On April 17, 1970, the City filed a motion pursuant to Rule 2.18, to consolidate a number of certifications held by District Council 37 and its affiliated Local 375, covering various engineering, planning, scientific and related titles (Case No. RE-16-70). Pending at that time were motions filed by Local 375, District Council 37, to merge Certifications CWR-50-67 and 9 NYCDL No. 3, and to add certain titles thereto (Case No. RU-172-70), and by District Council 37 to add certain titles to Certification CWR-25-67 (Case No. RU-184-70).

Following numerous conferences, the parties consented to the following consolidations, with the additional titles noted, and including all employees in restored Rule X titles equated thereto.
