause. - The omnibus clause of an insurer's liability policy must provide coverage to any person using the insured vehicle with the owner's consent, without regard to any restrictions or understanding between the parties on the particular use for which the permission was given. *Allstate Ins. Co. v. Jensen*, 109 N.M. 584, 788 P.2d 340 (1990); *Kitchens v. Houston Gen. Ins. Co.*, 119 N.M. 799, 896 P.2d 479 (1995).

A policy's omnibus clause may not be more restrictive of coverage than the statutory omnibus clause. *United Servs. Auto. Ass'n v. National Farmers Union Property & Cas.*, 119 N.M. 397, 891 P.2d 538 (1995).

Application of proration among several policies is not contrary to the statutory provisions for minimum coverage and is different from a policy provision for a dollar for dollar reduction of coverage. *American Mut. Ins. Co. v. Romero*, 428 F.2d 870 (10th Cir. 1970).

Financial Responsibility Law was not applicable to insurance provisions under a car rental agreement which had the effect of excluding drivers under the age of 21 years from coverage. *Peterson v. Romero*, 88 N.M. 483, 542 P.2d 434 (Ct. App. 1975).

Third party not insured if loan violates long-standing family prohibition. - Where father, owner of car, loaned car to son who loaned car to friend in violation of long-standing family prohibition, there was no implied or express permission as required by 64-24-87, 1953 Comp. (similar to this section), and third person was not insured when involved in car accident. *Western Cas. & Sur. Co. v. Grice*, 422 F.2d 921 (10th Cir. 1970).

Borrowed vehicle used in high-speed chase. - Insurer had no duty to defend a driver who had consumed an enormous amount of beer prior to borrowing the insured's truck, which was subsequently involved in a high-speed chase resulting in personal injuries and damage to pursuing police vehicles. *Allstate Ins. Co. v. Jensen*, 109 N.M. 584, 788 P.2d 340 (1990).

II. THE CONTRACT.

Policy complying with any state's responsibility laws effectively incorporates New Mexico's. - Where a motor vehicle liability insurance policy provided in clear terms that the insurance which it afforded shall comply with the provisions of the Motor Vehicle Financial Responsibility Law of any state or province which shall be applicable with respect to any such liability arising out of the ownership, maintenance or use of the automobile to the extent of the coverage and limits of liability required by such law, but in no event in excess of the limits of liability stated in the policy, the pertinent provisions of the New Mexico Motor Vehicle Safety Responsibility Act, 64-24-42 to 64-42-104, 1953 Comp. (similar to this part), were effectively incorporated into the policy and the liability of the insurer was the same as though the policy had been written under and in compliance with such act. *Farmers Ins. Exch. v. Ledesma*, 214 F.2d 495 (10th Cir. 1954).

Policy provisions to the contrary. - Although an endorsement or rider attached to a policy provides that the insurance afforded by the policy shall not apply while the automobile is being operated outside the limits of any established military or naval reservation unless it is being operated by the named insured or his spouse, unless it is being operated by a garage or service station in connection with repairing and

movements incidental to service and repair, or unless it is being operated by any other qualified operator while accompanied by the named insured or his spouse, where the policy provides that the insurance should comply with the provisions of the motor vehicle financial responsibility law of any state which should be applicable with respect to such liability, at the time of the accident in which plaintiffs sustained injuries, the defendant was using and operating the automobile with the consent of the insured, a valid judgment was rendered against the defendant for such personal injuries, and the judgment has not been paid, under the policy with the provisions of the act incorporated therein, the liability of the insuree to pay plaintiffs the amount of such judgment is absolute. *Farmers Ins. Exch. v. Ledesma*, 214 F.2d 495 (10th Cir. 1954).

The obligation to deal fairly and honestly rests equally upon the insurer and the insured. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

An application for insurance is a mere offer or proposal for a contract of insurance. Before a contract of insurance is effected and any contractual relationship exists between the parties, it is necessary that the application be accepted by the insurer, since insurance companies are not compelled to accept every application presented and may stipulate upon what terms and for what period of time the risk will be accepted. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

A policy of insurance is a contract between insurer and insured. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

Insurer has right to set up its own standards, to avail itself of its own experience and the experience of others, to secure information from the applicant, and to rely upon the information furnished as true and to govern its actions accordingly. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

Parties' intent irrelevant if misrepresentations made. - The general rule, and the rule consistent with principles of contract and the duty of fair dealing, which is the duty imposed upon both the insurer and the insured, is that if misrepresentations be made, or information withheld, and such be material to the contract, then it makes no difference whether the party acted fraudulently, negligently or innocently. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

A representation or concealment of a fact is material if it operates as an inducement to the insurer to enter into the contract, where, except for such inducement, it would not have done so, or would have charged a higher premium. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

Question of materiality for trier of facts and burden on company. - The question of materiality or reliance by the defendant ordinarily is for the trier of the facts, and the burden of proof is on the defendant insurance company. *Tsosie v. Foundation Reserve Ins. Co.*, 77 N.M. 671, 427 P.2d 29 (1967).

Agent's disregard of information considered in determining issue of materiality. - Aside from any question which may be present as to the effect of the failure of defendant's agent to make further inquiry to avoid being misled, the agent's disregard of the information that was given may properly be considered by the court in determining the issue of materiality and reliance. *Tsosie v. Foundation Reserve Ins. Co.*, 77 N.M. 671, 427 P.2d 29 (1967).

In absence of waiver, policy voided if withheld information material. - If the information withheld, or the misrepresentations made, were material, then insurer was entitled to void the policy, in the absence of waiver or estoppel. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

Policy voidable if information withheld and misrepresentations made were material. - The representations being false and material to the risk, and the defendant having relied thereon in entering into the contract, the necessary grounds to void the policy were present. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

An insurer may waive right to assert forfeiture, or be estopped from asserting this right. Before an insurer can be held to have waived, or be estopped from asserting a right of forfeiture, it must have had knowledge of the facts. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

Policy not cancelled for fraud if shown conduct would be unaltered. - When it is determined that the insurer's conduct would not have been altered in either accepting the risk, or in the premium that would have been charged, the conclusion follows that the policy should not be cancelled for fraud. *Tsosie v. Foundation Reserve Ins. Co.*, 77 N.M. 671, 427 P.2d 29 (1967).

Exclusion endorsement signed by all named insureds. - A driver's exclusion endorsement that does not bear the signatures of all named insureds is ineffective under this part. *Tafoya v. Western Farm Bureau Ins. Co.*, 117 N.M. 385, 872 P.2d 358 (1994).

Insured and household exclusions invalid. - Insured and household exclusions contained in motor vehicle liability policies are contrary to public policy and are, therefore, invalid exclusions. *Estep v. State Farm Mut. Auto. Ins. Co.*, 103 N.M. 105, 703 P.2d 882 (1985).

Applicable to uninsured coverage. - A driver exclusion agreement applies to uninsured motorist coverage as well as liability coverage. Moore v. State Farm Mut. Auto. Ins. Co., 119 N.M. 122, 888 P.2d 1004 (Ct. App. 1994).

A clear and unambiguous drivers exclusion endorsement modeled on the one provided in this section relieves insurers from obligations of any kind under liability provisions of the policy such that insurers are not liable for injuries sustained by a passenger while an excluded driver is driving the insured's vehicle. Garza v. Glen Falls Ins. Co., 105 N.M. 220, 731 P.2d 363 (1986).

Exclusion endorsement signed by all named insureds. - A driver's exclusion endorsement that does not bear the signatures of all named insureds is ineffective

under this part. *Tafoya v. Western Farm Bureau Ins. Co.*, 117 N.M. 385, 872 P.2d 358 (1994).

All named insureds on a policy are required to sign the driver's exclusion agreement for the exclusion to be valid. *Moore v. State Farm Mut. Auto. Ins. Co.*, 119 N.M. 122, 888 P.2d 1004 (Ct. App. 1994).

Consideration for exclusion. - The insurer was not in violation of the consideration requirement because it failed to reduce the premium charged for the elimination of the policyholder's son as a driver since the driver exclusion agreement clearly stated that the insurer would not continue to insure the parents unless they excluded their son as a driver; in consideration for excluding the son as a driver, the father was able to continue purchasing insurance coverage from the insurer. *Moore v. 66-5-232. Sampling; letter to owner.

A. The division, at various times as it considers necessary or appropriate to assure compliance with the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], shall select for financial responsibility affirmation an appropriate sample number of the motor vehicles registered in New Mexico. The division is authorized to emphasize, in accordance with rules adopted by the division, for affirmation of financial responsibility, individuals whose affirmations of financial responsibility have previously been found to be incorrect.

B. When a motor vehicle is selected for financial responsibility affirmation under Subsection A of this section, the division shall mail an affirmation form to the registered owner of the motor vehicle notifying him that his motor vehicle has been selected for financial responsibility affirmation and requiring him to respond and to affirm, by at least one signature shown on the affirmation form, the existence of evidence satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act for the motor vehicle.

C. Failure by an owner to return the affirmation of financial responsibility to the division within fifteen days after mailing by the division or a determination by the division that an affirmation is not accurate constitutes reasonable grounds under Section 66-5-235 NMSA 1978 to believe that a person is operating a motor vehicle in violation of Section 66-5-205 NMSA 1978 or has falsely affirmed the existence of means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act.

D. The division may investigate all affirmations required by the Mandatory Financial Responsibility Act returned to the division. If the owner affirms the existence of a motor vehicle liability policy or certified motor vehicle liability policy covering the motor vehicle, the division may forward the affirmation to the listed insurer to determine whether the affirmation is correct. An insurer shall mail notification to the division within twenty working days of receipt of the affirmation inquiry in the event the affirmation is not correct. The notification shall be prima facie evidence of failure to satisfy the financial

responsibility requirements of the Mandatory Financial Responsibility Act. The division may determine the correctness of affirmation of other means of satisfying the financial responsibility requirements of that act for the motor vehicle.

E. The division may use accident reports as basic material for the construction of its sampling procedure.

F. No civil liability shall accrue to the insurer or any of its employees for reports made to the division under this section when the reports are made in good faith based on the most recent information available to the insurer.

G. The affirmation form used when sampling shall require the report of the name of the company issuing the policy, the policy number or any other information that identifies the policy.

The affirmation of financial responsibility required under Sections 66-5-208, 66-5-225 and 66-5-226 NMSA 1978 shall be in a form prescribed by the division and shall require an applicant to provide such information as may be required by the division. If a person affirms the existence of a motor vehicle liability policy or certified motor vehicle liability policy, the affirmation form shall require him to report at least the name of the insurer issuing the policy and the policy number.

66-5-234. Registration; application and renewal.

A. The payment of the registration

fee and acceptance by the division of the application for registration shall be affirmation by the owner of the registered vehicle that he has complied with the requirements of that act.

B. The division shall not renew the registration of a motor vehicle unless the owner of the motor vehicle affirms the existence of a motor vehicle liability policy or certified motor vehicle liability policy covering the motor vehicle or the existence of some other means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act for the motor vehicle.

66-5-235. False affirmation; violation.

When the division has reasonable grounds to believe that a person is operating a motor vehicle in violation of Section 66-5-205 NMSA 1978 or has falsely affirmed the existence of a motor vehicle liability policy, a certified motor vehicle liability policy or the existence of some other means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], the division shall demand satisfactory evidence from the person that the person meets the requirements of that act as provided in Section 66-5-233 NMSA 1978. If the person cannot provide evidence of financial responsibility within twenty days after receipt of the division's demand for satisfactory proof of financial responsibility, the division may notify the district attorney of the county in which the person resides of the division's belief that violations of the Mandatory Financial Responsibility Act were or are being committed by that person.

(2) the registration for a period not to exceed one year of a person who is operating a motor vehicle in violation of Section 66-5-205 NMSA 1978 or falsely affirms the existence of a motor vehicle liability policy, a certified motor vehicle liability policy or some other means of satisfying the financial responsibility requirements of the Mandatory Financial Responsibility Act [66-5-201 to 66-5-239 NMSA 1978], but only if evidence of financial responsibility is not submitted within thirty days after the date of the mailing of the division's demand therefor, under Section 66-5-232 NMSA 1978. The division shall notify the person that he may request a hearing within twenty days after the date of the mailing of the division's demand as provided under this subsection.

B. That registration shall remain so suspended and shall not be renewed, nor shall any registration be issued thereafter in the name of that person, unless and until every judgment is stayed, satisfied in full or to the extent provided in the Mandatory Financial Responsibility Act and evidence of financial responsibility as required in Section 66-5-218 NMSA 1978 is provided to the division.

PART 4

UNINSURED MOTORISTS' INSURANCE

66-5-301. Insurance against uninsured and unknown motorists; rejection of coverage by the insured.

A. No motor vehicle or automobile liability policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person and for injury to or destruction of property of others arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in New Mexico with respect to any motor vehicle registered or principally garaged in New Mexico unless coverage is provided therein or supplemental thereto in minimum limits for bodily injury or death and for injury to or destruction of property as set forth in Section 66-5-215 NMSA 1978 and such higher limits as may be desired by the insured, but up to the limits of liability specified in bodily injury and property damage liability provisions of the insured's policy, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily

injury, sickness or disease, including death, and for injury to or destruction of property resulting therefrom, according to the rules and regulations promulgated by, and under provisions filed with and approved by, the superintendent of insurance.

B. The uninsured motorist coverage described in Subsection A of this section shall include underinsured motorist coverage for persons protected by an insured's policy. For the purposes of this subsection, "underinsured motorist" means an operator of a motor vehicle with respect to the ownership, maintenance or use of which the sum of the limits of liability under all bodily injury liability insurance applicable at the time of the accident is less than the limits of liability under the insured's uninsured motorist coverage. No motor vehicle or automobile liability policy sold in New Mexico shall be required to include underinsured motorist coverage until January 1, 1980.

C. The uninsured motorist coverage shall provide an exclusion of not more than the first two hundred fifty dollars (\$250) of loss resulting from injury to or destruction of property of the insured in any one accident. The named insured shall have the right to reject uninsured motorist coverage as described in Subsections A and B of this section; provided that unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured has rejected the coverage in connection with a policy previously issued to him by the same insurer.

- II. Coverage.
 - A. Generally.
 - B. Amount.

I. GENERAL CONSIDERATION.

Cross-references. - For the superintendent of insurance generally, see 59A-2-1 NMSA 1978 et seq.

Severability clauses. - Laws 1983, ch. 318, § 45, provides for the severability of the act if any part or application thereof is held invalid.

Legislative purpose. - Legislative intent was to expand insurance coverage to protect the public from damage or injury caused by other motorists who were not insured and could not make the impaired party whole. *Sandoval v. Valdez*, 91 N.M. 705, 580 P.2d 131 (Ct. App. 1978).

Legislative purpose in creating compulsory uninsured motorist coverage was to place the injured policy-holder in the same position, with regard to the recovery of damages, that he would have been in if the tortfeasor had possessed liability insurance. *Sandoval v. Valdez*, 91 N.M. 705, 580 P.2d 131 (Ct. App. 1978); *Wood v. Millers Nat'l Ins. Co.*, 96 N.M. 525, 632 P.2d 1163 (1981).

The purpose of this statute is to assure that in the event of an accident with an underinsured vehicle an insured motorist entitled to compensation will receive at least the sum certain in underinsurance coverage purchased for his or her benefit. To the extent the amount of other available insurance proceeds from responsible underinsured tortfeasors does not equal or exceed the amount of coverage purchased, the underinsured motorist carrier must satisfy the difference. *Fasulo v. State Farm Mut. Auto. Ins. Co.*, 108 N.M. 807, 780 P.2d 633 (1989).

The uninsured motorist statute was intended to expand insurance coverage and to protect individual members of the public against the hazard of culpable uninsured motorists. *Romero v. Dairyland Ins. Co.*, 111 N.M. 154, 803 P.2d 243 (1990).

Design of uninsured motorists' insurance. - The uninsured or unknown motorist statutes are designed to protect the injured party from the uninsured or unknown motorist. The statutes are not designed to protect the insurance company from the injured party. *Sandoval v. Valdez*, 91 N.M. 705, 580 P.2d 131 (Ct. App. 1978).

The policy behind uninsured motorist coverage is to compensate those persons injured through no fault of their own. *State Farm Auto. Ins. Co. v. Kiehne*, 97 N.M. 470, 641 P.2d 501 (1982).

Financial responsibility law distinguished. - Policy required under financial responsibility law is for protection of public generally, while uninsured motorist insurance is for individuals who have the foresight to protect themselves against a financially irresponsible motorist. *Farmers Alliance Mut. Ins. Co. v. Bakke*, 619 F.2d 885 (10th Cir. 1980).

The uninsured motorist statute is liberally interpreted in order to implement its remedial purpose, and language in the statute that provides for an exception to uninsured coverage should be construed strictly to protect the insured. *Romero v. Dairyland Ins. Co.*, 111 N.M. 154, 803 P.2d 243 (1990).

Coverage not required in excess policies. - This section does not apply beyond a motorist's primary automobile insurance policy; therefore, in an excess policy, there is no statutory requirement mandating the inclusion of uninsured motorist or underinsured motorist coverage. *Archunde v. International Surplus Lines Ins. Co.*, 120 N.M. 724, 905 P.2d 1128 (Ct. App. 1995).

Geographical coverage. - This section does not require limitless geographical motor vehicle insurance coverage against losses caused by negligent, uninsured motorists. *Dominguez v. Dairyland Ins. Co.*, 123 N.M. 448, 942 P.2d 191 (Ct. App. 1997).

"Legally entitled to recover" construed. - The phrase "legally entitled to recover" in Subsection A merely requires that the determination of liability be made by legal means, and does not constitute a barrier to court action where agreement and arbitration have failed to determine the amount the insured may recover. *Wood v. Millers Nat'l Ins. Co.*, 96 N.M. 525, 632 P.2d 1163 (1981).

Direct suit against insurance carrier authorized. - This section does not prohibit an insured from bringing a direct action against the insurer nor does it require an action against the uninsured motorist to establish liability and damages. The damages an insured is legally entitled to recover can be determined as easily in a direct suit against the insurance carrier as in a suit against the uninsured motorist. Furthermore, the Rules of Civil Procedure allow the insurance company to demand a joinder of the tort-feasor. *Guess v. Gulf Ins. Co.*, 96 N.M. 27, 627 P.2d 869 (1981).

A direct action by an insured against an insurer for uninsured motorist benefits is permissible. *Wood v. Millers Nat'l Ins. Co.*, 96 N.M. 525, 632 P.2d 1163 (1981).

Provision in policy limiting insured's time for bringing action. - As this section contains no time limit in which the insured can exercise his rights, an exclusionary provision in the liability policy which limits the insured's time for bringing an action to one year violates the three-year statute of limitations of 37-1-8 NMSA 1978 for bringing a personal injury suit, deprives the insureds of their uninsured motorist coverage, and is void as against public policy. *Sandoval v. Valdez*, 91 N.M. 705, 580 P.2d 131 (Ct. App. 1978).

An insurer under an uninsured motorist clause in the policy is governed by the contract statute of limitations in 37-1-3 NMSA 1978. To allow an insurer to lessen the period of time to bring an action on an insurance policy from six years to one year by means of a contract provision would thwart the purpose of this section. *Sandoval v. Valdez*, 91 N.M. 705, 580 P.2d 131 (Ct. App. 1978)(specially concurring opinion).

Lawful delegation of authority to superintendent. - The authority granted by 64-24-105, 1953 Comp. (similar to this section), to the superintendent of insurance to prescribe regulations relating to uninsured motorist insurance is a lawful delegation of authority to an administrative agency. *Willey v. Farmers Ins. Group*, 86 N.M. 325, 523 P.2d 1351 (1974), overruled on other grounds *Foundation Reserve Ins. Co. v. Marin*, 109 N.M. 533, 787 P.2d 452 (1990).

Superintendent has power to prescribe endorsement. - Under this section, the superintendent of insurance has the power to prescribe a standard or uniform endorsement that governs uninsured motorist coverage. *Sandoval v. Valdez*, 91 N.M. 705, 580 P.2d 131 (Ct. App. 1978)(specially concurring opinion).

Option to reject coverage. - A motorist has the option of rejecting uninsured motorist coverage, or protecting his estate against a financially irresponsible motorist, and the coverage conditions of another driver's policy cannot be overlooked so as to provide protection that the motorist himself could have obtained on the ground that it is public policy to afford protection to the innocent public. *Lee v. General Accident Ins. Co.*, 106 N.M. 22, 738 P.2d 516 (1987).

An insured may reject uninsured motorist coverage, but the rejection must satisfy the regulations promulgated by the superintendent of insurance. The rejection must be made a part of the policy by endorsement on the declarations sheet, by attachment of the written rejection to the policy, or by some other means that makes the rejection a part of the policy so as to clearly and unambiguously call to the attention of the insured the fact that such coverage has been waived. *Romero v. Dairyland Ins. Co.*, 111 N.M. 154, 803 P.2d 243 (1990); *Kaiser v. DeCarrera*, 122 N.M. 221, 923 P.2d 588 (1996).

Insured's rejection of uninsured motorist coverage was invalid and ineffective as a matter of law, where she was never given a copy of the application containing the rejection, and the declarations sheet that she later received made no mention of the rejection of uninsured motorist coverage. *Romero v. Dairyland Ins. Co.*, 111 N.M. 154, 803 P.2d 243 (1990); *Kaiser v. DeCarrera*, 122 N.M. 221, 923 P.2d 588 (1996).

Even though the insurer mailed a revised declarations page which indicated that the insured had rejected uninsured and underinsured motorist coverage, and the envelope was returned as undeliverable, the insured's coverage was not affected since the rejection was not made a part of the policy. *Kaiser v. DeCarrera*, 122 N.M. 221, 923 P.2d 588 (1996).

Recovery of punitive damages regardless of insurance contract. - Punitive damages are as much a part of the potential award under the uninsured motorist statute as damages for bodily injury, and therefore they cannot be contracted away in an insurance contract. Thus a policy holder may recover punitive damages regardless of the insurance contract. *Stinbrink v. Farmers Ins. Co.*, 111 N.M. 179, 803 P.2d 664 (1990).

Punitive damages after death of uninsured motorist. - An insured cannot recover punitive damages from his insurer when the uninsured motorist dies before an award is made, since he would not be legally entitled to recover those damages from the estate of the uninsured motorist. *State Farm Mut. Auto. Ins. Co. v. Maidment*, 107 N.M. 568, 761 P.2d 446 (Ct App. 1988).

Jurisdiction over appeal of punitive damages award. - The Court of Appeals has jurisdiction of an appeal of an award of punitive damages in an uninsured motorist claim. Although the obligations of an insurer are determined by application of contract law principles to the particular terms of an insurance policy, the court has jurisdiction over uninsured motorist claims against an insurer where the insurer's liability is

contingent upon the tort liability of the uninsured motorist. *State Farm Mut. Auto. Ins. Co. v. Maidment*, 107 N.M. 568, 761 P.2d 446 (Ct App. 1988).

II. COVERAGE.

A. GENERALLY.

Scope of coverage. - When someone purchases general uninsured motorist coverage, he is insured against bodily injury in at least five situations: (1) as a pedestrian; (2) as a passenger in someone else's insured car; (3) as a passenger in an uninsured car; (4) while in his own insured car; and (5) for injuries suffered by passengers riding in his own insured car. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

"Coverage", in Subsection B, includes one or more policies depending on the number purchased for the insured's benefit; thus, an insured may stack two underinsured motorist policies for the purpose of determining a tortfeasor's underinsured status. *Schmick v. State Farm Mut. Auto. Ins. Co.*, 103 N.M. 216, 704 P.2d 1092 (1985).

Coverage cannot be limited to particular location or vehicle. - An exclusion of uninsured motorist coverage, in an automobile insurance policy, when the insured is occupying an uninsured motor vehicle owned by him at the moment of injury is invalid, because it is not the intent of 64-24-105, 1953 Comp. (similar to this section), to limit coverage for an insured to a particular location or a particular vehicle. *Chavez v. State Farm Mut. Auto. Ins. Co.*, 87 N.M. 327, 533 P.2d 100 (1975).

Exclusion of insured's vehicle invalid. - Policy provision excluding from uninsured motorist coverage uninsured vehicles owned by or furnished or available for the regular use of the insured or any family member was incompatible with the stated purposes of the uninsured motorist insurance statute, and therefore invalid. *Foundation Reserve Ins. Co. v. Marin*, 109 N.M. 533, 787 P.2d 452 (1990);.

An insured family member is entitled to recover for an accident involving the insured vehicle, as opposed to a vehicle owned by a third party, even though the insurance policy attempts to exclude coverage for any vehicle owned by the named insured; and the insured, injured family member is entitled to recover even though the negligent driver was also an insured family member. Moreover, the named insured may stack benefits available to him/her under the uninsured/underinsured motorist coverage for other vehicles covered by the same policy. *Padilla v. Dairyland Ins. Co.*, 109 N.M. 555, 787 P.2d 835 (1990).

Employee of school bus company. - A school bus driver was not an "insured" under the liability policy of her employer school bus company and was not covered under the uninsured motorist or underinsured motorist coverage of the policy. *Archunde v. International Surplus Lines Ins. Co.*, 120 N.M. 724, 905 P.2d 1128 (Ct. App. 1995).

A self-insured school district was not required to provide uninsured motorist or underinsured motorist coverage for employees of a school bus company under its contract with the company or the provisions of this section. *Archunde v. International Surplus Lines Ins. Co.*, 120 N.M. 724, 905 P.2d 1128 (Ct. App. 1995).

Passenger, riding in noncovered vehicle not operated by named insured, not "insured". - Where the passenger was neither the named insured nor a relative thereof, and passenger's injuries were not incurred in a vehicle directly covered by the policy (or

covered as a substitute vehicle under the policy), and the named insured (or a relative thereof) was not operating the vehicle, the passenger was not an "insured" under the policy. *Gamboa ex rel. Gamboa v. Allstate Ins. Co.*, 104 N.M. 756, 726 P.2d 1386 (1986).

Coverage not limited to actual contact with uninsured motorist. - Insurance company could not contractually restrict its uninsured or unknown motorist coverage to situations in which there is physical contact between the insured and a "hit-and-run" vehicle without violating the remedial legislative policy of 64-5-105, 1953 Comp. (similar to this section). Therefore, plaintiff who, in order to avoid an imminent head-on collision, swerved her vehicle to the right and collided with a stone wall off the right shoulder of the road, was not precluded from recovery by such provision in her policy. *Montoya v. Dairyland Ins. Co.*, 394 F. Supp. 1337 (D.N.M. 1975).

Coverage of several vehicles insured under single policy. - This section requires only that each of several vehicles insured under a single policy be covered by one minimum coverage with no need for separate full coverage for each. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

New Mexico requires minimum property damage coverage under its financial responsibility law. This requirement may justify some additional premium charge for each additional vehicle, depending on the added risk incurred. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

The additional risk accruing by covering passengers in additional insured vehicles may justify another premium for each additional vehicle. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

"Property". - The word "property," as that term is used in this section and in 66-5-215 NMSA 1978, included coverage of a house damaged when an uninsured motorist negligently drove his vehicle so as to cause damage to the house. *Richards v. Mountain States Mut. Cas. Co.*, 104 N.M. 47, 716 P.2d 238 (1986).

"Occupant". - Driver, who was injured while assisting a friend in replacing a tire on the friend's automobile, was not an "occupant" of the driver's automobile within the meaning of the driver's policy at the time of the accident and, therefore, was not covered under the uninsured motorist provision of the policy. *Allstate Ins. Co. v. Graham*, 106 N.M. 779, 750 P.2d 1105 (1988).

Liability in a no-fault state. - A passenger injured in an automobile accident in Hawaii was not entitled to uninsured motorist benefits since Hawaii's no-fault statutes prohibited collection of noneconomic damages; it was not a lack of insurance that restricted liability, rather it was the law of Hawaii that had that effect. *State Farm Auto. Ins. Co. v. Ovitiz*, 117 N.M. 547, 873 P.2d 979 (1994).

Absent exclusionary clause, insurer liable for punitive damages. - Where the language of insured's policy was virtually identical to the language of this section, the insurer was on notice that the prevailing trend, absent an express exclusion in the policy, is to impose liability under uninsured motorists' insurance for punitive damages, and was therefore responsible for punitive damages up to the policy limit since it failed to incorporate an exclusionary clause into the policy. *Stewart v. State Farm Mut. Auto. Ins. Co.*, 104 N.M. 744, 726 P.2d 1374 (1986).

In multiple-claimant situations, insured motorists who are covered under an uninsured/underinsured motorist policy and who suffer from injuries resulting from an automobile accident are entitled to collect up to the limit of their underinsurance policy to the extent that their damages exceed the amounts that the tortfeasor's insurer has previously paid to them. *State Farm Mut. Auto. Ins. Co. v. Valencia*, 120 N.M. 662, 905 P.2d 202 (Ct. App. 1995).

Stacking. - Whether "stacking" is to be permitted depends on the evidence presented in each case. The insured has the initial burden of proving that he paid multiple premiums for uninsured motorist coverage. Once he makes that showing, the burden shifts to the insurance company to prove that it did not charge multiple premiums for the same coverage. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

Where an insurance company charges a separate full uninsured motorist premium for each vehicle under a single or several policies, it is only fair that the insured be permitted to stack the coverages for which he has paid. *Lopez v. Foundation Reserve Ins. Co.*, 98 N.M. 166, 646 P.2d 1230 (1982).

An insured is entitled to stack underinsured motorist policies for which separate premiums have been paid. *Konnick v. Farmers Ins. Co.*, 103 N.M. 112, 703 P.2d 889 (1985).

An injured insured may stack his "class one" coverage with coverage under which he is a "class two" insured, to determine his underinsured status. *Morro v. Farmers Ins. Group*, 106 N.M. 669, 748 P.2d 512 (1988).

An insured is entitled to stack the uninsured/underinsured motorist coverage applying to two cars for which he had purchased insurance under a single policy, and for which he has paid a separate premium for each car covered, despite a clear and unambiguous liability limitation clause in the policy prohibiting stacking of those coverages. *Jimenez v. Foundation Reserve Ins. Co.*, 107 N.M. 322, 757 P.2d 792 (1988).

When an automobile insurance policy states that premiums for uninsured motorist coverage with respect to additional vehicles under the policy are included in another premium, a reasonable insured might understand that more than one premium is charged, more than one coverage is purchased, and that stacking would be permitted. Since an insurer conceptualizes and drafts the insurance contract, the insurer has an obligation to express clearly its intent not to allow stacking, to its agents who sell the

policy and, more importantly, to the insureds to whom it issues the agreements it prepares. *Rodriguez v. Windsor Ins. Co.*, 118 N.M. 127, 879 P.2d 759 (1994).

Recovery by guest under both liability and underinsured provisions denied. - A guest passenger was not allowed to recover for public policy reasons under both the liability and underinsured motorist provisions of a negligent host driver's insurance policy, even though an offset provision in the policy would prevent a double recovery. *Mountain States Mut. Cas. Co. v. Martinez*, 115 N.M. 527, 848 P.2d 527 (1993).

Being stabbed by passenger deemed "accident". - Injuries to an insured caused when he was stabbed by a passenger in an uninsured vehicle after a collision arose out of an "accident," as that term is used in uninsured motorist endorsements. *Britt v. Phoenix Indem. Ins. Co.*, 120 N.M. 813, 907 P.2d 994 (1995).

Drivers of uninsured vehicles are not vicariously liable for intentional torts of passengers and a passenger's mere presence in the vehicle is, without more, an insufficient basis from which to conclude that the victim (the driver of the insured vehicle) is legally entitled to recover from the driver of the uninsured vehicle. *Britt v. Phoenix Indem. Ins. Co.*, 120 N.M. 813, 907 P.2d 994 (1995).

Determination of nexus between uninsured driver's fault and insured's injuries involves consideration of whether there was a sufficient causal nexus between the use of the uninsured vehicle and the resulting harm, whether an act of independent significance broke the causal link and, finally, whether the "use" to which the vehicle was put was a normal use of that vehicle. *Britt v. Phoenix Indem. Ins. Co.*, 120 N.M. 813, 907 P.2d 994 (1995).

Injuries which resulted from a drive-by shooting resulted from an "accident" and were covered by either uninsured motorists or medical payments provisions of the insurance policies. *State Farm Mut. Auto. Ins. Co. v. Blystra*, 86 F.3d 1007 (10th Cir. 1996).

Loss of consortium. - A wife's claim for loss of consortium, under this particular policy, was subsumed by the compensation paid for her husband's injury; it is not considered a separate additional sum. *Gonzales v. Allstate Ins. Co.*, 122 N.M. 137, 921 P.2d 944 (1996).

B. AMOUNT.

"Other insurance" provision limiting liability. - "Other insurance" provision in uninsured motorist clause limiting insurer's liability, in case of bodily injury to insured while occupying a highway vehicle not owned by the insured, to the excess amount over any other similar insurance available to such insured and applicable to such vehicle as primary insurance, and limiting total recovery to the amount by which the limit of liability for the insured exceeded the applicable limit of liability of such other insurance, was invalid, since 64-24-105, 1953 Comp. (similar to this section), provided for a minimum,

but not a maximum, amount of protection. Recovery of the total amount of the insured's policy was not a windfall where the total damages suffered exceeded the total recovery. *Sloan v. Dairyland Ins. Co.*, 86 N.M. 65, 519 P.2d 301 (1974).

Deduction of reimbursement from another insured. - The minimum cannot be invaded by the direct deduction from it of reimbursement to the insured from another insured. *American Mut. Ins. Co. v. Romero*, 428 F.2d 870 (10th Cir. 1970).

Dollar for dollar reduction in coverage. - An application of a policy provision as a dollar for dollar reduction in the coverage under the uninsured motorist clause which results in a direct reduction in its coverage below the minimum provided by statute is invalid. *American Mut. Ins. Co. v. Romero*, 428 F.2d 870 (10th Cir. 1970).

If insurer seeks to directly reduce amount of its minimum statutory coverage by a reduction in such coverage to the exact amount that the insured may have received from other sources, this is not permitted under 64-24-105, 1953 Comp. (similar to this section), and cannot be justified by the existence of or application of the doctrine of proration. *American Mut. Ins. Co. v. Romero*, 428 F.2d 870 (10th Cir. 1970).

Worker's compensation offset unenforceable. - An insurance company which provides both workers' compensation insurance and uninsured motorist coverage for a particular automobile accident is not entitled, under a written provision of the uninsured motorist policy, to offset the amount recovered by the injured party under the workers' compensation policy against any amount which may be payable under the uninsured motorist policy. The offset clause of the automobile liability policy contravenes both public policy and the express language of this section, uninsured motorist statute, and is therefore unenforceable. *Continental Ins. Co. v. Fahey*, 106 N.M. 603, 747 P.2d 249 (1987).

Recovery from underinsured motorist carrier. - Under Subsection B, an insured collects from his underinsured motorist carrier the difference between his uninsured motorist coverage and the tortfeasor's liability coverage or the difference between his damages and the tortfeasor's liability coverage, whichever is less. *Schmick v. State Farm Mut. Auto. Ins. Co.*, 103 N.M. 216, 704 P.2d 1092 (1985).

Regardless of the number of underinsured tortfeasors at fault, the legislature intended that the injured party's underinsurance recovery should be limited to the amount of underinsured motorist coverage purchased, less available liability proceeds. *Fasulo v. State Farm Mut. Auto. Ins. Co.*, 108 N.M. 807, 780 P.2d 633 (1989).

Where a plaintiff was injured in an automobile accident and collected the maximum available from the tortfeasor's liability insurance policy, and also sought uninsured motorist benefits under her own policy because the accident was caused in part by an unknown truck driver who left the scene of the accident, the trial court erred in ruling that the plaintiff was entitled to pursue her uninsured motorist claim relative to the

phantom truck driver. *American States Ins. Co. v. Frost*, 110 N.M. 188, 793 P.2d 1341 (1990).

Where there are multiple claimants to the proceeds of a tortfeasor's liability coverage, in determining whether the tortfeasor is an underinsured motorist, the court must look to the liability proceeds actually available to the injured insureds, not merely the express policy limits of the tortfeasor's liability coverage. *Gonzales v. Millers Cas. Ins. Co.*, 923 F.2d 1417 (10th Cir. 1991).

Since a guest passenger injured in a one-car accident was paid the maximum liability insurance of \$50,000 under the driver's policy, he was not entitled to collect the \$25,000 uninsured/underinsured coverage provided under his parents' policy since, under this section, the parents' insurer was entitled to an offset equal to the driver's liability coverage. *Samora v. State Farm Mut. Auto. Ins. Co.*, 119 N.M. 467, 892 P.2d 600 (1995).

66-5-302. Uninsured motorist; payment of arbitration fee.

No arbitrator shall require the payment of a fee in advance of the arbitration of any controversy arising under an uninsured motorist provision of a motor vehicle or automobile liability insurance policy. The arbitrator may award the costs of arbitration to the prevailing party.

History: 1953 Comp., § 64-24-106, enacted by Laws 1969, ch. 18, § 3; recompiled as 1953 Comp., § 64-5-302, by Laws 1978, ch. 35, § 326.

ANNOTATIONS

Apportionment of arbitration costs. - The uninsured motorists' insurance statute and the New Mexico Arbitration Act are not in a state of repugnant conflict on the issue of apportionment of arbitration costs. The Arbitration Act merely encompasses the uninsured motorists' insurance statute; it allows the arbitrator to award costs of arbitration to the prevailing party (as does the uninsured motorists' insurance statute), unless the parties contract to award it in some other way. This distinction is not enough to warrant a repeal by implication and does not make the acts irreconcilable. *Stinbrink v. Farmers Ins. Co.*, 111 N.M. 179, 803 P.2d 664 (1990).

Insurance policy may not require each party to bear own arbitration costs. - An insurance policy may not mandate that each party bear its own arbitration costs because the statute provides that an arbitrator may award costs of the arbitration to the prevailing party. *Stinbrink v. Farmers Ins. Co.*, 111 N.M. 179, 803 P.2d 664 (1990).

66-5-303. Uninsured motorist; judicial review of arbitration award.

Any party aggrieved by an arbitration award entered in any controversy arising under an insured motorist provision of a motor vehicle or automobile liability insurance policy may, within thirty days after entry of the arbitration award, appeal to any district court having venue of the action. The appeal shall be "de novo."

The section is set out as amended by Laws 1994, ch. 126, § 18. See 12-1-8 NMSA 1978.

The 1995 amendment, effective July 1, 1995, added "for a twelve-month registration period" at the end of the introductory paragraph in Subsection A and at the end of Subsection B.

There is no statutory requirement that fees paid be shown upon the owner's copy of the registration certificate. There is a blank on the registration certificate for filling in such information but it is discretionary with the agent or employee issuing the registration certificate as to whether or not this information will be furnished on the certificate itself. The commissioner (now director) does have a regulation promulgated to the effect that on request by any applicant for registration and certificate of title, a separate receipt will be furnished him showing the amount of fees paid. 1959-60 Op. 66-6-2. Passenger vehicles; registration fees.

For registration of each motor vehicle other than motorcycles, trucks, buses and tractors, the division shall collect the following fees for a twelve-month registration period:

A. for a vehicle whose gross factory shipping weight is not more than two thousand pounds, twenty dollars (\$20.00); provided, however, that after five years of registration, calculated from the date when the vehicle was first registered in this or another state, the fee is sixteen dollars (\$16.00);

B. for a vehicle whose gross factory shipping weight is more than two thousand but not more than three thousand pounds, twenty-nine dollars (\$29.00); provided, however, that after five years of registration, calculated from the date when the vehicle was first registered in this or another state, the fee is twenty-three dollars (\$23.00);

C. for a vehicle whose gross factory shipping weight is more than three thousand pounds, forty-two dollars (\$42.00); provided, however, that after five years of registration, calculated from the date when the vehicle was first registered in this or another state, the fee is thirty-four dollars (\$34.00); and

D. beginning July 1, 1994, for each vehicle registered pursuant to the provisions of this section, a tire recycling fee of one dollar (\$1.00) for a twelve-month registration period.

1994 amendments. - Identical amendments to this section were enacted by Laws 1994, ch. 117, § 19 and ch. 126, § 19, both effective immediately and both approved March 8, 1994, which added Subsection D. The section is set out as amended by Laws 1994, ch. 126, § 19. See 12-1-8 NMSA 1978.

The 1995 amendment, effective July 1, 1995, added "for a twelve-month registration period" at the end of the introductory paragraph and rewrote Subsection D which read "for each vehicle registered pursuant to the provisions of this section, an annual tire recycling fee of one dollar (\$1.00) beginning July 1, 1994".

Self-propelled go-carts. - The only classification which appears to be applicable to self-propelled go-carts is that of "motor vehicle," and therefore the utilization of 64-11-1.1, 1953 Comp. (similar to this section), to determine the correct registration fee would probably be appropriate. 1964 Op. Att'y Gen. No. 64-148.

B. At the option of the owner of a fleet of fifty or more utility trailers wishing to register them in New Mexico, the motor vehicle division shall issue a registration and plate for each trailer in such fleet, the registration and plate to expire on the last day of the final month of a five-year period. Such registrations and plates shall be issued for five years only if the owner of the trailers meets the following requirements:

(1) application is made on forms prescribed by the motor vehicle division and payment of the proper fee is made;

(2) upon the option of the director, presentation is made at the time of registration of a surety bond, certificate of deposit or of other financial security; and

The person claiming a reduced motor vehicle registration fee shall make an affidavit that in any claim of a veteran exemption thereafter during such year, he will set forth the amount of reductions so received which shall reduce the amount of benefits received from the real or personal property tax exemption to that extent. No person shall receive any reductions of registration fees in a greater sum during any one year than an amount equal to the property tax imposed on two thousand dollars (\$2,000) of net taxable value of property in the school district in which he resides.

B. The director shall certify to the proper county assessor the amount of reduction received under the provisions of this section by any person, and the assessor shall note the reduction on his valuation records.

66-6-25. Registration by county or municipality prohibited.

A. No county or municipality shall require registration or charge fees for any vehicle subject to registration under the Motor Vehicle Code.

B. Notwithstanding the provisions of Subsection A of this section, a county or municipality designated as an agent pursuant to Section 66-2-14.1 NMSA 1978 may impose a fee in an amount not to exceed five dollars (\$5.00) per year in addition to any other registration fee required. This fee shall not be imposed if the county or municipality has imposed a gasoline tax pursuant to the County and Municipal Gasoline Tax Act [Chapter 7, Article 24A NMSA 1978], the proceeds of which are used to fund a vehicle emission inspection program. Any money collected as a result of the imposition of an additional fee pursuant to this subsection shall be used only to fund a vehicle emission inspection program.

66-6-26. Registered vehicle exempt from property tax; exception.

No vehicle upon which the registration fees provided for in the Motor Vehicle Code have been paid shall be assessed or taxed upon any property assessment rolls in this state for the period for which the fees are paid, except that mobile homes shall be subject to assessment and property tax in addition to the vehicle registration fee.

ANNOTATIONS

Motor Vehicle Code. - See 66-1-1 NMSA 1978 and notes thereto.

Only vehicles with paid registration exempt from personal property tax. - Laws 1929, ch. 119, § 32, relieved from separate assessment and taxation as personal property only those motor vehicles upon which the registration fees had been paid. Oden Buick, Inc. v. Roehl, 36 N.M. 293, 13 P.2d 1093 (1932).

If equipment integral part of trailer both are exempt. - Evidence that certain equipment was bolted to taxpayer's trailer, that the trailer had no use apart from the equipment, that the equipment was an integral part of the trailer, and that the trailer and equipment constituted a single unit and was used as such, showed the equipment was a part of the trailer, and once the permanent registration on the trailer was paid, both

trailer and equipment were exempt from property tax under 64-11-14, 1953 Comp. (similar to this section). *Halliburton Co. v. Property Appraisal Dep't*, 88 N.M. 476, 542 P.2d 56 (Ct. App. 1975).

Equipment on trailer was included in gross weight. - Since the registration fees for trucks are determined by declared gross weight, and since a gross weight was declared by taxpayer which included the equipment mounted on his vehicles, and registration fees were paid on that gross weight as provided in the motor vehicle code, the equipment mounted on the trucks was exempt from property tax under 64-11-14, 1953 Comp. (similar to this section). *Halliburton Co. v. Property Appraisal Dep't*, 88 N.M. 476, 542 P.2d 56 (Ct. App. 1975).

Military personnel's trailers owned as personal property exempt. - Trailers owned by military personnel as personal property and not being motor vehicles are free from taxation under the provisions of the Soldiers' and Sailors' Civil Relief Act of 1940, § 514 (50 U.S.C. App. § 574) except by the state of domicile of the owner. It is possible that the vehicle could become real property so as to be taxable as such without regard to the Soldiers' and Sailors' Civil Relief Act. The provisions of 64-11-14, 1953 Comp. (similar to this section), contemplate this possibility, permitting ad valorem taxes to be assessed when a trailer has had its wheels removed and been placed on a permanent foundation. 1959-60 Op. Att'y Gen. No. 59-53.

Assessor's duty with trailer limited to assessing it as realty. - The duty of a county assessor to place a house trailer on the property tax rolls is limited to assessing it as a part of the realty to which it has become affixed. This authority would exist even without the provisions of 64-11-14, 1953 Comp. (similar to this section), although it provides a useful guide. 1959-60 Op. Att'y Gen. No. 59-53.

66-6-36. Payment in foreign currency.

To the extent permitted by the laws of the United States and by treaties entered into by the United States, the secretary may require all amounts due under the Motor Vehicle Code or the Motor Transportation Act to be paid in currency of the United States. To the extent the secretary permits or is required to permit payment of amounts due under the Motor Vehicle Code or the Motor Transportation Act to be made in foreign currency, the secretary after consultation with the secretary of finance and administration shall establish a procedure for selecting an appropriate exchange rate to be used in determining the amount due expressed in the foreign currency. The secretary may require, as a condition for accepting payment in a foreign currency, that any cost incurred or to be incurred by the department in converting the currency be added to the amount due. Amounts received by the department to defray the cost of converting currency are appropriated to the department for that purpose.

B. Unless specifically made applicable, the provisions of Article 7, Chapter 66 NMSA 1978 shall not apply to persons, teams, motor vehicles and other equipment while

Provision recognizes fact that maintenance personnel cannot follow road rules. - The legislature incorporated 64-15-4, 1953 Comp. (similar to this section), into the law in recognition of the fact that in constructing, repairing and maintaining highways there are circumstances under which men and equipment must be present on the surface of the highway without being held to comply with the rules of the road generally binding. *Sturgeon v. 66-7-6. Authorized emergency vehicles.

A. The driver of an authorized emergency vehicle, when responding to an emergency call or when in pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section subject to the conditions stated. The chief of the New Mexico state police or the appropriate local agency may designate emergency vehicles and revoke the designation. When vehicles are so designated, they are authorized emergency vehicles.

B. The driver of an authorized emergency vehicle may:

(1) park or stand, irrespective of the provisions of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978];

(2) proceed past a red or stop signal or stop sign, but only after slowing down as necessary for safe operation;

(3) exceed the maximum speed limits so long as he does not endanger life or property; and

(4) disregard regulations governing direction of movement or turning in specified directions.

C. The exemptions granted to an authorized emergency vehicle apply only when the driver of the vehicle, while in motion, sounds an audible signal by bell, siren or exhaust whistle as reasonably necessary and when the vehicle is equipped with at least one lighted lamp displaying a red light visible under normal atmospheric conditions from a distance of five hundred feet to the front of the vehicle, except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle.

D. This section does not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons nor does it protect the driver from the consequences of his reckless disregard for the safety of others.

Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by Article 7 of Chapter 66 NMSA 1978, except those provisions of

Article 7 of Chapter 66 NMSA 1978 which by their very nature can have no application, and except where otherwise specifically provided in Article [Article] 7 of Chapter 66 NMSA 1978.

66-7-8. Provisions uniform throughout state.

The provisions of Article 7 of Chapter 66 NMSA 1978 shall be applicable and uniform throughout this state and in all political subdivisions and municipalities therein and no local authority shall enact or enforce any ordinance, rule or regulation in conflict with such provisions unless expressly authorized herein. Local authorities may, however, adopt additional traffic regulations which are not in conflict with such provisions.

ANNOTATIONS

Ordinance proscribing drunk driving solely on public highways not inconsistent. - A city ordinance which was construed by the court of appeals to proscribe drunk driving solely on public highways was not inconsistent with the broader state proscription. City of Las Cruces v. Davis, 87 N.M. 425, 535 P.2d 68 (Ct. App. 1975).

Albuquerque's ordinance making it unlawful for any person under the influence to operate vehicle is enforceable under and consistent with state law. The fact that the ordinance defines an attempted misdemeanor does not mean it is invalid because 30-28-1 NMSA 1978 prohibits sentencing for an attempted misdemeanor. The latter is a general law and is not applicable if a special law covers the same matter. Likewise, the last sentence of former 64-15-7, 1953 Comp. (similar to this section), specifically authorizes Albuquerque to adopt additional traffic regulations. City of Albuquerque v. Chavez, 91 N.M. 559, 577 P.2d 457 (Ct. App.), cert. denied, 91 N.M. 610, 577 P.2d 1256 (1978) (decided under former law).

66-7-9. Powers of local authorities.

A. The provisions of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] shall not be deemed to prevent local authorities, with respect to streets and highways under their jurisdiction and within the reasonable exercise of the police power, from:

- (1) regulating the standing or parking of vehicles;
- (2) regulating traffic by means of police officers or traffic-control signals;
- (3) regulating or prohibiting processions or assemblages on the highways;
- (4) designating particular highways as one-way highways and requiring that all vehicles thereon be moved in one specific direction;
- (5) regulating the speed of vehicles in public parks;
- (6) designating any highway as a through highway and requiring that all vehicles stop before entering or crossing it or designating any intersection as a stop intersection or a yield intersection and requiring all vehicles to stop or yield at one or more entrances to the intersection;
- (7) restricting the use of highways as authorized in the Motor Vehicle Code;
- (8) regulating the operation of bicycles and requiring their registration and licensing, including the requirement of a registration fee;
- (9) regulating or prohibiting the turning of vehicles, or specified types of vehicles, at intersections;
- (10) altering the maximum speed limits as authorized in the Motor Vehicle Code;
- (11) adopting other traffic regulations as specifically authorized by the Motor Vehicle Code;
- (12) regulating the operation of snowmobiles on public lands, waters and property under their jurisdiction and on streets and highways within their boundaries by resolution or ordinance of their governing bodies and by giving appropriate notice, if such regulation is not inconsistent with the provisions of Sections 66-9-1 through 66-9-13 NMSA 1978;
or
- (13) regulating the operation of golf carts on public lands and property under their jurisdiction and on streets and roads within their boundaries by resolution or ordinance

of their governing bodies and requiring their registration and licensing, including the payment of a registration fee; provided, the resolution or ordinance shall:

(a) not permit operation of a golf cart on any state highway;

(b) require that the golf cart be in compliance with Section 66-3-887 NMSA 1978; and

(c) not be inconsistent with the provisions of Sections 66-3-1001 through 66-3-1016 NMSA 1978.

B. No local authority shall erect or maintain any stop sign or traffic-control signal at any location so as to require the traffic on any state highway to stop or yield before entering or crossing any intersecting highway unless approval in writing has first been obtained from the state highway commission.

C. No ordinance or regulation enacted under Paragraph (4), (5), (6), (7) or (10) of Subsection A of this section shall be effective until signs giving notice of the local traffic regulations are posted upon or at the entrances to the highway or part thereof affected as may be most appropriate.

66-7-105. Traffic-control signal legend.

Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, succesively [successively], one at a time or in combination, only the colors green, yellow and red shall be used, except for special pedestrian control signals carrying a word legend, and the lights indicated [indicate] and apply to drivers of vehicles and pedestrians:

A. green alone:

(1) vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at the place prohibits either turn. Vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited; and

(2) pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk;

B. yellow alone when shown following the green signal:

(1) vehicular traffic facing the signal is warned that the red signal will be exhibited immediately thereafter and the vehicular traffic shall not enter the intersection when the red signal is exhibited except to turn as hereinafter provided; and

(2) no pedestrian facing the signal shall enter the roadway until the green is shown alone unless authorized to do so by a pedestrian "walk" signal;

C. red alone:

(1) vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before entering the intersection, and may turn right after standing until the intersection may be entered safely, provided that such vehicular traffic shall yield the right-of-way to all pedestrians and vehicles lawfully in or approaching the intersection. Whenever the local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited;

(2) vehicular traffic on a one-way street facing the signal shall stop before entering the crosswalk on the near side of the intersection or if there is no crosswalk, then before entering the intersection, and if a left turn onto a one-way street in the proper direction is intended, may turn left after stopping until the intersection may be entered safely, provided that such vehicular traffic shall yield the right-of-way to all pedestrians [pedestrians] and vehicles lawfully in or approaching the intersection;

(3) whenever the local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited; and

(4) no pedestrian facing the signal shall enter the roadway until the green is shown alone unless authorized to do so by a pedestrian "walk" signal;

D. red with green arrow:

(1) vehicular traffic facing the signal may cautiously enter the intersection only to make the movement indicated by the arrow, but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection; and

(2) no pedestrian facing the signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic;

E. if an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section apply except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal; and

F. when a sign is in place permitting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make the turn indicated by the sign after stopping as required by Paragraphs (1) and (2) of Subsection C of this section. Vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

Commission must approve all traffic-control devices. - By virtue of the specific provisions of this section, municipalities may not permit right turns on red lights unless the auxiliary signal provided by Subsection D thereof is also present, and insofar as highways under the jurisdiction of the state highway commission are concerned, all traffic control devices of whatever nature are subject to the approval of the state highway commission. 1953-54 Op. Att'y Gen. No. 5837 (decided under former version of this section).

Pedestrian has right-of-way when no signal of traffic-control type. - Since there was no traffic signal in place or in operation of the "traffic-control signal" type, which would deprive plaintiff of the right-of-way as a pedestrian under 64-18-33, 1953 Comp. (similar to 66-7-334 NMSA 1978), it was prejudicial error to give instruction stating that ". . . the presence of a crosswalk does not in itself give a pedestrian the right-of-way when there are traffic signals in operation at the intersection, as in this case." Ward v. Ray, 78 N.M. 566, 434 P.2d 388 (1967).

No contributory negligence if driver careful and did not hear siren. - Plaintiff who stopped in obedience to red light at street intersection, waited when green light went on until cross traffic had come to stop, and not hearing any siren and seeing no obstacle in immediate pathway, proceeded through intersection at 10 miles per hour was not contributorily negligent as to intersectional collision with fire truck. Tiedebohl v. Springer, 55 N.M. 295, 232 P.2d 694 (1951).

66-7-106. Pedestrian-control signals.

Whenever special pedestrian-control signals exhibiting the words "walk" or "don't walk" are in place:

A. "walk" indicates that pedestrians facing the signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by drivers of all vehicles; and

B. "don't walk" indicates that no pedestrian shall start to cross the roadway in the direction of the signal, but any pedestrian who has partially completed his crossing on the "walk" signal shall proceed to a sidewalk or safety island while the "don't walk" signal is showing.

66-7-107. Flashing signals.

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(1) flashing red (stop signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign; or

(2) flashing yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

B. This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings [crossings] shall be governed by the rules as set forth in Section 66-7-341 NMSA 1978.

ANNOTATIONS

Compiler's note. - This section is similar to 64-16-7, 1953 Comp. Court decisions reached pursuant to the former, similar provisions have been placed under this section.

A flashing red signal light directs drivers of vehicles to stop, but it does not then alternately direct them to proceed as does the ordinary traffic light described in 66-7-105 NMSA 1978 which exhibits different colored lights successively, each color in turn directing drivers to stop, to go, etc. Similarly, a flashing yellow signal light directs drivers of vehicles to proceed with caution, but it does not alternately direct them to stop. *Ward v. Ray*, 78 N.M. 566, 434 P.2d 388 (1967).

Entering flashing yellow intersection with view obstructed may be violation. - Where first northbound truck slowed down, for a flashing yellow light, but not as much as the second truck, and as the first truck approached the intersection, its driver's view was obstructed by the second, more cautious, truck, there was a factual question as to whether the first truck's driver complied with 64-16-17, 1953 Comp. (similar to this section). *Butcher v. Safeway Stores, Inc.*, 78 N.M. 593, 435 P.2d 212 (Ct. App. 1967).

Pedestrian has right-of-way if no signal of traffic-control type. - Since there was no traffic signal in place or in operation of the "traffic-control signal" type, which would deprive plaintiff of the right-of-way as a pedestrian under 64-18-33, 1953 Comp. (similar

to 66-7-334 NMSA 1978), it was prejudicial error to give instruction stating that ". . . the presence of a crosswalk does not in itself give a pedestrian the right-of-way when there are traffic signals in operation at the intersection, as in this case." The 1989 amendments. - Laws 1989, ch. 318, § 29, effective July 1, 1989, adding new Subsections A(3) and A(4), deleting former Subsections A(3) through A(5); redesignating Subsection A(6) as Subsection A(5); inserting "and transportation" in Subsections A(5) and B(2); deleting Subsection B; and redesignating Subsections C and D as Subsections B and C, was approved on April 7, 1989. However, Laws 1989, ch. 320, § 1, also effective July 1, 1989, rewriting the section to the extent that a detailed comparison would be impracticable, was approved later on April 7, 1989. The section is set out as amended by Laws 1989, ch. 320, § 1. See 12-1-8 NMSA 1978.

The 1996 amendment, in Subsection A, added Paragraph (3), deleted former Paragraphs (3) and (4) relating to speed limits on urban interstate highways which are

part of the national system of interstate and defense highways, and redesignated former Paragraph (5) as Paragraph (4); deleted former Subsection B which pertained to the maximum speed limits established in former Paragraphs A(3) and A(4), and redesignated the following subsections accordingly; and made a stylistic change in Paragraph (2) of Subsection B. Laws 1996, ch. 81 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective May 15, 1996, 90 days after adjournment of the legislature. See Volume 14 NMSA 1978 for "Adjournment Dates of Sessions of Legislature" table.

Altered speed becomes speed limit after alteration. - Sections 64-18-1.1, 1953 Comp. (similar to this section) and 66-7-301 NMSA 1978 authorize the alteration of speed limits. The altered speed then becomes the speed limit. *Dahl v. Turner*, 80 N.M. 564, 458 P.2d 816 (Ct. App.), cert. denied, 80 N.M. 608, 458 P.2d 860 (1969).

"Rule of reason" criminal statute sufficiently definite. - A statute defining what some courts refer to as a "rule of reason" in making it a crime to drive an automobile in such an uncontrolled manner as to collide with some object, including the roadbed, and making it a crime to operate a motor vehicle without due care, is sufficiently definite to apprise the defendant of the charges against him when he is complained against under such a statute. 1959-60 Op. Att'y Gen. No. 59-148.

Violation is offense against public health and safety. - A criminal statute, to be valid, must contain sufficiently definite warning as to the proscribed conduct as to permit a person of common understanding to determine what acts he must or must not do. Section 64-18-1.1, 1953 Comp. (similar to this section) meets more than the minimal requirements for definiteness. A violation of 64-18-1.1, 1953 Comp., is an offense against the public health and safety and is therefore a "public offense." 1959-60 Op. Att'y Gen. No. 59-154.

Violation is a misdemeanor. - Since a violation of the speeding laws is a public offense and does not meet the definition of a felony, it is a misdemeanor under the statutory definition contained in 30-1-6 NMSA 1978. 1959-60 Op. Att'y Gen. No. 59-154.

Court acquired jurisdiction over speeding prosecution even though the citation was not made under oath and the complaint failed to allege the speed and speed limit and that the appellant was the person who committed the offense. *State v. Mesecher*, 74 N.M. 510, 395 P.2d 233 (1964).

Can prosecute two offenses if one felony and other misdemeanor. - If in a prosecution for reckless driving and failure to use due care arising out of the same facts a conviction of one such offense would be a conviction of a misdemeanor, and a conviction of the other offense would be a conviction of a felony (as where the driver has previously been convicted of reckless driving), there would be no bar to a prosecution for both offenses, even though based on the same facts, since there would not be concurrent jurisdiction. 1964 Op. Att'y Gen. No. 64-147.

Cannot prosecute if both offenses grant concurrent jurisdiction. - The offense of failure to use due care is considered a lesser offense and that of reckless driving is considered a greater offense, such that if there is concurrent jurisdiction over either offense, prosecution for one would be a bar to prosecution for the other, assuming that both are misdemeanors, with either a justice court (now magistrate court) or a district court able to exercise jurisdiction. 1964 Op. Att'y Gen. No. 64-147.

Truck speed limit formerly based on manufacturer's rated capacity. - The former language of 64-18-1.1, 1953 Comp. (similar to this section) is clear and unambiguous. It sets a speed limit on trucks based on the manufacturer's rated capacity of the vehicle. No reference is made in the statute to the overall weight or size of the unit, nor is any distinction made as to trucks and trailers. All trucks of a rated capacity of less than two tons may operate on highways in open country during the day at a speed of 70 miles per hour regardless of the weight or size of the overall unit. 1957-58 Op. Att'y Gen. No. 57-194.

II. SCHOOL ZONES.

Provision applies to children under 18 years old. - Section 64-18-1.1, 1953 Comp. (similar to this section), applies to children who are under 18 years of age. The speed limit of 15 m.p.h. would apply "while children [under the age of 18 years] are going to, or leaving school, and when the school zone is properly posted." *Weiland v. Vigil*, 90 N.M. 148, 560 P.2d 939 (Ct. App.), cert. denied, 90 N.M. 255, 561 P.2d 1348 (1977).

Posting of school zone sign is condition precedent to establishment of a school zone. *Weiland v. Vigil*, 90 N.M. 148, 560 P.2d 939 (Ct. App.), cert. denied, 90 N.M. 255, 561 P.2d 1348 (1977).

School authorities responsible for placing and removing signs. - The responsibility for placing and removing the signs provided for is squarely upon the school authorities. It should be brought to their attention that these signs may be upon the streets only at certain times throughout the day and that they should be removed when not authorized. 1955-56 Op. Att'y Gen. No. 6297.

III. NEGLIGENCE.

A. DUE CARE.

Due care necessity not obviated merely because not exceeding limit. - Even though motorist was not exceeding speed limit, need for the exercise of due care was not thereby obviated, particularly in view of statutory provision that automobile should only be operated at such speed as was consistent with safety and proper use of the highways. *Langenegger v. McNally*, 50 N.M. 96, 171 P.2d 316 (1946).

Due care not obviated because driver has right-of-way. - Fact that right-of-way was in plaintiff's favor did not obviate duty of plaintiff's exercising due care when defendant motorist entered intersection while plaintiff was still some 200 feet away. *Langenegger v. McNally*, 50 N.M. 96, 171 P.2d 316 (1946).

Traveling five m.p.h. through yellow flashing light intersection not negligence. - Two trucks approximately 100 yards from an intersection were traveling 35 to 40 m.p.h. and were slowing down so that by the time the trucks reached the intersection (controlled by a yellow flashing light) one truck was going five m.p.h. and the other slightly faster. These facts show neither a lack of ordinary care nor speed amounting to a failure to use due care in violation of 64-18-1.1, 1953 Comp. (similar to this section). *Butcher v. Safeway Stores, Inc.*, 78 N.M. 593, 435 P.2d 212 (Ct. App. 1967).

Not slowing or stopping not failure to exercise ordinary care. - Where automobile was being driven between 40 or 45 m.p.h. at night and driver, on seeing an approaching truck which did not attempt to keep a straight course, but meandered and weaved, and did not dim light, dimmed the lights on his automobile and pulled over to the right in order to give the truck all of the room possible, it cannot be said that the driver of such automobile failed to exercise ordinary care in not slowing or stopping his automobile. *Cain v. Bowlby*, 114 F.2d 519 (10th Cir.), cert. denied, 311 U.S. 710, 61 S. Ct. 319, 85 L. Ed. 462 (1940).

Not error to find excessive speed even when within limit. - A finding that motorist was traveling too fast may not be erroneous even though he was not driving in excess of the speed limit. *Langenegger v. McNally*, 50 N.M. 96, 171 P.2d 316 (1946).

Failure to use due care even if not exceeding limit. - A charge of failure to use due care can be made even though the driver was not exceeding a posted speed limit and even though no accident resulted from such overt actions. 1964 Op. Att'y Gen. No. 64-147.

Motorists held to see what person exercising due care sees. - Motorists are responsible for seeing that which a reasonably prudent person, exercising due care, should have seen. Failure properly to evaluate what is seen is as much an element of negligent lookout as not to see the course of danger at all. A motorist must exercise care commensurate with the situation confronting him. *Horrocks v. Rounds*, 70 N.M. 73, 370 P.2d 799 (1962).

Negligence to fail to be able to avoid discernible obstruction. - Failure of driver to operate vehicle at such a speed that it can be stopped in time to avoid an obstruction discernible within his length of vision ahead of him may constitute negligence. *Duncan v. Madrid*, 44 N.M. 249, 101 P.2d 382 (1940); *Lopez v. Townsend*, 42 N.M. 601, 82 P.2d 921 (1938).

Jury question whether speed was too great to avoid collision. - Defendant, having difficulty seeing the road because of the snow, traveled about 25 to 30 feet behind plaintiff's car. Plaintiff's car traveled over into the oncoming lanes of traffic and when she saw this she brought her car to a stop. Defendant saw no brake lights and was unable to stop his car. These facts created a jury question on issue of defendant's negligence (going too fast) or plaintiff's contributory negligence (improper stopping). *Tafoya v. Whitson*, 83 N.M. 23, 487 P.2d 1093 (Ct. App.), cert. denied, 83 N.M. 22, 487 P.2d 1092 (1971).

"Unavoidable accident" is an accident not occasioned in any degree, either directly or remotely, by want of such care or prudence as the law holds every man bound to exercise; and if the accident complained of could have been prevented by either party by means suggested by common prudence, it is not unavoidable. *Horrocks v. Rounds*, 70 N.M. 73, 370 P.2d 799 (1962).

Facts justifying reckless driving charge also sustain due care failure. - If the facts of a particular case could justify filing of a charge of reckless driving, the facts necessary to sustain a charge of failure to use due care would also be present so that either charge would be justified. 1964 Op. Att'y Gen. No. 64-147.

Person may be cited for failure to use due care. - A person can validly be cited, under 64-18-1.1, 1953 Comp. (similar to this section), for failure to use due care, provided that the act or acts constituting the offense are set out in the complaint. 1964 Op. Att'y Gen. No. 64-147.

B. PER SE.

Negligence per se to operate vehicle at prohibited speed. - Operation of an automobile at a speed prohibited by statute or ordinance is negligence per se. *Clay v. Texas-Arizona Motor Freight, Inc.*, 49 N.M. 157, 159 P.2d 317 (1945).

Exceeding speed limit does not mandate finding of negligence. - The fact that the defendant was exceeding the speed limit does not mandate or preclude a finding of negligence. *Marcus v. Cortese*, 98 N.M. 414, 649 P.2d 482 (Ct. App. 1982).

Operating truck at speed in violation of statute constituted negligence per se. *H.W. Bass Drilling Co. v. Ray*, 101 F.2d 316 (10th Cir. 1939).

One who violates a statute is negligent as a matter of law, unless excused from such violation. *Dahl v. Turner*, 80 N.M. 564, 458 P.2d 816 (Ct. App.), cert. denied, 80 N.M. 608, 458 P.2d 860 (1969).

Failure to reduce speed to statutory requirement constituted negligence per se in case where truck brakes were insufficient to slow truck on downhill and truck ran into roadblock, even though government was assumed guilty of negligence for posting insufficient warning. *United States v. Byers*, 225 F.2d 774 (10th Cir. 1955).

Proof of statute violation is one method of proving negligence. - Section 66-7-307B NMSA 1978 indicates that in cases concerned with posted speed limits plaintiff must still meet his traditional burden of proof. It says that a case involving posted speed limits is not a special category just because posted speed limits are involved. Even if posted speed limits are involved, plaintiff must still prove negligence as a proximate cause of the accident. Section 66-7-307B NMSA 1978, however, does not state how negligence is to be proved. Proof of violation of a statute is one method of proving negligence. *Dahl v. Turner*, 80 N.M. 564, 458 P.2d 816 (Ct. App.), cert. denied, 80 N.M. 608, 458 P.2d 860 (1969).

Driving in excess of limit establishes negligence due to speed. - Facts establishing that defendant was driving in excess of the speed limit and that she failed to control her speed to avoid colliding with a pickup which was entering the highway is evidence of

negligence due to speed. *Dahl v. Turner*, 80 N.M. 564, 458 P.2d 816 (Ct. App.), cert. denied, 80 N.M. 608, 458 P.2d 860 (1969).

Excessive speed not inferable from mere fact accident happened. - The mere fact that the law requires that vehicles may only be operated at such speed as shall be consistent at all times with safety and the proper use of the roads did not compel the giving of instruction on excessive speed. There is no evidence that either defendant was violating the maximum speed limit and there is no evidence that either was driving at a speed inconsistent with the exercise of due care and the proper use of the highway. Excessive speed under the prevailing conditions is not inferable from the mere fact that the accidents happened. *Lopez v. Maes*, 81 N.M. 693, 472 P.2d 658 (Ct. App.), cert. denied, 81 N.M. 721, 472 P.2d 984 (1970).

Instruction of excessive speed not given when no evidence thereof. - Where there was no evidence received in the trial of the case indicating speed in excess of the lawful limit, or speed indicative of lack of due care under the circumstances and as the evidence established that the defendant's vehicle was engaged in, or had just completed, a left turn and was moving very slowly, the jury would logically conclude that the force of this instruction was directed at the speed of the plaintiff and since there was no evidence of excessive speed given by any witness, the issue thus raised by the instruction was not only false, but it was prejudicial. *Embrey v. Galentin*, 76 N.M. 719, 418 P.2d 62 (1966).

C. CONTRIBUTORY.

Contributory negligence possibly denied if speed limit violation is factor. - Where defendant's negligent act is committed under extremely aggravated circumstances in the establishment of which violation of the statutory speed limit is a factor, contributory negligence may be denied as a defense. *Gray v. Esslinger*, 46 N.M. 421, 130 P.2d 24 (1942).

Must show limit violation not contributing cause of injury. - Where defendant in action for death of driver of truck interposed defense of contributory negligence, if driver was exceeding statutory speed limit, plaintiff would have been required to show that such speed was not the contributing cause of the injury. *H.W. Bass Drilling Co. v. Ray*, 101 F.2d 316 (10th Cir. 1939).

66-7-302. Repealed.

ANNOTATIONS

Repeals. - Laws 1989, ch. 318, § 37 and Laws 1989, ch. 319, § 15 repeal 66-7-302 NMSA 1978, as amended by Laws 1987, ch. 73, § 1, relating to maximum speed limit, effective July 1, 1989. For provisions of former section, see 1987 Replacement Pamphlet.

Compiler's note. - Laws 1989, ch. 320, § 2 purported to amend this section, as amended by Laws 1987, ch. 73, § 1, but, because of the earlier repeal by Laws 1989, ch. 318, § 37 and Laws 1989, ch. 319, § 15, that amendment could not be given effect. For present comparable provisions, see 66-7-302.1 NMSA 1978.

66-7-302.1. Speed limit; conviction; use limited.

A. The division shall not use a violation under Paragraph (3) or (4) of Subsection A of Section 66-7-301 NMSA 1978 for the purpose of suspending or revoking a driver's license unless the driver was exceeding the speed of seventy-five miles an hour.

B. An insurer shall not consider a violation under Paragraph (3) or (4) of Subsection A of Section 66-7-301 NMSA 1978 as a moving traffic violation against a person, unless the person was exceeding the speed of seventy-five miles an hour, for the purpose of establishing rates of motor vehicle insurance charged by the insurer nor shall the insurer cancel or refuse to renew any policy of insurance for such a violation.

History: 1978 Comp., § 66-7-302.1, enacted by Laws 1989, ch. 319, § 8; 1991, ch. 55, § 1.

ANNOTATIONS

The 1991 amendment, effective June 14, 1991, substituted "seventy-five miles per hour" for "seventy miles per hour" in Subsections A and B.

Compiler's note. - Laws 1989, ch. 318, § 30 and Laws 1989, ch. 319, § 8 enacted identical versions of this section. The section is treated as enacted by Laws 1989, ch. 319, § 8.

66-7-303. Establishment of speed zones.

A. Whenever the secretary of highway and transportation determines upon the basis of an engineering survey and traffic investigation, a detailed report of which is filed with the traffic safety bureau of the state highway and transportation department, that any speed established by law is greater or less than is reasonable or safe under the conditions found to exist upon any part of a state highway, the secretary of highway and transportation may declare the speed limit for that part, and that speed limit shall be authorized and effective when appropriate signs giving notice thereof are erected at that particular part of the highway; provided that no speed limit shall be declared greater than seventy-five miles per hour. The declaration of speed limits by the secretary of highway and transportation shall not be considered rules for purposes of the State Rules Act [Chapter 14, Article 4 NMSA 1978].

B. Whenever a local authority determines upon the basis of an engineering survey and traffic investigation that any speed limit permitted under state law or local ordinance is greater or less than is reasonable or safe under the conditions found to exist upon any

part of a highway within its jurisdiction, it may declare a speed limit for that part, and that speed limit shall be authorized and effective when appropriate signs giving notice thereof are erected at that particular part of the highway; provided that no speed limit shall be declared greater than seventy-five miles per hour.

C. Engineering surveys and traffic investigations made by local authorities shall be on a form approved by the secretary of highway and transportation. If engineers are not available to the local authorities, the state highway and transportation department may make the surveys and investigations for the local authorities.

D. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.

E. Alteration of speed limits on state highways by local authorities is not effective until approved by the secretary of highway and transportation.

F. The provisions of Subsections A and B of this section shall not apply to changes of speed limit in construction zones authorized pursuant to Section 66-7-303.1 NMSA 1978.

History: 1953 Comp., § 64-18-2.1, enacted by Laws 1957, ch. 73, § 2; 1963, ch. 145, § 2; recompiled as 1953 Comp., § 64-7-303, by Laws 1978, ch. 35, § 407; 1985, ch. 188, § 2; 1996, ch. 81, § 3.

The 1996 amendment substituted the references to highway and transportation for references to state highway commission, rewrote Subsections A and B, and made stylistic changes throughout the section. Laws 1996, ch. 81 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective May 15, 1996, 90 days after adjournment of the legislature. See Volume 14 NMSA 1978 for "Adjournment Dates of Sessions of Legislature" table.

Altered speed becomes speed limit after alteration. - Section 64-18-1.1, 1953 Comp. (similar to 66-7-301 NMSA 1978) and this section authorize the alteration of

speed limits. The altered speed then becomes the speed limit. *Dahl v. Turner*, 80 N.M. 564, 458 P.2d 816 (Ct. App.), cert. denied, 80 N.M. 608, 458 P.2d 860 (1969).

66-7-303.1. Construction zones; traffic control devices; penalty.

A. When construction, repair or reconstruction of any street or highway is being done, the state highway department or the local authority with jurisdiction over that street or highway is authorized to designate as a construction zone that portion of the street or highway where construction, reconstruction or repair is being done and to close the construction zone to traffic or to provide for a single lane of traffic on any two-lane or four-lane highway in the construction zone.

B. The state highway department or any local authority closing all or a portion of a street or highway or providing for a single lane of traffic on any two-lane or four-lane street or highway pursuant to Subsection A of this section shall erect or cause to be erected traffic-control devices or barricades to warn and notify the public of any change in speed limit and that such street or highway is closed or limited to a single lane of traffic.

C. Every pedestrian or person who operates a vehicle on any street or highway shall obey all signs, signals, markings, flagmen or other traffic-control devices that are placed to regulate, control and guide traffic through a construction zone.

D. No person shall remove, change, modify, deface or alter any traffic-control device or barricade which has been erected on any street or highway pursuant to this section.

E. Any person who violates any provision of Subsection C or D of this section is guilty of a misdemeanor and upon conviction shall be sentenced in accordance with Section 66-8-7 NMSA 1978.

History: Laws 1985, ch. 188, § 3; 1991, ch. 192, § 5.

ANNOTATIONS

Cross-references. - For the state highway department, see 67-3-6 NMSA 1978.

The 1991 amendment, effective June 14, 1991, substituted "sentenced in accordance with Section 66-8-7 NMSA 1978" for "punished by a fine not to exceed two hundred dollars (\$200) or imprisonment in the county jail for a term not to exceed thirty days or both" at the end of Subsection E and made minor stylistic changes in Subsection C.

66-7-304. County roads; authority to regulate speed limits.

A. The board of county commissioners of each county may alter and establish speed limits lower than those established by law on county roads within its county, provided that:

- (1) the speed limit is reasonable and safe under local conditions on the basis of an engineering survey and traffic investigation;
- (2) the alteration of a speed limit is approved by the highway commission; and
- (3) the county posts speed-limit signs that conform to the specifications as set forth in the manual adopted by the state highway commission before enforcing the speed limit.

B. As used in this section "county roads" means any streets, roads or highways built and maintained by the county or the control of which has been given to the county by the state highway commission.

66-7-305. Minimum speed regulation.

A. No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

B. Whenever the state highway commission or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the commission or the local authority may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law; provided that local authorities in municipalities of more than one hundred thousand population may prohibit vehicles which by virtue of weight or design are slow moving on local arterials during peak hours of traffic.

66-7-306. Special speed limitations [limitations].

A. Subject to the requirements of Section 66-3-847 NMSA 1978, no person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than a maximum of ten miles per hour.

B. No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

C. The state highway commission upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978], the commission shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a minimum distance of three hundred feet before each end of such structure.

D. Upon the trial of any person charged with a violation of this section, proof of said determination of the maximum speed by said commission and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

66-7-307. Charging violations; rule in civil actions.

A. In every charge of violation of any speed regulation under the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978], the complaint and the uniform traffic citation shall specify the speed at which the defendant is alleged to have driven and the maximum speed applicable within the district or at the location.

B. Provisions of the Motor Vehicle Code for maximum speed limitations shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident.

History: 1941 Comp., § 68-2407, enacted by Laws 1953, ch. 139, § 62; 1953 Comp., § 64-18-7; Laws 1969, ch. 169, § 5; recompiled as 1953 Comp., § 64-7-307, by Laws 1978, ch. 35, § 411.

ANNOTATIONS

Statutory violation one method of proving negligence. - Subsection B of this section indicates that in cases concerned with posted speed limits plaintiff must still meet his traditional burden of proof. It says that a case involving posted speed limits is not a special category just because posted speed limits are involved. Even if posted speed limits are involved, plaintiff must still prove negligence as a proximate cause of the accident. Subsection B of this section, however, does not state how negligence is to be proved. Proof of violation of a statute is one method of proving negligence. *Dahl v. Turner*, 80 N.M. 564, 458 P.2d 816 (Ct. App.), cert. denied, 80 N.M. 608, 458 P.2d 860 (1969).

Court acquired jurisdiction over speeding prosecution even though citation was not made under oath and the complaint failed to allege the speed and speed limit and that the appellant was the person who committed the offense. *State v. Mesecher*, 74 N.M. 510, 395 P.2d 233 (1964).

66-7-308. Drive on right side of roadway; exceptions.

A. Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, and where practicable, entirely to the right of the center thereof, except as follows:

(1) when overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) when the right half of a roadway is closed to traffic while under construction or repair;

(3) upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(4) upon a roadway designated and signposted for one-way traffic.

B. Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another car proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

ANNOTATIONS

Provision does not apply to one-car accident. - Although the legislature did not explicitly state whom it sought to protect in 64-18-8, 1953 Comp. (similar to this section) and 64-18-16, 1953 Comp. (similar to 66-7-317 NMSA 1978), it is reasonable to assume that it was the motoring public in general, including passengers and that the harm sought to be prevented was head-on collisions or sideswiping the opposite moving traffic; since it is doubtful that the provision could have been intended by the legislature to apply to a one-car accident of unknown cause in which driver and passenger were killed (regardless of the fact that evidence showed the car crossed into the left-hand lane before its final plunge) the district court properly refused to submit a negligence per se instruction based on these provisions to the jury. *Archibeque v. Homrich*, 88 N.M. 527, 543 P.2d 820 (1975).

No violation when on left side to avoid accident. - Where inference possible from the testimony was that motorcyclist either slammed on the brakes which threw his motorcycle to the left because of slippery street or else that he attempted to turn with the other vehicle to avoid the impact, it does not follow that he had been traveling on the left side of the street. *White v. Montoya*, 46 N.M. 241, 126 P.2d 471 (1942).

Violation in dense fog is negligence per se. - It is negligence per se for a motorist to drive on left side of highway in a dense fog. *Silva v. Waldie*, 42 N.M. 514, 82 P.2d 282 (1938).

Driving on wrong side on steep incline reckless. - Inadvertently allowing an automobile to encroach upon the wrong side of the road while going up an incline so steep cars beyond its crest may not be seen constitutes a reckless, willful and wanton disregard of consequences to others, and will support conviction for manslaughter if one be killed as a result thereof. *State v. Rice*, 58 N.M. 205, 269 P.2d 751 (1954).

Violation not proximate cause of injury as matter of law. - A violation of 64-18-8, 1953 Comp. (similar to this section) does not necessarily justify the trial court in ruling

as a matter of law that the violation was the proximate cause of the injury, and the trial court was correct in leaving the issue of causation to the jury in an action for damages for personal injuries sustained by plaintiff when run over by defendant. *Martin v. Gomez*, 69 N.M. 1, 363 P.2d 365 (1961).

Violation negligence as matter of law unless justified. - Where there are facts showing a violation of 64-18-8, 1953 Comp. (similar to this section), such a violation is negligence as a matter of law where the violation was neither excused nor justified. *Paddock v. Schuelke*, 81 N.M. 759, 473 P.2d 373 (Ct. App. 1970).

Negligence even if speeding not proximate cause. - Where it was not the speed of plaintiff's car that was the proximate cause of the accident, but the position of the defendant's car on that side of the road where it did not belong and where there was no danger at all, regardless of the speed of plaintiff's car, until the defendant suddenly turned to the left-hand side of the road, it was not error to refuse to find the plaintiff guilty of contributory negligence. *McDonald v. Linick*, 58 N.M. 65, 265 P.2d 676 (1954).

Burden on driver on wrong side to explain presence there. - Where it was shown that defendant's car was on the wrong side of the road at the instant of the collision, the burden was on defendant to explain his presence there. *Pavlos v. 66-7-314. Movement of hazardous vehicle; escort to be furnished.

A. When, in the judgment of the motor transportation division or local authorities with respect to highways under their jurisdiction, the movement of any vehicle is deemed a hazard to traffic upon a highway over which the vehicle is to travel, the granting of permission for the movement of the vehicle may be conditioned upon a special escort accompanying the hazardous vehicle.

B. The chief of the New Mexico state police, upon request from the proper authority, shall furnish a special police car escort to safeguard traffic during the movement of the hazardous vehicle. There shall be paid by the applicant, to move such vehicle, the sum

of three hundred dollars (\$300) for each police car for each day police escort is required. All sums so paid are appropriated to the New Mexico state police division.

Private escort service may be used. - If a load is 20 feet wide or over (a house), the option lies with the motor transportation department (now motor transportation division of the transportation department) to allow the carrier to furnish his own escort, as opposed to a police escort, such as that provided by a private business escort service. 1972 Op. 66-7-315. No-passing zones.

A. The state highway commission and local authorities may determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving on the left of the roadway would be especially hazardous and may, by appropriate signs or markings on the roadway, indicate the beginning and end of such zones. When the signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the direction thereof.

B. Where signs or marking are in place to define a no-passing zone as set forth in Subsection A of this section, no driver shall at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

C. This section does not apply under the conditions described in Section 66-7-308A(2) NMSA 1978, or to the driver of a vehicle turning left into or from an alley, private road or driveway.

Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A. a vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety;

B. upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking a [and] passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to given [give] notice of such allocation; and

C. official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such sign.

Provision does not apply to one-car accident. - Although the legislature did not explicitly state whom it sought to protect in 64-18-8, 1953 Comp. (similar to 66-7-307 NMSA 1978) and 64-18-16, 1953 Comp. (similar to this section), it is reasonable to assume that it was the motoring public in general, including passengers and that the harm sought to be prevented was head-on collisions or sideswiping the opposite moving traffic; since it is doubtful that the provision could have been intended by the legislature to apply to a one-car accident of unknown cause in which driver and passenger were killed (regardless of the fact that evidence showed the car crossed into the left-hand lane before its final plunge), the district court properly refused to submit a negligence per se instruction based on these provisions to the jury. *Archibeque v. Homrich*, 88 N.M. 527, 543 P.2d 820 (1975).

Before lane change driver must ascertain safety of such move. - Before a motorist travelling on a multi-lane highway changes lanes he must first ascertain if he can do so safely without endangering following or approaching traffic. *Aragon v. Speelman*, 83 N.M. 285, 491 P.2d 173 (Ct. App. 1971).

Lane change instruction improper if no evidence of unsafety. - Where there was no evidence that defendant automobile driver who struck child on bicycle on divided four-lane highway could not safely switch from outside to unobstructed inside lane 200 to 300 yards from decedent when driver observed decedent in outside lane, instruction of change of lane raised false issue. *Aragon v. 66-7-318. Following too closely.

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

B. The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district shall not follow another motor truck or motor vehicle drawing another vehicle within three hundred feet, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing by any like vehicle or other vehicle.

C. Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall not follow the preceding vehicle closer than three hundred feet. This provision shall not apply to funeral processions, nor shall it apply within or outside of a business or residence district to motor vehicle escort vehicles of a motor vehicle escort service, which may, if necessary to maintain the continuity of the escorted unit or units, precede or follow at a distance closer than three hundred feet to the escorted unit or units.

Plaintiff's principal duty under Subsection A was to keep lookout ahead and this she fulfilled when she did not collide with garbage truck in front of her even though it made an unexpected stop. Thus, where plaintiff was struck from behind by defendant's automobile, there was no evidence that plaintiff was guilty of negligence proximately contributing to the accident and the trial court erred in not granting her motion for a directed verdict on this issue of contributory negligence. *Kight v. Butscher*, 90 N.M. 386, 564 P.2d 189 (Ct. App.), cert. denied, 90 N.M. 636, 567 P.2d 485 (1977).

Violation is proper question for jury. - Violations of 64-18-4, 1953 Comp. (similar to 66-7-305 NMSA 1978) (driving so slow as to impede traffic), 64-18-49, 1953 Comp. (similar to 66-7-349 NMSA 1978) (stopping on a highway) and Subsection A of this section (following too closely), which were enacted for the benefit of the public, were proper questions for jury. *Archuleta v. Violation is negligence per se. - Where an ordinance, in force at the time of a collision, is substantially the same as Subsection A of this section, and there is substantial evidence of its violation, it is error not to instruct the jury that violation of the

ordinance constitutes negligence per se, or as a matter of law. *Rogers v. Thomas*, 81 N.M. 723, 472 P.2d 986 (Ct. App. 1970).

Not lack of care if in proper lane. - Truck driver in west northbound lane of four-lane divided highway was proceeding in compliance with this section; he was in a lane where he had a right to be. He, therefore, cannot be held liable for lack of ordinary care, even though his truck blocked the view of the truck beside his. *Butcher v. Safeway Stores, Inc.*, 78 N.M. 593, 435 P.2d 212 (Ct. App. 1967).

Accident not unavoidable where obstruction seen moments before. - The presence of an island dividing traffic to right and left in a roadway traveled moments before when proceeding in the opposite direction is a far cry from a pedestrian suddenly appearing in the path of a car. The court was unable to follow defendant's argument that he was so surprised by the sudden appearance and unanticipated presence of the island and divided roadway as to make what followed an unavoidable accident. *Baros v. Kazmierczuk*, 68 N.M. 421, 362 P.2d 798 (1961).

Negligence not predicated upon mere intent to violate section. - Where it is undisputed that the plaintiff's car was standing still in her right-hand roadway and that at the time of the collision no part of her automobile had crossed any intervening space, physical barrier or dividing section of the roadway, her mere intention to cross the

dividing line, even if such a crossing would violate this section, does not constitute a violation of it. Certainly negligence cannot be predicated upon a mere intention to do a prohibited act. *McKeough v. Ryan*, 79 N.M. 520, 445 P.2d 585 (1968).

"Working on highway" exemption strictly construed. - The provisions of 64-15-4, 1953 Comp. The driver of a vehicle intending to turn at an intersection shall do so as follows:

A. both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway;

B. at any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn, except where left-turn provisions are made, shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered.

Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection;

C. upon a roadway with two or more lanes for through traffic in each direction, where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicle shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. Any maneuver other than a left turn from this center lane will be deemed a violation of this section;

D. at any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered; and

E. local authorities in their respective jurisdictions may cause markers, buttons or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by the markers, buttons or signs.

Reasonable compliance with provision makes driver free from contributory negligence. - The evidence that plaintiff stopped, looked and found cemetery road free of traffic for a distance of 300 feet before entering it establishes reasonable compliance with 64-18-24 and 64-18-30, 1953 Comp. (similar to this section and 66-7-331 NMSA 1978, respectively) and is therefore free from contributory negligence. *International Serv. Ins. v. Ortiz*, 75 N.M. 404, 405 P.2d 408 (1965).

Inability to stop not actionable when properly excused. - Car, which had signaled turn and was turning, was struck by defendant's car after it had come over a rise in the road from the opposite direction approximately 100 to 150 feet away. The defendant was traveling at a speed of 50 m.p.h. and due to icy road conditions was unable to stop, therefore, the jury could find that there had been no wrong committed by the defendant. *Jensen v. Allen*, 63 N.M. 407, 320 P.2d 1016 (1958).

Turning without signaling negligence per se. - If a truck was proven to be of a certain size, mechanical turning signals would be required and their absence, or nonuse, would be negligence per se from which liability could be found if this negligence was the proximate cause of the accident. *Mills v. Negligence per se not to yield right-of-way to oncoming traffic. - Where appellees' vehicle was some 40 to 50 feet east of the intersection, traveling 25 to 30 miles per hour, as the left turn was started, appellant was legally bound to look and see westbound traffic so near the intersection and yield the right-of-way. She admittedly failed to do so, and a violation of these statutory standards of conduct was negligence per se. *Danz v. Kennon*, 63 N.M. 274, 317 P.2d 321 (1957).

Negligence relied upon must be proximate cause of accident for liability to ensue even though the negligence asserted is negligence as a matter of law for failure to comply with a statutory requirement. *Turner v. McGee*, 68 N.M. 191, 360 P.2d 383 (1961).

Whether person negligent for failing to look for fact finder. - Where the minds of reasonable men might differ as to whether the driver of a bakery truck was negligent in failing to look at the last moment before turning, the causal relationship in a "chain reaction" accident was clearly one for the determination of the fact finder. *Brown v. Hayes*, 69 N.M. 24, 363 P.2d 632 (1961).

Section instruction proper where nonsignaling car causes collision among others. - It was not error for the trial court to instruct the jury in the language of 64-18-24, 1953 Comp. (similar to this section), which requires the giving of a signal before stopping, decreasing the speed or turning right or left from a public highway, where plaintiff motorist who had stopped his automobile in time to avoid striking a nonsignaling vehicle was struck from rear by defendant; the court did not interject a false issue into the case in that the lead car's failure to signal went to the issue of proximate cause with respect to this lawsuit, and another instruction informed the jury that a statutory violation must have been the proximate cause. *Sandoval v. Cortez*, 88 N.M. 170, 538 P.2d 1192 (Ct. App. 1975).

66-7-326. Signals by hand and arm or signal device.

A. Any stop or turn signal when required herein shall be given either by means of the hand and arm or by a signal lamp or lamps or mechanical signal device except as otherwise provided in Subsection B.

B. Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, a signal lamp or lamps or mechanical signal device when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds

fourteen feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles.

Requirements apply to trucks only operated within city limits. - Section 64-18-25, 1953 Comp. (similar to this section) provides an option for the giving of turn signals by means of the hand or mechanical device in the case of automobiles but makes mandatory the use of the mechanical device on trucks which fall within the classifications set forth in Subsection B, and the fact that the vehicle is operated only within city limits has no effect upon this requirement. 1953-54 Op. Att'y Gen. No. 5743.

Measurement does not include fenders. - The 24 inches tolerance provided for in Laws 1953, ch. 139, § 80 B does not include, in the computation of the distance, the fenders of a vehicle, but only the body, cab or load. 1953-54 Op. Att'y Gen. No. 5875.

Lack of required signal negligence per se. - If the truck was proved to be of a certain size, mechanical turning signals were required and their absence would be negligence per se from which liability could be found if this negligence was the proximate cause of the accident. *Mills v. Southwest Bldrs., Inc.*, 70 N.M. 407, 374 P.2d 289 (1962).

Statutory violation must be proximate cause of accident. - Even though a motorist is negligent in entering an intersection without stopping or signaling as required by law or in violation of a right-of-way regulation, it remains a jury question whether such violation was a proximately contributing factor in bringing about the accident. *Williams v. Haas*, 52 N.M. 9, 189 P.2d 632 (1948).

All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signal shall indicate as follows:

- A. left turn: hand and arm extended horizontally;
- B. right turn: hand and arm extended upward; and
- C. stop or decrease speed: hand and arm extended downward.

Both drivers in collision guilty of proximate negligence per se. - Where it appeared that automobile had not been equipped with proper rear view mirror to enable driver to see distance of 200 feet in rear and that driver had not signaled that he was reducing speed or stopping and driver of truck which struck rear of first driver's automobile admitted he followed at distance of only 50 to 100 feet, both drivers were guilty of negligence per se and accident proximately resulted from such negligence. *Pacific Greyhound Lines v. 66-7-328. Vehicle approaching or entering intersection.

- A. The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway.
- B. When two vehicles enter an intersection from different highways at approximately the same time the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.
- C. The right-of-way rules declared in Subsections A and B are modified at through highways and otherwise as hereinafter stated in Sections 66-7-328 through 66-7-332 NMSA 1978.

Driver entering intersection safe distance from oncoming traffic given priority. - Where plaintiff entered an intersection at such interval of time and distance as to safely cross ahead of the vehicle approaching from the east, had its driver been exercising due care, 64-18-27 A, 1953 Comp. (similar to this section's Subsection A) secured to him the prior use of the intersection. *Brizal v. Vigil*, 65 N.M. 267, 335 P.2d 1065 (1959).

Negligence per se not to yield to him. - Instruction to the effect that if the plaintiff had entered an intersection prior to the entry thereof by the defendant's vehicle, and that if plaintiff was driving his automobile on the right hand side of the highway and in a reasonable and prudent manner, then the plaintiff, in so driving, was in a favored position and it was the duty of the defendant driver to yield the right-of-way to the plaintiff's vehicle, and if he failed to yield the right-of-way, the defendant would be guilty of negligence per se. *Scofield v. J.W. Jones Constr. Co.*, 64 N.M. 319, 328 P.2d 389 (1958).

Driver on left must always yield if danger of collision. - A driver entering an intersection from the left though he reaches the intersection ahead of the driver on the right is nevertheless obligated to yield to the driver on the right in a situation where there would be danger of collision if both vehicles continued the same course at the same speed. *Sivage v. Linthicum*, 76 N.M. 531, 417 P.2d 29 (1966).

Right-of-way provision inapplicable if only one driver applies brakes. - Subsection B of 64-18-27, 1953 Comp. (similar to this section's Subsection B) defining the duty of drivers of vehicles entering an intersection from different highways at approximately the same time did not apply to collision where driver of northbound vehicle did not. *Brizal v. Vigil*, 65 N.M. 267, 335 P.2d 1065 (1959).

Vehicle on right has right-of-way inapplicable to through highways. - Requirement that driver on left shall yield right-of-way to vehicle on right when the two vehicles reach intersection at about the same time applies only when neither road is a through highway; it is not applicable when one of the intersecting roads is a through highway and the other is a "stop" road. *Bunton v. Hull*, 51 N.M. 5, 177 P.2d 168 (1947).

Driver on through highway can assume other driver's stopping. - The driver on a through highway has the right to assume that motorist on an intersecting stop road will obey the law by coming to a full stop before entering the intersection so as to permit the driver on the through highway to proceed across the intersection. *Bunton v. Hull*, 51 N.M. 5, 177 P.2d 168 (1947).

Due care must be exercised even if have right-of-way. - Even though right-of-way was in plaintiff's favor such fact did not obviate plaintiff from exercising due care when

defendant motorist entered intersection while plaintiff was still some 200 feet away. Langenegger v. McNally, 50 N.M. 96, 171 P.2d 316 (1946).

Due care if at an intersection. - A motorist who has the right-of-way at an intersection is not excused from the exercise of due care to prevent collision. Schoen v. Schroeder, 53 N.M. 1, 200 P.2d 1021 (1948).

Failing to see other car not necessarily contributory negligence. - Merely because plaintiff drove his automobile into intersection from the left when the defendant was driving down the street at undisclosed point on his right it cannot be established as matter of law that such plaintiff was guilty of contributory negligence, even though he did not see defendant's automobile when, before entering the intersection, he looked in his direction. Schoen v. Schroeder, 53 N.M. 1, 200 P.2d 1021 (1948).

Even if defendant had right-of-way, plaintiff's failure to yield right-of-way did not constitute such contributory negligence as would relieve the negligent defendant of liability for his negligence after he entered the intersection and for cutting corner and stopping suddenly in the line of traffic. Miller v. Marsh, 53 N.M. 5, 201 P.2d 341 (1948).

Causal relationship between negligence and injury must be shown. - Even if it is granted that driver was negligent in entering intersection without stopping or signaling as required by former statute, a causal relationship between it and the injury must be shown. Williams v. Haas, 52 N.M. 9, 189 P.2d 632 (1948).

Weight of presumption. - Presumption which arises in favor of person having right-of-way is of little weight except in absence of any other evidence. Langenegger v. McNally, 50 N.M. 96, 171 P.2d 316 (1946).

Failure of driver on left to yield when entering intersection simultaneously with driver to the right held to support direct verdict finding no negligence on part of driver to the right. Monden v. Elms, 73 N.M. 256, 387 P.2d 458 (1963).

The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978], may make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right-of-way to the vehicle making the left turn.

66-7-330. Vehicles entering stop or yield intersection.

A. Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978].

B. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop as required by Section 66-7-345 C [NMSA 1978] and after having stopped shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on the highway as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

C. The driver of a vehicle approaching a yield sign shall, in obedience to the sign, slow down to a speed reasonable for the existing conditions, and shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If the driver is involved in a collision with a vehicle in the intersection, after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield right-of-way.

History: 1953 Comp., § 64-7-330, enacted by Laws 1978, ch. 35, § 434.

Both yield and stop signs warn of other driver's right-of-way. - The fact that "yield" sign was unauthorized did not increase the hazard. The "yield" was a warning to decedent that travelers on the main highway had a "preferential right-of-way." Even though not de jure, it was a de facto warning concerning the right-of-way. There was

nothing in the record indicating a "yield" sign increases the traveler's hazard over the hazard existing when there is a "stop" sign. The difference is between slowing down and stopping, but both - yield and stop - warn the traveler to avoid a vehicle which is so close as to "constitute an immediate hazard." *Bolen v. Rio Rancho Estates, Inc.*, 81 N.M. 307, 466 P.2d 873 (Ct. App. 1970).

Through street preferred status not lost even if sign missing. - Although a determination of the question was not necessary, court indicated that the better view was that the preferred status of a through street is not lost merely because a stop sign is misplaced, improperly removed, destroyed or obliterated. *Williams v. Cobb*, 90 N.M. 638, 567 P.2d 487 (Ct. App.), cert. denied, 91 N.M. 3, 569 P.2d 413 (1977).

Vehicle on right has right-of-way inapplicable to through highways. - Requirement that driver on the left yield right-of-way to vehicle on the right when two vehicles reach intersection at about the same time applies only when neither road is a through highway; it is not applicable when one of the intersecting roads is a through highway and the other is a "stop" road. *Bunton v. Hull*, 51 N.M. 5, 177 P.2d 168 (1947).

Driver on through highway can assume other driver's stopping. - The driver on a through highway has the right to assume that motorist on an intersecting stop road will obey the law by coming to a full stop before entering the intersection so as to permit the driver on the through highway to proceed across the intersection. *Bunton v. Hull*, 51 N.M. 5, 177 P.2d 168 (1947).

Provision applies to persons utilizing animal power. - Sections 64-18-29, 1953 Comp. (similar to this section) and 66-7-345 NMSA 1978, when read along with 64-15-6, 1953 Comp. (similar to 66-7-7 NMSA 1978), provide that persons riding animals or driving animal drawn vehicles must stop before entering a through highway or before entering an intersection where a stop sign is posted, and shall yield the right-of-way to other vehicles approaching the intersection. *Knox v. Trujillo*, 72 N.M. 345, 383 P.2d 823 (1963).

No duty to stop with sign where two separate intersections. - Where east-west street had two lanes separated by 30-foot wide grass parkway and intersected north-south street, two separate intersections were created, and southbound motorist had no duty to stop at southern roadway where there was no stop sign, even though there was a stop sign at the northern roadway, although he did have duty to operate his automobile in a careful and prudent manner. *Vargas v. Clauser*, 62 N.M. 405, 311 P.2d 381 (1957).

Court may occasionally find contributory negligence as matter of law. - Whether the plaintiff has been guilty of contributory negligence barring a recovery is nearly always a question for the jury under proper instructions by the court. It is rarely the case the facts are such that the court can say as a matter of law that plaintiff is himself such an offender against the rules of the road as to deny him recovery. Yet, on occasions it

does thus appear and when it does, the court should not and will not hesitate so to declare. *Beyer v. Montoya*, 75 N.M. 228, 402 P.2d 960 (1965).

If there is no evidence that stop sign is involved in an action arising out of an accident occurring in a cross-walk, an instruction to the jury concerning the stop sign is erroneous because it injects a false issue into the case. *Delgado v. Alexander*, 84 N.M. 456, 504 P.2d 1089 (Ct. App. 1972), *aff'd*, 84 N.M. 717, 507 P.2d 778 (1973).

66-7-332.1. Approach of oncoming vehicle; yield right of way.

A. Notwithstanding any other provision of law, on all roadways, upon the immediate approach of an oncoming vehicle overtaking or attempting to overtake a vehicle proceeding in the same direction, the driver of that vehicle shall yield the right of way and shall drive to a position parallel to and as close as possible to the right hand edge or curb of the roadway and shall remain as close as possible to the right hand edge or curb of the roadway until the oncoming vehicle has passed.

B. This section shall not operate to relieve the driver of an oncoming vehicle from the duty to drive with due regard for the safety of all persons using the highway.

66-7-333. Pedestrians subject to traffic regulations.

A. Pedestrians shall be subject to traffic-control signals at intersections as provided in Section 66-7-105 NMSA 1978 unless required by local ordinance to comply strictly with such signals, but at all other places pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in Sections 66-7-333 through 66-7-340 NMSA 1978.

B. Local authorities are hereby empowered by ordinance to require that pedestrians shall strictly [strictly] comply with the directions of any official traffic-control signal and may by ordinance prohibit pedestrians from crossing any roadway in a business district or any designated highways except in a crosswalk.

Provision does not just apply to city streets. - Section 64-18-34, 1953 Comp. (similar to this section) was intended to have broad and general application and was not

intended to apply only on city streets. *Williams v. Burke*, 68 N.M. 35, 357 P.2d 1087 (1960).

Pedestrian must yield right-of-way to vehicles on highway. - Section 64-18-34, 1953 Comp. (similar to this section) applied in every situation where a pedestrian attempted to cross a road where there was no intersection or marked crosswalk and placed upon the pedestrian a duty to yield the right-of-way to vehicles on the highway. *Williams v. Burke*, 68 N.M. 35, 357 P.2d 1087 (1960).

Driver has right to assume pedestrian will observe section's dictates. - Instruction was proper which stated that while a driver of an automobile across intersections is charged with notice that a pedestrian may have the right-of-way, and is required to observe reasonable care to accord such to the pedestrian, yet as between intersections the automobile has the right-of-way and the driver has a right to assume that pedestrians will observe this rule, consequently, he is not required to anticipate that a pedestrian will step from the curb or leave the crosswalk and attempt to cross a street between intersections, and a mere failure to anticipate such act upon the part of a pedestrian would not be negligence in a driver unless the driver saw, or in the exercise of reasonable caution should see, a pedestrian attempting to cross between intersections or outside of crosswalks in time to avoid a collision. *Gallegos v. McKee*, 69 N.M. 443, 367 P.2d 934 (1962).

Crossing outside crosswalk at least technical violation. - Since plaintiff had attempted to cross a city street at a point other than a regular pedestrian crosswalk, plaintiff was in at least technical violation of the right-of-way provisions of the state statutes and of the city ordinances. *Sanchez v. Gomez*, 57 N.M. 383, 259 P.2d 346 (1953).

Pedestrian was guilty of negligence per se in crossing street in the middle of the block in the nighttime so that she was struck by a car with its headlights burning and of which she had an unobstructed view. *McMinn v. Thompson*, 61 N.M. 387, 301 P.2d 326 (1956).

Question of proximate cause of injury still remains. - Where pedestrian himself was guilty of negligence in violating both a statute and municipal code, by attempting to cross the intersection outside the crosswalk, the plaintiff was negligent per se but that still left open under the facts the question whether that negligence was a proximately contributory factor in his injury, and the jury was entitled to answer that question. *Terry v. Bisswell*, 64 N.M. 153, 326 P.2d 89 (1958).

Jury must be allowed to answer question of proximate cause. - Trial court should not have held as a matter of law that plaintiff in crossing of street at other than crosswalk was the proximate contributing cause of her injury and directed a verdict against her because it was the province of the jury to determine such question and to award the plaintiff damages if it determined the issue in the negative. *McMinn v. Thompson*, 61 N.M. 387, 301 P.2d 326 (1956).

Mere concurrence of violation of traffic regulation with accident in point of time does not, of itself, render the violation a concurring cause of the injury. Terry v. Bisswell, 64 N.M. 153, 326 P.2d 89 (1958).

66-7-336. School crossings.

A. Crosswalks may be established over highways abutting a school or the grounds adjacent thereto, and all children crossing the highways shall be required to do so within the marked crosswalks. The state highway commission, with respect to state highways, and local authorities, with respect to streets under their jurisdiction, with advice of the local superintendent of schools, shall establish and mark, or cause to be marked, these highway crossings.

B. Crosswalks over highways not abutting on school grounds may be established by the state highway commission, with respect to state highways, and by local authorities, with respect to streets under their jurisdiction, with advice of the local superintendent of schools and after adequate assurance has been given that proper safety precautions, pursuant to regulations of the state highway commission and of the local authorities. Responsibility for maintaining the crossing will be with the appropriate county or municipality wherein the school is located.

C. At all school crossings except as provided in this section appropriate signs shall be provided as prescribed by the state highway commission or local authorities within their respective jurisdictions, indicating the crossings and regulating traffic movement within the school zones.

D. School crossings are not required to be specially posted when they are located:

(1) at a signalized intersection;

(2) at an intersection where traffic is controlled by a stop sign; or

(3) at a point where a pedestrian tunnel or overhead crossing is provided.

ANNOTATIONS

Cross-references. - For the penalty assessment for violation, see 66-8-116 NMSA 1978.

The intent was to create common responsibility for children in crosswalks among the municipal and school authorities on streets within the jurisdiction of the municipalities, and the state and school authorities with respect to highways. 1955-56 Op. Att'y Gen. No. 6073.

School and governmental authorities must see that children use crosswalks. - In schools within municipalities the responsibility for seeing that school children use crosswalks is common between the municipal and school authorities. In schools outside municipalities the responsibility is common between the state and school authorities. 1955-56 Op. Att'y Gen. No. 6073.

School authorities had responsibility of maintaining crossing. - The responsibility for placing and removing the signs provided for in this section is squarely upon the school authorities. It should be brought to their attention that these signs may be upon the streets only at certain times throughout the day and that they should be removed when not authorized. 1955-56 Op. Att'y Gen. No. 6297 (opinion rendered prior to the 1975 amendment which gave the duty to the county or municipality).

Limited responsibility of school authorities. - Subsection A does not impose a responsibility on a municipal school system to maintain the cross-walk over the abutting street to one of its schools; this responsibility rests with other local authorities who may receive advice, not orders, from the municipal school system. *Johnson v. School Bd.*, 114 N.M. 750, 845 P.2d 844 (Ct. App. 1992).

Adult guards, if employed, may legally be paid out of school funds. 1955-56 Op. Att'y Gen. No. 6073.

Common-law immunity of school districts probably not abrogated. - Laws 1953, ch. 139, § 89.1 (this section) probably did not abrogate common-law immunity of school districts or boards from tort liability nor does the enactment appreciably affect the present liability of school officials for negligent acts performed within the scope of their employment. 1953-54 Op. Att'y Gen. No. 59-17 (opinion rendered under former version of this section).

66-7-337. Drivers to exercise due care.

Notwithstanding the foregoing provisions of Sections 66-7-333 through 66-7-340 NMSA 1978 every driver of a vehicle shall exercise due care to avoid colliding with any

pedestrian upon any roadway and shall give warning by sounding the horn when necessary and shall exercise proper precaution upon observing any child or any confused or incapacitated person upon a roadway.

History: 1953 Comp., § 64-7-337, enacted by Laws 1978, ch. 35, § 441.

ANNOTATIONS

No absolute duty to sound horn if necessary. - Section 64-18-36, 1953 Comp. (similar to this section) does impose the duty of "warning by sounding the horn if necessary." This, however, is not an absolute duty and defendant could be excused from a violation of the provision. *Tenorio v. Nolen*, 80 N.M. 529, 458 P.2d 604 (Ct. App. 1969).

Duty is greater than mere opportunity. - Inclusion of the words "when the party has the opportunity to sound his horn" in an instruction on defendant's duty under 64-18-36, 1953 Comp. (similar to this section) would have been improper because the instruction then would not then have correctly stated the duty imposed by law. *Tenorio v. Nolen*, 80 N.M. 529, 458 P.2d 604 (Ct. App. 1969).

Since there was no proof that defendant did or did not sound his horn and defendant testified that he did not recall if he had, and nobody testified that he had not, no issue of negligence because of failure to sound a horn was presented. *Montoya v. Williamson*, 79 N.M. 566, 446 P.2d 214 (1968).

Ability to avoid collision factual issue. - In a wrongful death action, the question of whether a motorist could have avoided a collision with a pedestrian by keeping a proper lookout and maintaining proper control of his vehicle is normally a factual issue for the trier of fact. *Trujillo v. Treat*, 107 N.M. 58, 752 P.2d 250 (Ct. App. 1988).

66-7-341. Obedience to signal indicating approach of train.

A. Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, the driver of such vehicle shall stop within fifty feet but not less than fifteen feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:

(1) a clearly visible electric or mechanical signal device gives warning of the immediate approach of railroad train;

(2) a crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train;

(3) a railroad train approaching within approximately one thousand five hundred feet of the highway crossing emits a signal audible from such distance and such railroad train, by reason of its speed or nearness to such crossing, is an immediate hazard; or

(4) an approaching railroad train is plainly visible and is in hazardous proximity to such crossing.

B. No person shall drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed.

Failure to stop contributory negligence as matter of law. - Where driver, approaching a four track railroad crossing from a curve in the street, failed to stop, look and listen, and then drove blindly over three tracks and into the path of an oncoming train on the fourth track before being stopped by it, he was guilty of contributory negligence, as a matter of law. *Blewett v. The driver of any motor vehicle carrying passengers for hire, or of any school bus carrying any school child or of any vehicles carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop such vehicle within fifty feet but not less than fifteen feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he can do so safely. After stopping as required herein and upon proceeding when it is safe to do so the driver of any said vehicle shall cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such crossing and the driver shall not shift gears while crossing the track or tracks.

B. No stop need be made at any crossing where a police officer or a traffic-control signal directs traffic to proceed.

C. No stop need be made at:

(1) a streetcar crossing, or railroad crossing used exclusively for industrial switching purposes, within a business district as defined in Section 66-7-1 NMSA 1978;

(2) a railroad grade crossing where a stop-and-go traffic light controls movement of traffic;

(3) an abandoned railroad grade crossing which is marked with a sign indicating that the railroad is abandoned; or

(4) an industrial or spur line railroad crossing marked with a sign reading "exempt crossing." Such "exempt crossing" signs shall be erected only by or with the consent of the appropriate state or local authority.

B. Notice of any such intended crossing shall be given to a station agent of such railroad and a reasonable time be given to such railroad to provide proper protection at such crossing.

C. Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than fifteen feet nor more than fifty feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

D. No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagman or otherwise of the immediate approach of a railroad train or car. If a flagman is provided by the railroad, movement over the crossing shall be under his direction.

E. This section shall not apply to the normal movement of farm equipment in the regular course of farm operation.

66-7-345. Authority to designate through highways and stop and yield intersections.

A. The state highway commission, with reference to state and county highways, and local authorities, with reference to other highways under their jurisdiction, may designate through highways and erect stop signs or yield signs at specified entrances thereto, or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to the intersection.

C. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway before entering the intersection.

D. The driver of a vehicle approaching a yield sign, if required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway.

66-7-347. Overtaking and passing school bus.

A. The driver of a vehicle upon approaching or overtaking from either direction any school bus which has stopped on the roadway, with special school bus signals in operation, for the purpose of receiving or discharging any school children, shall stop the vehicle at least ten feet before reaching the school bus and shall not proceed until the special school bus signals are turned off, the school bus resumes motion or until signaled by the driver to proceed.

B. Every bus used for the transportation of school children shall bear upon the front and rear thereof a plainly visible sign containing the words "School Bus" in letters not less than eight inches in height.

C. The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway.

Violation of section is negligence per se. - In New Mexico, one who violates a statute or ordinance is guilty of negligence per se, if the statute or ordinance was enacted for the benefit of the class of persons to which the injured person belongs. This section was enacted to protect school children boarding or alighting from a school bus from injury from oncoming motorists. Consequently, one who violates it is guilty of negligence per se. *Hernandez v. Brooks*, 95 N.M. 670, 625 P.2d 1187 (Ct. App.), cert. quashed, 94 N.M. 675, 615 P.2d 992 (1980).

Contributory negligence of child. - There is no provision in this section to indicate what might constitute contributory negligence by a child crossing the street after alighting from a school bus. In the absence of any specific directive, it is presumed that the legislature intended the usual standard of the contributory negligence of a child to

apply. The correct test in determining the contributory negligence of a child is whether he exercised that degree of care ordinarily exercised by children of like age, capacity, discretion, knowledge and experience under the same or similar circumstances. It is error to instruct the jury on any other standard of contributory negligence. *Hernandez v. Brooks*, 95 N.M. 670, 625 P.2d 1187 (Ct. App.), cert. quashed, 94 N.M. 675, 615 P.2d 992 (1980).

School bus itself controls traffic where no traffic-control devices. - The legislature recognized that school buses are usually required to discharge school children at places where there are no traffic controls. It seems clear that, recognizing this fact, the legislature, in order that there always be traffic controls for the safety of school children, provided that the school bus itself should control the traffic where no mechanical or electrical traffic controls are provided. *Hayes v. Hagemeyer*, 75 N.M. 70, 400 P.2d 945 (1963).

Prohibition against passing stopped bus restricted to stops on highway. - The prohibition against passing a stopped bus, set forth in 64-18-46, 1953 Comp. (similar to this section), is clearly restricted to stops on a highway for purpose of discharging or receiving children outside a business or residential area. 1957-58 Op. Att'y Gen. No. 57-235.

Bus signals not to protect children at traffic-controlled intersections. - It is implicit in 66-18-46, 1953 Comp. (similar to this section) that discharged school children shall remain off the traveled portion of the roadway and proceed off the roadway to the pedestrian crosswalk when they are discharged from the bus at a traffic-controlled intersection. Section 64-18-46, 1953 Comp., does not contemplate that the bus signals provide the protection for such discharged children in crossing the roadway at traffic-controlled intersections. *Hayes v. Hagemeyer*, 75 N.M. 70, 400 P.2d 945 (1963).

Directing nonuse of bus signals at traffic-controlled intersections proper. - Instructions to bus drivers, at schools for that purpose, by the director of school bus safety and by state police officers directing nonuse of bus signals at traffic-controlled intersections was not in the nature of advice to disregard or disobey the requirement for use of signals at all stops, but rather was that in following the directive not to operate the signals at traffic-controlled intersections there was compliance with the law. *Hayes v. Hagemeyer*, 75 N.M. 70, 400 P.2d 945 (1963).

66-7-348. Special lighting equipment on school buses.

A. The director is authorized to adopt standards and specifications applicable to lighting equipment on and special warning devices to be carried by school buses consistent with the provisions of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] and supplemental thereto, except that the standards and

specifications may designate and permit the use of flashing warning signal lights on school buses for the purpose of indicating when children are boarding or alighting from any school bus. Such standards and specifications shall correlate with and, so far as possible, conform to specifications approved by the society of automotive engineers.

B. It is unlawful to operate any flashing warning signal light on any school bus except when the school bus is stopped or is about to stop on a roadway for the purpose of permitting school children to board or alight from the school bus.

Cross-references. - For special restrictions on lamps, see 66-3-835 NMSA 1978.

Subsection B of 64-18-47, 1953 Comp. (similar to Subsection B of this section) is restricted to the same situation as 64-18-46, 1953 Comp. (similar to 66-7-347 NMSA 1978).

Legislature intended these restrictions to only be operative outside residential and business districts, where vehicle speeds are apt to be greater and where the danger to children is accordingly greater. 1957-58 Op. Att'y Gen. No. 57-235.

66-7-349. Stopping, standing or parking outside of business or residence districts.

A. Upon any highway outside of a business or residence district no person shall stop, park or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practicable to stop, park or leave such vehicle off such part of said highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage [passage] of other vehicles and a clear view of such stopped vehicles shall be available from a distance of two hundred feet in each direction upon such highway.

B. This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position.

Traffic laws for benefit of highway users. - A traffic statute such as Subsection A of 64-18-49, 1953 Comp. (similar to Subsection A of this section) was enacted for the benefit of persons using the highways. *Kelly v. Montoya*, 81 N.M. 591, 470 P.2d 563 (Ct. App. 1970).

Foreseeable that violations may cause accidents. - A person using the highway had the benefit of a traffic control statute because it is foreseeable that violations of a traffic rule may cause accidents. *Kelly v. Montoya*, 81 N.M. 591, 470 P.2d 563 (Ct. App. 1970).

Violation is negligence per se. - As it is foreseeable that blocking the highway may cause other persons to have accidents, a violation of 64-18-49, 1953 Comp. (similar to this section) which prohibits such blocking is negligence per se. *Kelly v. Montoya*, 81 N.M. 591, 470 P.2d 563 (Ct. App. 1970).

Driver must always park off highway when practical to do so; the other requirements of clear view and sufficient passing space are not pertinent unless and until it is shown that it is impractical to park off the highway at the particular place in question. *Horrocks v. Rounds*, 70 N.M. 73, 370 P.2d 799 (1962).

If impractical for car to park entirely off highway, it is not a violation of the provisions of 64-18-49, 1953 Comp. (similar to this section) for it to be parked partially or entirely on the highway, regardless of the reason for stopping, so long as the other mandatory provisions of the statute are met; i.e., that an unobstructed width of highway opposite the standing vehicle is left for the free passage of other vehicles and a clear view of such stopped vehicle is available for a distance of 200 feet in each direction. *Horrocks v. Rounds*, 70 N.M. 73, 370 P.2d 799 (1962).

Truck negligently stopped on highway has duty to warn others. - Having had the opportunity to steer his truck to the side of the highway when it began chugging, the statute imposed upon the defendant the duty of so doing. It was this negligence of the defendant, and not any impracticability of driving off of the lane of traffic and stopping his truck as he did that caused it to stop on the paved portion of the highway, and the defendant, after he found himself unable to move his truck, which he stopped as he did, owed the duty to plaintiffs and others approaching the same, to exercise reasonable care to warn them of their peril. A failure to perform this duty was negligence and such negligence was the proximate cause of the collision, resulting in injury to the plaintiffs. *Gutierrez v. Koury*, 57 N.M. 741, 263 P.2d 557 (1953).

Negligence per se to park truck on highway without flares. - Where driver stopped truck without displaying flares on main traveled portion of highway at point where it was not impracticable to have parked it off the pavement, and backed truck up without observing whether it could be done with safety, the violation of statutory provisions constituted negligence per se. *Chandler v. Battenfield*, 55 N.M. 361, 233 P.2d 1047 (1951).

Stopping on pavement. - The only excuse for stopping on the pavement is an emergency or exigency which leaves no other choice. *Turner v. Silver*, 92 N.M. 313, 587 P.2d 966 (Ct. App.), cert. denied, 92 N.M. 260, 586 P.2d 1089 (1978).

Violation of 64-18-49, 1953 Comp. (similar to this section) is negligence per se. It includes the element of foreseeability where plaintiff is a beneficiary of the statute violated. *Kelly v. Montoya*, 81 N.M. 591, 470 P.2d 563 (Ct. App. 1970).

Negligence per se does not entitle party to directed verdict. - In a wrongful death action that arose from an automobile collision involving defendant's automobile which was standing without lights, a violation of 64-18-49, 1953 Comp. (similar to this section), the court told the jury that if they found that the defendant violated this provision he was guilty of negligence per se. Establishment of defendant's negligence per se did not entitle plaintiff to a directed verdict. However, it was error for the court to refuse an instruction that in cases of willful and wanton conduct the defense of contributory negligence is to be disregarded. *Boatright v. Scivia*, 421 F.2d 949 (10th Cir. 1970).

Violation proper question for jury. - Violations of 64-18-4, 1953 Comp. (similar to 66-7-305 NMSA 1978) (driving so slow as to impede traffic), 64-18-49, 1953 Comp. (similar to this section) (stopping on a highway) and 66-7-318 NMSA 1978 (following too closely), which were enacted for the benefit of the public, were proper questions for jury. *Archuleta v. Johnston*, 83 N.M. 380, 492 P.2d 997 (Ct. App.), cert. denied, 83 N.M. 379, 492 P.2d 996 (1971).

It would be a question of fact for the jury whether a driver could have driven his vehicle off the highway before it stopped. *Turner v. Silver*, 92 N.M. 313, 587 P.2d 966 (Ct. App.), cert. denied, 92 N.M. 260, 586 P.2d 1089 (1978).

Whether stopping negligence for trier of facts. - If motorist's vision becomes completely obscured due to a dust storm, the situation certainly imposes the duty to stop. Whether stopping upon the main traveled portion of the highway when it was practicable to stop off the highway was negligence was issuable and for the trier of facts. *Williams v. Neff*, 64 N.M. 182, 326 P.2d 1073 (1958).

Unavoidable accident doctrine inapplicable where driver's own negligence created emergency. - Where the emergency or perilous situation is created through

the driver's own negligence, he cannot avoid liability for injury on the ground that his acts were done in the stress of emergency and the court committed reversible error by instructing on unavoidable accident. *Horrocks v. Rounds*, 70 N.M. 73, 370 P.2d 799 (1962).

Blocking of road by cars was not disorderly conduct under 30-20-1 NMSA 1978.

Section 64-18-49, 1953 Comp. (similar to this section) makes such conduct a separate and specified offense. If a road were blocked, the charge should have been under 64-18-49, 1953 Comp. *State v. Florstedt*, 77 N.M. 47, 419 P.2d 248 (1966).

66-7-350. Officers authorized to remove illegally stopped vehicles.

A. Whenever any police officer finds a vehicle standing upon a highway in violation of any of the foregoing provisions of Sections 66-7-349 through 66-7-352 NMSA 1978, such officer is hereby authorized to move such vehicle, or require the driver or other person in charge of the vehicle to move the same, to a position off the paved or main-traveled part of such highway.

B. Whenever any police officer finds a vehicle unattended upon any bridge or causeway or in any tunnel where such vehicle constitutes an obstruction to traffic, such officer is hereby authorized to provide for the removal of such vehicle to the nearest garage or other place of safety.

C. No driver of any vehicle shall permit said vehicle to remain unattended on or adjacent to any public road, highway or highway right-of-way of the state for a longer period than twenty-four hours without notifying the state police or sheriff's office of the county where said vehicle is parked or said vehicle shall be deemed abandoned. The state police or sheriff's officer may cause all such abandoned vehicles to be removed and the owner of the vehicle shall be required to pay all costs incident to the removal of said vehicle, provided that wrecked vehicles may be removed at any time and without regard to the twenty-four hour period hereinbefore provided.

D. Whenever an officer shall order a dealer or wrecker to remove from a highway, or territory adjacent thereto, any damaged or abandoned vehicle the officer shall at the time issue signed and dated instructions in writing to the dealer or wrecker specifically stating if the vehicle is to be "held for investigation" or if it may be released to the owner.

B. Local authorities may by ordinance permit parking of vehicles within [with] the left-hand wheels adjacent to and within eighteen inches of the left-hand curb of a one-way roadway.

History: Laws 1983, ch. 45, § 1; 1990, ch. 120, § 36.

ANNOTATIONS

The 1990 amendment, effective July 1, 1990, substituted "Sections 66-7-352.1 through 66-7-352.5 NMSA 1978" for "This act".

66-7-352.2. Legislative intent.

The policy and intent of this legislature is declared to be as follows:

A. that this legislature finds there is a significant safety hazard for mobility-impaired persons crossing through parking lots and that this hazard is greatly reduced when parking is provided adjacent to a building entrance;

B. that many commercial and governmental establishments now provide reserved parking for disabled persons, ensuring full and equal opportunity for the disabled to maintain independence and self-respect; and

C. that ultimately society will benefit from the increased interaction of the disabled with the mainstream that these parking spaces will provide.

History: Laws 1983, ch. 45, § 2.

ANNOTATIONS

Meaning of "this legislature". - The term, "this legislature," referred to in the introductory language and in Subsection A, apparently means the 36th legislature, 1st session, which enacted the Disabled Parking Standards and Enforcement Act (66-7-352.1 to 66-7-352.5 NMSA 1978).

66-7-352.3. Repealed.

ANNOTATIONS

Repeals. - Laws 1990, ch. 120, § 45 repeals 66-7-352.3 NMSA 1978, as enacted by Laws 1983, ch. 45, § 3, relating to definitions, effective July 1, 1990. For provisions of former section, see 1987 Replacement Pamphlet. For present comparable provisions, see 66-1-4.1 to 66-1-4.20 NMSA 1978.

66-7-352.4. Parking lots; standards.

A. Every parking lot coming under the provisions of the Disabled Parking Standards and Enforcement Act [66-7-352.1 to 66-7-352.5 NMSA 1978] shall have designated disabled parking spaces as provided in Subsection B of this section; provided that an office of state or local government shall have a minimum of one such parking space. No building permit shall be issued by any local government for the construction or substantial renovation of a commercial building inviting public access unless the parking lot has designated disabled parking spaces as delineated in Subsection B of this section.

B. The minimum numbers of designated disabled parking spaces are as follows:

TOTAL SPACES IN PARKING LOT DISABLED SPACES	MINIMUM DESIGNATED PARKING
0 to 14	0
15 to 25	1
26 to 35	2
36 to 50	3
51 to 100	4
101 to 300	8
301 to 500	12
501 to 800	16
801 to 1,000	20
more than 1,000	20, plus
3 for each	addition
al 1,000.	

The designated disabled parking spaces shall be located so as to provide the most convenient access to entranceways or to the nearest curb cut.

History: Laws 1983, ch. 45, § 4.

66-7-352.5. Unauthorized use; penalty.

A. It is unlawful for any person to park a motor vehicle not carrying registration plates or a placard indicating disability in accordance with Section 66-3-16 NMSA 1978 in a designated disabled parking space or blocking a curb cut. Any person who violates this subsection is subject to a fifty-dollar (\$50.00) fine.

B. A person charged with a violation of Subsection A of this section shall not be determined to have committed an infraction if he produces in court special disabled registration plates or a placard indicating disability in accordance with Section 66-3-16 NMSA 1978 or demonstrates he was entitled to such at the time of the violation.

History: Laws 1983, ch. 45, § 5; 1993, ch. 187, § 1.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, in Subsection A, substituted "fifty-dollar (\$50.00)" for "twenty-five dollar (\$25.00)" and made a stylistic change in the second sentence.

66-7-353. Unattended motor vehicle.

No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key and effectively setting the brake, or placing the transmission in parking position, thereon and, when standing upon any grade, turning the front wheels in such manner that the vehicle will be held by the curb or will leave the highway if the brake fails. A violation of this section shall not mitigate the offense of stealing a motor vehicle, nor shall the provisions of this section or any violation thereof be admissible as evidence in a civil action for the recovery of a stolen motor vehicle, or in any other civil action arising out of the theft of a motor vehicle.

The 1991 amendment, effective June 14, 1991, deleted former Subsection C which read "Any person violating the provisions of this section is guilty of a petty misdemeanor" and made a minor stylistic change in Subsection A.

Provision valid exercise of power of parens patriae. - Requiring minors to wear helmets while riding a motorcycle would perhaps be a valid exercise of the power of parens patriae and would enable the state to protect youths whose judgment might not yet allow them to exercise their individual freedom judiciously with regard to their own safety. 1969 Op. Att'y Gen. No. 69-14.

Authority to approve safety helmets not violative of due process. - The delegation to the commissioner of motor vehicles (now director of the motor vehicle division) of the power to determine what type of helmet should be worn under an ordinance mandating the wearing of approved safety helmets by motorcycle operators did not deprive the appellee of due process nor did the fact that the state commissioner of motor vehicles adopted the standards determined by the testing of a third person make such testing unreasonable. *City of Albuquerque v. Jones*, 87 N.M. 486, 535 P.2d 1337 (1975).

Ordinance requiring wearing of helmet appropriate exercise of police power. - A city ordinance which requires the operator of a motorcycle to wear an approved safety helmet is an appropriate exercise of the city's police power and therefore is constitutional. *City of Albuquerque v. Jones*, 87 N.M. 486, 535 P.2d 1337 (1975).

Provision not applicable to all motorcyclists. - Section 64-18-55.1, 1953 Comp. (similar to this section) requiring the use of a safety helmet does not apply to all motorcyclists. 1970 Op. Att'y Gen. No. 70-43.

66-7-358. Restriction on use of television in motor vehicles.

It is unlawful to operate in this state any motor vehicle equipped with a television screen upon which images may be projected or shown if the screen is within the normal view of the driver of the motor vehicle unless the television is used solely as an aid to the driver in the operation of the vehicle. As used in this section "television screen" does not include closed circuit monitors or computer terminal monitors used by law enforcement agencies in law enforcement motor vehicles.

History: 1953 Comp., § 64-7-358, enacted by Laws 1978, ch. 35, § 462; 1989, ch. 318, § 31; 1989, ch. 321, § 1.

ANNOTATIONS

The 1989 amendments. - Laws 1989, ch. 318, § 31, effective July 1, 1989, making minor stylistic changes and adding "unless the television is solely used as an aid to the driver in the operation of the vehicle" at the end of the first sentence, was approved on April 7, 1989. However, Laws 1989, ch. 321, § 1, effective June 16, 1989, deleting "of whatever type" following "television screen" and adding "unless the television is used solely as an aid to the driver in the operation of the vehicle" in the first sentence, adding the second sentence, and making minor stylistic changes, was approved later on April 7, 1989. The section is set out as amended by Laws 1989, ch. 321, § 1. See 12-1-8 NMSA 1978.

66-7-363. Animals on highway.

A. It is unlawful for any person, during the hours of darkness, to ride a horse or other animal upon the traveled portion of any highway which is normally used by motor vehicles.

B. It is unlawful for any person negligently to permit livestock to wander or graze upon any fenced highway at any time or, during the hours of darkness, to drive livestock along or upon any highway which is normally used by motor vehicles.

C. Owners of livestock ranging in pastures through which unfenced roads or highways pass shall not be liable for damages by reason of injury or damage to persons or property occasioned by collisions of vehicles using said roads and highways and livestock or animals ranging in said pastures unless such owner of livestock is guilty of specific negligence other than allowing his animals to range in said pasture.

Applicability of Subsection C. - The focus of Subsection C is the duty of a livestock owner with respect to animals on a highway. Its application is limited to unfenced highways. Madrid v. New Mexico State Hwy. Dep't, 117 N.M. 171, 870 P.2d 133 (Ct. App. 1994).

Owner not liable when had no knowledge horses free. - Where plaintiff's car collided with defendant's horse on a highway, defendant was not liable where defendant had no knowledge of his horses being on the highway and neighbor's horse released defendant's horses by kicking their gate down. Steed v. Roundy, 342 F.2d 159 (10th Cir. 1965).

Section inapplicable to horse owner using due care in crossing highway. - Where plaintiff has used due care in preparing to move herd of horses across highway, this section was not applicable. Knox v. Trujillo, 72 N.M. 345, 383 P.2d 823 (1963).

Basis of livestock owner's liability is negligence. - The basis of any liability on the part of defendant in wrongful death action where decedent collided with defendant's cow

on highway and was killed was negligence. *Tapia v. McKenzie*, 83 N.M. 116, 489 P.2d 181 (Ct. App. 1971).

Even before the 1965 amendment to this section (which inserted "negligently" before "to permit" in Subsection B), the word "permit," and the fact that 30-8-13 NMSA 1978 was later in time, necessitated that negligence be shown on the part of the owner of livestock running at large upon the public highways before liability will attach against him for damages or losses sustained by others by reason thereof. *Steed v. Roundy*, 342 F.2d 159 (10th Cir. 1965).

Livestock on range. - Determination of negligence on part of rancher not required where he permitted bull to be on highway which traversed unfenced pasture land owned by him, even though prior to the accident he had other livestock injured in accidents. *Carrasco v. Calley*, 79 N.M. 432, 444 P.2d 617 (Ct. App. 1968).

Despite increased frequency of accidents between defendant's cattle and cars traveling the highway which passed through defendant's open pastures, defendant had no duty to either fence the highway or abandon his pastures. He had been relieved by the legislature of responsibility for permitting his cattle to graze in pastures adjacent to the unfenced highway; and furthermore, the fact that there was water available on both sides of the highway operated against any inference of negligence on his part. *Dean v. Biesecker*, 87 N.M. 389, 534 P.2d 481 (1975).

Owner of livestock has duty to care for his property as a reasonable man, and he may be liable for injuries to motorists resulting from collisions with his animals due to his negligence in permitting them to be on the highway. *Mitchell v. Ridgway*, 77 N.M. 249, 421 P.2d 778 (1966).

History: Laws 1983, ch. 252, § 1.

66-7-369. Child passenger restraint; enforcement.

A. No person shall operate a passenger car, van or pickup truck in this state and not an authorized emergency vehicle, public transportation or a school bus unless each passenger under eleven years of age is properly secured in a child passenger restraint device or by a safety belt, unless all seating positions equipped with safety belts are occupied, as follows:

(1) children less than one year of age shall be properly secured in a child passenger restraint device which meets the standards prescribed in 49 CFR 571.213;

(2) children one year of age and older but less than five years of age shall be properly secured in a child passenger restraint device which meets the standards prescribed in 49 CFR 571.213 or in the rear seat by a safety belt provided in the motor vehicle; and

66-7-372. Safety belt use required; exception.

A. Except as provided by Section 66-7-369 NMSA 1978 and in Subsection B of this section, each front seat occupant of a motor vehicle having a gross vehicle weight of ten thousand pounds or less manufactured with safety belts in compliance with federal motor vehicle safety standard number 208 shall have a safety belt properly fastened about his body at all times when the vehicle is in motion on any street or highway, unless all seating positions equipped with safety belts are occupied.

B. This section shall not apply to an occupant of a motor vehicle having a gross vehicle weight of ten thousand pounds or less who possesses a written statement from a licensed physician that he is unable for medical reasons to wear a safety belt or to a rural letter carrier of the United States postal service while performing the duties of a rural letter carrier.

History: Laws 1985, ch. 131, § 3; 1989, ch. 317, § 1.

ANNOTATIONS

The 1989 amendment, effective June 16, 1989, substituted "motor vehicle having a gross vehicle weight of ten thousand pounds or less" for "passenger car" near the beginning of Subsections A and B, inserted "on any street or highway" near the end of Subsection A, and made a minor stylistic change in Subsection B.

Reasonable grounds for stopping vehicle. - Police officer who stopped defendant's vehicle because the shoulder harnesses for the driver and front seat passenger were dangling from the ceiling had reasonable grounds to stop the vehicle for violation of this section. *State v. Apodaca*, 112 N.M. 302, 814 P.2d 1030 (Ct. App. 1991).

Police officers who stop vehicles for alleged violations of this section should not be required to know the design of the safety-belt system in every motor vehicle. *State v. Apodaca*, 112 N.M. 302, 814 P.2d 1030 (Ct. App. 1991).

66-7-373. Enforcement programs.

A. Failure to be secured by a child passenger restraint device or by a safety belt as required by the Safety Belt Use Act [66-7-370 to 66-7-373 NMSA 1978] shall not in any instance constitute fault or negligence and shall not limit or apportion damages.

B. The traffic safety bureau of the state highway and transportation department, in cooperation with the state department of public education and the department of health shall, to the extent that funding allows, provide education to encourage compliance with

the use of restraint devices in reducing the risk of harm to their users as well as to others.

C. The traffic safety bureau of the state highway and transportation department shall evaluate the effectiveness of the Safety Belt Use Act and shall include a report of its findings in the annual evaluation report on its highway safety plan that it submits to the national highway traffic safety administration and the federal highway administration under 23 U.S.C. 402.

D. The provisions of the Safety Belt Use Act shall be enforced whether or not associated with the enforcement of any other statute.

History: Laws 1985, ch. 131, § 4; 1989, ch. 317, § 2; 1991, ch. 192, § 8; 1993, ch. 349, § 1.

ANNOTATIONS

The 1989 amendment, effective June 16, 1989, substituted "penalties" for "penalty" in the catchline, made a minor stylistic change in Subsection A, and substituted "traffic safety bureau" for "transportation department" near the beginning of Subsections C and D.

The 1991 amendment, effective June 14, 1991, deleted "penalties" at the end of the catchline; deleted former Subsection A, relating to penalties for violating Subsection A of Section 66-7-372 NMSA 1978; deleted former Subsection B which read "Failure to be secured by a child passenger restraint device or by a safety belt as required by the Safety Belt Use Act shall not in any instance constitute fault or negligence and shall not limit or apportion damages"; redesignated former Subsections C to E as Subsections A to C; inserted "of the state highway department and transportation department" in Subsections A and B; and, in Subsection C, deleted "and to educate the persons in the program regarding the requirements and penalties specified in the Safety Belt Use Act" at the end and made minor stylistic changes.

The 1993 amendment, effective July 1, 1993, added present Subsection A, redesignated former Subsections A through C as present Subsections B through D, and substituted "department of health" for "health and environment department" in Subsection B.

Constitutionality. - Subsection B (now Subsection A) does not violate the equal protection provisions of the United States and New Mexico Constitutions. *Armijo v. Atchison, T. & S.F. Ry.*, 754 F. Supp. 1526 (D.N.M. 1990).

It was not error to exclude evidence of the plaintiff's failure to use seat belts because the defendant had no right or remedy with regard to seat belts prior to the adoption of this section, and applying the section did violate the prohibition against affecting rights in

pending cases contained in N.M Const., art. IV, § 34. *Mott v. Sun Country Garden Prods., Inc.*, 120 N.M. 261, 901 P.2d 192 (Ct. App. 1995).

This section does not violate the separation of powers doctrine since it is within the power of the legislature to determine whether to impose as a matter of state policy an obligation on citizens to wear a seat belt and to establish sanctions for non-conformity with that obligation. *Mott v. Sun Country Garden Prods., Inc.*, 120 N.M. 261, 901 P.2d 192 (Ct. App. 1995).

Limiting the defendant's use of a seat belt defense did not violate due process. *Mott v. Sun Country Garden Prods., Inc.*, 120 N.M. 261, 901 P.2d 192 (Ct. App. 1995).

Use of seat belt defense to prove causation prohibited. - The consideration of evidence that the plaintiff was not wearing a seat belt in order to prove causation is prohibited by this section. *Mott v. Sun Country Garden Prods., Inc.*, 120 N.M. 261, 901 P.2d 192 (Ct. App. 1995).

PART 5

WEIGHT AND SIZE LIMITATIONS

66-7-401. Scope and effect of article [part].

A. It is a misdemeanor for any person to drive or move, or for the owner, lessee or other person directing the operation to cause or permit to be driven or moved, on any highway any vehicle or vehicles of a size or weight exceeding the limitations stated in Sections 66-7-401 through 66-7-416 NMSA 1978 or otherwise in violation of said sections, and the maximum size and weight of vehicles herein specified shall be lawful throughout this state, and local authorities shall have no power or authority to alter said limitations except as express authority may be granted in said sections.

B. The provisions of Sections 66-7-401 through 66-7-416 NMSA 1978 governing size, weight and load shall not apply to fire apparatus, road machinery engaged in highway construction or maintenance or to implements of husbandry, including farm tractors, temporarily moved upon a highway, or to a vehicle operated under the terms of a special permit issued as herein provided.

History: 1953 Comp., § 64-7-401, enacted by Laws 1978, ch. 35, § 472.

Provisions within police powers of legislature. - The supreme court held that the legislature by enacting Laws, 1955, ch. 37 (similar to 66-7-401 to 66-7-416 NMSA 1978), had spoken upon a subject within the police powers excepted from referendum by the state constitution (N.M. Const., art. IV, § 1); it had exercised its discretion to speak one way or the other; and there was apparent a valid and reasonable relationship between the enactment and the preservation of the public peace, health or safety. *Otto v. Buck*, 61 N.M. 123, 295 P.2d 1028 (1956).

Enactment of provisions not referable. - Laws 1955, ch. 37 (similar to 66-7-401 to 66-7-416 NMSA 1978), can only be justified under the police power of the state. The test is not whether the particular act, in the opinion of the supreme court or any other fact-finding agency, is for the peace, health or safety. It is a question to be determined by the legislature and any law which is passed under the inherent police power of the state is not referable under N.M. Const., art. IV, § 1. The only way a state gains authority to regulate any highway activity is under its police power. 1955-56 Op. Att'y Gen. No. 6268.

No violation until loaded vehicle "driven or moved". - The remedy of the state is restricted to arrest when the offense occurs. It is doubtful that prior to the occurrence of the offense a person could be required to take measures which would prevent the offense. The offense is not committed until a vehicle thus loaded is "driven or moved" or operated on a highway. Certainly the driver or owner of the vehicle commits no offense if his vehicle, although loaded as prohibited, is parked on the side of a highway. However, once moving on the highway if sand, gravel or manure escapes, then arrest and punishment may follow. 1955-56 Op. Att'y Gen. No. 6262.

A. No vehicle shall exceed a height of fourteen feet.

B. No vehicle shall exceed a length of forty feet extreme overall dimension, exclusive of front and rear bumpers, except when operated in combination with another vehicle as provided in this section. No combination of vehicles, unless otherwise exempted in this section, shall exceed an overall length of sixty-five feet, exclusive of front and rear bumpers.

C. No combination of vehicles coupled together shall consist of more than two units, except:

(1) a truck tractor and semitrailer shall be permitted to pull one trailer;

(2) a vehicle shall be permitted to pull two units, provided that the middle unit is equipped with brakes and has a weight equal to or greater than the last unit and the

total combined gross weight of the towed units does not exceed the manufacturer's stated gross weight of the towing units;

(3) a double or triple saddle-mount or fifth wheel mount of vehicles in transit by driveaway-towaway methods shall be permitted;

(4) vehicles and trailers operated by or under contract for municipal refuse systems;

(6) as provided in Subsections D and E of this section.

D. Exclusive of safety and energy conservation devices, refrigeration units and other devices such as coupling devices, vehicles operating a truck tractor semitrailer or truck tractor semitrailer-trailer combinations on the interstate highway system and those qualifying federal aid primary system highways designated by the secretary of the United States department of transportation, pursuant to the United States Surface Transportation Assistance Act of 1982, Public Law 97-424, Section 411, and on those highways designated by the department by rule or regulation with the concurrence of the state highway and transportation department may exceed an overall length limitation of sixty-five feet, provided that the length of the semitrailer in a truck tractor semitrailer combination does not exceed fifty-seven feet six inches and the length of the semitrailer or trailer in a truck tractor semitrailer-trailer combination does not exceed twenty-eight feet six inches. The department shall adopt rules and regulations granting reasonable access to terminals, facilities for food, fuel, repairs and rest and points of loading and unloading for household goods carriers to vehicles operating in combination pursuant to this subsection. As used in this subsection, "truck tractor" means a non-cargo carrying power unit designed to operate in combination with a semitrailer or trailer, except that a truck tractor and semitrailer engaged in the transportation of automobiles may transport motor vehicles on part of the truck tractor.

E. Notwithstanding any other subsection of this section, any trailer or semitrailer combination of such dimensions as those that were in actual and lawful use in this state on December 1, 1982 may be lawfully operated on the highways of this state.

A tandem axle load is defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes more than forty inches apart but less than one hundred twenty inches apart, extending across the full width of the vehicle. The allowed load on tandem axles shall not exceed the gross weight given in Section 66-7-410 NMSA 1978 for the respective distance between the axles.

B. When the officer or employee, upon weighing a vehicle or combination, determines that the gross vehicle weight or combination gross vehicle weight exceeds the maximum authorized by Sections 66-7-409 and 66-7-410 NMSA 1978, the officer or employee shall require the driver or owner of the vehicle or combination to unload that portion of the load necessary to decrease the gross vehicle weight or combination gross vehicle weight to the authorized maximum.

C. Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to weighing or who fails or refuses, when directed by a duly authorized officer or employee upon a weighing of the vehicle, to unload the vehicle and otherwise comply with the provisions of this section is guilty of a misdemeanor.

66-7-413. Permits for excessive size and weight; special notification required on movement of manufactured homes.

A. The department and local highway authorities may, in their discretion, upon application in writing and good cause being shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle or load of a size or weight exceeding the maximum specified in Sections 66-7-401 through 66-7-416 NMSA 1978 on any highway under the jurisdiction of the state highway commission or local authorities. Except for the movement of manufactured homes, a permit may be granted, in cases of emergency, for the transportation of loads on a certain unit or combination of equipment for a specified period of time not to exceed one year, and the permit shall contain the route to be traversed, the type of load to be transported and any other restrictions or conditions deemed necessary by the body granting the permit. In every other case, the permit shall be issued for a single trip and may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit. Every permit shall be carried in the vehicle to which it refers and shall be opened for inspection to any peace officer. It is a misdemeanor for any person to violate any of the conditions or terms of the special permit.

B. The department shall charge and collect, when the movement consists of any load of a width of twenty feet or greater for a distance of five miles or more, the sum of three hundred dollars (\$300) a day or fraction thereof to defray the cost of state or local police escort. The permit issued and the fee charged shall be based upon the entire movement at one time requiring police escort and not upon the number of vehicles involved.

C. The department shall promulgate regulations in accordance with the State Rules Act [Chapter 14, Article 4 NMSA 1978] pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier himself and for escort vehicles provided by a private business in this state.

(1) If a motor carrier provides his own escort vehicles and personnel, the department shall not charge an escort fee but shall provide the motor carrier escort personnel with a copy of applicable regulations and shall inspect the escort vehicles for the safety equipment required by the regulations. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the motor carrier holds a valid certificate of public convenience and necessity or permit, as applicable, issued pursuant to Chapter 65, Article 2 NMSA 1978, the department shall issue the special permit.

(2) If the escort service is a private business, the business shall have applied to the state corporation commission for and been issued a permit or certificate to operate as a contract or common motor carrier pursuant to Chapter 65, Article 2 NMSA 1978. The state corporation commission shall supply copies of applicable regulations to the business by mail and shall supply additional copies upon request. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the escort

service holds a certificate, the special permit shall be issued and the department shall not charge an escort fee.

(3) The movement of vehicles upon the highways of this state requiring a special permit and required to use an escort of the type noted in Paragraphs (1) and (2) of this subsection is subject to department authority and inspection at all times.

(4) The state highway and transportation department shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the state highway and transportation department shall hold public hearings in the area of the state affected by the determination, after which it may adopt regulations designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If any portion of such a four-lane highway lies within the boundaries of a municipality, the state highway and transportation department, after obtaining the approval of the municipal governing body, shall include such portions in its regulations.

D. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department for a period not to exceed one year for a fee of sixty dollars (\$60.00). The permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the operation is to be within the vicinity of a municipality.

E. Special permits for a single trip for a vehicle or combination of vehicles or load thereon of excessive weight, width, length and height may be issued for a single vehicle for a fee of fifteen dollars (\$15.00).

F. If the vehicle for which a permit is issued under this section is a manufactured home, the department or local highway authority issuing the permit shall furnish the following information to the property tax division, which shall then forward the information:

(1) to the county assessor of any county from which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to if within the same county, the name of the owner of the manufactured home and the identification and registration numbers of the manufactured home;

(2) to the county assessor of any county in this state to which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to, the name of the owner of the manufactured home and the registration and identification numbers of the manufactured home; and

(3) to the owner of a manufactured home having a destination in this state, notification that the information required in Paragraphs (1) and (2) of this subsection is being given

to the respective county assessors and that manufactured homes are subject to property taxation.

G. Except as provided in Subsection H of this section, if the movement of a manufactured home originates in this state, no permit shall be issued under Subsection F of this section until the owner of the manufactured home or his authorized agent obtains and presents to the department proof that a certificate has been issued by the county assessor or treasurer of the county in which the manufactured home movement originates showing that either:

(1) all property taxes due or to become due on the manufactured home for the current tax year or any past tax years have been paid, except for manufactured homes located on an Indian reservation; or

(2) no liability for property taxes on the manufactured home exists for the current tax year or any past tax years, except for manufactured homes located on an Indian reservation.

H. The movement of a manufactured home from the lot or business location of a manufactured home dealer to its destination designated by an owner-purchaser is not subject to the requirements of Subsection G of this section if the manufactured home movement originates from the lot or business location of the dealer and the manufactured home was part of his inventory prior to the sale to the owner-purchaser; however, the movement of a manufactured home by a dealer or his authorized agent as a result of a sale or trade-in from a nondealer-owner is subject to the requirements of Subsection G of this section whether the destination is the business location of a dealer or some other destination.

I. No permit shall be issued under this section for movement of a manufactured home whose width exceeds eighteen feet with no more than a six-inch roof overhang on the left side or twelve inches on the right side in addition to the eighteen-foot width of the manufactured home. Manufactured homes exceeding the limitations of this section shall only be moved on dollies placed on the front and the rear of the structure.

J. The secretary may by regulation provide for movers of manufactured homes to self-issue permits for certain sizes of manufactured homes over specific routes; however, in no case may the cost of each permit be less than fifteen dollars (\$15.00).

K. The secretary may provide by regulation for dealers of implements of husbandry to self-issue permits for the movement of certain sizes of implements of husbandry from the lot or business location of the dealer over specific routes with specific escort requirements, if necessary, to a destination designated by an owner-purchaser or for purposes of a working demonstration on the property of a proposed owner-purchaser. The department shall charge a fee for each self-issued permit not to exceed fifteen dollars (\$15.00).

L. Any private motor carrier requesting an oversize or overweight permit shall provide proof of insurance in at least the following amounts:

(1) bodily injury liability, providing:

(a) fifty thousand dollars (\$50,000) for each person; and

(b) one hundred thousand dollars (\$100,000) for each accident; and

(2) property damage liability, providing twenty-five thousand dollars (\$25,000) for each accident.

M. Any common motor carrier requesting an oversize permit shall produce a copy of a form "e" or other acceptable evidence that the common motor carrier maintains the insurance minimums prescribed by the state corporation commission.

History: 1953 Comp., § 64-7-413, enacted by Laws 1978, ch. 35, § 484; 1980, ch. 61, § 1; 1983, ch. 295, § 31; 1986, ch. 82, § 1; 1990, ch. 21, § 3; 1993, ch. 104, § 1; 1995, ch. 135, § 22.

Bracketed material. - The bracketed material near the beginning of Subsection F was inserted by the compiler. Laws 1977, ch. 249, § 4, creates the taxation and revenue department, composed of several divisions, including the property tax division, referred

to in the introductory paragraph of Subsection F. See 9-11-4 NMSA 1978. The bracketed material was not enacted by the legislature and is not part of the law.

The 1986 amendment substituted "three hundred dollars (\$300)" for "one hundred fifty dollars (\$150)" in the first sentence of Subsection B.

The 1990 amendment, effective July 1, 1990, substituted "restrictions" for "restriction" in the third sentence in Subsection A, substituted "state highway and transportation department" for "state highway department" in three places in Paragraph (4) of Subsection C, added Subsections I to L, and made minor stylistic changes in Subsection A and Paragraph (4) of Subsection C.

The 1993 amendment, effective, July 1, 1993, deleted "of the taxation and revenue department" following "secretary" near the beginning of Subsection J, inserted present Subsection K, and redesignated the remaining subsections accordingly.

The 1995 amendment, effective June 16, 1995, substituted "department" for "motor transportation division" throughout the section and substituted "shall" for "must" in the introductory language of Subsection L and in Subsection M.

Liability for negligence in permit issuance. - Any negligent conduct of the Department of Transportation (DOT) in authorizing oversize loads traveling over New Mexico highways is actionable under the Tort Claims Act, 41-4-1 to 41-4-27 NMSA 1978, as such activity is within the scope of the waiver provision, 41-4-11 NMSA 1978. *Miller v. New Mexico Dep't of Transp.*, 106 N.M. 253, 741 P.2d 1374 (1987).

Power to administer weight and size regulations properly delegated. - The power to administer the general regulations controlling the weight and size of vehicles to be operated on the highways of the state of New Mexico which were enacted by the legislature and to grant exceptions to them, when necessary, has been properly delegated to the motor transportation department (now motor transportation division). 1969 Op. Att'y Gen. No. 69-18.

Regulation of oversize vehicles must be reasonable. - The use of the highways by vehicles of excess weight, size, length and load may be regulated or limited in consideration of possible injuries to the highway as well as to those using it. Such statutory limitations must be reasonable and not arbitrary and must be based on the power to exercise police powers for the promotion or protection of public safety and welfare. 1961-62 Op. Att'y Gen. No. 62-105.

Otherwise void as infringement of ownership right. - Recognizing that the state highway commission (duty now performed by motor transportation division) has the power to enforce the statute and to supplement it with rules and regulations, this power to regulate is not absolute but is subject to the constitutional provision that no person shall be deprived of property without due process of law. The test of the validity of all such limitations, under the due process clause, is that of reasonableness, and any

regulation is void if it is so arbitrary or unreasonable as to become an infringement of the right of ownership. 1961-62 Op. Att'y Gen. No. 62-105.

Power to issue permits discretionary. - Section 64-23-22, 1953 Comp. (similar to this section), gives the motor transportation department (now motor transportation division) discretionary power to issue permits allowing the operation of vehicles which are not in compliance with the weight and size limitation contained in 64-23-12 through 64-23-25, 1953 Comp. (similar to 66-7-401 to 66-7-416 NMSA 1978). 1969 Op. Att'y Gen. No. 69-18.

Test is if action reasonably necessary. - The motor transportation department (now division) may issue permits to allow combinations of vehicles which exceed those standards set out in 64-23-15, 1953 Comp. (similar to 66-7-404 NMSA 1978), if in its discretion it deems this action to be reasonably necessary. 1969 Op. Att'y Gen. No. 69-18.

Type of load and route traversed may be specified. - The highway commission (duty now performed by motor transportation division) may, in its discretion, grant a permit if the conditions prescribed by 64-23-22, 1953 Comp. (similar to this section), have been met to the commission's satisfaction. In other words, good cause must be shown why it is reasonably necessary that the applicant operate the subject vehicle on the highways of the state. The highway commission may grant such permits and specify the type of loads to be transported, the route or routes to be traversed and may impose such other restrictions or conditions which are reasonably deemed to be necessary. 1961-62 Op. Att'y Gen. No. 62-105.

Escort fee collected only if police do escorting. - The specificity of 64-23-22B, 1953 Comp. (similar to Subsection B of this section), refers to the collection of fees, not to providing a state police escort. Therefore, if a state police escort is used, it is mandatory that the department (now division) collect certain fees. 1972 Op. Att'y Gen. No. 72-21.

1995 amendments. - Laws 1995, ch. 28, § 1, effective June 16, 1995, substituting "two hundred miles" for "fifty miles", was approved March 17, 1995. However, Laws 1995, ch. 135, § 23, effective June 16, 1995, also amending this section by inserting "on highways that are not national network highways" following "twelve feet in width", and making a minor stylistic change, but not giving effect to the changes made by the first 1995 amendment, was approved April 5, 1995. The section is set out as amended by Laws 1995, ch. 135, § 23. See 12-1-8 NMSA 1978.

66-7-413.2. Engineering investigations for vehicles in excess of one hundred seventy thousand pounds.

A. All vehicles with a gross vehicle weight in excess of one hundred seventy thousand pounds shall require a special permit as provided for in Section 66-7-413 NMSA 1978 and no such permit shall be issued unless:

(1) an engineering investigation and review have been conducted to:

(a) establish whether the move could be made without visible or documented damages to the portion of road or bridges upon which the move is to be made;

(b) establish whether the move could be made without visible or documented damages to any private facilities along the road upon which the move is to be made; and

(c) estimate the cost for any necessary modifications the move may cause; and

(2) when required the applicant shall submit to the motor transportation division and the local highway authorities all pertinent information requested of the applicant by the motor transportation division.

If the submitted data is not acceptable to the state highway and transportation department, the applicant will be advised by the motor transportation division that engineering investigations will be conducted by the state highway and transportation department and the cost incurred by the state highway and transportation department will be paid by the applicant as an added cost to his permit fee.

B. The motor transportation division shall adopt the necessary rules and regulations for the development of data for an investigation to determine whether to issue any special permit pursuant to Section 66-7-413 NMSA 1978.

C. The applicant or the applicant's employer shall pay the costs for any modification to the road, bridges or private facilities along the road that the motor transportation division has determined are necessary for the issuance of the special permit and the costs for any damages to the road or bridges that are the result of the move and the fault of the mover and not the motor transportation division.

D. Any person who violates the provisions of Subsection A of this section shall be guilty of a misdemeanor and punished by a fine of not more than one thousand dollars (\$1,000) or imprisonment for a definite term not to exceed six months, or both.

E. Nothing contained in this section shall limit in any manner the authority of the state, a county, a municipality or a political subdivision thereof to collect damages for any unlawful use of highways as provided by law.

History: 1978 Comp., § 66-7-413.2, enacted by Laws 1989, ch. 291, § 1.

A. In addition to the authorization granted in Section 66-7-413 NMSA 1978, special permits may be issued by the motor transportation division for a single trip or for a year. The fee for the permits shall be thirty-five dollars (\$35.00) for a single-trip permit and one hundred twenty dollars (\$120) for an annual permit. The permits authorized in this section shall allow for an increase in axle weight over the limit established in Section 66-7-409 NMSA 1978; provided, the increased axle weight for liquid hauling tank vehicles that would otherwise haul less than a full tank shall not exceed twenty-five percent of the statutory authorized maximum weight.

B. Effective between July 1, 1997 and June 30, 2000, the increased axle weight of three-axle solid waste collection vehicles shall not exceed ten percent of the authorized maximum weight for the vehicle.

C. The special permits authorized by this section shall not be valid for transportation of excessive weights on the interstate system as currently defined in federal law or as that system may be defined in the future. No special permit issued pursuant to this section shall be valid for gross vehicle weights in excess of eighty-six thousand four hundred pounds or for any combination vehicle.

D. If the federal highway administration of the United States department of transportation gives official notice that money will be withheld or that this section violates the grandfather provision of Title 23, U.S.C. Section 127, the secretary may withdraw all special permits and discontinue issuance of all special permits authorized in this section until such time that final determination is made. If the final determination allows the state to issue the special permits without sanction of funds or weight tables, then the secretary shall reissue the special permits previously withdrawn and make the special permits available pursuant to this section.

E. Any fees collected pursuant to special permits authorizing over-size or over-weight transportation on state highways shall be collected for the state highway and transportation department to be transferred to the state road fund. Transfers shall be made on or before the tenth day of the month following collection.

History: 1953 Comp., § 64-7-511, enacted by Laws 1978, ch. 35, § 498.

ANNOTATIONS

Each gift with different terms must have own separate fund. - Prior to the acceptance of a gift to the New Mexico traffic safety commission (now traffic safety bureau) under 64-33-7, 1953 Comp. (similar to this section), the approval of the governor must be secured. Upon approval by the governor, the moneys should be deposited with the state treasurer. And it is apparent that each gift or grant which differs in its terms and conditions from any other must be set up in a separate fund. Although this may entail additional bookkeeping on the part of the state treasurer as well as the commission, this is the only method which will insure that every gift is expended in conformity with the conditions imposed upon it by the donor. 1957-58 Op. Att'y Gen. No. 57-241.

Funds expended upon director's voucher. - Once the special fund or funds are set up by the state treasurer, these may be expended upon voucher of the director, processed in the usual manner. 1957-58 Op. Att'y Gen. No. 57-241.

66-7-512. Traffic safety education and enforcement fund created.

A. There is created in the state treasury the "traffic safety education and enforcement fund". The fund shall be invested in accordance with the provisions of Section 6-10-10 NMSA 1978 and all income earned on the fund shall be credited to the fund.

B. The traffic safety education and enforcement fund shall be used to institute and promote a statewide program of traffic safety through education and enforcement to reduce serious and fatal traffic accidents and to provide for the purchase of equipment and support services as are necessary to establish and maintain the program.

C. No less than fifty percent of the money deposited in the traffic safety education and enforcement fund shall be allocated to the law enforcement agency that issued the citation, provided the agency has submitted a traffic safety program plan that is approved by the traffic safety bureau of the state highway and transportation department. Law enforcement agencies shall use the money allocated from the fund to purchase equipment, including equipment for making fingerprint impressions of all persons arrested for or convicted of driving while under the influence of intoxicating liquor or drugs, and support services as are necessary to establish and maintain a traffic safety program.

D. No less than twenty percent of the money deposited in the traffic safety education and enforcement fund shall be allocated to institute and promote traffic safety education programs.

E. The balance of the money deposited in the traffic safety education and enforcement fund shall be allocated to existing traffic safety programs.

F. The traffic safety bureau of the state highway and transportation department shall adopt all rules, regulations and policies necessary to administer a statewide traffic program.

G. All money credited to the traffic safety education and enforcement fund shall be appropriated to the traffic safety bureau of the state highway and transportation department for the purpose of carrying out the provisions of this section and shall not revert to the general fund.

Violation of former license laws precluded recovery for loss of use of vehicle by one entitled to recovery of possession in replevin action. *Desmet v. Sublett*, 54 N.M. 355, 225 P.2d 141 (1950).

Provision's specific misdemeanor sentence controls Criminal Code misdemeanor sentence. - Sections 30-1-6 and 31-19-1 NMSA 1978 refer generally to the sentence for misdemeanors; 64-10-1, 1953 Comp. (similar to this section), the statute which defendant violated, provides a specific sentence for that misdemeanor. If the general statute, standing alone, would include the same matter as the special statute and thus conflict with the special statute, the special statute controls since it is considered an exception to the general statute. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

Classification of violation as misdemeanor not repugnant to authorized imprisonment. - Although as amended, 64-10-7, 1953 Comp. (similar to 66-8-7 NMSA 1978), classifies a violation of 64-10-1, 1953 Comp. (similar to this section), as a misdemeanor, this classification is not repugnant to the imprisonment authorized by 64-10-1, 1953 Comp. Section 64-10-7, 1953 Comp., as amended, recognizes that a penalty for a misdemeanor violation may be specified that differs from the general misdemeanor penalty. Rather than being repugnant, 64-10-7, 1953 Comp., as amended, is reconcilable with 64-10-1, 1953 Comp. The doctrine of repeal by

implication is not applicable. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

Since imprisonment provision allowed exception to general misdemeanor sentence. - By 64-10-7, 1953 Comp. (similar to 66-8-7 NMSA 1978), a person convicted of a misdemeanor for violation of the Motor Vehicle Code is to be punished by a fine of not more than \$100, imprisonment for not more than 90 days or both, "unless another penalty is specified in the Motor Vehicle Code." The amendment thus recognized that other penalties may be specified. Section 64-10-1, 1953 Comp. (similar to this section), specifies such a penalty. It authorizes imprisonment for not more than one year. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

"Not less than one year" portion of defendant's sentence is void because it is in excess of the court's sentencing authority because 64-10-1, 1953 Comp. (similar to this section), does not provide for a minimum sentence. Sentences which are unauthorized by law are void. The "not more than one year" portion of the sentence is authorized by this section. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

State penitentiary proper place of confinement for violation. - The place of confinement for misdemeanors under the Criminal Code is the county jail under 31-19-1 NMSA 1978. This section is not applicable because defendant violated 64-10-1, 1953 Comp. (similar to this section), which is not a Criminal Code misdemeanor, therefore, the proper place of his confinement is the state penitentiary. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

66-8-3.1. Motor vehicle brokering; exceptions.

A. No person shall broker a motor vehicle unless:

(1) the manufacturer's certificate of origin has been surrendered to the appropriate registration authority prior to brokering;

(2) the person has an enforceable contractual right of delivery with the manufacturer of the vehicle or his representative; or

(3) the manufacturer's certificate of origin is or will be assigned to a person described in Paragraph (2) of this subsection as the result of the transaction.

B. The provision of Subsection A of this section shall not apply to a person holding a dealer's license on January 1, 1991 if:

(1) the ownership of the business for which the person holds the license remains the same as the ownership was on January 1, 1991;

(2) any change in ownership is the result of devise, bequest, intestate succession or a transfer between persons related within the fourth degree of consanguinity or affinity;

(3) any change in ownership is the result of a corporate or other business reorganization and at least fifty-one percent of the beneficial ownership or voting control remains in the same person; or

(4) after all stock transfers, fifty-one percent of the beneficial ownership or voting control remains in any person or persons owning stock on January 1, 1991.

C. For the purpose of this section, the change in ownership of any corporation shall be deemed a change in ownership of any subsidiary corporation pro rata to the extent of the ownership of the subsidiary.

D. Nothing in this section shall prohibit the activities of:

(1) receivers, trustees, administrators, executors, guardians or other persons appointed by or acting under judgment, decree or order of any court;

(2) public officers while performing their duties as such officers;

(3) persons making casual sales of their own vehicles;

(4) finance companies, banks and other lending institutions making sales of repossessed vehicles;

(5) licensed brokers under the Manufactured Housing Act [Chapter 60, Article 14 NMSA 1978] who, for a fee, commission or other valuable consideration, engage in brokerage activities related to the sale, exchange or lease purchase of pre-owned manufactured homes on a site installed for a consumer;

(6) persons who receive no compensation, profit or other valuable consideration as a result of the transaction; or

(7) persons providing advertising services through newspapers, magazines, television, radio or other advertising media if they are only disseminating an advertisement paid for by another.

E. For the purposes of this section, "broker" means selling, offering for sale, advertising for sale, negotiating or acting as agent in the sale of, or advertising to negotiate or act as agent in the sale of a motor vehicle.

A. when the division is satisfied that such registration or that such certificate, card, plate or permit was fraudulently or erroneously issued;

B. when the division determines that a registered vehicle is mechanically unfit or unsafe to be operated or moved upon the highways;

C. when a registered vehicle has been dismantled or wrecked;

D. when the division determines that the required fee has not been paid and the same is not paid upon reasonable notice and demand;

E. when a registration evidence, registration plate, or permit is knowingly displayed upon a vehicle other than the one for which issued;

F. when the division determines that the owner has committed any offense under the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] involving the registration, or the certificate, registration evidence, plate or permit; or

66-8-7. Penalty for misdemeanor.

B. Unless another penalty is specified in the Motor Vehicle Code, every person convicted of a misdemeanor for violation of any provision of the Motor Vehicle Code shall be punished by a fine of not more than three hundred dollars (\$300) or by imprisonment for not more than ninety days or both.

History: 1953 Comp., § 64-8-7, enacted by Laws 1978, ch. 35, § 505; 1989, ch. 320, § 3.

ANNOTATIONS

Cross-references. - For the general sentence for a misdemeanor, see 30-1-6 NMSA 1978.

The 1989 amendment, effective July 1, 1989, in Subsection B, substituted "three hundred dollars (\$300)" for "one hundred dollars (\$100)".

Applicability of 31-18-13 NMSA 1978. - Subsection B is governed by the provisions of 31-18-13D NMSA 1978. The violation is not declared to be a felony. Since it is not declared to be a felony and is not punishable by a specified sentence, 31-18-13D NMSA 1978 applies. *State v. Mendoza*, 115 N.M. 772, 858 P.2d 860 (Ct. App.), cert. denied, 115 N.M. 359, 857 P.2d 481 (1993).

Warrantless home arrest not merited. - The minor offenses of careless driving and leaving the scene of an accident do not merit the extraordinary recourse of warrantless home arrest. *Howard v. Dickerson*, 34 F.3d 978 (10th Cir. 1994).

Misdemeanor classification of violation not repugnant to provision's authorized imprisonment. - Although as amended, 64-10-7, 1953 Comp. (similar to this section), classifies a violation of 64-10-1, 1953 Comp. (similar to 66-8-1 NMSA 1978), as a misdemeanor, this classification is not repugnant to the imprisonment authorized by 64-10-1, 1953 Comp. Section 64-10-7, 1953 Comp., as amended, recognizes that a penalty for a misdemeanor violation may be specified that differs from the general misdemeanor penalty. Rather than being repugnant, 64-10-7, 1953 Comp., as amended, is reconcilable with 64-10-1, 1953 Comp. The doctrine of repeal by implication is not applicable. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

Since imprisonment provision allowed exception to general misdemeanor sentence. - By 64-10-7, 1953 Comp. (similar to this section), a person convicted of a misdemeanor for violation of the Motor Vehicle Code is to be punished by a fine of not more than \$100, imprisonment for not more than 90 days or both, "unless another penalty is specified in the Motor Vehicle Code." The amendment thus recognized that other penalties may be specified. Section 64-10-1, 1953 Comp. (similar to 66-8-1 NMSA 1978), specifies such a penalty. It authorizes imprisonment for not more than one year. *State v. Sawyers*, 79 N.M. 557, 445 P.2d 978 (Ct. App. 1968).

Motor vehicle misdemeanor may involve jury trial. - Persons charged with offenses classified as misdemeanors under the Motor Vehicle Code may under Rule 6-602 demand a jury trial but are not afforded one as a matter of right. 1979 Op. Att'y Gen. No. 79-17.

Magistrate may order restitution. - The magistrate may, as part of its sentencing power, order a Criminal Code or Motor Vehicle Code violator to make restitution. 1979 Op. Att'y Gen. No. 79-18.

For discussion of legislative history of this section, see *State v. Barela*, 95 N.M. 349, 622 P.2d 254 (Ct. App. 1980).

Administrative penalties not "another penalty". - When 64-10-7, 1953 Comp. (similar to this section), speaks of "another penalty," it means another penalty for the criminal act. Such a penalty must be either a term of imprisonment or a fine payable into the current school fund. The administrative penalties of 64-3-14, 1953 Comp., (similar to 66-3-19 NMSA 1978), do not meet this test. 1961-62 Op. Att'y Gen. No. 61-72.

Criminal penalties not exclusion of imposition of administrative penalties. - The criminal penalties prescribed by 64-10-7, 1953 Comp. (similar to this section), do not exclude imposition of the administrative penalties prescribed by 64-3-14, 1953 Comp. (similar to 66-3-19 NMSA 1978). 1961-62 Op. Att'y Gen. No. 61-72.

Injunction inappropriate penalty. - When defendant was convicted of numerous violations of the Motor Vehicle Code and the court issued an injunction prohibiting defendant from operating his vehicle until he satisfied the licensing and registration requirements of the Motor Vehicle Code, the injunction exceeded the court's authority, since the legislature has not authorized courts to issue injunctions as an additional means of enforcing the code. *State v. Bailey*, 118 N.M. 466, 882 P.2d 57 (Ct. App. 1994).

PART 2 TRAFFIC OFFENSES

66-8-101. Homicide by vehicle; great bodily injury by vehicle.

A. Homicide by vehicle is the killing of a human being in the unlawful operation of a motor vehicle.

B. Great bodily injury by vehicle is the injuring of a human being, to the extent defined in Section 30-1-12 NMSA 1978, in the unlawful operation of a motor vehicle.

C. Any person who commits homicide by vehicle or great bodily injury by vehicle while under the influence of intoxicating liquor or while under the influence of any drug or while violating Section 66-8-113 NMSA 1978 is guilty of a third degree felony and shall be sentenced pursuant to the provisions of Section 31-18-15 NMSA 1978, provided that violation of speeding laws as set forth in the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] shall not per se be a basis for violation of Section 66-8-113 NMSA 1978.

D. Any person who commits homicide by vehicle or great bodily injury by vehicle while under the influence of intoxicating liquor or while under the influence of any drug, as provided in Subsection C of this section, who has incurred a prior DWI conviction within ten years of the occurrence for which he is being sentenced under this section, shall have his basic sentence increased by two years for each prior DWI conviction.

E. For the purposes of this section, "prior DWI conviction" means:

(1) a prior conviction under Section 66-8-102 NMSA 1978; or

(2) a prior conviction in New Mexico or any other jurisdiction, territory or possession of the United States when the criminal act is driving under the influence of alcohol or drugs.

F. Any person who willfully operates a motor vehicle in violation of Subsection C of Section 30-22-1 NMSA 1978 and directly or indirectly causes the death of or great bodily injury to a human being is guilty of a third degree felony and shall be sentenced pursuant to the provisions of Section 31-18-15 NMSA 1978.

History: 1953 Comp., § 64-8-101, enacted by Laws 1978, ch. 35, § 509; 1981, ch. 370, § 1; 1983, ch. 76, § 1; 1989, ch. 226, § 1; 1991, ch. 114, § 1.

I. GENERAL CONSIDERATION.

The 1989 amendment, effective June 16, 1989, added Subsection D.

The 1991 amendment, effective July 1, 1991, added Subsections D and E and redesignated former Subsection D as Subsection F.

Applicability of section. - This section applies when the vehicular killing is while driving under the influence of intoxicating liquor, while driving under the influence of drugs or while driving recklessly. *State v. Montoya*, 93 N.M. 346, 600 P.2d 292 (Ct. App.), cert. quashed, 92 N.M. 532, 591 P.2d 286 (1979).

Involuntary manslaughter statute preempted. - This section preempts the involuntary manslaughter statute, 30-2-3 NMSA 1978, in unintentional vehicular homicide cases. *State v. Yarborough*, 120 N.M. 669, 905 P.2d 209 (Ct. App. 1995).

Provision does not repeal involuntary manslaughter provision. - The involuntary manslaughter statute (30-2-3 NMSA 1978) was in no sense repealed by adoption of the negligent homicide statute, but has been in full force and effect at all times - cases of death resulting from driving while under the influence of intoxicating liquor being taken out from under its operation by adoption of this section. State v. Deming, 66 N.M. 175, 344 P.2d 481 (1959).

There is no such crime as homicide by vehicle by careless driving. State v. Yazzie, 116 N.M. 83, 860 P.2d 213 (Ct. App. 1993).

"Operation of a motor vehicle". - There was substantial evidence from which fact finder could determine that defendant, found underneath steering wheel immediately after accident, was driver of vehicle. State v. Vigil, 103 N.M. App. 643, 711 P.2d 920 (1985).

"Great bodily injury by vehicle". - The definition of "great bodily injury by vehicle" in Subsection B is not unconstitutionally vague. The term "protracted impairment" in 30-1-12A NMSA 1978 is capable of reasonable application by a jury of common intelligence after consideration of the circumstances involved. State v. Jim, 107 N.M. 779, 765 P.2d 195 (Ct. App. 1988).

Intent involved that of mental state of conscious wrongdoing. - The criminal intent involved in 64-22-1, 1953 Comp. (similar to this section), is that of a mental state of conscious wrongdoing, but no specific intent is involved. Voluntarily driving a vehicle while under the influence of alcohol or drugs is an act malum in se and under 64-22-1, 1953 Comp., is substantial evidence of criminal intent. State v. Dutchover, 85 N.M. 72, 509 P.2d 264 (Ct. App. 1973).

Criminal intent, a mental state of conscious wrongdoing, is a necessary element of the crime for which defendant was convicted, (homicide by vehicle), and one which must be proven. State v. Jordan, 83 N.M. 571, 494 P.2d 984 (Ct. App. 1972).

Driving under influence malum in se and evidence of intent. - Criminal intent, a mental state of conscious wrongdoing, is a necessary element of homicide by vehicle and one which must be proven; however, voluntarily driving a vehicle while under the influence is an act malum in se and this action is substantial evidence of criminal intent. State v. Myers, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

Quantum of proof required for conviction of homicide by vehicle while driving recklessly would be similar to that required for a conviction of involuntary manslaughter under prior law. State v. Sandoval, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

Manslaughter by automobile must be proven beyond reasonable doubt. - The burden of proof on the part of the state to support a charge of manslaughter by automobile beyond a reasonable doubt is clearly established in New Mexico. State v. Rice, 58 N.M. 205, 269 P.2d 751 (1954).

Rules concerning contributory negligence have no application to homicide cases under 64-22-1, 1953 Comp. (similar to this section). State v. Myers, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

Driving conduct immediately before mishap admissible to show no "accident". - In a prosecution for homicide by vehicle by driving recklessly, evidence of driving conduct that occurred immediately before the mishap was admissible under Rule 404(b), N.M.R. Evid. (now Rule 11-404B), both to show defendant's mental state and also lack of accident. State v. Sandoval, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

Even though driver was tried upon charge of negligent homicide as provided in 64-22-1, 1953 Comp., and the section was subsequently repealed by Laws 1957, ch. 239, the prosecution was not abated because of such repeal. State v. Tracy, 64 N.M. 55, 323 P.2d 1096 (1958).

Unborn viable fetus is not a human being for purposes of vehicular homicide. State v. Willis, 98 N.M. 771, 652 P.2d 1222 (Ct. App. 1982).

The killing of a fetus, under the common law, was not homicide unless the fetus had been born alive; until born alive, there was no human being. State v. Willis, 98 N.M. 771, 652 P.2d 1222 (Ct. App. 1982).

Only killings involving violation of 66-8-102 or 66-8-113 NMSA 1978 were declared felonies prior to the 1989 amendment to this section, with punishment under 66-8-9 NMSA 1978; other killings, not declared to be felonies, were misdemeanors with punishment under 66-8-7B NMSA 1978. State v. Barela, 95 N.M. 349, 622 P.2d 254 (Ct. App. 1980).

Mental state required for vehicular homicide (conscious wrongdoing) requires only that a defendant purposefully engage in an unlawful act; a defendant need not know of any risk involved in his actions. State v. Ibn Omar-Muhammad, 102 N.M. 274, 694 P.2d 922 (1985).

Vehicular homicide by reckless conduct is lesser included offense of depraved mind murder by vehicle. State v. Ibn Omar-Muhammad, 102 N.M. 274, 694 P.2d 922 (1985).

Instructing as lesser included offense of murder. - District court, in instructing on murder, committed reversible error in refusing to instruct the jury on the lesser included offense of vehicular homicide, where the evidence of the defendant's use of marijuana the night before the morning of the killing could have supported a conviction of vehicular homicide while under the influence of drugs. State v. Omar-Muhammad, 105 N.M. 788, 737 P.2d 1165 (1987).

Trial court must give requested instructions on vehicular homicide while under the influence of drugs as a lesser included offense of first degree depraved mind murder

only where the evidence could support a conviction for the lesser offense. *State v. Omar-Muhammad*, 105 N.M. 788, 737 P.2d 1165 (1987).

No implied acquittal of greater offense. - Where the state brought charges of vehicular homicide and driving while intoxicated as separate counts, as opposed to lesser-included offenses, the jury's conviction of the defendant for driving while intoxicated but inability to reach a verdict on vehicular homicide was not an implied acquittal of vehicular homicide. An implied acquittal generally occurs when the jury is instructed to choose between a greater and a lesser offense, and chooses the lesser. *State v. O'Kelley*, 113 N.M. 25, 822 P.2d 122 (Ct. App.), cert. quashed, 113 N.M. 24, 822 P.2d 121 (1992).

Instruction tracking statute did not shift burden to defendant. - General principles of criminal law do not require that a defendant's conduct be the sole cause of the crime. Instead, it is only required that the result be proximately caused by, or the "natural and probable consequence of," the accused's conduct. Thus, as the causation instruction given in this case clearly states, the State has the burden of proving beyond a reasonable doubt that the defendant's actions caused the deaths and great bodily harm, in the sense that his unlawful acts, "in a natural and continuous chain of events," produced the deaths and the great bodily harm. This instruction does not instruct the jury to convict the defendant if he is at fault only to an insignificant extent. Accordingly, the vehicular homicide statute does not unconstitutionally shift the burden of proof and the trial court did not err in giving jury instructions that tracked the statute. *State v. Simpson*, 116 N.M. 768, 867 P.2d 1150 (1993).

Jury question as to type of homicide. - In most cases, it is for the jury to determine whether the defendant acted with the subjective knowledge of great danger to the lives of others required to establish depraved mind murder or merely with the mental state of conscious wrongdoing (i.e., whether he purposefully did an act the law declares to be a crime) required to establish vehicular homicide. *State v. Omar-Muhammad*, 105 N.M. 788, 737 P.2d 1165 (1987).

II. DOUBLE JEOPARDY.

Collateral estoppel inapplicable when defendant has no acquittal to raise. - The principle of collateral estoppel bars relitigation between the same parties of issues actually determined at a previous trial; in a criminal trial context collateral estoppel is a constitutional defense raised by the defendant in a second trial after an acquittal in the first trial on the same issue. Where the defendant was convicted in municipal court of violation of certain traffic ordinances, he had no acquittal to raise in his defense in district court on charges of homicide by vehicle, and application of the principle of collateral estoppel was therefore inappropriate. State v. Tanton, 88 N.M. 333, 540 P.2d 813 (1975).

Driving under influence not necessarily lesser included offense. - A conviction or acquittal of a lesser offense necessarily included in a greater offense bars a subsequent prosecution for the greater offense. However, where the indictment against defendant was phrased in the alternative charging him with homicide by vehicle while violating either 66-8-102 NMSA 1978 or 64-22-3, 1953 Comp. (similar to 66-8-113 NMSA 1978), the prosecution was not barred by a conviction in municipal court for driving under the influence, since the lesser offense of driving while under the influence of intoxicating liquor is not necessarily included in the greater offense of homicide by vehicle. State v. Tanton, 88 N.M. 333, 540 P.2d 813 (1975).

Reckless driving not necessarily lesser included offense. - A conviction of reckless driving is not necessarily included in a conviction of vehicular homicide while driving under the influence. State v. Wiberg, 107 N.M. 152, 754 P.2d 529 (Ct. App. 1988).

Merger with driving-while-intoxicated offense. - A defendant's driving-while-intoxicated (DWI) offense merges with his vehicular homicide offense, and his sentence for the DWI conviction must be vacated. State v. Wiberg, 107 N.M. 152, 754 P.2d 529 (Ct. App. 1988).

Passing in no-passing zone. - Section 64-18-14, 1953 Comp. (similar to 66-7-315 NMSA 1978), is not a lesser included offense of 64-22-1 or 64-22-3, 1953 Comp. (similar to this section and 66-8-113 NMSA 1978 respectively). *State v. Villa*, 85 N.M. 537, 514 P.2d 56 (Ct. App. 1973).

Offense has no degrees thus driving under influence not included. - Driving while under the influence of intoxicating liquor is not a lesser included offense of homicide by vehicle, since homicide by vehicle provision has no degrees, and since homicide by vehicle not only may be committed while driving under the influence of intoxicating liquor, but may also be committed by driving while under the influence of drugs or reckless driving. *State v. Trujillo*, 85 N.M. 208, 510 P.2d 1079 (Ct. App. 1973).

Convictions for two types of vehicular homicide prohibited. - When the defendant was charged with two charges of vehicular homicide for each of three deaths based on driving while intoxicated and on resisting, evading or obstructing an officer, he could not be convicted of more than one type of homicide by vehicle and it was error to allow convictions on both of the alternative charges and to impose consecutive sentences therefor. *State v. Landgraf*, 121 N.M. 445, 913 P.2d 252 (Ct. App. 1996).

No double jeopardy when facts fail "same evidence" test. - Where the facts offered in municipal court to support a conviction for driving while under the influence of intoxicating liquors would not necessarily sustain a conviction for homicide by vehicle in district court, under the "same evidence" test there was no double jeopardy when the state sought to prosecute the defendant for homicide by vehicle. *State v. Tanton*, 88 N.M. 333, 540 P.2d 813 (1975).

When double jeopardy not applicable. - Where jurisdiction was lacking over an involuntary manslaughter alleged in a children's court proceeding, such allegation provides no basis for a double jeopardy claim in a subsequent prosecution. *State v. Montoya*, 93 N.M. 346, 600 P.2d 292 (Ct. App.), cert. quashed, 92 N.M. 532, 591 P.2d 286 (1979).

Where a defendant pleads guilty to the misdemeanor charges of driving while intoxicated and reckless driving in the magistrate court, he cannot then claim that a trial on the felony charge of homicide by vehicle while driving under the influence of intoxicating liquor in the district court is barred by the double jeopardy rule, because jeopardy cannot extend to an offense (i.e., homicide) beyond the jurisdiction of the magistrate court. *State v. Manzanares*, 100 N.M. 621, 674 P.2d 511 (1983), cert. denied, 471 U.S. 1057, 105 S. Ct. 2123, 85 L. Ed. 2d 487, rehearing denied, 472 U.S. 1013, 105 S. Ct. 2715, 86 L. Ed. 2d 729 (1985).

Where the state initially brought charges of driving while intoxicated and vehicular homicide in one proceeding and the jury found the defendant guilty of driving while intoxicated but was unable to reach a verdict on the vehicular homicide count, the subsequent retrial of vehicular homicide did not subject the defendant to double jeopardy, as such an action could be characterized as a continuing prosecution of the

vehicular homicide charge. State v. O'Kelley, 113 N.M. 25, 822 P.2d 122 (Ct. App.), cert. quashed, 113 N.M. 24, 822 P.2d 121 (1992).

No merger with offense of injury to pregnant woman. - The offense of vehicular homicide does not merge with the offense of injury to a pregnant woman because the two statutory offenses require proof of different facts. State v. Begay, 105 N.M. 498, 734 P.2d 278 (Ct. App. 1987).

III. RECKLESS OR INTOXICATED.

Crossing yellow line to pass truck on incline is reckless. - Where driver crossed a yellow no-passing line while attempting to pass a truck at the crest of an incline and he saw the lights of the approaching car of the deceased, and there was hesitation and doubt in his mind before he started to pass, and by his own testimony, had the truck not increased its speed there would have been only the possible chance of passing safely, the sum total constitutes substantial evidence of reckless disregard of the rights or safety of others. State v. Tracy, 64 N.M. 55, 323 P.2d 1096 (1958).

As is inadvertently allowing automobile to encroach in wrong lane. - Inadvertently allowing an automobile to encroach upon the wrong side of the road while going up an incline so steep cars beyond its crest may not be seen constitutes a reckless, willful and wanton disregard of consequences to others, and will support conviction for manslaughter if one be killed as a result thereof. State v. Rice, 58 N.M. 205, 269 P.2d 751 (1954).

Overly excessive speed wanton and reckless disregard of other's rights. - Where the evidence was undisputed that defendant drove 70 m.p.h. in a residential neighborhood, in a 25 to 35 m.p.h. zone, and on the wrong side of the highway, and smashed into decedent's car and killed him, a jury would have a right to believe that the collision was not accidental, and that the defendant was driving in a careless manner and in wanton disregard of the rights or safety of others, or at a speed or in a manner so as to endanger any person, and the evidence was sufficient to submit to the jury homicide by vehicle while operating in a reckless manner. State v. Richerson, 87 N.M. 437, 535 P.2d 644 (Ct. App.), cert. denied, 87 N.M. 450, 535 P.2d 657 (1975).

Mildly excessive speed while "showing off". - Evidence that at the precise time of the accident defendant was traveling at 45 m.p.h. in a 30 m.p.h. zone on a heavily traveled main street, that the decedent's vehicle drove out onto the main street after stopping at a stop sign, and that defendant revved up his engine, slammed on his brakes, left 74 feet of skid marks and hit the decedent's vehicle broadside, along with abundant evidence from many witnesses that during the hours and minutes immediately preceding the accident, defendant was engaged in showing off a "hot-rod" type vehicle (driving up and down the street at high speeds, switching in and out of lanes, straddling lanes, turning corners very rapidly and making illegal U-turns, in addition to alternately revving up and slowing down the engine and attempting to "leave rubber" when he passed young members of the opposite sex walking along the street, and drinking)

showed, without doubt, that defendant was operating his vehicle carelessly and heedlessly in willful and wanton disregard of the rights and safety of others, and without due caution and circumspection and in a manner so as to be likely to endanger persons and property, and was sufficient to sustain the conviction for homicide by vehicle while driving recklessly. State v. Sandoval, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

Blood alcohol percentage material to state's conviction. - Where the state's conviction for vehicular homicide is based primarily upon defendant's driving under the influence of intoxicating liquor, his blood alcohol percentage is clearly material to his guilt or innocence. State v. Lovato, 94 N.M. 780, 617 P.2d 169 (Ct. App. 1980).

Admission of blood test results found not to be error. - See State v. Sanchez, 98 N.M. 781, 652 P.2d 1232 (Ct. App. 1982).

Evidence supported finding that defendant was under the influence at time of accident. State v. Copeland, 105 N.M. 27, 727 P.2d 1342 (Ct. App. 1986).

Ordinary recklessness is sufficient for conviction of vehicular homicide and is shown by a total disregard for the safety of others. State v. Ibn Omar-Muhammad, 102 N.M. 274, 694 P.2d 922 (1985).

66-8-101.1. Injury to pregnant woman by vehicle.

A. Injury to pregnant woman by vehicle is injury to a pregnant woman by a person other than the woman in the unlawful operation of a motor vehicle causing her to suffer a miscarriage or stillbirth as a result of that injury.

B. As used in this section:

(1) "miscarriage" means the interruption of the normal development of the fetus, other than by a live birth and which is not an induced abortion, resulting in the complete expulsion or extraction from a pregnant woman of a product of human conception; and

(2) "stillbirth" means the death of a fetus prior to the complete expulsion or extraction from its mother, irrespective of the duration of pregnancy and which is not an induced abortion; and death is manifested by the fact that after the expulsion or extraction the fetus does not breathe spontaneously or show any other evidence of life such as heartbeat, pulsation of the umbilical cord or definite movement of voluntary muscles.

C. Any person who commits injury to pregnant woman by vehicle while under the influence of intoxicating liquor or while under the influence of any drug or while violating Section 66-8-113 NMSA 1978 is guilty of a third degree felony and shall be sentenced pursuant to the provisions of Section 31-18-15 NMSA 1978, provided that violation of speeding laws as set forth in the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] shall not per se be a basis for violation of Section 66-8-113 NMSA 1978.

History: 1978 Comp., § 66-8-101.1, enacted by Laws 1985, ch. 239, § 2.

ANNOTATIONS

Cross-references. - For injury to pregnant woman, see 30-3-7 NMSA 1978.

No merger with offense of vehicular homicide. - The offense of vehicular homicide does not merge with the offense of injury to a pregnant woman because the two statutory offenses require proof of different facts. *State v. Begay*, 105 N.M. 498, 734 P.2d 278 (Ct. App. 1987).

66-8-102. Persons under influence of intoxicating liquor or drugs; aggravated driving while under the influence of intoxicating liquor or drugs; penalty.

A. It is unlawful for any person who is under the influence of intoxicating liquor to drive any vehicle within this state.

B. It is unlawful for any person who is under the influence of any drug to a degree that renders him incapable of safely driving a vehicle to drive any vehicle within this state.

C. It is unlawful for any person who has an alcohol concentration of eight one-hundredths or more in his blood or breath to drive any vehicle within this state.

D. Aggravated driving while under the influence of intoxicating liquor or drugs consists of a person who:

(1) has an alcohol concentration of sixteen one-hundredths or more in his blood or breath while driving any vehicle within this state;

(2) has caused bodily injury to a human being as a result of the unlawful operation of a motor vehicle while driving under the influence of intoxicating liquor or drugs; or

(3) refused to submit to chemical testing, as provided for in the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978], and in the judgment of the court, based upon evidence of intoxication presented to the court, was under the influence of intoxicating liquor or drugs.

E. Every person under first conviction under this section shall be punished, notwithstanding the provisions of Section 31-18-13 NMSA 1978, by imprisonment for not more than ninety days or by a fine of not more than five hundred dollars (\$500), or both; provided that if the sentence is suspended in whole or in part or deferred, the period of probation may extend beyond ninety days but shall not exceed one year. Upon a first conviction under this section, an offender may be sentenced to not less than forty-eight hours of community service or a fine of three hundred dollars (\$300). The offender shall be ordered by the court to participate in and complete a screening program

described in Subsection H of this section and to attend a driver rehabilitation program for alcohol or drugs, also known as a "DWI school", approved by the traffic safety bureau of the state highway and transportation department and also may be required to participate in other rehabilitative services as the court shall determine to be necessary. In addition to those penalties, when an offender commits aggravated driving while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to not less than forty-eight consecutive hours in jail. If an offender fails to complete, within a time specified by the court, any community service, screening program, treatment program or DWI school ordered by the court, the offender shall be sentenced to not less than an additional forty-eight consecutive hours in jail. Any jail sentence imposed under this subsection for failure to complete, within a time specified by the court, any community service, screening program, treatment program or DWI school ordered by the court or for aggravated driving while under the influence of intoxicating liquor or drugs shall not be suspended, deferred or taken under advisement. On a first conviction under this section, any time spent in jail for the offense prior to the conviction for that offense shall be credited to any term of imprisonment fixed by the court. A deferred sentence under this subsection shall be considered a first conviction for the purpose of determining subsequent convictions.

F. A second or third conviction under this section shall be punished, notwithstanding the provisions of Section 31-18-13 NMSA 1978, by imprisonment for not more than three hundred sixty-four days or by a fine of not more than one thousand dollars (\$1,000), or both; provided that if the sentence is suspended in whole or in part, the period of probation may extend beyond one year but shall not exceed five years. Notwithstanding any provision of law to the contrary for suspension or deferment of execution of a sentence:

(1) upon a second conviction, each offender shall be sentenced to a jail term of not less than seventy-two consecutive hours, forty-eight hours of community service and a fine of five hundred dollars (\$500). In addition to those penalties, when an offender commits aggravated driving while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to a jail term of not less than ninety-six consecutive hours. If an offender fails to complete, within a time specified by the court, any community service, screening program or treatment program ordered by the court, the offender shall be sentenced to not less than an additional seven consecutive days in jail. A penalty imposed pursuant to this paragraph shall not be suspended or deferred or taken under advisement; and

(2) upon a third conviction, an offender shall be sentenced to a jail term of not less than thirty consecutive days and a fine of seven hundred fifty dollars (\$750). In addition to those penalties, when an offender commits aggravated driving while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to a jail term of not less than sixty consecutive days. If an offender fails to complete, within a time specified by the court, any screening program or treatment program ordered by the court, the offender shall be sentenced to not less than an additional sixty consecutive days in jail.

A penalty imposed pursuant to this paragraph shall not be suspended or deferred or taken under advisement.

G. Upon a fourth or subsequent conviction under this section, an offender is guilty of a fourth degree felony, as provided in Section 31-18-15 NMSA 1978, and shall be sentenced to a jail term of not less than six months, which shall not be suspended or deferred or taken under advisement.

H. Upon any conviction under this section, an offender shall be required to participate in and complete, within a time specified by the court, an alcohol or drug abuse screening program and, if necessary, a treatment program approved by the court. The penalty imposed pursuant to this subsection shall not be suspended, deferred or taken under advisement.

I. In the case of a first, second or third offense under this section, the magistrate court has concurrent jurisdiction with district courts to try the offender.

J. A conviction under a municipal or county ordinance in New Mexico or a law of any other jurisdiction, territory or possession of the United States that is equivalent to New Mexico law for driving while under the influence of intoxicating liquor or drugs, prescribing penalties for driving while under the influence of intoxicating liquor or drugs shall be deemed to be a conviction under this section for purposes of determining whether a conviction is a second or subsequent conviction.

K. In addition to any other fine or fee which may be imposed pursuant to the conviction or other disposition of the offense under this section, the court may order the offender to pay the costs of any court-ordered screening and treatment programs.

L. As used in this section:

(1) "bodily injury" means an injury to a person that is not likely to cause death or great bodily harm to the person, but does cause painful temporary disfigurement or temporary loss or impairment of the functions of any member or organ of the person's body; and

(2) "conviction" means an adjudication of guilt and does not include imposition of a sentence.

The 1987 amendment, effective April 7, 1987, in Subsection D inserted "notwithstanding the provisions of Section 31-18-13 NMSA 1978" following "shall be punished" in the first sentence; in Subsection E inserted "notwithstanding the provisions of Section 31-18-13 NMSA 1987"; and made a minor change in language in Subsection D.

The 1988 amendment, effective July 1, 1988, redesignated part of Subsection E as present Subsection E(1) and added present Subsection E(2); substituted "third conviction" for "subsequent conviction" in present Subsection E(1); added Subsections H, I and J; and made minor stylistic changes.

The 1993 amendment, effective January 1, 1994, rewrote this section to the extent that a detailed comparison is impracticable.

The 1997 amendments. - Identical amendments to this section were enacted by Laws 1997, ch. 43, § 1, effective July 1, 1997, and Laws 1997, ch. 205, § 1, which inserted "to participate in and complete a screening program described in Subsection H of this section and" near the beginning of the third sentence in Subsection E, added the last sentence of Subsection H, inserted the language beginning "in New Mexico" and ending "liquor or drugs" in Subsection J, and made a minor stylistic change in Paragraph D(3). Laws 1997, ch. 205 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective June 20, 1997, 90 days after adjournment of the legislature. See Volume 14 NMSA 1978 for "Adjournment Dates of Sessions of Legislature" table.

Constitutionality of Implied Consent Act. - The Implied Consent Act is not rendered unconstitutional in the civil context just because a refusal to take a breath test under the Act may be used as an element of the criminal offense of aggravated driving while intoxicated (DWI). *Marez v. State, Taxation & Revenue Dep't*, 119 N.M. 598, 893 P.2d 494 (Ct. App. 1995).

Motorist whose license was revoked for refusal to take a breath-alcohol test lacked standing to challenge the constitutionality of Subsection D (3). *Marez v. State, Taxation & Revenue Dep't*, 119 N.M. 598, 893 P.2d 494 (Ct. App. 1995).

Aggravation of defendant's DWI conviction under this section for his refusal to submit to a chemical test when he was not advised of the criminal consequences of that refusal did not violate federal or state due process provisions. *State v. Kanikaynar*, 123 N.M. 283, 939 P.2d 1091 (Ct. App. 1997).

Provision of this section subjecting defendant who refuses to submit to chemical testing to a mandatory jail sentence upon conviction of DWI is not unconstitutionally vague. *State v. Kanikaynar*, 123 N.M. 283, 939 P.2d 1091 (Ct. App. 1997).

Title of act governs scope of this section and limits it to driving or being in actual physical control of a vehicle upon the public highways of this state. 1953-54 Op. Att'y Gen. No. 5858.

Effect of 1993 amendment. - The 1993 amendment, designating a fourth or subsequent DWI conviction as a fourth degree felony, did not alter the elements required to establish the offense of DWI and thus proof of prior convictions is not an element of felony DWI; the amendment did not change the nature of the offense, but rather increased the punishment for subsequent offenders by conferring fourth-degree felony status on fourth or subsequent DWI convictions. *State v. Anaya*, 123 N.M. 14, 933 P.2d 223 (1996).

Double jeopardy not applicable. - Where the state initially brought charges of driving while intoxicated and vehicular homicide in one proceeding and the jury found the

defendant guilty of driving while intoxicated but was unable to reach a verdict on the vehicular homicide count, the subsequent retrial of vehicular homicide did not subject the defendant to double jeopardy, as such an action could be characterized as a continuing prosecution of the vehicular homicide charge. *State v. O'Kelley*, 113 N.M. 25, 822 P.2d 122 (Ct. App.), cert. quashed, 113 N.M. 24, 822 P.2d 121 (1992).

Double jeopardy does not bar DWI prosecution after license revocation. - An administrative driver's license revocation under the Implied Consent Act (66-8-105 to 66-8-112 NMSA 1978) does not constitute "punishment" for purposes of the double jeopardy clause; thus, the state is not barred from prosecuting an individual for driving under the influence (DWI) even though the individual has been subjected to an administrative hearing for driver's license revocation based on the same offense. *State ex rel. Schwartz v. Kennedy*, 120 N.M. 619, 904 P.2d 1044 (1995).

Right to counsel. - Provision of this section subjecting defendant who refuses to submit to chemical testing to a mandatory jail sentence upon conviction of DWI does not violate the constitutional right to counsel. *State v. Kanikaynar*, 123 N.M. 283, 939 P.2d 1091 (Ct. App. 1997).

Offenders subject to both felony provision and habitual offender statute. - Defendants convicted of the offense of felony DWI under Subsection G are not subject to sentence enhancement under both the felony DWI provision and the habitual offender provision, 31-18-17 NMSA 1978. *State v. Anaya*, 123 N.M. 14, 933 P.2d 223 (1996).

No implied acquittal of greater offense. - Where the state brought charges of vehicular homicide and driving while intoxicated as separate counts, as opposed to lesser-included offenses, the jury's conviction of the defendant for driving while intoxicated but inability to reach a verdict on vehicular homicide was not an implied acquittal of vehicular homicide. An implied acquittal generally occurs when the jury is instructed to choose between a greater and a lesser offense, and chooses the lesser. *State v. O'Kelley*, 113 N.M. 25, 822 P.2d 122 (Ct. App.), cert. quashed, 113 N.M. 24, 822 P.2d 121 (1992).

Meaning of "under the influence". - This section makes a person guilty of driving while under the influence of intoxicating liquor if by virtue of having drunk intoxicating liquor he is to the slightest degree less able, either mentally or physically or both, to exercise the clear judgment and steady hand necessary to handle as powerful and dangerous a mechanism as a modern automobile with safety to himself and the public. *State v. Deming*, 66 N.M. 175, 344 P.2d 481 (1959); *State v. Sisneros*, 42 N.M. 500, 82 P.2d 274 (1938).

Term "under the influence" has been interpreted to mean that to the slightest degree defendant was less able, either mentally or physically or both, to exercise the clear judgment and steady hand necessary to handle an automobile with safety to himself and the public; therefore, where three different types of tests were conducted

following defendant's arrest to determine his degree of intoxication which revealed .05%, .10% and .12% alcohol in the defendant's blood, respectively, then the evidence was sufficient to show defendant was under the influence of intoxicating liquor. *State v. Myers*, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

"Under the influence" means that to slightest degree defendant was less able, either mentally or physically, or both, to exercise the clear judgment and steady hand necessary to handle an automobile with safety to himself and the public. *State v. Dutchover*, 85 N.M. 72, 509 P.2d 264 (Ct. App. 1973).

Offense does not require motion of vehicle. - The offense of driving while intoxicated under this statute does not require motion of the vehicle; the offense is committed when a person under the influence drives or is in actual physical control of a motor vehicle or exercises control over or steers a vehicle being towed. *Boone v. State*, 105 N.M. 223, 731 P.2d 366 (1986).

Offense does not require occurrence on highway. - The prohibitive language of the statute does not require that the DWI incident actually occur on a highway. *State v. Richardson*, 113 N.M. 740, 832 P.2d 801 (Ct. App. 1992).

Intent not required. - The only thing necessary to convict a person of driving while intoxicated is proof that the defendant was driving a vehicle either under the influence of intoxicating liquor or while he had a certain percentage of alcohol in his blood. *State v. Harrison*, 115 N.M. 73, 846 P.2d 1082 (Ct. App. 1992).

State to preserve remains of blood alcohol sample. - The state is constitutionally required to preserve what remains of a blood alcohol sample for independent testing by a person charged with driving while under the influence of intoxicating liquor. *Montoya v. Metropolitan Court*, 98 N.M. 616, 651 P.2d 1260 (1982).

The term "eight one-hundredths" in Subsection C refers not to a percentage of defendant's blood volume or weight, but to the reading derived from an intoxilyzer or blood test. *City of Lovington v. Tyson*, 122 N.M. 49, 920 P.2d 119 (Ct. App. 1996).

Violation of section not conclusive proof of negligence. - A mere showing that decedent operated a motor vehicle negligently in violation of this section and 66-7-104 NMSA 1978 is not sufficient to warrant summary judgment as it does not conclusively establish that the decedent's negligence was a contributing proximate cause of the accident. *Sweenhart v. Co-Con, Inc.*, 95 N.M. 773, 626 P.2d 310 (Ct. App. 1981).

Only killings involving violation of this section or 66-8-113 NMSA 1978 were declared felonies prior to the 1989 amendment to 66-8-101 NMSA 1978, with punishment under 66-8-9 NMSA 1978; other killings, not declared to be felonies, were misdemeanors with punishment under 66-8-7B NMSA 1978. *State v. Barela*, 95 N.M. 349, 622 P.2d 254 (Ct. App. 1980).

Reasonable suspicion raised by citizen-informant. - Information from a citizen-informant may be relied on by an officer to raise a reasonable suspicion that a person is driving while intoxicated, justifying an investigatory stop. *State ex rel. Taxation & Revenue Dep't Motor Vehicle Div. v. Van Ruiten*, 107 N.M. 536, 760 P.2d 1302 (Ct. App.), cert. denied, 107 N.M. 413, 759 P.2d 200 (1988).

No right to counsel when under custodial arrest following testing. - A person issued a citation and placed under custodial arrest for driving while under the influence of intoxicating liquor does not have a constitutional right to counsel immediately following a breath alcohol test since it did not amount to initiation of judicial criminal proceedings or prosecutorial commitment, nor was the period following administration of the test a critical stage. *State v. Sandoval*, 101 N.M. 399, 683 P.2d 516 (Ct. App. 1984).

Right to jury trial. - A potential period of probation of more than six months does not present the degree of liberty deprivation that would convert the offense under Subsection D to the nature of such a serious offense as would trigger the right to a jury trial. *Meyer v. Jones*, 106 N.M. 708, 749 P.2d 93 (1988).

Use of convictions under prior statute to enhance sentence. - The term "under this section" in Subsection E did not limit the state's use of convictions for driving under the influence (DWI) under the prior version of the statute in seeking to enhance a charge of DWI pursuant to the 1993 amendment of this section. *State v. Hall*, 119 N.M. 707, 895 P.2d 229 (Ct. App. 1995).

Enhancement of the defendant's sentence for driving under the influence (DWI) based on convictions under a prior version of the statute neither constituted an ex post facto application of this section, as amended in 1993, nor a denial of the defendant's due process rights. *State v. Hall*, 119 N.M. 707, 895 P.2d 229 (Ct. App. 1995).

Effect of municipal ordinance violations. - A person convicted of violating a municipal ordinance prohibiting driving while intoxicated can be treated as having a prior offense under this section for purposes of sentencing a defendant for a second or subsequent conviction under Subsection E. However, when the defendant was convicted for three prior violations of a municipal ordinance, the mandatory six-month jail term for fourth offenders set forth in Subsection E(2) did not necessarily apply, as the language is unclear as to whether Subsection E(2) encompasses municipal ordinance convictions. *State v. Russell*, 113 N.M. 121, 823 P.2d 921 (Ct. App. 1991).

II. PROCEDURE AND JURISDICTION.

A. PROCEDURE.

Reckless driving and driving under influence are distinct offenses. - The crimes of reckless driving and driving while under the influence of intoxicating liquor are distinct offenses, provable by different evidence, and conviction of one would not bar prosecution for the other. *Rea v. MIC*, 48 N.M. 9, 144 P.2d 676 (1944); *State v. Sisneros*, 42 N.M. 500, 82 P.2d 274 (1938).

Driving-while-intoxicated merges with vehicular homicide. - A defendant's driving-while-intoxicated (DWI) offense merges with his vehicular homicide offense, and his sentence for the DWI conviction must be vacated. *State v. Wiberg*, 107 N.M. 152, 754 P.2d 529 (Ct. App. 1988).

Offense not necessarily lesser included offense in vehicular homicide. - A conviction or acquittal of a lesser offense necessarily included in a greater offense bars a subsequent prosecution for the greater offense. However, where the indictment against defendant was phrased in the alternative charging him with homicide by vehicle while violating either this section or 64-22-3, 1953 Comp. (similar to 66-8-113 NMSA 1978), the prosecution was not barred by a conviction in municipal court for driving under the influence since the lesser offense of driving while under the influence of

intoxicating liquor is not necessarily included in the greater offense of homicide by vehicle. State v. Tanton, 88 N.M. 333, 540 P.2d 813 (1975).

No double jeopardy when facts fail "same evidence" test. - Where the facts offered in municipal court to support a conviction for driving while under the influence of intoxicating liquors would not necessarily sustain a conviction for homicide by vehicle in district court, under the "same evidence" test there was no double jeopardy when the state sought to prosecute the defendant for homicide by vehicle. State v. Tanton, 88 N.M. 333, 540 P.2d 813 (1975).

Collateral estoppel inapplicable when defendant has no acquittal to raise. - The principle of collateral estoppel bars relitigation between the same parties of issues actually determined at a previous trial; in a criminal trial context collateral estoppel is a constitutional defense raised by the defendant in a second trial after an acquittal in the first trial on the same issue. Where the defendant was convicted in municipal court of violation of certain traffic ordinances, he had no acquittal to raise in his defense in district court on charges of homicide by vehicle, and application of the principle of collateral estoppel was therefore inappropriate. State v. Tanton, 88 N.M. 333, 540 P.2d 813 (1975).

Use of out-of-state conviction to enhance penalty. - The phrase "under this section" does not include within its purview out-of-state convictions; therefore, only those valid prior DWI convictions obtained in New Mexico courts may be considered for purposes of criminal enhancement penalties. State v. Nelson, 121 N.M. 301, 910 P.2d 935 (Ct. App. 1995).

Supervised probation not to exceed maximum allowable sentence. - When a defendant is placed on probation under Subsection E for a period in excess of the one-year maximum imprisonment authorized by that subsection, the probation period in excess of one year cannot be supervised, even though the subsection authorizes a probationary period (not specifying whether supervised or unsupervised) of up to five years, since 31-20-6D NMSA 1978 forbids supervised probation for periods in excess of the maximum sentence prescribed by law for a crime. State v. Vigil, 103 N.M. 581, 711 P.2d 26 (Ct. App. 1985).

Intoxication stupor not defense to involuntary manslaughter. - Fact that a drunken man driving his car on a public highway has been so changed or affected by his intoxication that he is unable to reason and foresee the result of his illegal acts is not a defense to the charge of involuntary manslaughter. State v. Alls, 55 N.M. 168, 228 P.2d 952 (1951).

Guilty of manslaughter where collision directly resulted from defendant's intoxication. - Where evidence established beyond all question that defendant drove his car upon highway in intoxicated condition and collision of his car with the rear of the one in which decedent was riding resulted not only proximately, but directly, from defendant's condition, trial court correctly instructed jury that if it should so find,

defendant would be guilty of involuntary manslaughter. *State v. Alls*, 55 N.M. 168, 228 P.2d 952 (1951).

Right to preliminary hearing. - An accused has no right to a preliminary hearing on a misdemeanor charge of driving while intoxicated. *State v. Greyeyes*, 105 N.M. 549, 734 P.2d 789 (Ct. App. 1987).

Method for establishing applicable determinate sentence. - Subsection E, which provides that where the conviction is for a second or subsequent DWI, the offense is punishable by imprisonment for not less than ninety days nor more than one year, does not control over § 31-18-13B NMSA 1978, which provides the method for establishing the applicable determinate sentence for offenses not contained in the Criminal Code. *State v. Greyeyes*, 105 N.M. 549, 734 P.2d 789 (Ct. App. 1987).

Suspending or deferring impoundment of vehicle. - Magistrate court had the discretion to suspend or defer the impoundment of the defendant's vehicle after his conviction of a second offense of driving under the influence. *State v. Barber*, 108 N.M. 709, 778 P.2d 456 (Ct. App. 1989).

B. JURISDICTION.

Municipality may enact a drunken driving ordinance notwithstanding that state statute covers same subject matter and provides penalty for violations. *Mares v. Kool*, 51 N.M. 36, 177 P.2d 532 (1946).

Concurrent jurisdiction is that jurisdiction exercised by different courts, at the same time, over the same subject matter and within the same territory and wherein litigants may, in the first instance, report to either court indifferently. 1965 Op. Att'y Gen. No. 65-202.

Section is valid grant of concurrent first offense jurisdiction. - This section is a valid, specific grant of concurrent jurisdiction to justices of the peace (now magistrates) in cases involving driving while under the influence of intoxicating liquor or of drugs, when the same is a first offense, notwithstanding the jurisdictional limitations of 36-2-5, 1953 Comp. (now repealed). *State v. Rue*, 72 N.M. 212, 382 P.2d 697 (1963) For present, similar provision, see 35-3-4 NMSA 1978.

Municipal court had subject matter jurisdiction to try first offenders for driving while intoxicated (DWI), contrary to local ordinance, where the charges were brought under the ordinance rather than this section. *Incorporated County v. Montoya*, 108 N.M. 361, 772 P.2d 891 (Ct. App. 1989).

District and municipal courts can have jurisdiction over second offense. - District courts, and also municipal courts if the charge arises under a municipal ordinance, have jurisdiction over second offense of driving while intoxicated. 1972 Op. Att'y Gen. No. 72-13.

Magistrate courts have jurisdiction over second or subsequent offenses. - The specific provision of Subsection C of this section (relating to magistrate courts having concurrent jurisdiction for first offenses) is no longer required to confer jurisdiction on the magistrate courts and it should not be read as a bar to magistrate courts' jurisdiction over second or subsequent offenses. 1975 Op. Att'y Gen. No. 75-45.

Court loses jurisdiction upon entering of nolle prosequi. - The court which first acquired jurisdiction when a prosecution was commenced therein loses jurisdiction by the entering of a nolle prosequi, and thereafter another prosecution may be carried on in another court of coordinate jurisdiction. State v. Sweat, 78 N.M. 512, 433 P.2d 229 (Ct. App. 1967).

Inferior court may be divested of concurrent jurisdiction prosecution. - As this section vests concurrent jurisdiction in justice of the peace courts (now magistrate courts) and district courts in a case of first offense, that jurisdiction having first attached in the inferior court it could be divested by the district attorney and transferred to the district court and defendant could be prosecuted in district court after the nolle prosequi was entered in the justice court. State v. Sweat, 78 N.M. 512, 433 P.2d 229 (Ct. App. 1967).

III. EVIDENCE.

Odor of liquor, standing alone, does not of itself prove intoxication. Sellers v. Skarda, 71 N.M. 383, 378 P.2d 617 (1963).

Odor of liquor is not sufficient basis for inferring "under the influence". - An odor of liquor on one's breath is not a sufficient basis for inferring he was "under the influence" of intoxicating liquor. Lopez v. Maes, 81 N.M. 693, 472 P.2d 658 (Ct. App.), cert. denied, 81 N.M. 721, 472 P.2d 984 (1970).

Failure to see decedent's car not sufficient basis for inference. - The failure of driver to see decedent on well-lighted road when driving at 40 miles per hour, until just before the impact, is not a sufficient basis for the inference that defendant was under the influence of intoxicating liquor. Lopez v. Maes, 81 N.M. 693, 472 P.2d 658 (Ct. App.), cert. denied, 81 N.M. 721, 472 P.2d 984 (1970).

Although evidence showed that breath of accused smelled of whiskey and that he was nervous and restless, it was insufficient to prove that he was under the "influence of intoxicating liquor." State v. Sisneros, 42 N.M. 500, 82 P.2d 274 (1938).

Since there was evidence that defendant, while driving fast at night without lights, veered into the lane of an oncoming car, had an opened can of beer on the floorboard under the steering wheel, had smell of alcohol on his breath and spoke as if affected by the alcohol, had .075% blood alcohol and .086% urine alcohol content, had imbibed five or six beers during the day, had taken some heroin, and morphine content of the blood was .15 micrograms per milliliter while morphine content of the urine was .45

micrograms per milliliter, there was substantial evidence that defendant was driving the car while under the influence of either intoxicating liquor, or a narcotic drug, or both. State v. Dutchover, 85 N.M. 72, 509 P.2d 264 (Ct. App. 1973).

Since officer testified that he smelled alcohol on defendant's breath, that the defendant staggered when he walked, had difficulty in dialing the telephone, talked with difficulty and in the opinion of the officer was under the influence of alcohol when arrested, is substantial evidence to support the conviction of driving "under the influence." City of Portales v. Shiplett, 67 N.M. 308, 355 P.2d 126 (1960).

Not irrelevant to show defendant had given another a drink. - In prosecution for driving automobile while under influence of intoxicating liquor, it was not irrelevant to show that on the occasion in question accused had given another a drink. State v. Tinsley, 34 N.M. 458, 283 P. 907 (1929).

Mere consumption of six beers not basis for inference of "influence". - The mere consumption of about six beers during a two-hour period does not give rise to an inference that a person was under the influence of intoxicating liquor. Lopez v. Maes, 81 N.M. 693, 472 P.2d 658 (Ct. App.), cert. denied, 81 N.M. 721, 472 P.2d 984 (1970).

Admission of refusal to take test constitutional. - The admission of evidence concerning the refusal to take a field sobriety test did not violate the right to be free from self-incrimination under the U.S. Const., amend. V and N.M. Const., art. II, § 15. State v. Wright, 116 N.M. 832, 867 P.2d 1214 (Ct. App. 1993).

Refusal to take blood test may be excluded as irrelevant. - In a prosecution for driving while intoxicated, a driver's refusal to take a blood alcohol test is no more a relevant circumstance to establish consciousness of guilt than the arresting officer's refraining from obtaining a search warrant indicates a belief that the driver is not intoxicated. Thus a trial court may exclude evidence of the refusal as irrelevant. State v. Chavez, 96 N.M. 313, 629 P.2d 1242 (Ct. App. 1981).

Lack of evidence of rising or falling blood alcohol content. - Although the defendant argued that the state failed to produce evidence by which a trier of fact could find that his blood alcohol content (BAC) was .10% at the time that he was actually driving his vehicle, he waived this argument when, following his arrest, the officer proposed to test the defendant's BAC a second time and he refused to take the test. A second BAC reading would have provided the sort of evidence necessary to show a "rising" or "falling" of the defendant's BAC. Also, the defendant need not have been informed of all of the consequences of his refusal to take a second test, since there is no requirement that a party must be informed of every possible consequence of an action before suffering the consequences of that action. State v. Scussel, 117 N.M. 241, 871 P.2d 5 (Ct. App. 1994).

Unconscious driver exercised actual physical control. - A person who was discovered unconscious or asleep at the wheel of an automobile, whose engine was on,

was deemed to be in actual physical control, and thus was driving a vehicle within the meaning of this section. State v. Harrison, 115 N.M. 73, 846 P.2d 1082 (Ct. App. 1992).

Evidence supporting finding of driving while intoxicated. - Defendant's conviction of driving while intoxicated was supported by substantial circumstantial evidence, where he admitted to the investigating officer that he had been drinking "all night", admitted leaving a liquor store and driving into a rail, and the level of alcohol found in his blood could reasonably lead the jury to infer that he had been drinking for several hours. State v. Greyeyes, 105 N.M. 549, 734 P.2d 789 (Ct. App. 1987); State v. Luna, 93 N.M. 773, 606 P.2d 183 (1980).

Evidence sufficient to show driving under the influence. - There was sufficient evidence to show that the defendant was driving his vehicle under the influence of intoxicating liquor as required by subsection A: defendant's breath smelled strongly of alcohol; his eyes were bloodshot and watery; his speech was slurred; he admitted having recently consumed alcohol; he failed three field sobriety tests; he tested at .10% for blood alcohol content; and in the officer's opinion, the defendant was intoxicated. The defendant's argument that he failed the field sobriety tests due to impairment from back problems goes to the weight and effect placed on that evidence by the fact finder. Moreover, the evidence of intoxication was obtained 39 minutes after the defendant was stopped, inferring that the defendant was under the influence of alcohol at the time he was in control of the vehicle. State v. Scussel, 117 N.M. 241, 871 P.2d 5 (Ct. App. 1994).

Evidence supported finding that defendant was under the influence at time of accident. State v. Copeland, 105 N.M. 27, 727 P.2d 1342 (Ct. App. 1986).

Substantial evidence to support conviction despite alleged inaccuracy of breath machine. - Despite the defendant's argument that breath machines generally are only accurate to plus or minus 10%, there was substantial evidence - including a test result of .153% and the testimony of the arresting officer - to support a conviction. State v. Watkins, 104 N.M. 561, 724 P.2d 769 (Ct. App.), cert. dismissed, 104 N.M. 522, 724 P.2d 231 (1986).

Improper admission of blood alcohol test. - The improper admission of a blood alcohol test (BAT) was harmless error since the defendant was charged with driving under the influence of intoxicating liquor or drugs and there was sufficient evidence to support a conviction of the offense without consideration of the BAT results. State v. Gutierrez, 121 N.M. 191, 909 P.2d 751 (Ct. App. 1995).

66-8-102.1. Guilty pleas; limitations.

Where the complaint or information alleges a violation of Section 66-8-102 NMSA 1978, any plea of guilty thereafter entered in satisfaction of the charges shall include at least a plea of guilty to the violation of one of the subsections of Section 66-8-102 NMSA 1978, and no other disposition by plea of guilty to any other charge in satisfaction of the

charge shall be authorized if the results of a test performed pursuant to the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978] disclose that the blood or breath of the person charged contains an alcohol concentration of eight one-hundredths or more.

History: 1978 Comp., § 66-8-102.1, enacted by Laws 1982, ch. 102, § 2; 1984, ch. 72, § 4; 1993, ch. 66, § 8.

ANNOTATIONS

The 1993 amendment, effective January 1, 1994, substituted "shall include" for "must include" near the beginning, inserted "or breath" following "blood", substituted the language beginning "an alcohol concentration" for "at least ten one hundredths of one percent by weight of alcohol" at the end, and made a minor stylistic change.

66-8-102.2. Municipal and county ordinances; unlawful alcohol concentration level for driving while under the influence of intoxicating liquor or drugs.

No municipal or county ordinance prohibiting driving while under the influence of intoxicating liquor or drugs shall be enacted that provides for an unlawful alcohol concentration level that is different than the alcohol concentration levels provided in Subsections C and D of Section 66-8-102 NMSA 1978.

History: Laws 1993, ch. 66, § 16.

ANNOTATIONS

Effective dates. - Laws 1993, ch. 66, § 18, makes the act effective on January 1, 1994.

66-8-103. [Blood-alcohol tests directed by police, judicial or probation officer; persons qualified to perform tests; relief from civil and criminal liability.]

Only a physician, licensed professional or practical nurse or laboratory technician or technologist employed by a hospital or physician shall withdraw blood from any person in the performance of a blood-alcohol test. No such physician, nurse, technician or technologist who withdraws blood from any person in the performance of a blood-alcohol test that has been directed by any police officer, or by any judicial or probation officer, shall be held liable in any civil or criminal action for assault, battery, false imprisonment or any conduct of any police officer, except for negligence, nor shall any person assisting in the performance of such a test, or any hospital wherein blood is withdrawn in the performance of such a test, be subject to civil or criminal liability for assault, battery, false imprisonment or any conduct of any police officer, except for negligence.

History: 1953 Comp., § 64-22-2.1, enacted by Laws 1967, ch. 160, § 1; recompiled as 1953 Comp., § 64-8-103, by Laws 1978, ch. 35, § 511.

ANNOTATIONS

Purpose of section is two-fold: (1) to insure the safety and protection of the person being subjected to the test, and (2) to insure reliability of the sample. *Steere Tank Lines v. Rogers*, 91 N.M. 768, 581 P.2d 456 (1978).

Blood sample taken from corpse. - Although there may have been other techniques available for withdrawing a blood sample or other fluids which could have been tested for alcohol, and nothing in the record indicated that the procedure used could have, or did, result in an unreliable blood sample, this section does not apply to a blood sample taken from a corpse by a deputy medical examiner. *Steere Tank Lines v. Rogers*, 91 N.M. 768, 581 P.2d 456 (1978).

Nurse not required to be employed by hospital or physician. - This section does not require that the licensed professional nurse or registered nurse be employed by a hospital or physician in order to withdraw blood for blood-alcohol tests. The requirement of employment by a hospital or physician applies only to "technologists." *State v. Wiberg*, 107 N.M. 152, 754 P.2d 529 (Ct. App. 1988).

Technologist need not be licensed. - In enacting this section, the legislature did not intend that a technologist must be licensed in order to be authorized to withdraw blood, since there were no provisions for the licensing of technologists. *State v. Trujillo*, 85 N.M. 208, 510 P.2d 1079 (Ct. App. 1973).

Nothing in Sections 66-8-103 or 66-8-104 NMSA 1978 is intended to authorize any police officer, or any judicial or probation officer, to make any arrest or to direct the performance of a blood-alcohol test, except in the performance of his official duties and as otherwise authorized by law.

Implied Consent Act is intended to deter driving while intoxicated and to aid in discovering and removing the intoxicated driver from the highway. *McKay v. Davis*, 99 N.M. 29, 653 P.2d 860 (1982); *State v. Copeland*, 105 N.M. 27, 727 P.2d 1342 (Ct. App. 1986).

Subsequent consent rule adopted. - A subsequent change of mind can nullify a driver's initial refusal to take a blood-alcohol test and thus can cure an initial refusal. A driver will be permitted to rescind this initial refusal if the driver can prove the five elements of the test. The test standard is measured by the driver's reasonable ability to comprehend the situation and encourages the driver to recant almost immediately, but never after more than a matter of minutes. *State v. Suazo*, 117 N.M. 785, 877 P.2d 1088 (1994)(see case for text of test).

Act does not govern when law enforcement agencies not involved. - The Implied Consent Act does not govern the taking of blood samples when law enforcement agencies are not involved. It does not protect against an intrusion on the person that is not by, or directed by, a law enforcement officer. Nothing in the act suggests any legislative antipathy to taking and testing blood samples of drivers for purely medical reasons, nor does anything in the act indicate that the legislature would consider it somehow unfair to use the results of such tests in a prosecution of the driver. *State v. Johnston*, 108 N.M. 778, 779 P.2d 556 (Ct. App. 1989).

Estoppel and prior license revocation hearing. - Where the court reversed the revocation of defendant's driver's license because the breath test given to defendant was not administered pursuant to the provisions of the Implied Consent Act, the district court did not err in deciding the state was not precluded from introducing the breath test results during the subsequent criminal proceeding. *State v. ANNOTATIONS

Repeals. - Laws 1990, ch. 120, § 45 repeals 66-8-106 NMSA 1978, as enacted by Laws 1978, ch. 35, § 514, relating to definition of "director", effective July 1, 1990. For provisions of former section, see 1987 Replacement Pamphlet. For present comparable provisions, see 66-1-4.4 NMSA 1978.

66-8-107. Implied consent to submit to chemical test.

A. Any person who operates a motor vehicle within this state shall be deemed to have given consent, subject to the provisions of the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978], to chemical tests of his breath or blood or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purpose of determining the drug or alcohol content of his blood if arrested for any offense arising out of the acts alleged to have been committed while the person was driving a motor vehicle while under the influence of an intoxicating liquor or drug.

B. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving a motor vehicle within this state while under the influence of intoxicating liquor or drug.

History: 1953 Comp., § 64-8-107, enacted by Laws 1978, ch. 35, § 515; 1979, ch. 71, § 8; 1985, ch. 178, § 3; 1985, ch. 187, § 1; 1993, ch. 66, § 9.

ANNOTATIONS

The 1993 amendment, effective January 1, 1994, inserted "or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978" in Subsections A and B, substituted "alcohol content" for "alcoholic content" in Subsection A, and deleted "any" preceding "drug" at the end of Subsection A.

Implied consent violates neither due process nor equal protection. - Implied Consent Act (66-8-105 to 66-8-112 NMSA 1978), framed upon the premise that when a person obtains a license to operate a motor vehicle, he impliedly consents to the sobriety test, violates neither due process nor equal protection. Commissioner of Motor Vehicles v. McCain, 84 N.M. 657, 506 P.2d 1204 (1973).

Double jeopardy does not bar DWI prosecution after license revocation. - An administrative driver's license revocation under the Implied Consent Act does not constitute "punishment" for purposes of the double jeopardy clause; thus, the state is not barred from prosecuting an individual for driving under the influence (DWI) even though the individual has been subjected to an administrative hearing for driver's license revocation based on the same offense. State ex rel. Schwartz v. Kennedy, 120 N.M. 619, 904 P.2d 1044 (1995).

Provisions of Implied Consent Act in essence declare that the driver of a motor vehicle in this state impliedly consents to a blood alcohol test, when arrested for any offense allegedly committed while under the influence of intoxicating liquor, which implied consent cannot be withdrawn under certain circumstances, and upon refusal, no test shall be administered, but the driver's license can be revoked. State v. Richerson, 87 N.M. 437, 535 P.2d 644 (Ct. App.), cert. denied, 87 N.M. 450, 535 P.2d 657 (1975).

Subsequent consent rule adopted. - A subsequent change of mind can nullify a driver's initial refusal to take a blood-alcohol test and thus can cure an initial refusal. A driver will be permitted to rescind this initial refusal if the driver can prove the five elements of the test. The test standard is measured by the driver's reasonable ability to comprehend the situation and encourages the driver to recant almost immediately, but never after more than a matter of minutes. State v. Suazo, 117 N.M. 785, 877 P.2d 1088 (1994)(see case for text of test).

Lawful arrest is the essential introductory step to implied consent provisions.

Results adduced from sobriety tests not preceded by such an arrest or by actual consent are condemned and held to be inadmissible evidence, and the trial court erred in not suppressing the results of the defendant's blood alcoholic test taken without his consent and while he was not under arrest under the Implied Consent Act (66-8-105 to 66-8-112 NMSA 1978). *State v. Richerson*, 87 N.M. 437, 535 P.2d 644 (Ct. App.), cert. denied, 87 N.M. 450, 535 P.2d 657 (1975).

In general, the Implied Consent Act requires that in order to be tested a suspect must first be placed under arrest. An exception to requiring a formal arrest prior to administration of a blood alcohol test is when the defendant is unconscious. *State v. Watchman*, 111 N.M. 727, 809 P.2d 641 (Ct. App. 1991).

Refusal to take test. - By failing to submit to a breath test requested by the police officer, the defendant's actions constituted a refusal under the law, irrespective of his offer to take the test on another machine at the police station. *Fugere v. State, Taxation & Revenue Dep't*, 120 N.M. 29, 897 P.2d 216 (Ct. App. 1995).

A motorist cannot refuse to take a chemical test of breath or blood designated by law enforcement merely because he believes such tests are unreliable. *Fugere v. State, Taxation & Revenue Dep't*, 120 N.M. 29, 897 P.2d 216 (Ct. App. 1995).

A motorist does not have a due process right to choose the chemical test administered to him even though he believes that the test chosen by the police officer is unreliable. *Fugere v. State, Taxation & Revenue Dep't*, 120 N.M. 29, 897 P.2d 216 (Ct. App. 1995).

Testing of unconscious person. - The Implied Consent Act does not require a formal arrest of an unconscious person before the administration of a blood-alcohol test. *State v. Wyrostek*, 108 N.M. 140, 767 P.2d 379 (Ct. App. 1988).

Right not to be forcibly tested after refusal. - The right granted by the legislature in 66-8-111A NMSA 1978 is merely the right not to be forcibly tested after manifesting refusal. *McKay v. Davis*, 99 N.M. 29, 653 P.2d 860 (1982).

Multiple testing permitted. - The Implied Consent Act, 66-8-105 to 66-8-112 NMSA 1978, permits law enforcement officers who have reasonable grounds to believe that an arrested person has been driving a motor vehicle while under the influence of intoxicating liquor or drugs to direct the administration of multiple or different tests. However, officers should not administer more than one test arbitrarily or without reason. 1991 Op. Att'y Gen. No. 91-13.

Challenge to chemical test. - A motorist wishing to challenge the reliability of a breath or blood test or the accuracy of the results of such tests must do so at the license revocation hearing within the statutory time period. *Fugere v. State, Taxation & Revenue Dep't*, 120 N.M. 29, 897 P.2d 216 (Ct. App. 1995).

Sections read in conjunction. - The implied consent given by 64-22-2.6, 1953 Comp. (similar to this section), must be read in conjunction with 64-22-2.11A, 1953 Comp. (similar to 66-8-111A NMSA 1978). *State v. Wilson*, 92 N.M. 54, 582 P.2d 826 (Ct. App. 1978).

Blood sample taken in violation of statutory right must be suppressed. *State v. Wilson*, 92 N.M. 54, 582 P.2d 826 (Ct. App. 1978)(decided under former law).

City ordinance prohibiting driving while intoxicated does not conflict with the provisions of the Implied Consent Act (66-8-105 to 66-8-112 NMSA 1978). *City of Hobbs v. Sparks*, 85 N.M. 277, 511 P.2d 763 (Ct. App.), cert. denied, 85 N.M. 265, 511 P.2d 751 (1973).

66-8-108. Consent of person incapable of refusal not withdrawn.

Any person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by Section 66-8-107 NMSA 1978, and the test or tests designated by the law enforcement officer may be administered.

History: 1953 Comp., § 64-8-108, enacted by Laws 1978, ch. 35, § 516.

ANNOTATIONS

This section does not deny equal protection of the law, although it classifies certain persons on the basis of their condition, the classification has a rational basis and is not discriminatory. *State v. Trujillo*, 85 N.M. 208, 510 P.2d 1079 (Ct. App. 1973).

Testing of unconscious person. - The Implied Consent Act does not require a formal arrest of an unconscious person before the administration of a blood-alcohol test. *State v. Wyrostek*, 108 N.M. 140, 767 P.2d 379 (Ct. App. 1988).

66-8-109. Administration of chemical test; payment of costs; additional tests.

A. Only the persons authorized by Section 66-8-103 NMSA 1978 shall withdraw blood from any person for the purpose of determining its alcohol or drug content. This limitation does not apply to the taking of samples of breath.

B. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse or laboratory technician or technologist who is employed by a hospital or physician of his own choosing to perform a chemical test in addition to any test performed at the direction of a law enforcement officer.

C. Upon the request of the person tested, full information concerning the test performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

D. The law enforcement agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

E. If a person exercises his right under Subsection B of this section to have a chemical test performed upon him by a person of his own choosing, the cost of that test shall be paid by the law enforcement agency represented by the law enforcement officer at whose direction a chemical test was administered under Section 66-8-107 NMSA 1978.

History: 1953 Comp., § 64-8-109, enacted by Laws 1978, ch. 35, § 517; 1993, ch. 66, § 10.

ANNOTATIONS

The 1993 amendment, effective January 1, 1994, substituted "alcohol or drug content" for "alcoholic content" at the end of the first sentence of Subsection A, inserted "be advised by the law enforcement officer of the person's right to" near the beginning of Subsection B, deleted "or tests" following "test" in Subsection C, and made minor stylistic changes in Subsections A and E.

Accused need not be told of right to additional tests. - There is no constitutional reason, either state or federal, which confers upon the accused a right to be expressly told that he has an opportunity, under this section, to have additional tests performed by any qualified person of his choosing. *State v. Myers*, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

Neither Subsection B of 64-22-2.9, 1953 Comp. (repealed, but similar to this section) nor the constitution requires that defendant be told that he has the right to an additional breath test. *City of Farmington v. Joseph*, 91 N.M. 414, 575 P.2d 104 (Ct. App. 1978).

Miranda-type warnings are necessary only in situations of either testimonial or communicative evidence, and New Mexico has consistently excluded physical evidence from the scope of the protection; therefore, it follows that an accused has no constitutional right to a warning concerning the consequences of refusing a blood test. *State v. Myers*, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

State test results admissible despite defendant's inability to test sample. - Although defendant had no opportunity to test the same sample, the results of the state's tests were admissible regardless of this fact as the record shows neither intent on the part of the state to destroy evidence nor any negligence by the state since all the blood was used in the tests conducted. *State v. Myers*, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

No right to counsel when under custodial arrest following testing. - A person issued a citation and placed under custodial arrest for driving while under the influence of intoxicating liquor does not have a constitutional right to counsel immediately following a breath alcohol test since it did not amount to initiation of judicial criminal proceedings or prosecutorial commitment, nor was the period following administration of the test a critical stage. *State v. Sandoval*, 101 N.M. 399, 683 P.2d 516 (Ct. App. 1984).

66-8-110. Use of tests in criminal actions or civil actions; levels of intoxication; mandatory charging.

A. The results of a test performed pursuant to the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978] may be introduced into evidence in any civil action or criminal action arising out of the acts alleged to have been committed by the person tested for driving a motor vehicle while under the influence of intoxicating liquor or drugs.

B. When the blood or breath of the person tested contains:

(1) an alcohol concentration of five one-hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor; or

(2) an alcohol concentration of more than five one-hundredths but less than eight one-hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor. However, the amount of alcohol in the person's blood may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor.

C. When the blood or breath of the person tested contains an alcohol concentration of eight one-hundredths or more, the arresting officer shall charge him with a violation of Section 66-8-102 NMSA 1978.

D. When a person is less than twenty-one years of age and the blood or breath of the person contains an alcohol concentration of two one-hundredths or more, the person's driving privileges shall be revoked pursuant to the provisions of the Implied Consent Act.

E. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

F. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

G. If a person is convicted of driving a motor vehicle while under the influence of intoxicating liquor, the trial judge shall be required to inquire into the past driving record of the person before sentence is entered in the matter.

History: 1953 Comp., § 64-8-110, enacted by Laws 1978, ch. 35, § 518; 1979, ch. 71, § 9; 1982, ch. 102, § 3; 1983, ch. 76, § 3; 1984, ch. 72, § 5; 1993, ch. 66, § 11.

ANNOTATIONS

The 1993 amendment, effective January 1, 1994, substituted "When the blood or breath" for "If the blood" at the beginning of Subsections B and C; substituted "an alcohol concentration of five one-hundredths or less" for "five one-hundredths of one percent or less by weight of alcohol" in Subsection B(1); substituted "an alcohol concentration of more than five one-hundredths but less than eight one-hundredths" for "more than five one-hundredths of one percent but less than one tenth of one percent by weight of alcohol" in the first sentence of Subsection B(2); substituted "an alcohol concentration of eight one-hundredths or more" for "one tenth of one percent or more by weight of alcohol" in Subsection C; deleted former Subsection D, which read "The percent by weight of alcohol shall be based on the grams of alcohol in one hundred cubic centimeters of blood"; inserted present Subsections D and E; redesignated former Subsections E and F as present Subsections F and G; and made a minor stylistic change in Subsection B.

State must make provisions for preservation of blood sample. - If the state is going to use as evidence the results of a blood alcohol test, it must make provisions for preservation of the blood sample so that if a timely request is made for retesting by the defendant, the sample taken is available. *State v. Lovato*, 94 N.M. 780, 617 P.2d 169 (Ct. App. 1980).

Blood alcohol percentage material to state's conviction for vehicular homicide. - Where the state's conviction for vehicular homicide is based primarily upon defendant's driving under the influence of intoxicating liquor, his blood alcohol percentage is clearly material to his guilt or innocence. *State v. Lovato*, 94 N.M. 780, 617 P.2d 169 (Ct. App. 1980).

Coroners' reports not released on demand. - This section does not require the state highway department to release copies of coroners' reports on blood-alcohol tests upon demand notwithstanding the provisions of 24-11-6 NMSA 1978. 1971 Op. Att'y Gen. No. 71-42.

66-8-111. Refusal to submit to chemical tests; testing; grounds for revocation of license or privilege to drive.

A. If a person under arrest for violation of an offense enumerated in the Motor Vehicle Code [Articles 1 to 8 of Chapter 66 NMSA 1978, except 66-7-102.1 NMSA 1978]

refuses upon request of a law enforcement officer to submit to chemical tests designated by the law enforcement agency as provided in Section 66-8-107 NMSA 1978, none shall be administered except when a municipal judge, magistrate or district judge issues a search warrant authorizing chemical tests as provided in Section 66-8-107 NMSA 1978 upon his finding in a law enforcement officer's written affidavit that there is probable cause to believe that the person has driven a motor vehicle while under the influence of alcohol or a controlled substance, thereby causing the death or great bodily injury of another person, or there is probable cause to believe that the person has committed a felony while under the influence of alcohol or a controlled substance and that chemical tests as provided in Section 66-8-107 NMSA 1978 will produce material evidence in a felony prosecution.

B. The department, upon receipt of a statement signed under penalty of perjury from a law enforcement officer stating the officer's reasonable grounds to believe the arrested person had been driving a motor vehicle within this state while under the influence of intoxicating liquor or drug and that, upon his request, the person refused to submit to a chemical test after being advised that failure to submit could result in revocation of his privilege to drive, shall revoke the person's New Mexico driver's license or any nonresident operating privilege for a period of one year or until all conditions for license reinstatement are met, whichever is later.

C. The department, upon receipt of a statement signed under penalty of perjury from a law enforcement officer stating the officer's reasonable grounds to believe the arrested person had been driving a motor vehicle within this state while under the influence of intoxicating liquor and that the person submitted to chemical testing pursuant to Section 66-8-107 NMSA 1978 and the test results indicated an alcohol concentration of eight one-hundredths or more in the person's blood or breath if the person is twenty-one years of age or older or an alcohol concentration of two one-hundredths or more in the person's blood or breath if the person is less than twenty-one years of age, shall revoke the person's license or permit to drive or his nonresident operating privilege for a period of:

(1) ninety days or until all conditions for license reinstatement are met, whichever is later, if the person is twenty-one years of age or older;

(2) six months or until all conditions for license reinstatement are met, whichever is later, if the person is less than twenty-one years of age and has not previously had his license revoked pursuant to the provisions of this section, notwithstanding any provision of the Children's Code [Chapter 32A NMSA 1978]; or

(3) one year or until all conditions for license reinstatement are met, whichever is later, if the person has previously had his license revoked pursuant to the provisions of this section, notwithstanding the provisions of Paragraph (1) or (2) of this subsection or any provision of the Children's Code.

D. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

E. If the person subject to the revocation provisions of this section is a resident or will become a resident within one year and is without a license to operate a motor vehicle in this state, the department shall deny the issuance of a license to him for the appropriate period of time as provided in Subsections B and C of this section.

F. A statement signed by a law enforcement officer, pursuant to the provisions of Subsection B or C of this section, shall be sworn to by the officer or shall contain a declaration substantially to the effect: "I hereby declare under penalty of perjury that the information given in this statement is true and correct to the best of my knowledge." A law enforcement officer who signs a statement, knowing that the statement is untrue in any material issue or matter, is guilty of perjury as provided in Section 66-5-38 NMSA 1978.

ANNOTATIONS

Cross-references. - For mandatory revocation of driver's license, see 66-5-29 NMSA 1978.

The 1991 amendment, effective October 1, 1991, substituted "department" for "director" in Subsections B, C and D; deleted "is less than eighteen years of age and" following "person" in Paragraph (3) in Subsection C; and made minor stylistic changes in Subsections B and C.

The 1993 amendment, effective January 1, 1994, substituted "tests" for "test" in the section heading; substituted "twenty-one years" for "eighteen years" in four places in Subsection C; inserted "or until all conditions for license reinstatement are met, whichever is later" in Paragraphs (1), (2) and (3) of Subsection C; substituted "an alcohol concentration of eight one-hundredths or more" for "one-tenth of one percent or more by weight of alcohol" and "an alcohol concentration of two one-hundredths or more" for "five one-hundredths of one percent or more by weight of alcohol", and inserted "or breath" in the introductory paragraph of Subsection C; inserted "the provisions of Paragraph (1) or (2) of this subsection or" in Subsection C(3); inserted present Subsection D; redesignated former Subsection D as present Subsection E; and added Subsection F.

Constitutionality of Implied Consent Act. - The Implied Consent Act is not rendered unconstitutional in the civil context just because a refusal to take a breath test under the Act may be used as an element of the criminal offense of aggravated driving while

intoxicated (DWI). *Marez v. State, Taxation & Revenue Dep't*, 119 N.M. 598, 893 P.2d 494 (Ct. App. 1995).

Provision not limited to public highways. - Section 64-22-2.11, 1953 Comp. (similar to this section), as amended in 1971, was not limited in application to public highways, streets and thoroughfares. *Commissioner of Motor Vehicles v. McCain*, 84 N.M. 657, 506 P.2d 1204 (1973).

Sections read in conjunction. - The implied consent given by 64-22-2.6, 1953 Comp. (similar to 66-8-107 NMSA 1978), must be read in conjunction with 64-22-2.11 A, 1953 Comp. (similar to Subsection A of this section). *State v. Wilson*, 92 N.M. 54, 582 P.2d 826 (Ct. App. 1978)(decided under former law).

Blood sample taken in violation of statutory right must be suppressed. *State v. Wilson*, 92 N.M. 54, 582 P.2d 826 (Ct. App. 1978)(decided under former law).

No constitutional right to refuse test. - Because there is no constitutional right to refuse to take a chemical test, the introduction of and comment on a refusal to take such a test does not violate the United States constitution. *McKay v. Davis*, 99 N.M. 29, 653 P.2d 860 (1982).

Right is merely not to be forcibly tested. - The right granted by the legislature in Subsection A is merely the right not to be forcibly tested after manifesting refusal. *McKay v. Davis*, 99 N.M. 29, 653 P.2d 860 (1982).

If driver refuses blood test after submitting to breath test, the driver's license of the person who refuses a blood test after submitting to a breath test is subject to mandatory revocation. 1991 Op. Att'y Gen. No. 91-13.

Implied Consent Act does not limit the number of permissible tests to one, or any other number. *State v. Copeland*, 105 N.M. 27, 727 P.2d 1342 (Ct. App. 1986).

Chemical test administrable over driver's objections. - Under the former law, a driver charged with vehicular homicide could refuse to submit to a blood test to determine the alcohol content, even though a valid search warrant had been issued for that purpose, and no test could then be administered; however, this section has been modified in 1979 to permit a chemical test, over the driver's objections, pursuant to a search warrant or where there is "probable cause to believe that the driver has committed a felony while under the influence of alcohol or a controlled substance." *State v. Steele*, 93 N.M. 470, 601 P.2d 440 (Ct. App. 1979).

Evidence of a defendant's refusal to take a breath-alcohol test is admissible under the Implied Consent Act. *McKay v. Davis*, 99 N.M. 29, 653 P.2d 860 (1982).

Officer need only have reasonable grounds to believe driver intoxicated. - Section 64-22-2.11, 1953 Comp. (similar to this section), requires only that an officer have

reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within the state while under the influence of intoxicating liquor and arresting officer had reasonable grounds to believe that defendant was driving while under the influence of intoxicating liquor where he smelled liquor on her person, she was not walking correctly, and she drove her car into a pump on an open driveway of a service station. Commissioner of Motor Vehicles v. McCain, 84 N.M. 657, 506 P.2d 1204 (1973).

Statement signed under penalty of perjury. - An officer was subject to the penalties under 66-5-38 NMSA 1978 when he signed a statement seeking to revoke driving privileges. Consequently, the statement was signed under the penalty of perjury and thus met the requirement of this section. State, Transp. Dep't v. Yazzie, 112 N.M. 615, 817 P.2d 1257 (Ct. App. 1991).

Necessity of notarization of statement. - The department was divested of jurisdiction to revoke a license by the failure of the arresting officer to have his statement either notarized or signed under penalty of perjury. State Transp. Dep't v. Herman, 106 N.M. 138, 740 P.2d 132 (Ct. App. 1987).

Where the arresting officer's affidavit was not notarized but he testified under oath at the administrative hearing, it was held that the statutory requirement in Subsection C of a sworn statement is mandatory and jurisdictional, that holding that an officer's later testimony may replace the statement required by Subsection C would, in effect, amend the statute to delete "signed under penalty of perjury", and that therefore the motor vehicle department lacked jurisdiction to institute revocation proceedings. Stephens v. State, Transp. Dep't, 106 N.M. 198, 740 P.2d 1182 (Ct. App. 1987).

Acquittal of criminal charge does not affect provision's operation. - Defendant's acquittal of the crime of driving while intoxicated in no way affected the proceeding to revoke her driver's license for refusing to submit to a test for determining alcohol content of her blood as such proceeding was entirely separate and distinct from the proceeding to determine her guilt or innocence as to the crime for which she was arrested. Commissioner of Motor Vehicles v. McCain, 84 N.M. 657, 506 P.2d 1204 (1973).

Instruction of right of refusal not required. - There is nothing in N.M. Const., art. II, §§ 14 and 15, or in the law or decisions which gives an accused the legal right to an instruction that he has a right to refuse to take a blood alcohol test administered by private individuals prior to arrest. State v. Fields, 74 N.M. 559, 395 P.2d 908 (1964).

Revocation periods overlap and are not truly consecutive or concurrent. - In most cases suspension or revocation periods for conviction of driving while under influence and for refusing to submit to a chemical test will at least partially overlap. But the one-year period of revocation in each instance begins to run from the date of a certain event. Thus, the suspension periods are not consecutive in the usual sense; they are not to be added together to make a total of two years. 1972 Op. Att'y Gen. No. 72-1.

Subsequent consent rule adopted. - A subsequent change of mind can nullify a driver's initial refusal to take a blood-alcohol test and thus can cure an initial refusal. A driver will be permitted to rescind this initial refusal if the driver can prove the five elements of the test. The test standard is measured by the driver's reasonable ability to comprehend the situation and encourages the driver to recant almost immediately, but never after more than a matter of minutes. *State v. Suazo*, 117 N.M. 785, 877 P.2d 1088 (1994)(see case for text of test).

Evidence of refusal may be excluded in prosecution for driving while intoxicated. - In a prosecution for driving while intoxicated contrary to 66-8-102 NMSA 1978, a driver's refusal to take a blood alcohol test is no more a relevant circumstance to establish consciousness of guilt than the arresting officer's refraining from obtaining a search warrant indicates a belief that the driver is not intoxicated. Thus a trial court may exclude evidence of the refusal as irrelevant. *State v. Chavez*, 96 N.M. 313, 629 P.2d 1242 (Ct. App. 1981).

Subsequent consent may cure a prior refusal to be tested, unless the delay would materially affect the test results or prove substantially inconvenient for law enforcement officers to administer. *State v. Suazo*, 117 N.M. 794, 877 P.2d 1097 (Ct. App. 1993).

Record supported hearing officer's conclusion that a driver refused to submit to a breath test, despite his claim of being unable, because of a painful injury to his foot, to blow up the balloon sufficiently to enable the arresting officer to complete the test. *State, Dep't of Transp. v. Romero*, 106 N.M. 657, 748 P.2d 30 (Ct. App. 1987).

66-8-111.1. Law enforcement officer agent for department; written notice of revocation and right to hearing.

On behalf of the department, a law enforcement officer requesting a chemical test or directing the administration of a chemical test pursuant to Section 66-8-107 NMSA 1978 shall serve immediate written notice of revocation and of right to a hearing on a person who refuses to permit chemical testing or on a person who submits to a chemical test the results of which indicate an alcohol concentration of eight one-hundredths or more in the person's blood or breath if the person is twenty-one years of age or older or an alcohol concentration of two one-hundredths or more in the person's blood or breath if the person is less than twenty-one years of age. Upon serving notice of revocation, the law enforcement officer shall take the license or permit of the driver, if any, and issue a temporary license valid for twenty days or, if the driver requests a hearing pursuant to Section 66-8-112 NMSA 1978, valid until the date the department issues the order following that hearing; provided that no temporary license shall be issued to a driver without a valid license or permit. The law enforcement officer shall send the person's driver's license to the department along with the signed statement required pursuant to Section 66-8-111 NMSA 1978.

History: 1978 Comp., § 66-8-111.1, enacted by Laws 1984, ch. 72, § 7; 1985, ch. 178, § 5; 1985, ch. 187, § 3; 1991, ch. 245, § 4; 1993, ch. 66, § 13.

ANNOTATIONS

The 1991 amendment, effective October 1, 1991, substituted "department" for "division" in the section heading and for "director" in the first and final sentences and, in the second sentence, substituted "twenty days" for "thirty days" and inserted "or, if the driver request a hearing pursuant to Section 66-8-112 NMSA 1978, valid until the date the department issues the order following that hearing".

The 1993 amendment, effective January 1, 1994, substituted the language beginning "an alcohol concentration of ten one-hundredths or more" for "one-tenth of one percent

or more by weight of alcohol in the person's blood if the person is eighteen years of age or older or five one-hundredths of one percent or more by weight of alcohol in the person's blood if the person is less than eighteen years of age" at the end of the first sentence.

66-8-112. Revocation of license or privilege to drive; notice; effective date; hearing; hearing costs; review.

A. The effective date of revocation pursuant to Section 66-8-111 NMSA 1978 is twenty days after notice of revocation or, if the person whose license or privilege to drive is being revoked or denied requests a hearing pursuant to this section, the date that the department issues the order following that hearing. The date of notice of revocation is:

(1) the date the law enforcement officer serves written notice of revocation and of right to a hearing pursuant to Section 66-8-111.1 NMSA 1978; or

(2) in the event the results of a chemical test cannot be obtained immediately, the date notice of revocation is served by mail by the department. This notice of revocation and of right to a hearing shall be sent by certified mail and shall be deemed to have been served on the date borne by the return receipt showing delivery, refusal of the addressee to accept delivery or attempted delivery of the notice at the address obtained by the arresting law enforcement officer or on file with the department.

B. Within ten days after receipt of notice of revocation pursuant to Subsection A of this section, a person whose license or privilege to drive is revoked or denied or the person's agent may request a hearing. The hearing request shall be made in writing and shall be accompanied by a payment of twenty-five dollars (\$25.00) or a sworn statement of indigency on a form provided by the department. A standard for indigency shall be established pursuant to regulations adopted by the department. Failure to request a hearing within ten days shall result in forfeiture of the person's right to a hearing. Any person less than eighteen years of age who fails to request a hearing within ten days shall have notice of revocation sent to his parent, guardian or custodian by the department. A date for the hearing shall be set by the department, if practical, within thirty days after receipt of notice of revocation. The hearing shall be held in the county in which the offense for which the person was arrested took place.

C. The department may postpone or continue any hearing on its own motion or upon application from the person and for good cause shown for a period not to exceed ninety days from the date of notice of revocation and provided that the department extends the validity of the temporary license for the period of the postponement or continuation.

D. At the hearing, the department or its agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers.

E. The hearing shall be limited to the issues:

(1) whether the law enforcement officer had reasonable grounds to believe that the person had been driving a motor vehicle within this state while under the influence of intoxicating liquor;

(2) whether the person was arrested;

(3) whether this hearing is held no later than ninety days after notice of revocation; and either

(4) (a) whether the person refused to submit to a test upon request of the law enforcement officer; and

(b) whether the law enforcement officer advised that the failure to submit to a test could result in revocation of the person's privilege to drive; or

(5) (a) whether the chemical test was administered pursuant to the provisions of the Implied Consent Act [66-8-105 to 66-8-112 NMSA 1978]; and

(b) the test results indicated an alcohol concentration of eight one-hundredths or more in the person's blood or breath if the person is twenty-one years of age or older or an alcohol concentration of two one-hundredths or more in the person's blood or breath if the person is less than twenty-one years of age.

F. The department shall enter an order sustaining the revocation or denial of the person's license or privilege to drive if the department finds that:

(1) the law enforcement officer had reasonable grounds to believe the driver was driving a motor vehicle while under the influence of intoxicating liquor or drug;

(2) the person was arrested;

(3) this hearing is held no later than ninety days after notice of revocation; and

(4) the person either refused to submit to the test upon request of the law enforcement officer after the law enforcement officer advised him that his failure to submit to the test could result in the revocation of his privilege to drive or that a chemical test was administered pursuant to the provisions of the Implied Consent Act and the test results indicated an alcohol concentration of eight one-hundredths or more if the person is twenty-one years of age or older or an alcohol concentration of two one-hundredths or more if the person is less than twenty-one years of age.

If one or more of the elements set forth in Paragraphs (1) through (4) of this subsection are not found by the department, the person's license shall not be revoked.

G. A person adversely affected by an order of the department may seek review within thirty days in the district court in the county in which the offense for which the person was arrested took place. The district court, upon thirty days' written notice to the department, shall hear the case. On review, it is for the court to determine only whether reasonable grounds exist for revocation or denial of the person's license or privilege to drive based on the record of the administrative proceeding.

H. Any person less than eighteen years of age shall have results of his hearing forwarded by the department to his parent, guardian or custodian.

History: 1953 Comp., § 64-8-112, enacted by Laws 1978, ch. 35, § 520; 1979, ch. 71, § 11; 1984, ch. 72, § 8; 1985, ch. 178, § 6; 1985, ch. 187, § 4; 1991, ch. 245, § 5; 1993, ch. 66, § 14.

ANNOTATIONS

Cross-references. - For notice by the division generally, see 66-2-11 NMSA 1978.

For subpoenas generally, see Rule 1-045 NMRA 1997.

The 1991 amendment, effective October 1, 1991, substituted "department" for "division" and "director" throughout the section; substituted "twenty days" for "thirty days" in the first sentence in Subsection A; and made related changes and minor stylistic changes throughout the section.

The 1993 amendment, effective January 1, 1994, inserted "hearing costs" in the section heading; inserted the second and third sentences of Subsection B; substituted "test was" for "tests were" in Subsection E(5)(a); rewrote Subsection E(5)(b), which read "the test results indicated a blood alcohol content of one-tenth of one percent or more by weight if the person is eighteen years of age or older or a blood alcohol content of five one-hundredths of one percent or more by weight if the person is less than eighteen years of age"; deleted "either rescinding or" following "order" in the introductory paragraph of Subsection F; substituted the language beginning "an alcohol concentration of eight one-hundredths or more" for "a blood alcohol content of one-tenth of one percent or more by weight if the person is eighteen years of age or older or a blood alcohol content of five one-hundredths of one percent or more by weight if the person is less than eighteen years of age" at the end of Subsection F(4); and substituted "elements set forth in Paragraphs (1) through (4) of this subsection" for "above" in the final sentence of Subsection F.

Constitutionality of Implied Consent Act. - The Implied Consent Act is not rendered unconstitutional in the civil context just because a refusal to take a breath test under the Act may be used as an element of the criminal offense of aggravated driving while

intoxicated (DWI). *Marez v. State, Taxation & Revenue Dep't*, 119 N.M. 598, 893 P.2d 494 (Ct. App. 1995).

Double jeopardy does not bar DWI prosecution after license revocation. - An administrative driver's license revocation under the Implied Consent Act does not constitute "punishment" for purposes of the double jeopardy clause; thus, the state is not barred from prosecuting an individual for driving under the influence (DWI) even though the individual has been subjected to an administrative hearing for driver's license revocation based on the same offense. *State ex rel. Schwartz v. Kennedy*, 120 N.M. 619, 904 P.2d 1044 (1995).

Applicability of Miranda requirements. - In general, Miranda requirements are inapplicable to driver's license forfeiture proceedings, since such a proceeding is civil in nature, but this only applies to noncustodial interrogation and does not imply that statements made in custodial situations, in violation of constitutionally protected rights, are admissible in civil proceedings. Fifth amendment rights are retained in civil forfeiture proceeding. *Armijo v. State ex rel. Transportation Dep't*, 105 N.M. 771, 737 P.2d 552 (Ct. App. 1987).

A motorist's statements and other evidence obtained by the police following a traffic stop are admissible at an administrative hearing regarding revocation of his driver's license although the motorist was not given Miranda warnings, since on-the-scene questioning does not require advisement of Miranda rights; a field sobriety test, in and of itself, does not violate the privilege against self incrimination; and inculpatory statements made to police during a traffic stop, prior to formal arrest, are not the product of "custodial interrogation." *Armijo v. State ex rel. Transportation Dep't*, 105 N.M. 771, 737 P.2d 552 (Ct. App. 1987).

Time for setting hearing. - The provision in Subsection B that "a date for the hearing shall be set by the department, if practical, within thirty days" is directory, not mandatory. *Rodarte v. State Taxation & Revenue Dep't, Motor Vehicle Div.*, 120 N.M. 229, 900 P.2d 978 (Ct. App. 1995).

A revocation hearing held two and one-half months after the notice of revocation did not violate the petitioner's procedural due process rights. *Rodarte v. State Taxation & Revenue Dep't, Motor Vehicle Div.*, 120 N.M. 229, 900 P.2d 978 (Ct. App. 1995).

Hearing within ninety days of notice. - This section indicates a legislative intent that license revocation hearings be held "no later than ninety days after notice of revocation". The clear purpose of this requirement is to promptly remove dangerous drivers from the state's highways for the protection of the general public. *Weber v. DMV*, 112 N.M. 697, 818 P.2d 1221 (Ct. App. 1991).

The requirement that the revocation hearing be held within 90 days is mandatory. *Weber v. DMV*, 112 N.M. 697, 818 P.2d 1221 (Ct. App. 1991).

Case was reversed and remanded with instructions to dismiss the revocation proceeding, where there was no substantial evidence in the record as a whole that the DMV held the revocation hearing in 90 days, or that the licensee waived the 90-day limit. *Weber v. DMV*, 112 N.M. 697, 818 P.2d 1221 (Ct. App. 1991).

Telephonic revocation hearings prohibited. - This section does not authorize telephonic revocation hearings. Such hearings are required to be held in person. *Evans v. State, Taxation & Revenue Dep't*, 122 N.M. 216, 922 P.2d 1212 (Ct. App. 1996).

The term "reasonable grounds" refers to portions of 64-22-2.11 and 64-22-2.12, 1953 Comp. (similar to 66-8-111 NMSA 1978 and this section, respectively), of the act, in which four grounds for revocation are enumerated: (1) the law enforcement officer must have had reasonable grounds to believe that the person was driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor; (2) the person must have been under arrest; (3) the person must have refused to submit to a chemical test upon request of the law enforcement officer; and (4) the law enforcement officer must have advised that the failure to submit to a test could result in revocation of his privilege to drive. *State, Dep't of Motor Vehicles v. Gober*, 85 N.M. 457, 513 P.2d 391 (1973).

Notarization of officer's statement is mandatory. - The department was divested of jurisdiction to revoke a license by the failure of the arresting officer to have his statement either notarized or signed under penalty of perjury. *State Transp. Dep't v. Herman*, 106 N.M. 138, 740 P.2d 132 (Ct. App. 1987).

Where the arresting officer's affidavit was not notarized but he testified under oath at the administrative hearing, it was held that the statutory requirement in § 66-8-111C of a sworn statement is mandatory and jurisdictional, that holding that an officer's later testimony may replace the statement required by § 66-8-111C would, in effect, amend the statute to delete "signed under penalty of perjury", and that therefore the motor vehicle department lacked jurisdiction to institute revocation proceedings. *Stephens v. State, Transp. Dep't*, 106 N.M. 198, 740 P.2d 1182 (Ct. App. 1987).

In license revocation proceedings a preponderance of the evidence is sufficient to prove existence of reasonable grounds. *State, Dep't of Motor Vehicles v. Gober*, 85 N.M. 457, 513 P.2d 391 (1973).

Requirements of Subsection F. - In order for the department of motor vehicles (DMV) to revoke a driver's license, a hearing officer must find that the DMV proved by a preponderance of the evidence all of the facts listed in Subsection F. *Weber v. DMV*, 112 N.M. 697, 818 P.2d 1221 (Ct. App. 1991).

Nature of hearing allowed by Subsection G. - The statutory language in Subsection G does not entitle a defendant to a hearing at which the parties are permitted an opportunity to be heard and to present their case. *State, Transp. Dep't v. Yazzie*, 112 N.M. 615, 817 P.2d 1257 (Ct. App. 1991).

The district court is not necessarily required to conduct an adjudicatory hearing in order to "hear" a case, although it may if it so desires. *State, Transp. Dep't v. Yazzie*, 112 N.M. 615, 817 P.2d 1257 (Ct. App. 1991).

Challenge to chemical test. - A motorist wishing to challenge the reliability of a breath or blood test or the accuracy of the results of such tests must do so at the license revocation hearing within the statutory time period. *Fugere v. State, Taxation & Revenue Dep't*, 120 N.M. 29, 897 P.2d 216 (Ct. App. 1995).

Breath test refusal question of fact. - Refusal to submit to a breath test is a question of fact. Where there was conflicting evidence concerning defendant's inability to take the breath test, the courts only need determine if there was substantial evidence to support the hearing officer's determination that defendant refused the breath test. It is not a proper function of the courts to reweigh the evidence or to substitute its judgment for that of the hearing officer, so long as the administrative agency's decision is supported by the record. *State v. Suazo*, 117 N.M. 794, 877 P.2d 1097 (Ct. App. 1993).

No relation-back requirement. - This section contains no requirement that the blood alcohol test result relate back to the time that the licensee was driving, and there is no need to add such a requirement to rationalize the statute. On the contrary, omission of a relation-back requirement enables the State to provide expedited hearings without causing unfairness to licensees. *Bierner v. State, Taxation & Revenue Dep't*, 113 N.M. 696, 831 P.2d 995 (Ct. App. 1992).

A tape recording is an acceptable method of preserving record of administrative proceedings. *State, Dep't of Motor Vehicles v. Gober*, 85 N.M. 457, 513 P.2d 391 (1973).

Judicial hearing confined to administrative hearing's record. - Absent a specific statutory provision, the court is confined to the record made in an administrative proceeding and as 64-22-2.12, 1953 Comp. (similar to this section), does not expressly grant a trial de novo the hearing is to be confined to the record of the administrative proceedings. *State, Dep't of Motor Vehicles v. Gober*, 85 N.M. 457, 513 P.2d 391 (1973).

66-8-113. Reckless driving.

A. Any person who drives any vehicle carelessly and heedlessly in willful or wanton disregard of the rights or safety of others and without due caution and circumspection and at a speed or in a manner so as to endanger or be likely to endanger any person or property is guilty of reckless driving.

B. Every person convicted of reckless driving shall be punished, notwithstanding the provisions of Section 31-18-13 NMSA 1978, upon a first conviction by imprisonment for not less than five days nor more than ninety days, or by a fine of not less than twenty-five dollars (\$25.00) nor more than one hundred dollars (\$100), or both and on a second or subsequent conviction by imprisonment for not less than ten days nor more than six months, or by a fine of not less than fifty dollars (\$50.00) nor more than one thousand dollars (\$1,000), or both.

C. Upon conviction of violation of this section, the director may suspend the license or permit to drive and any nonresident operating privilege for not to exceed ninety days.

I. GENERAL CONSIDERATION.

Cross-references. - For homicide by vehicles, see 66-8-101 NMSA 1978.

For driving while intoxicated, see 66-8-102 NMSA 1978.

For immediate appearance before magistrate for violation, see 66-8-122 NMSA 1978.

For snowmobile operations, see 66-9-8 NMSA 1978.

The 1987 amendment, effective April 7, 1987, in Subsection B inserted "notwithstanding the provisions of Section 31-18-13 NMSA 1978" following "shall be punished" near the beginning.

There is no such crime as homicide by vehicle by careless driving. State v. Yazzie, 116 N.M. 83, 860 P.2d 213 (Ct. App. 1993).

Violation of reckless driving provision is negligence per se. Bell v. Carter Tobacco Co., 41 N.M. 513, 71 P.2d 683 (1937).

Only killings involving violation of 66-8-102 NMSA 1978 or this section were declared felonies prior to the 1989 amendment to 66-8-101 NMSA 1978, with punishment under 66-8-9 NMSA 1978; other killings, not declared to be felonies, were misdemeanors with punishment under 66-8-7B NMSA 1978. *State v. Barela*, 95 N.M. 349, 622 P.2d 254 (Ct. App. 1980).

Death caused by mere negligence no basis for criminal prosecution. - A death caused by mere negligence, not amounting to a reckless, willful and wanton disregard of consequences to others, lays no foundation for criminal prosecution. *State v. Myers*, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

"Reckless" is state of mind of utter irresponsibility. - The factor which distinguishes negligence from heedlessness or reckless disregard is a particular state of mind. To be heedless or reckless, evidence must show that this particular state of mind is one of utter irresponsibility or conscious abandonment of any consideration for the safety of guest passengers. If the plaintiff cannot from the evidence, create at least an inference of this state of mind, negligence will remain negligence, and the guest statute (64-24-1, 1953 Comp., declared unconstitutional), will be an effective bar against a claim of damages. Here, the plea of guilty to reckless driving permits an inference to be drawn that defendant's state of mind was sufficient for liability under the guest statute and motivated his conduct in operating the vehicle. *Valencia v. Dixon*, 83 N.M. 70, 488 P.2d 120 (Ct. App.), cert. denied, 83 N.M. 57, 488 P.2d 107 (1971).

Reckless driving is distinguished from drunken driving so that a conviction for one does not preclude prosecution for the other. *Rea v. MIC*, 48 N.M. 9, 144 P.2d 676 (1944); *State v. Sisneros*, 42 N.M. 500, 82 P.2d 274 (1938).

Passing within no-passing zone not lesser included offense. - Section 64-18-14, 1953 Comp. (similar to 66-7-315 NMSA 1978, no-passing zones), is not a lesser included offense of 64-22-1 or 66-22-3, 1953 Comp. (similar to 66-8-101 NMSA 1978 and this section, respectively), hence, conviction pursuant to 64-18-14, 1953 Comp., is impliedly an acquittal of homicide by vehicle. *State v. Villa*, 85 N.M. 537, 514 P.2d 56 (Ct. App. 1973).

Offense not necessarily lesser included offense in vehicular homicide. - A conviction or acquittal of a lesser offense necessarily included in a greater offense bars a subsequent prosecution for the greater offense. However, where the indictment against defendant was phrased in the alternative charging him with homicide by vehicle while violating either 66-8-102 NMSA 1978 or 64-22-3, 1953 Comp. (similar to this section), the prosecution was not barred by a conviction in municipal court for driving under the influence since the lesser offense of driving while under the influence of intoxicating liquor is not necessarily included in the greater offense of homicide by vehicle. *State v. Tanton*, 88 N.M. 333, 540 P.2d 813 (1975).

A conviction of reckless driving is not necessarily included in a conviction of vehicular homicide while driving under the influence. *State v. Wiberg*, 107 N.M. 152, 754 P.2d 529 (Ct. App. 1988).

No double jeopardy when facts fail "same evidence" test. - Where the facts offered in municipal court to support a conviction for driving while under the influence of intoxicating liquors would not necessarily sustain a conviction for homicide by vehicle in district court, under the "same evidence" test there was no double jeopardy when the state sought to prosecute the defendant for homicide by vehicle. *State v. Tanton*, 88 N.M. 333, 540 P.2d 813 (1975).

Collateral estoppel inapplicable when defendant has no acquittal to raise. - The principle of collateral estoppel bars relitigation between the same parties of issues actually determined at a previous trial; in a criminal trial context collateral estoppel is a constitutional defense raised by the defendant in a second trial after an acquittal in the first trial on the same issue. Where the defendant was convicted in municipal court of violation of certain traffic ordinances, he had no acquittal to raise in his defense in district court on charges of homicide by vehicle, and application of the principle of collateral estoppel was therefore inappropriate. *State v. Tanton*, 88 N.M. 333, 540 P.2d 813 (1975).

A plea of guilty to reckless driving creates issue of fact for the jury within the meaning of the guest statute (64-24-1, 1953 Comp. since declared unconstitutional). *Valencia v. Dixon*, 83 N.M. 70, 488 P.2d 120 (Ct. App.), cert. denied, 83 N.M. 57, 488 P.2d 107 (1971).

Defendant's plea of guilty to reckless driving is not conclusive evidence of heedlessness or reckless disregard in a civil action under the guest statute (64-24-1, 1953 Comp., since declared unconstitutional). It is an admission, subject to explanation and contradiction, and is to be weighed and considered by the jury in connection with all other evidence in the case to determine whether defendant comes within the "unless" clause of the guest statute. *Valencia v. Dixon*, 83 N.M. 70, 488 P.2d 120 (Ct. App.), cert. denied, 83 N.M. 57, 488 P.2d 107 (1971).

Guilty plea does provide substantial evidence of state of mind. - A plea of guilty to reckless driving, together with all of the other facts and circumstances, creates an issue of fact for the jury to determine whether the accident was caused by defendant's heedlessness or his reckless disregard of the rights of plaintiff. The reason is that it provides substantial evidence of defendant's state of mind. His plea of guilty admits that he drove his vehicle "heedlessly in willful or wanton disregard of the rights or safety of others" which falls within the "unless" clause of the guest statute (64-24-1, 1953 Comp., since declared unconstitutional). *Valencia v. Dixon*, 83 N.M. 70, 488 P.2d 120 (Ct. App.), cert. denied, 83 N.M. 57, 488 P.2d 107 (1971).

Driver's utter irresponsibility required under "guest statute". - Absent claim of intentional injury there must be some substantial evidence of a state of mind upon the

part of the defendant driver of an utter irresponsibility on the part of defendant or of a conscious abandonment of any consideration for the safety of passengers to convict under a "guest" statute (64-24-1, 1953 Comp., since declared unconstitutional). *Carpenter v. Yates*, 58 N.M. 513, 273 P.2d 373 (1954).

Improper use of spotlight is factual question. - In an action by guest plaintiff against host driver for injuries from an automobile accident, whether a spotlight was improperly used was a factual question for determination by a jury ("guest statute," 64-24-1, 1953 Comp., was declared unconstitutional). *Carpenter v. Yates*, 58 N.M. 513, 273 P.2d 373 (1954).

II. EVIDENCE.

A. IN GENERAL.

Evidence of driving conduct occurring before mishap admissible. - In a prosecution for homicide by vehicle by driving recklessly, evidence of driving conduct that occurred immediately before the mishap was admissible under Rule 404(b), N.M.R. Evid. (now Rule 11-404), both to show defendant's mental state and also lack of accident. *State v. Sandoval*, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

Evidence of intoxication does not necessarily prove reckless driving. - While evidence of intoxication might bear upon question of whether defendant was guilty of reckless driving, it does not necessarily prove it; it is a circumstance to be considered by the jury in deciding the issue. *State v. Sisneros*, 42 N.M. 500, 82 P.2d 274 (1938).

Evidence of intoxication need not be sufficient to support a conviction for driving while under the influence pursuant to 66-8-102 NMSA 1978 in order to be admissible in a prosecution for violation of 64-22-3, 1953 Comp. (similar to this section), any evidence of drinking is relevant as a circumstance for the jury to consider on the issue of reckless driving. *State v. Sandoval*, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

Intoxication evidence but one circumstance to consider in reckless driving. - In New Mexico, evidence of intoxication is but one circumstance to be considered by the jury in deciding the issue of reckless driving. Likewise, evidence of drinking has a tendency to make the existence of carelessness or lack of due caution more probable than it would be without the evidence and is thus relevant and but one circumstance to consider when the prosecution is for reckless driving. *State v. Sandoval*, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

"Appearing" intoxicated evidence admissible even though acquitted on influence charge. - Even though defendant had been tried and acquitted for driving while under the influence of intoxicating liquors on the same facts under which he was charged with

reckless driving, testimony by arresting officer that defendant appeared intoxicated was competent, as bearing on the issue of reckless driving, to prove all of the circumstances at the time of the alleged criminal act, including defendant's condition, movements and conduct. *State v. Platter*, 66 N.M. 273, 347 P.2d 166 (1959).

B. HOMICIDE BY VEHICLE.

Quantum of proof required for conviction of homicide by vehicle while driving recklessly would be similar to that required for a conviction of involuntary manslaughter under prior law. *State v. Sandoval*, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

One who drives recklessly may be guilty of involuntary manslaughter. - One who operates his automobile in wanton disregard of the rights and safety of others may be guilty of involuntary manslaughter. *State v. Turney*, 41 N.M. 150, 65 P.2d 869 (1937).

State must prove criminal negligence. - Evidence was insufficient to sustain conviction of involuntary manslaughter where state failed to sustain burden of proving criminal negligence on part of accused who was charged with driving his automobile in a reckless manner at the time of the accident. *State v. Sisneros*, 42 N.M. 500, 82 P.2d 274 (1938).

Negligence must be direct and proximate cause of death. - In order that a person may be guilty of a criminal homicide arising from the negligent operation of an automobile or its use for an unlawful purpose or in violation of law, it is uniformly held that it must be shown that such negligent operation, or use for an unlawful purpose or in violation of law, was the direct and proximate cause of the death; that is, that there was present a causal connection between the act and the death. *State v. Sisneros*, 42 N.M. 500, 82 P.2d 274 (1938).

C. ILLUSTRATIONS.

Going up incline on wrong side of road is reckless. - Inadvertently allowing an automobile to encroach upon the wrong side of the road while going up an incline so steep cars beyond its crest may not be seen constitutes a reckless, willful and wanton disregard of consequences to others, and will support conviction for manslaughter if one be killed as a result thereof. *State v. Rice*, 58 N.M. 205, 269 P.2d 751 (1954).

Excessive speed in residential neighborhood in wrong lane. - Where the evidence was undisputed that defendant drove 70 m.p.h. in a residential neighborhood, in a 25 to 35 m.p.h. zone, and on the wrong side of the highway, and smashed into decedent's car and killed him, a jury would have a right to believe that the collision was not accidental, and that the defendant was driving in a careless manner and in wanton disregard of the rights or safety of others, or at a speed or in a manner so as to endanger any person, and the evidence was sufficient to submit to the jury homicide by vehicle while operating in a reckless manner. *State v. Richerson*, 87 N.M. 437, 535 P.2d 644 (Ct. App.), cert. denied, 87 N.M. 450, 535 P.2d 657 (1975).

"Showing off" at high speeds on heavily traveled street. - Evidence that at the precise time of the accident defendant was traveling at 45 m.p.h. in a 30 m.p.h. zone on a heavily traveled main street, that the decedent's vehicle drove out onto the main street after stopping at a stop sign, and that defendant revved up his engine, slammed on his brakes, left 74 feet of skid marks and hit the decedent's vehicle broadside, along with abundant evidence from many witnesses that during the hours and minutes immediately preceding the accident, defendant was engaged in showing off a "hot-rod" type vehicle (driving up and down the street at high speeds, switching in and out of lanes, straddling lanes, turning corners very rapidly and making illegal U-turns, in addition to alternately revving up and slowing down the engine and attempting to "leave rubber" when he passed young members of the opposite sex walking along the street, and drinking) showed, without doubt, that defendant was operating his vehicle carelessly and heedlessly in willful and wanton disregard of the rights and safety of others, and without due caution and circumspection and in a manner so as to be likely to endanger persons and property, and was sufficient to sustain the conviction for homicide by vehicle while driving recklessly. *State v. Sandoval*, 88 N.M. 267, 539 P.2d 1029 (Ct. App. 1975).

Intoxication and mere running of red light may be reckless. - This court reviews evidence in a conviction for homicide by vehicle in the light most favorable to the verdict; thus, while the mere running of a red light would not, alone, constitute reckless driving, the circumstances of intoxication attending this act might reasonably lead a jury to a finding of recklessness. *State v. Myers*, 88 N.M. 16, 536 P.2d 280 (Ct. App. 1975).

Weaving back and forth across highway which customarily carries heavy traffic while traveling at a moderate rate of speed through a series of curves constituted substantial evidence of reckless driving. *State v. Platter*, 66 N.M. 273, 347 P.2d 166 (1959).

It is not negligence to drive through fog if ordinary care under the circumstances is exercised; but the degree of care varies with the denseness of the fog and the danger to be avoided. *Silva v. Waldie*, 42 N.M. 514, 82 P.2d 282 (1938).

66-8-114. Careless driving.

A. Any person operating a vehicle on the highway shall give his full time and entire attention to the operation of the vehicle.

B. Any person who operates a vehicle in a careless, inattentive or imprudent manner, without due regard for the width, grade, curves, corners, traffic, weather and road conditions and all other attendant circumstances is guilty of a misdemeanor.

History: 1953 Comp., § 64-22-3.1, enacted by Laws 1969, ch. 169, § 12; recompiled as 1953 Comp., § 64-8-114, by Laws 1978, ch. 35, § 522.

Section not vague. - This section prohibits driving while not paying enough attention under the existing circumstances; the fact that one cannot predict what the circumstances might be does not make the section vague. *State v. Warrantless home arrest not merited. - The minor offenses of careless driving and leaving the scene of an accident do not merit the extraordinary recourse of warrantless home arrest. *Howard v. Dickerson*, 34 F.3d 978 (10th Cir. 1994).

There is no such crime as homicide by vehicle by careless driving. *State v. Yazzie*, 116 N.M. 83, 860 P.2d 213 (Ct. App. 1993).

Section not a basis for involuntary manslaughter. - Involuntary Manslaughter cannot be based upon a violation of the careless driving statute, which requires a showing of only civil negligence. *State v. Yarborough*, 120 N.M. 669, 905 P.2d 209 (Ct. App. 1995).

Careless driving requires a showing of only ordinary or civil negligence, and is therefore an improper predicate offense for involuntary manslaughter. *State v. Yarborough*, 122 N.M. 596, 930 P.2d 131 (1996).

Magistrate could try offenses under section. - Prior to the 1973 amendment to 35-3-4 NMSA 1978 the magistrate court had jurisdiction to try misdemeanors in the Motor Vehicle Code including the careless driving statute, this section, unless the penalty for the offense specifically imposes a maximum fine of more than \$100 and/or six months imprisonment. 1969 Op. 66-8-115. Racing on highways; exception.

A. Unless written permission setting out pertinent conditions is obtained from the chief of the New Mexico state police, and then only in accordance with such conditions, no person shall drive a vehicle on a highway in any race, speed competition or contest, drag race or acceleration contest, test of physical endurance, exhibition of speed or acceleration or for the purpose of making a speed record, whether or not the speed is in excess of the maximum speed prescribed by law, and no person shall in any manner participate in any such race, drag race, competition, contest, test or exhibition.

B. As used in this section:

(1) "drag race" means the operation of two or more vehicles from a point side by side at accelerating speeds in a competitive attempt to outdistance each other, or the operation of one or more vehicles over a common selected course from the same point to the same point for the purpose of comparing the relative speeds or power of acceleration of the vehicle or vehicles within a certain distance or time limit; and

(2) "race" means the use of one or more vehicles in a manner to outgain or outdistance another vehicle, prevent another vehicle from passing, arrive at a given destination ahead of another vehicle or test the physical stamina or endurance of drivers over long-distance routes.

C. No official or agency of the state of New Mexico shall be held liable in any civil action in connection with the permission which is authorized in this section.

D. Any person who violates any provision of this section is guilty of a misdemeanor.

Att'y Gen. No. 69-88.

Prosecution of complaint filed by person not law enforcement officer. - If an offense defined as a "penalty assessment misdemeanor" is committed and the offender is not arrested by a police officer, then a person other than a law enforcement officer may file a criminal complaint in accordance with the procedure established for all misdemeanors, and the prosecution of such a complaint would be undertaken at the discretion of the district attorney. 1981 Op. The 1988 amendment, effective March 8, 1988, substituted "Subsections D and E" for "Subsection D" in the first sentence, and added all of the language of the second sentence following the first instance of "corrections fund".

The 1990 amendment, effective July 1, 1990, substituted "Subsections A, B and C of Section 66-8-116.3 NMSA 1978" for "Subsections D and E of Section 66-8-116 NMSA 1978" in the first sentence and rewrote the second sentence which read "The division shall remit all penalty assessment fee receipts collected pursuant to Subsection D of

Section 66-8-116 NMSA 1978 to the state treasurer for credit to the local government corrections fund and the court automation fee collected pursuant to Subsection E of Section 66-8-116 NMSA 1978 to the state treasurer for credit to the court automation fund".

The 1993 amendment, effective July 1, 1993, substituted "A through D" for "A, B and C" and deleted "state" before "general fund" in the first sentence; and deleted "and" before "the traffic safety fee" and added the language beginning "and the judicial education fee" to the end, in the second sentence.

The 1997 amendments. - Identical amendments to this section, enacted by Laws 1997, ch. 242, § 6 and Laws 1997, ch. 247, § 3, effective July 1, 1997, added the subsection designations, deleted the language "the court automation fee collected pursuant to", "the traffic safety fee collected pursuant to" and "and the judicial education fee collected pursuant to" at the end of Paragraphs B(1), (2) and (3), respectively, and added Paragraph B(5).

Every person who commits, attempts to commit, conspires to commit or aids or abets in the commission of any act declared herein to be a crime, whether individually or in connection with one or more other persons or as a principal, agent or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcibly or willfully induces, causes, coerces, requires, permits or directs another to violate any provision of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] or any other law of this state pertaining to motor vehicles is likewise guilty of such offense.

Whenever any person is arrested for any violation of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] or other law relating to motor vehicles punishable as a misdemeanor, he shall be immediately taken before an available magistrate who has jurisdiction of the offense when the:

- A. person requests immediate appearance;
- B. person is charged with driving while under the influence of intoxicating liquor or narcotic drugs;
- C. person is charged with failure to stop in the event of an accident causing death, personal injuries or damage to property;
- D. person is charged with reckless driving;
- E. arresting officer has good cause to believe the person arrested has committed a felony;
- F. person refuses to give his written promise to appear in court or acknowledge receipt of a warning notice; or
- G. person is charged with driving when his privilege to do so was suspended or revoked pursuant to Section 66-8-111 NMSA 1978 or pursuant to a conviction for driving while under the influence of intoxicating liquor or drugs.

No right to counsel when under custodial arrest following testing. - A person issued a citation and placed under custodial arrest for driving while under the influence of intoxicating liquor does not have a constitutional right to counsel immediately following a breath alcohol test since it did not amount to initiation of judicial criminal proceedings or prosecutorial commitment, nor was the period following administration of the test a critical stage. *State v. Sandoval*, 101 N.M. 399, 683 P.2d 516 (Ct. App. 1984).

The word "immediate" does not mean "instantaneously," without any delay or any time intervening, but means within a reasonable time, without unreasonable or unnecessary delay, having due regard to the nature and circumstances of a particular case. 1959-60 Op. Att'y Gen. No. 60-34.

Peace officers can make warrantless arrest when probable cause offense committed in presence. - Peace officers in this state can make arrests without warrants for other than trivial misdemeanors when they have probable cause to believe an offense is being committed in their presence. Such probable cause exists when there is a reasonable foundation for the judgment of the officer that a misdemeanor is being committed. 1961-62 Op. Att'y Gen. No. 61-117.

Warrantless arrest for commission of a felony. - In situations involving violations of the Motor Vehicle Code (66-1-1 to 66-8-140 NMSA 1978) other than those enumerated in this section, a police officer may make a physical arrest without a warrant rather than issuing a uniform traffic citation so long as the arrest is made for the commission of a felony or for the commission of a misdemeanor committed in his presence. 1961-62 Op. Att'y Gen. No. 61-117.

66-8-123. Conduct of arresting officer; notices by citation.

A. Except as provided in Section 66-8-122 NMSA 1978, unless a penalty assessment or warning notice is given, whenever a person is arrested for any violation of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] or other law relating to motor vehicles punishable as a misdemeanor, the arresting officer, using the uniform traffic citation, shall complete the information section and prepare a notice to appear in court, specifying the time and place to appear, have the arrested person sign the agreement to appear as specified, give a copy of the citation to the arrested person and release him from custody.

B. Whenever a person is arrested for violation of a penalty assessment misdemeanor and elects to pay the penalty assessment, the arresting officer, using the uniform traffic citation, shall complete the information section and prepare the penalty assessment

notice indicating the amount of the penalty assessment, have the arrested person sign the agreement to pay the amount prescribed, give a copy of the citation along with a business reply envelope addressed to the motor vehicle division, Santa Fe to the arrested person and release him from custody. No officer shall accept custody or payment of any penalty assessment. If the arrested person declines to accept a penalty assessment notice, the officer shall issue a notice to appear.

C. The arresting officer may issue a warning notice but shall fill in the information section of the uniform traffic citation and give a copy to the arrested person after requiring his signature on the warning notice as an acknowledgment of receipt. No warning notice issued under this section shall be used as evidence of conviction for purposes of suspension or revocation of license under Section 66-5-30 NMSA 1978.

D. In order to secure his release, the arrested person must give his written promise to appear in court or to pay the penalty assessment prescribed or acknowledge receipt of a warning notice.

E. Any officer violating this section is guilty of a misconduct in office and is subject to removal.

F. A law enforcement officer who arrests a person without a warrant for a misdemeanor violation of the Motor Carrier Act, the Criminal Code, the Liquor Control Act or other New Mexico law may use the uniform traffic citation, issued pursuant to procedures outlined in Section 31-1-6 NMSA 1978, Subsections B through E, in lieu of taking him to jail.

History: 1953 Comp., § 64-8-123, enacted by Laws 1978, ch. 35, § 531; 1981, ch. 360, § 11; 1989, ch. 320, § 6.

Liquor Control Act. - See 60-3A-1 NMSA 1978.

Motor Carrier Act. - See 65-2-80 NMSA 1978 and notes thereto.

Investigative detention by police officer. - Despite this section's use of the words "arrest" and "custody," when a New Mexico police officer stops a car merely to issue a traffic summons for a minor speeding infraction, that stop is more in the nature of an investigative detention than a traditional arrest. *United States v. Gonzalez*, 763 F.2d 1127 (10th Cir. 1985).

Arresting officer designates court and offender submits to its jurisdiction. -

Whenever the procedure outlined in 64-22-8, 1953 Comp. (similar to this section), is followed, the arresting officer has the authority to designate the court before whom the offender shall appear. When the arrested person, in order to secure his immediate release, gives his written promise to appear before the court designated in the citation, he voluntarily submits to the jurisdiction of the court, which is retained by the said court to the exclusion of all others until voluntarily and legally relinquished, or until disqualified. 1957-58 Op. Att'y Gen. No. 58-122.

Court within county where offense occurred. - The arresting officer may designate which court the arresting person must appear in, so long as the court is within the county where the offense charged is alleged to have occurred, and the person cited is bound by the arresting officer's designation. 1959-60 Op. Att'y Gen. No. 60-199.

Magistrate designated on citation thereby acquires and retains jurisdiction. -

Assuming that the arresting officer complies with Subsection B of 64-22-8, 1953 Comp. (similar to this section), the magistrate designated thereon acquires jurisdiction over the subject matter of the cause. It is fundamental that the court first acquiring jurisdiction of a cause retains it to the exclusion of all others, so long as it does not voluntarily and legally abandon it. 1957-58 Op. Att'y Gen. No. 58-122.

Offender may not disregard designation. - Where a police officer issues a traffic citation to an offender listing thereon the justice of the peace (now magistrate) before whom the offender is to appear, the offender may not disregard this and appear before a justice of the peace of his own choosing. 1957-58 Op. Att'y Gen. No. 58-122.

Municipal policeman cannot require offender's appearance in court outside city. -

A city or town policeman, when issuing a traffic citation to an adult for the violation of a municipal ordinance, cannot require the offender to appear before a magistrate court located in a precinct outside the limits of the municipality. Of course, if the governing body of the municipality has designated one particular court within the municipality to hear all cases of violations of municipal ordinances, then all traffic citations should be directed to that court. 1959-60 Op. Att'y Gen. No. 60-199.

No appearance unless violation is of state traffic law. - A city or town policeman could issue a traffic citation to an adult for an alleged violation of a state traffic law, and require the person arrested to appear in a court located in a precinct outside the municipality, so long as the court designated is within the county. 1959-60 Op. Att'y Gen. No. 60-199.

Officer may detain accused when no court open. - When a police officer arrests a person for driving while under the influence of alcohol and because of the hour of the night is unable to find a court open, the police officer may detain the accused under arrest until it is possible to take him before a magistrate. 1959-60 Op. Att'y Gen. No. 60-34.

66-8-124. Arresting officer to be in uniform.

A. No person shall be arrested for violating the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] or other law relating to motor vehicles punishable as a misdemeanor except by a commissioned, salaried peace officer who, at the time of arrest, is wearing a uniform clearly indicating his official status.

B. Notwithstanding the provisions of Subsection A of this section, a municipality may provide by ordinance that uniformed private security guards may be commissioned by the local police agency to issue parking citations for violations of clearly and properly marked fire zones and handicapped zones. Prior to the commissioning of any security guard the employer of the security guard shall agree in writing with the local police agency to said commissioning of the employer's security guard. The employer of any security guard commissioned under the provisions of this section shall be liable for the actions of that security guard in carrying out his duties pursuant to that commission. Notwithstanding the provisions of the Tort Claims Act [41-4-1 to 41-4-27 NMSA 1978], private security guards commissioned under this section shall not be deemed public employees under that act.

History: 1953 Comp., § 64-22-8.1, enacted by Laws 1961, ch. 213, § 3; 1968, ch. 62, § 162; recompiled as 1953 Comp., § 64-8-124, by Laws 1978, ch. 35, § 532; 1989, ch. 127, § 1.

ANNOTATIONS

The 1989 amendment, effective June 16, 1989, designated the formerly undesignated provisions as Subsection A, while substituting "commissioned" for "full-time" therein, and added Subsection B.

"Uniform" for purposes of this section means commission of office and a prominently displayed badge. 1966 Op. Att'y Gen. No. 66-92.

Two alternative tests are adopted for determining if an officer is in "uniform" within the intent of the statute; (1) whether there are sufficient indicia that would permit a reasonable person to believe the person purporting to be a peace officer is, in fact, who he claims to be; or, (2) whether the person stopped and cited either personally knows the officer or has information that should cause him to believe the person making the stop is an officer with official status. Since the officer was using a marked police unit and was wearing a windbreaker with "Albuquerque Police" clearly marked in two places, this sufficed to support a finding that he was wearing a uniform clearly indicating his official status. *State v. Archuleta*, 118 N.M. 160, 879 P.2d 792 (Ct. App. 1994).

Provision not applicable to arrests for violations of liquor laws. - This section does not prevent officers from carrying out their duty to investigate possible criminal behavior even if the officers are not in uniform. The provision may prevent an arrest if the arrest is to be for violations covered by the provision and the officer is not in uniform. In those

circumstances the plain-clothes officer would have to wait for the arrival of the uniformed officer. However, the section was not applicable to the investigation of vehicle carried out by plain-clothes officers where arrests were for violations of liquor and narcotics laws. *State v. Ray*, 91 N.M. 67, 570 P.2d 605 (Ct. App.), cert. denied, 91 N.M. 4, 569 P.2d 414 (1977).

Limitation on arresting power of nonuniformed officer. - Officer who observes crime while out of uniform cannot effect valid warrantless misdemeanor arrest by calling uniformed officer, who had not observed the crime, to the scene to make the arrest. *State v. Warren*, 103 N.M. 472, 709 P.2d 194 (Ct. App. 1985).

66-8-125. Arrest without warrant.

A. Members of the New Mexico state police, sheriffs and their salaried deputies and members of any municipal police force, may arrest without warrant any person:

(1) present at the scene of a motor vehicle accident;

(2) on a highway when charged with theft of a motor vehicle; or

(3) charged with crime in another jurisdiction, upon receipt of a message giving the name or a reasonably accurate description of the person wanted, the crime alleged and a statement he is likely to flee the jurisdiction of the state.

B. To arrest without warrant, the arresting officer must have reasonable grounds, based on personal investigation which may include information from eyewitnesses, to believe the person arrested has committed a crime.

C. Members of the New Mexico state police, sheriffs, and their salaried deputies and members of any municipal police force may not make arrest for traffic violations if not in uniform; however, nothing in this section shall be construed to prohibit the arrest, without warrant, by a peace officer of any person when probable cause exists to believe that a felony crime has been committed or in nontraffic cases.

History: 1953 Comp., § 64-8-125, enacted by Laws 1978, ch. 35, § 533.

ANNOTATIONS

Legislative intent was adoption of a method designed to foreclose the tourist from evading a traffic citation by the simple expediency of leaving the confines of this state. It would be a rare case indeed when a New Mexico resident would flee the jurisdiction of this state to avoid payment of a fine for a traffic violation. 1961-62 Op. Att'y Gen. No. 61-117.

Authority to make warrantless arrest circumscribed by Fourth Amendment. - Although the New Mexico Motor Vehicle Code authorizes warrantless arrests in some

instances, this license is circumscribed by the Fourth Amendment. *Howard v. Dickerson*, 34 F.3d 978 (10th Cir. 1994).

Alternate basis for arrest. - This section provides an alternate basis for an arrest to the usual rules governing warrantless misdemeanor arrests. *State v. Eden*, 108 N.M. 737, 779 P.2d 114 (Ct. App. 1989).

State police officer may arrest any person without a warrant if, based on personal investigation which may include information from eyewitnesses, he has reasonable grounds to believe the person arrested has committed a crime. *Stone v. United States*, 385 F.2d 713 (10th Cir. 1967), cert. denied, 391 U.S. 966, 88 S. Ct. 2038, 20 L. Ed. 2d 880 (1968).

Uniformed Officer. - Two alternative tests are adopted for determining if an officer is in "uniform" within the intent of the statute; one, whether there are sufficient indicia that would permit a reasonable person to believe the person purporting to be a peace officer is, in fact, who he claims to be; or, two, whether the person stopped and cited either personally knows the officer or has information that should cause him to believe the person making the stop is an officer with official status. Since the officer was using a marked police unit and was wearing a windbreaker with "Albuquerque Police" clearly marked in two places, this sufficed to support a finding that he was wearing a uniform clearly indicating his official status. *State v. Archuleta*, 118 N.M. 160, 879 P.2d 792 (Ct. App. 1994).

Municipal police officer enforcing outside city limits. - Absent a statutory exception, such as fresh pursuit or the issuance of credentials by the Motor Vehicle Division, a municipal police officer's authority to enforce the Motor Vehicle Code is limited to the city limits of the municipality where he is employed. 1988 Op. Att'y Gen. No. 88-77.

When and where warrantless arrest may be made. - If the requirements of Subsection B of 64-22-8.2, 1953 Comp. (now repealed, but similar to this section) are met, a valid warrantless arrest may be made of a person present at the scene of the accident if the arrest is made either at the scene or at a place other than the accident scene if the arrest is made with reasonable promptness. *State v. Calanche*, 91 N.M. 390, 574 P.2d 1018 (Ct. App. 1978).

Tribal police officer has the authority to stop and issue a tribal citation, and arrest a non-Indian, so long as the Indian authorities promptly deliver up the non-Indian offender, rather than try and punish him themselves. *State v. Ryder*, 98 N.M. 453, 649 P.2d 756 (Ct. App.), aff'd, 98 N.M. 316, 648 P.2d 774 (1982).

Bureau of Indian affairs officer. - A noncross-commissioned bureau of Indian affairs officer is empowered to stop a vehicle within the borders of an Indian reservation for a traffic law offense and, upon determining that the offender is a non-Indian, to require him to wait until a cross-commissioned BIA officer arrives. *State v. Ryder*, 98 N.M. 453, 649 P.2d 756 (Ct. App.), aff'd, 98 N.M. 316, 648 P.2d 774 (1982).

Provision not applicable to arrests for violations of liquor laws. - This section does not prevent officers from carrying out their duty to investigate possible criminal behavior even if the officers are not in uniform. The provision may prevent an arrest if the arrest is to be for violations covered by the provision and the officer is not in uniform. In those circumstances the plain-clothes officer would have to wait for the arrival of the uniformed officer. However, the section was not applicable to the investigation of vehicle carried out by plain-clothes officers where arrests were for violations of liquor and narcotics laws. *State v. Ray*, 91 N.M. 67, 570 P.2d 605 (Ct. App.), cert. denied, 91 N.M. 4, 569 P.2d 414 (1977).

Volunteer deputy cannot make arrests pursuant to provision. - An exception to rule that a peace officer may make an arrest, without warrant and out of uniform, where he has reasonable cause to believe suspect committed a felony, is when the suspected felon is arrested on the highway and charged with theft of a motor vehicle or a crime in another jurisdiction. In such case an unsalaried, volunteer, deputy has no authority to make an arrest. In order to have authority without a warrant to arrest one for the commission of any other felony occurring under the motor vehicle laws, the arresting officer must base his reasonable grounds, in part, on a personal investigation. 1966 Op. Att'y Gen. No. 66-92.

Mistaken belief was not basis for invalidating arrest. - Arresting officer's reasonable but mistaken belief that defendant's snowmobile was a motor vehicle was not a sufficient basis for invalidating an otherwise valid arrest of defendant for driving the snowmobile while intoxicated. *State v. Eden*, 108 N.M. 737, 779 P.2d 114 (Ct. App. 1989).

Careless driving and leaving scene of accident. - The minor offenses of careless driving and leaving the scene of an accident do not merit the extraordinary recourse of warrantless home arrest. *Howard v. Dickerson*, 34 F.3d 978 (10th Cir. 1994).

66-8-126. Failure to obey notice to appear.

A. It is a misdemeanor for any person to violate his written promise to appear in court, given to an officer upon issuance of a uniform traffic citation, regardless of the disposition of the charge for which the citation was issued.

B. A written promise to appear in court may be complied with by appearance of counsel.

Violation of promise is offense in addition to original offense. - When a person to whom a uniform traffic citation has been issued violates his written promise to appear in court, he has committed a violation in addition to that for which he was originally cited. 1961-62 Op. Att'y Gen. No. 61-117.

66-8-127. Procedure not exclusive.

Sections 66-8-122 through 66-8-125 NMSA 1978 govern all police officers in making arrests without warrant for violations of the Motor Vehicle Code [Articles 1 to 8 of Chapter 66, except 66-7-102.1 NMSA 1978] and other laws relating to motor vehicles, but the procedure prescribed is not exclusive of any other method prescribed by law for the arrest and prosecution of a person violating these laws.

History: 1953 Comp., § 64-8-127, enacted by Laws 1978, ch. 35, § 535.

ANNOTATIONS

Physical arrest for vehicle code misdemeanor is method "prescribed by law". - Since, under the common-law rule in effect in this jurisdiction, peace officers may make an arrest without a warrant for a misdemeanor committed in their presence, a physical arrest for violating the Motor Vehicle Code is a method "prescribed by law." 1961-62 Op. Att'y Gen. No. 61-117.

Warrantless misdemeanor arrests proper when probable cause offense being committed. - Peace officers in this state can make arrests without warrants for other than trivial misdemeanors when they have probable cause to believe an offense is being committed in their presence. Such probable cause exists when there is a reasonable foundation for the judgment of the officer that a misdemeanor is being committed. 1961-62 Op. Att'y Gen. No. 61-117.

66-8-128. Uniform traffic citation.

A. The department shall prepare a uniform traffic citation containing at least the following information:

(1) an information section, serially numbered and containing spaces for the name, address, city and state of the individual charged; the individual's physical description, age and sex; the registration number, year and state of the vehicle involved and its make and type; the state and number of the individual's driver's license; the specific section number and common name of the offense charged under the NMSA 1978 or of

local law; the date and time of arrest; the arresting officer's signature and identification number; and the conditions existing at the time of the violation;

(2) a notice to appear; and

(3) a penalty assessment notice with a place for the signature of the violator agreeing to pay the penalty assessment prescribed.

66-8-137.1. Nonresident Violator Compact; form.

The "Nonresident Violator Compact" is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

NONRESIDENT VIOLATOR COMPACT

ARTICLE I. FINDINGS, DECLARATION OF POLICY AND PURPOSE.

A. The party jurisdictions find that:

(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction:

(a) must post collateral or bond to secure appearance for trial at a later date; or

(b) if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or

(c) is taken directly to court for his trial to be held.

(2) In some instances, the motorist's driver's license is deposited as collateral to be returned after he has complied with the terms of the citation.

(3) The purpose of the practices described in Paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to his home jurisdiction and disregard his duty under the terms of the traffic citation.

(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.

(5) The practice described in Paragraph (1) above causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial or pay the fine and thus is compelled to remain in custody until some arrangement can be made.

(6) The deposit of a driver's license as a bail bond, as described in Paragraph (2) above, is viewed with disfavor.

(7) The practices described herein consume an undue amount of law enforcement time.

B. It is the policy of the party jurisdictions to:

(1) Seek compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions, each as to the other, for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

C. The purpose of this compact is to:

(1) Provide a means through which jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in Paragraph B above, in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdiction in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

ARTICLE II. DEFINITIONS.

In the Nonresident Violator Compact, the following words have the meaning indicated.

- (1) "Citation" means any summons, ticket or other official document issued by a police officer for a traffic violation containing an order which requires the motorist to respond.
- (2) "Collateral" means any cash or other security deposited to secure an appearance for trial, following the issuance by a police officer of a citation for a traffic violation.
- (3) "Court" means a court of law or traffic tribunal.
- (4) "Driver's license" means any license or privilege to operate a motor vehicle issued under the laws of the home jurisdiction.
- (5) "Home jurisdiction" means the jurisdiction that issued the driver's license of the traffic violator.
- (6) "Issuing jurisdiction" means the jurisdiction in which the traffic citation was issued to the motorist.
- (7) "Jurisdiction" means a state, territory or possession of the United States, the District of Columbia or the commonwealth of Puerto Rico.
- (8) "Motorist" means a driver of a motor vehicle operating in a party jurisdiction other than the home jurisdiction.
- (9) "Personal recognizance" means an agreement by a motorist made at the time of issuance of the traffic citation that he will comply with the terms of that traffic citation.
- (10) "Police officer" means any individual authorized by the party jurisdiction to issue a citation for a traffic violation.
- (11) "Terms of the citation" means those options expressly stated upon the citation.

ARTICLE III. PROCEDURE FOR ISSUING JURISDICTION.

A. When issuing a citation for a traffic violation, a police officer shall issue the citation to a motorist who possesses a driver's license issued by a party jurisdiction and shall not, subject to the exceptions noted in Paragraph B of this article, require the motorist to post collateral to secure appearance, if the officer receives the motorist's signed personal recognizance that he will comply with the terms of the citation.

B. Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.

C. Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with

procedures specified by the issuing jurisdiction and shall contain information as specified in the compact manual as minimum requirements for effective processing by the recipient jurisdiction.

D. Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist the information in a form and content as contained in the compact manual.

E. The licensing authority of the issuing jurisdiction may not suspend the privilege of a motorist for whom a report has been transmitted.

F. The licensing authority of the issuing jurisdiction shall not transmit a report on any violation if the date of transmission is more than six months after the date on which the traffic citation was issued.

G. The licensing authority of the issuing jurisdiction shall not transmit a report on any violation where the date of issuance of the citation predates the most recent of the effective dates of entry for the two jurisdictions affected.

ARTICLE IV. PROCEDURE FOR HOME JURISDICTION.

A. Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be afforded.

B. The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

ARTICLE V. APPLICABILITY OF OTHER LAWS.

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.

ARTICLE VI. COMPACT ADMINISTRATOR PROCEDURES.

A. For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is created. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will

serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

B. Compact administrators shall be entitled to one vote each on the board of directors. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. Action by the board shall be only at a meeting at which a majority of the party jurisdictions are represented.

C. The board shall elect annually, from its membership, a chairman and a vice chairman.

D. The board shall adopt bylaws, not inconsistent with the provisions of this compact or the laws of a party jurisdiction, for the conduct of its business and shall have the power to amend and rescind its bylaws.

E. The board may accept for any of its purposes and functions under this compact any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any jurisdiction, the United States or any other governmental agency and may receive, utilize and dispose of the same.

F. The board may contract with, or accept services or personnel from, any government or intergovernmental agency, person, firm or corporation, or any private nonprofit organization or institution.

G. The board shall formulate all necessary procedures and develop uniform forms and documents for administering the provisions of this compact. All procedures and forms adopted pursuant to board action shall be contained in the compact manual.

ARTICLE VII. ENTRY INTO COMPACT AND WITHDRAWAL.

A. This compact shall become effective when it has been adopted by at least two jurisdictions.

B. (1) Entry into the compact shall be made by a resolution of ratification executed by the authorized officials of the applying jurisdiction and submitted to the chairman of the board.

(2) The resolution shall be in a form and content as provided in the compact manual and shall include statements that in substance are as follows:

(a) A citation of the authority by which the jurisdiction is empowered to become a party to this compact.

(b) Agreement to comply with the terms and provisions of the compact.

(c) That compact entry is with all jurisdictions then party to the compact and with any jurisdiction that legally becomes a party to the compact.

(3) The effective date of entry shall be specified by the applying jurisdiction, but it shall not be less than sixty days after notice has been given by the chairman of the board of compact administrators or by the secretariat of the board to each party jurisdiction that the resolution from the applying jurisdiction has been received.

C. A party jurisdiction may withdraw from this compact by official written notice to the other party jurisdictions, but a withdrawal shall not take effect until ninety days after notice of withdrawal is given. The notice shall be directed to the compact administrator of each member jurisdiction. No withdrawal shall affect the validity of this compact as to the remaining party jurisdictions.

ARTICLE VIII. EXCEPTIONS.

The provisions of this compact shall not apply to parking or standing violations, highway weight and size limitations and violations of law governing the transportation of hazardous materials.

ARTICLE IX. AMENDMENTS TO THE COMPACT.

A. This compact may be amended from time to time. Amendments shall be presented in resolution form to the chairman of the board of compact administrators and may be initiated by one or more party jurisdictions.

B. Adoption of an amendment shall require endorsement of all party jurisdictions and shall become effective thirty days after the date of the last endorsement.

C. Failure of a party jurisdiction to respond to the compact chairman within one hundred twenty days after receipt of the proposed amendment shall constitute endorsement.

ARTICLE X. CONSTRUCTION AND SEVERABILITY.

This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government, agency, person or circumstance, the compact shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdiction affected as to all severable matters.

ARTICLE XI.

This compact shall be known as the "Nonresident Violator Compact."

ARTICLE 11 VEHICLES OF HISTORIC AND SPECIAL SIGNIFICANCE

66-11-1. Purpose.

Recognizing the importance of constructive leisure pursuits by New Mexico citizens, this act [66-11-1 to 66-11-5 NMSA 1978] is intended to encourage responsible participation in the hobby of collecting, preserving, restoring and maintaining motor vehicles of historic and special interest. Further, New Mexico, recognizing that the current pattern of resource recycling leads to an ever-shortening period of existence for vehicles of historic or special interest establishes this act to ensure the preservation of our American heritage as it relates to the motor vehicle manufacturing industry. Further, this act recognizes that a vehicle representative of this heritage, being held by a hobbyist, finds significance as an historic or special interest vehicle through a personal relevance to the life of the collector holding it and through a general relevance as an example-artifact of the transportation history of New Mexico.

A. Every person, business, association or corporation engaged in the business of selling or manufacturing motorboats and demonstrating motorboats on the public waters of this state shall file an application for a dealer's or manufacturer's number; this number shall be in lieu of a certificate of number for each motorboat intended or offered for sale. ANNOTATIONS

The 1987 amendment, effective July 1, 1987, made minor stylistic changes in Subsections A and B, and added Subsections C and D.

66-12-6.1. Excise tax on issuance of certificates of title; appropriation.

A. An excise tax is imposed upon the sale of every boat required to be registered in the state. To prevent evasion of the excise tax imposed by this section and the duty to collect it, it is presumed that the issuance of every original and subsequent certificate of title, other than a duplicate, for boats of a type required to be registered under the provisions of the Boat Act [this article] constitutes a sale for tax purposes unless specifically exempted by this section or unless there is shown satisfactory proof that the boat for which the certificate of title is sought came into the possession of the applicant as a voluntary transfer without consideration or as a transfer by operation of law. The division shall collect the tax at the time application is made for issuance of a certificate of title at the rate of five percent of the sale price of the boat. If the sale price does not represent the value of the boat in the condition that existed at the time it was acquired, the excise tax shall then be imposed at the rate of five percent of the reasonable value of the boat in such condition at such time. However, allowances granted for trade-ins may be deducted from the sale price or the reasonable value of the boat purchased. The tax shall be paid by the applicant, and the division may require all information which it deems necessary to establish the amount of the tax.

B. A penalty of fifty percent of the tax due on the issuance of a certificate of title is imposed on any person who, domiciled in this state and accepting transfer in this state, fails to apply for a certificate within ninety days of the date on which ownership was transferred to him or who is domiciled in this state but accepts transfer outside this state and who fails to apply for a certificate within ninety days of the date on which the boat is brought into this state.

C. If a boat has been acquired through an out-of-state transaction upon which a gross receipts, sales, compensating or similar tax was levied by another state or political subdivision thereof, the amount of the tax paid may be credited against the excise tax due this state on the same boat.

D. Persons domiciled outside this state and on active duty in the military service of the United States or on active duty as officers of the public health service detailed for duty with any branch of the military service are exempt from the tax imposed by this section.

E. Persons who acquire a boat out of state thirty or more days before establishing a domicile in this state are exempt from the tax imposed by this section if the boat was acquired for personal use.

F. Persons applying for a certificate of title for a boat registered in another state are exempt from the tax imposed by this section if they have previously registered and titled the boat in New Mexico and have owned the boat continuously since that time.
