DECISION NO. 51-75

DOCKET NO. RU-511-75

THE CITY OF NEW YORK

DECISION AND ORDER

On June 5, 1975, District Council 37, AFSCME, AFL-CIO, filed its petition herein, seeking to amend Certification No. 77-73 (as amended by Decisions 62-74 and 31-75) by adding thereto the "title" of Public Health Epidemiologist.

Although the Office of Labor Relations does not oppose this petition, our investigation reveals that the Health Services Administration requested the establishment of such a title more than a year ago, but this request has not yet been granted. Employees performing the duties intended to be assigned to this title are serving in the classified titles of Public Health Nurse and Junior Public Health Nurse, which are included in Certification No. 77-73 (as amended). Accordingly, we shall dismiss the petition, without prejudice to a re-filing if, and when, such a title is formally established.

O R D E R

NOW, THEREFORE, pursuant to the powers vested in the Board of Certification by the New York City Collective Bargaining Law, it is hereby

ORDERED that the petition filed herein by District Council 37, AFSCME, AFL-CIO, be, and the same hereby is, dismissed without prejudice to a re-filing if and when the petitioned title is formally established.
