THE COURT: Appeal dismissed without costs per oral reasons for judgment of Jones, J.A.; Hallett and Chipman, JJ.A. concurring.

The reasons for judgment of the Court were delivered orally by:

JONES, J.A.:

This is an appeal from confirmation of an order for the support of the parties' child. We see no manifest error on the part of the learned trial judge in confirming the recommendation of the Family Court judge. The appeal is dismissed but in the circumstances without costs.
